MOUNT VERNON HOOK AND LADDER COMPANY. -There will be a special meeting of this company, at the Exchange building, this evening at eight o'clock, when every member is requested to be present. By order.

REV. F. W. CONRAD has resigned the pastorship of Trinity Church, Lancaster, and will on the first of April enter upon his duties as pastor of the Lutheran Church in Chambersburg, to which position he was elected a month ago.

TRAIN SMASHED UP.—On last Thursday night, a freight train on the Pennsylvania railroad ran off the track about three miles below Lewistown, smashing it literally into splinters. The immediate cause was the sliding of a large stone upon the track directly after the passing of the watchman and immediately before the train was due. The persons on board escaped without injury. The cears were loaded with coal and grain.

VALUABLE PRESENTS FOR RETURNED SOL-DIERS.-M. H. Lee, No. 69 Market street. has on hand a stock of splendid Canes, gotten up expressly for presentation and private use, which soldiers desiring to evince their good feeling for their officers, will find very desirable. Mr. Lee is also prepared to manufacture Canes from the Palmetto and other wood give Lee a call.

SANFORD'S OPERA TROUPE. - Sanford is drawing very large houses and the best satisfaction is given. His performance is of a very superior order. The Mummy, last evening, drew an over flowing house. The same great bill is repeated this evening.

THE STAR COMBINATION TROUPE will give their eighteenth entertainment this evening, on which occasion the great thrilling four-act drama entitled Lucretia Borgia, will be presented for the first time. The charming Josephine Tyson will appear as Lucretia Borgia, (Duchess of Ferara,) and the beautiful Fanny Denham as Maffio Orsini, (a cavalier;) Mr. Jennings as Don Alphonzo D'Este, (Duke of Ferara,) and Mr. Rouse as Jeppo Liveretto. The evening's entertainment will conclude with the very laughable farce, The Youth who never Saw a Woman. There will be a tremendous jam at the hall to-night, and we would advise all to go early. But the practice of the most regular Christians is, never to proclaims the failure of a crop seven or eight meal. months before the time for the fruit.

STILL THEY COME!-The Fifty-first Regiment Pennsylvania Volunteers, commanded by Col. J. F. Hartranft, arrived in town last evening. This regiment has been connected with the Ninth Army Corps, and did good service in all the battles in which the corps was engaged. Col. Hartranst has been commander of the 51st since its organization, and has proven himself an efficient officer. Upon their arrival here, the veterans composing the regiment were quartered in the soldiers' rest. They will remain here a few days, and then visit their homes, after which they will return to the field. They have re-enlisted for the war. Lieut. Col. Edward Scholl and Maj. W. J. Bollman are also connected with the 51st. It was two years ago yesterday that

THE Organ is now published by Messrs. Patriot & Union. The old proprietors have retired without ever announcing their intention of doing so.

A PUBLIC installation of the officers of Washington Lodge, No. 1.1. O. of G. T., will be held on this (Tuesday) evening at 8 o clock. All Good Templars and friends of the order are cordially invited to attend, at Temperance Hall, Second street.

ARRIVAL OF THE NINETY-THIRD.—The 93rd Pennsylvania regiment arrived at noon today, under command of Lieutenant Colonel John S. Long. It was originally commanded by Colonel J. M. McCarter. The regiment belongs to the Sixth Army Corps, and has nobly battled for the Union in many hardfought contests, of which we have sufficient evidence in the bullet-riddled flag which they brought with them, and in their decimated ranks, which number but three hundred and ten men. The 93d is a Lebanon county regiment, but contains one Dauphin county company, (I,) which is commanded by Capt. D. J. Boynton, of Middletown. Having re-enlisted for the war, these veterans return to their homes on furlough for a short time. A grand reception awaits them in Lebanon.

J. ROSENDALE respectfully announces to the inhabitants of Harrisburg and vicinity that his stay in town is limited to only four weeks longer. Thankful for the very liberal support received, my aim will always be to merit the confidence of all entrusting me with their orders.

