TOWN AND COUNTRY.

EVERYTHING IN ITS PLACE.—Milk is good and water is good, but don't set the milk pail under the pump.

A NEW BANK-A National Bank has been organized in Wrightsville, with a capital of \$100,000, with the privilege of increasing to \$150,000.

THE Carbon Democrat of Saturday last says: "Many a poor family will rejoice to learn that the price of coal at Mauch Chunk has been reduced one dollar per ton.

SAD EVENT. - Mr. David St. Clair and his wife and mother, of Centre township, Indiana county, all died on Saturday last, of typhoid fever. They were all interred together on Sunday.

FIRST CITY ZOUAVES. - The First City Zouaves are requested to meet at Brant's Hall, this (Friday) evening, to make arrange ments to attend the funeral of their late, member, Henry MManus. By order.

It is said that the doctors are recommending whisky as a cure for diptheria. We know some people who will be lead by this prescription to think very highly of the doctors, and who will get a slight attack of the disease about ten times a day.

POCKET PICKED.—Yesterday afternoon, Mrs. Ringland, of Middletown, had her pocket picked on the cars between that town and the highest private bounty paid anywhere in caged, the public will be compelled to travel empty purses, or insert a fish-hook lining in their pockets. Is there no remedy by which the nuisance may be disposed of?

FATAL ACCIDENT.—Yesterday afternoon, a young recruit who had arrived here from Philudelphia a few days ago, when going to Camp Curtin, got aboard the Dauphin and Susquehanna train, and when above the Round House jumped off. He fell and rolled on the track, and the cars passed over him, cutting off one of his legs and cutting one of his hands. The unfortunate young man died a few hours after the accident

"Our GAL."-Brant's Hall was again filled, last night, when the great military drama, The Daughter of the Regiment," and the thrilling nautical drama, "Black, eyed Susan," composed the bill of entertainment. We learn that these pieces were played in the usual splendid style which has rendered the Star Combination Troupe so popular in our community.

The bill for this evening is extensive, comprising three excellent pieces, viz: "The Returned Volunteer," "The Irish Heiress," and Our Gal;" also the Grand Drum, Solo, by Alfred Holman, of the Holman Opera Troupe. This evening has been set apart for a benefit f Miss Fanny Denham, and we have no doubt that there will be a crowded bouse to witness-her representations of "Kate O'-Brien" and "Caroline Morton," in which character she will sing several beautiful songs.

SOLDIERS, GREEK FIRE AND PICKPOCKETS .-There are numerous complaints on the part of the soldiers, in regard to the operations of the expert light-fingered gentry, who have relieved a number of our noble defenders of heir hard-earned greenbacks and their morited bounty money. From what we can learn, 1 large number of these men were robbedwhile under the influence of Greek Fire, or tanglefoot whisky. Soldiers who have been 'paid off" should guard against drimkenness. When intoxicated they must expect to become the victims of the sharpers who are always on the alert for individuals who are unconscious of what is occurring around them. We would advise every one who receives money to be unusually careful of their funds and particularly careful to abstain from the ruse of liquid of their funds and particularly careful to abstain from the ruse of liquid of their funds and particularly, and from the fact of having been appointed to a clerkship in the commissary department of his regiment, is evidence of appropriation by those who know his qualities are coldiers congregate to receive their navious setting our kind recertly to the officers. quors of all kinds while in this city. Wherever soldiers congregate to receive their pay, there will the pickpockets also astemble. Soldiers, although not on duty in the field you have guard duty to perform here. Guard

DROWNED. A lad aged twelve years, son of Mr. Edward Dolph, of Spring Brook, fell into the brook while fishing near his father's mill on Saturday last, and was drowned.

A FLW DAYS AGO we published a notice of the wounding of a number of men in Company H, Third Pennsylvania Cavalry, among them Abner Trone and W. D. Cobaugh, of Cumberland county. We learn that Trone has since died, and that Cobaugh is not expected to re-

Sanford has a choice programme for this evening. It comprises numerous popular songs, together with a number of comic plays, each of which is alone worth the price of admission. The company has been selected with a view to giving first-class entertainments. None but the best minstrels in the country have been engaged. Crowds flock to the Opera House.

THE returned soldiers in town are having gay times now. They are met everywhere in the city. After being in camp for so long a time the change to a city is both novel and delightful to them. They generally behave themselves with propriety. It is a noticeable fact that when soldiers creat difficulties in the city they are new recruits rather than wete

THE citizens of the North Ward, Middletown, held a meeting and appointed a committee to canvass the ward and obtain sub-scriptions in order to raise the sum necessary to pay a bounty to volunteers. Each man subject to the draft was to be taxed \$20, and others would be permitted to pay such amounts as they may think proper. It was supposed that \$2,000 could be raised in the ward.