To sell out my stock of instruments, and save the expense and trouble of removing, I offer at cost, a fine assortment of powerful microscopes of Smith & Butt's and Nacket's make, and opera and field glasses, stereoscopes and views, with a variety of optical, mathematical and philosophical instruments. All spectacles purchased from me, can at any time be exchanged at our factory, 221 New street, Philadelphia, should they not suit the wearer. I shall re-open the office at Harrisburg by the 1st September, 1864.

THE MURDER OF JOHN STRAWBRIDGE. -- A onfession has been made which may lead to the identification of the murderer of John Strawbridge, who was found in an insensib'e condition, at the river bank, in November, 1862. An old lady named Paul has called upon District Attorney Herr, stating that a young lady who recently died in our city, confessed, upon her death bed, that she, in company with a lover, were promenading on the river bank on the evening preceding the day on which Strawbridge was found; that her lover knocked down Strawbridge and robbed him, supposing that he was dead; that she was forced to swear that she would never reveal the murder, but her conscience compelled her to state the facts before departing this life. The alleged murderer is in the army, and if guilty it is hoped that some means may be which the returned soldiers are now bringing found by which he may be made to suffer the from the South. We advise our friends to penalty of his crime. The case is a singular one throughout. Quite a sensation has been created here by the revelations reported to the District Attorney.

THE CARBONDALE FEVER.—We regret to state that there seems to be no abatement of the fever over the mountain. Indeed from all accounts, it must be on the increase, and what furnishes occasion for additional anxiety is the fact that adults are now being numbered antee of all that is requisite to make up a rare performance. Mr. Haven has taken among its victims. A gentleman just returned from a visit to the city, informs us that there were twelve funerals on Saturday last, and we are told that in a single day the un-dertakers of the place took orders for thirty coffins. We are gratified to learn that effec-tive steps are being taken to arrest as soon as possible the further progress of the disease, possible the further progress of the disease, which has thus far appeared to baffle entirely the skill of the resident physicians. The Delaware & Hudson Canal Company, through their President, G. T. Olyphant, Esq., have engaged the services of the best medical talent of New York, and sent it at their own expense into the infected district. Among the latest victims of the terrible scourge is Mr. Henry Stone, of Mt. Pleasant, this county, for some time past engaged in surveying in Carbondale, who died on Monday evening last, aged about 28 years. He was a promising young man, and well known in this vicinity.—Honesdale

> REGULATIONS FOR LENT.—The season of Lent will commence on Wednesday, 10th inst., and continue seven weeks. It is generally observed by the Roman Catholic and Episcopal denominations. For the guidance of the first-named, the following regulations have been issued:

> 1. All the faithful who have completed their twenty-first year, are, unless legitimately dis-pensed, bound to observe the fast of Lent. 2. They are to make only one full meal

day, excepting Sundays.
3. The meal allowed on Fast days is not to

A SOCIAL PARTY.-

"The wise are fools, with all their rules.
When they would joy control."
For the protection of society, the regulations of a social party are wise, and an intelligent indulgence therein canobles our nature, and permits the pleasant interchange of thoughts in conversation with acquaintances, which

sometimes leads on to love.

These thoughts were suggested from hearing our friend Peter Brindle speak of a very happy social party that he attended on Friday. night last at Duey's Hotel, Hogestown, under the control of A. L. Rupp, S. M. Bailey, David Paul, and J. J. Ringwalt, Committee. The substantial families of Cumberland county were represented there, and gay good humor and fun ruled the hour. At eleven and a half of the clock, the party partook of a rare sup-per, got up by Mr. Duey, of the hotel, after which the honest men and bonnie lasses retired perhaps to their several homes, determined the first time that they came to Harrisburg to call in at C. L. Bowman's cheap dry goods store, No. 1, corner of Front and Market