POLICE AFFAIRS. - Before Alderman Kline. Yesterday morning the following cases were brought forth from the lock-up, and after a hearing were discharged:

James Wilson, arrested by officer Nevin. (paid \$1.50;) Wm. Thompson, arrested by officer Becker; John Dick, arrested by officer Cline; Jacob Boyer, arrested by officer Essig; Charles Hughes, arrested by officer Becker. These were all drunks. Two cases of vagrancy were disposed of.

Mrs. Sarah J. Kline made complaint that her husband, John H. Kline, had treated her badly and abused her. John was sent for, and was arrested. After a hearing he was committed to prison, where he will not have an opportunity to abuse her who should have received better treatment at his hands.

Before Alderman Maglauchlin. -- Frances Baker was arrested by Officer Cline, for stealing a dress from Mrs. Hock. The dress wis found in the house of Frances, who is a colored woman. She was committed to prison. LOSS STA SECTO

IMPORTANT CHANGES IN RECRUITING. persons are not aware of the important change recently made in the system of recruiting. Under the former orders, a recruit could only be credited to the ward or township where he was enrolled and those who resided in sub-districts where no private premium was offered, received the Government bounties alone on entering the service.

By the late order of which we speak, the recruit is permitted to credit himself where he chooses, and, of course, is enabled to receive this city. Her pocket-book, which was taken, the State. It is evident that this will enable contained \$35 or \$40. If the rescals who in- all districts offering sufficient inducements to fest the railroads and our town, are not soon | fill their quota speedily, since they can roam over the entire State to secure their men.

> OF INTEREST TO SOLDIERS. Editors of news papers throughout the United States will doubtless confer a favor on the soldiers in the field, as well as their friends at home, by giving publicity to the following:

[Ривілс-No. 4.] An ACT to amend the law prescribing the articles to be admitted into the mails of the United States.

Be it enacted by the Senate and House of Representatives of the United States of Ambrica, in Congress assembled, That articles of clothing, being manufactured of wool; cotton, or linen and comprised in a package not exceeding two pounds in weight, addressed to any non-com-missioned officer or private serving in the armies of the United States, may be transmit-ted in the mails of the United States at the rate of eight cents, to be in all cases prepaid for every four ounces, or any fraction thereof subject to such regulations as the Postmaster General may prescribe. Approved January 22, 1864.

POST OFFICE DEPARTMENT, Jan. 25, 1864. The foregoing law is published for the information of the public, and especially for the guidance of postmosters, and is thought to be so full and plain that no one can mistake its meaning. Postmasters will, however, bear in mind that packages of clothing entitled to pass in the mails, four ounces for eight cents, must be manufactured from wool, cotton, or linen, and not exceeding two pounds in weight, must be addressed to a non-commissioned officer or private serving in the armies of the United States. Consequently, a package addressed to a commissioned officer, or composed of other materials than as above specified, such as boots, shoes, &c., if sent by mail, must be prepaid by stamps at letter rates, viz: three cents

for every half ounce or fraction thereof. M. BLAIR, Postmaster General.

THE SOLDIER'S RETURN.—The return of the THE SOLDHE'S KETURN.—The return of the 55th Pennsylvania Begiment of infantry, commanded by Col. Richard White, brings to their homes many that will give joy to fathers, mothers, sisters, trothers and sweethearts. We notice among our immediate acquaintance, Captain Issae S. Waterbury and private Chas. Van Horn. It is unnecessary on our part to praise the soldierly qualities of the captain, or say to those who know him, that his heart is in the right place. We have been informed that Van Horn, though quite young, has dis-charged his duties as a soldier with honor to best. We return our kind regards to the offi-cers and men composing the 55th Regiment, and say generally to those who read this adverhave guard duty to perform here. Guard well your pocket-books. They are in danger than ordinary inducements to those byying dry goods.

privileges, its protecting ægis; and secured to us the inalienable rights of life, liberty and the pursuit of happiness." This is its legitimate business; its highest, its noblest work. This obligation is paramount, yet it is reciprocal and conditional. Not in disobedience to its laws, and carelessness and indifference to its existence, does it propose to protect and defend; but on condition of hearty support and earnest co-operation. Gratitude, if no other emotion or principle, should bind this obligation upon us with irresistible force, in this hour of our country's danger and struggle. But justice, patriotism and religion, equally fasten this duty upon us, and demand our hearty support and practical help in its mighty efforts to crush this iniquitous and diabolical attempt at its destruction.

We have no right to imperil and impair the wise, good and wholesome provisions and in-stitutions of the Government for education, religion, morality and the future prosperity of the nation; yea, we prove recreant to every principle of truth, freedom, righteousness, goodness and justice, when we sit calmly by and allow this rebellion to make headway, and so far as we are concerned, to succeed.
As Christians, we cannot answer, either at the bar of conscience, of society; or of God, if we suffer the blessings we have inherited from our forefathers—given to us by a sacred bap-tism of blood—to go by defath, or be over-thrown for the want of our earnest, hearty and efficient aid to the army and navy, while bat-tling for home, freedom and God. It is therefore a moral and religious duty to fill up our depleted armies, and man our shortlanded or memployed war ships, so that the Government may strike, heavy, continuous and suc-cossful blows at this terrible and exceedingly

wicked rebellion.

These traitors to God and humanity have been nurtured in tyranny and trained to op-pression and cruelty. Human life is of little worth, if it stand in the way of their, imperious wills. The most sacred obligations are utterly disregarded, and fraud, theft, decep-tion and debauchery are their morality and their standard of virtue. Their treatment of their slaves and the free blacks, their conduct their slaves and the reconstant the fortune of war have fallen into their hands as prisoners, their disregard of paroles and plages of honor, their violation of the rules of civilized warfare, their cruelty to their own inhabitants for the love they bear to the Govern-ment which has nourished them and made them what they are—all combine to place them without the pale of common enemies, and de-prive them of the right to be treated with the leniency time to more honorable and less treacherous fees. For plunging this happy, and prosperms attioning civil war, they de-serve to die. And when are added the facts above specified I honestly believe that the genius of civilization and of Ohristianity would approve the purpose to sweep them with the besom of destruction from the face of the country. If Samuel could hew Agag in pieces before God, then these, worse than

Agag, could be religiously consigned to the Men of Pennsylvania! God's providence speaks to you in tones of earnestness and power, to come to the help of your brethren in arms against the common foe. Dwelling amid her hills, in the quiet valleys, and around her beautiful harbors, you are not free from danger, nor beyond reach of the vengeful arm of the Southern oppressor, should he triumph over the Government. Your own firesides are menaced, your valued institutions of literature and religion are threatened, your liberties are branded, and you are doomed to death, or to slavery, worse than death, it this rebellion triumphs. Will you shide at home, while your brothers, friends, and neighbors are bearing the burden of this terrible shock of battle? Can you do so and expect blessings from the hand of Deity for yourselves, or families, if you "forbear to deliver those drawn to death, and those ready to be slain?" Have you no reason to fear that what you thus mete to others will be measured to you? Hence does it not become a religious duty to volunteer, and thereby do what in you lies to sustain the Government and overthrow her foes? The nation is passing throught a terrible ordeal of blood, the fruit, I have no doubt, of national wrongs and social aggressions. Tens of thousands of our fellow-citizens have already gone out to share in the perils of this almost unheard of atrocious war, and to save the country from the ruin and desolation threatened by a successful resistance to rightful authority. They toil for truth, for freedom, for social and political rights, and the maintenance and prosperity of the Government.

Still they call for more. They send back to their homes and native hillsides for needed help. So many have fallen already before the iron and leaden hail of enemies, more bitter, if possible, than Satan himself, and under the power of that pestiferous climate where our enemies live, and hatch mischief, as a cockartrice its eggs, that the call is imperious and urgent. Shall they call in vain? Shall they be left to die, unaided and uncared for, by the friends on whose defence they have en tered; and for whose happiness they sacrifice their all? Shall the murderous steel of treacherous assassins rob us of these loved ones through our neglect? ones through our neglect?

ু হয় টু Would it not be the essence of meanness, if not of boundies, thus to abide at home while these pour out their hearts blood for us? Shame on the spirit of selfishness that can thus refuse to stand, side by side, and shoulder to shoulder, with our brothers in this hour of danger and carnage. Come, fellow citizens Let us enrol ourselves under the Sars and Stripes," the glorious old flag of our Union! Our country calls! Heed ye her voice, and with carnest purpose and unwavering decision, yield yourselves to her urgent demand, and heartily respond, "Here am I, send me!" Your beloved State has made ample provision for your families.

She recognizes your worth. She regards you as her right arm and the strength of her might in this time of fearful and bloody con-tests. She leans on you for help. Will you disappoint her? Will you, can you stay by your fire-sides, in, inglorious rest, when God, your brothers, and your country have need of you? Victory now sits triumphantly upon her band-nors. The deadly striff thickens (The en-veloping folds of the Government's power are idhavir closer and closer around this unheard of monster. His death throes are heard. A little more strength from bome enlistments, "300,000 more coming to Father Abraham" just now, will throw just that additional fold of power over the prostrate monster, and insure speedy destruction, and our country is free; and our liberties secure. Yield your-selves manfully, cheerfully and heartly, to this glorious work, and say practically to your

Feeling rather loth at first to try, as I had laid out money time after time, which made the expenses very heavy and all for naught. But having great confidence in my friend sintegrity, I was prompted to keep to the state of th to liearken to her kind entreaty and try for myself. If therefore purchased two dollars and a half worth of your medicine, and, to my utter astonishment, in one week I felt a great change, and in two weeks was entirely free from all pain, and your eye salve perfected a cure for which all other washes and salves proved useless. My eyelids were so much inflamed that I was forced to wear glasses for some years, and now I have no occasion at all to wear the glasses, my eyes being well.