NEW CUMBERLAND, PA., Jan. 20, 1864. DEAR LADY:—Mrs. Ball, will you please pardon me for the liberty that I have taken in addressing you, a stranger. I feel myself under obligations to you for the benefit I have derived from your medicine and eye salve having suffered for many years most excruciating pain in my head, breast and side, not being free from pain day or night. And I have been doctoring with well-skilled and practical physicians for some years, and all attempts proved a failure. I had given up all hopes of recovery and felt fully resigned to await my fate, which foretold an untimely My father being a resident of Siddonsburg, and living quite a distance from you, I did not get to hear of your medicine—that has months ago I was 'advised by a Indy friend of mine to try your medicine. She stated to me that she made use of your medicine and salve which proved a cure. Reeling rather loth at first to try, as I had laid out money time after time, which made the expenses very heavy and all for made the made the expenses very heavy and all for naught. But having great confi-dence in my friend's integrity, I was prompted to hearken to her kind entreaty and try for myself. I therefore purchased two dollars and half worth of your medicine, and, to my utter astonishment, in one week I felt a great change, and in two weeks was entirely free from all pain, and your eye salve perfected a cure for which all other washes and salves proved useless. My eyelids were so much inflamed that I was forced to wear glasses for some years, and now I have no occasion at all to wear the glasses, my eyes being well. I therefore have resolved, dear lady, to let you know that I could not rest content until I would return my heartfelt congratulations to you, my friend and benefactress, for the good you have accomplished, feeling myself a new

creature entirely.

You are at perfect liberty to publish this if you feel so inclined. I close by requesting you to accept my warmest regards, with a hope that for humanity's sake, your life may be prolonged. Success be yours forever in performing the wonderful cure.

Yours with respect, MARY E. BROWN. P. S.—For further information, address Mary E. Brown, New Cumberland, Cumberland county, Pa.

of our eminent clergymen:
HARRISBURG, Feb. 8th, 1864. C. A. BANNVART—Dear Sir: I have used Brown's Bronchial Troches, Wistar's Lozenges and other preparations for hoarseness and throat troubles, and in comparison with them all, can cheerfully commend your own as a most admirable specific for public speakers and singers, in cases of hoarseness, coughs and colds. I have found them serving in time of need, most effectually.

Yours truly, T. H. ROBINSON,

Pastor of N. S. Presbyterian Church

HARRISBURG, Jan., 1864 To C. A. BANNVART-Dear Sir: In the habit of speaking very frequently, and in places where the vocal organs are very much taxed, I have found the need of some gentle expectorant, and that want has been supplied in your excellent Troches.

I consider them very far superior to any Lozenges that I have ever used, in removing speedily that huskiness of the voice arising from its too frequent use, and impairing the effectiveness of the delivery of public ad-

dresses. Yours, &c.,
JNO. WALKER JACKSON.
Pastor of the Locust St. Methodist Church.

To C. A. BANNVART-Dear Sir: Having used your Bronchial Troches, I am free to say they are the best I have ever tried and take great pleasure in recommending them to all person afflicted with sore throat or huskiness of voice arising from public speaking or singing.
Yours, &c., G. G. RAKESTRAW, Pastor of Ridge Avenue Methodist Church.

CONSTITUTION WATER

Has been pronounced by the Medical Faculty and the public, to be the most wonderful remedy for the permanent cure of all diseases of the STOMACH, LIVER, KIDNEYS and BLADDER that has ever been offered.

It is not a MINERAL WATER. It is from experiences that CONSTITUTION WATER has emanated, and we now say let no man doubt, when a single bottle has been known to ctre diseases which the best medical talent in this country has failed to relieve.

A remedy possessing the virtues of Constitution Water cannot be classed under "quack" preparations, as it is now used by the most scientific practitioners in this city. It is only second class physicians that, cry down popular remedies, while the better skilled make use of every means to accomplish a cure; and the success of the physician increases as his knowledge of different remedies enables him to produce a cure, while othere fail in the attempt. Science is satisfied with the truth.

Give Constitution Water a fair trial—we mean you who are under some specialist's care from year to year, and we particularly allude to ladies who are constantly resorting to local treatment, and all sorts of local applications for diseases, with as much chance of success as there would be from local applications to the throat for diseases of the brain.

we have been always careful to use language in our We have been always eareful to use language in our circular that could not shock the most delicate organization, but we receive so many communications from persons for which Constitution Water is adapted, and of whose diseases no mention has been made, that we have come to the conclusion that if the remedy is capable of producing a cure, no matter what the disease may be, it should be made known. The medicine is put up for the public, and there should be no exceptions.

We would say, Constitution Water is not like a gidled pill, made to suit the eye and taste; it is a medicine in every sense of the term, placed in the hands of the people for their relief, and if taken according to the directions it will, in every case, produce a radical cure. We would say that the directions in regard to diet, etc., relate only to the disease under which they occur.

DIABETES

Is a disease of the stomach and liver, acting through the kidneys, and is, without doubt, the most obstinate disease, except consumption, that affects the human constitution. We have no space for discussing causes, but will state that the effect of the disease is the conversion of the starchy principle (or vegetable portion of the food) into sugar, which stimulates the kidneys to an excessive secretion or water. Many persons suffer from this disease who are ignorant of it; that is, they pass large quantities during the day, and are obliged to get up from one to fifteen or twenty times during the might. No notice is taken of it until their attention is called to the large discharge of wator, and often when it is so far advanced as to be beyond the control of ordinary remedies. Another symptom is the great thirst, which, when the disease is fully established, is intolerable—the patient/drinks constantly without being satisfied; also dryness of the month, cracking of the lips, a sweet breath, in the more advanced cases, and finally loss of appetite, emaciation, and the patient gradually sinks from exhaustion.

Constitutions Water is, without doubt, the only known remedy for Diabetes, and, we have as much confidence that it is a specific as we have that opium will produce sleep, and truthfully say that it has cured every case in which it has been used.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single doce has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of the Constitution Water will relieve you like magic.

PHYSICIANS Have long since given up the use of buchu, cubebs and juniper in the treatment of those diseases, and only use them for the want of a better remedy.

CONSTITUTION WATER has proved itself equal to the task, that has devolved

DIURETICS irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease. We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful for curing; and we trust that we shall be rewarded for our offorts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

DANYILLE, Pa., June 2, 1862.—Dr. Wm. H. Gregg—
Dear Sir: In February, 1861, I was affected with sugar
diabetes, and for five months I passed more than two
gallons of water in twenty-four hours. I was obliged to
get up as often as ten or twelve times during the night,
and in five months I lost about fifty pounds in weightburing the month of July, 1861, I procured two bottles
of Constitution Water, and in two days after using it I experienced relief, and after taking two boutes I was entirely cured, soon after regaining my usual good health.
Yours truly.

Boston Corners, N. Y., Dec. 27, 1861.—Wm. H. Gregg
& Co.—Gents: I freely give you liberty to make use of the
following certificate of the value of Constitution. Water,
which I can recommend in the highest manner: My wife
was attacked with pain in the shoulders, whole length of
the back, and in her limbs, with Palpilation of the Heart
and Irritation of the Bladder. I called a physician, who
attended her about three months, when he left her worse
than he had found her. I then employed one of the best
physicians I could find, who attended her for about nine
months, and while she was under his careshed id not suffer quite as much pain. He finally gave her up, and said
"her case was incurable. For," said he, "she has such a
combination of complaints that medicine given for one operates against some other of her difficulties." About this
time she commenced the use of Constitution Water, and
to our utter astonishment, almost the first dose seemed
to have the desired effect, and she kept on improving
rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the
Constitution Water for about four weeks, and we are happy
to say that it has produced a permanent cure.

Wethersfield, Conn., March 2, 1863.—Dr. W. H. Gregg.—Dear Sir:—Having seen your advertisement of "Constitution Water," recommended for Inflammation of the Kidneys and Irritation of the Bladder, having suffered for the past three years, and tried the skill of a number of physicians with only temporary relief, I was induced to try your medicine. I procured one bottle of your agents at Hartford, Messrs. Lee, Sisson & Co., and when I had used half of it, to my surprise I found a great change in my health. I have used wo bottles of it, and am where I never expected to be in my life, well, and in good spirits. I cannot express my gratitude for it; I feel that it is all and more than you recommend it to be. May the blessing of God ever attend you in your labors of love.

Yours truly, LEONARD BIGELOW.
