MEDICAL.

DR. WISHART'S PINE TREE TAR CORDIAL

Is the Vital Principle of the Pine Tree. OBTAINED by a peculiar process in the distillation of the tar, by which its highest medicinal properties are retained.

It is the medicine that cures when all others have failed. Have you a Cough? Have you Sore Throat? Have you any of the premonitory symptoms of that most fatal disease, Consumption?

Who should be warned by these symptoms generally think lightly of them until it is too late. From this fact, perhaps more than any other, arises the sad prevalence of that disease which sweeps to the grave at least one-sixth of Death's victims.

What are its symptoms? It usually begins with a short dry cough, which soon becomes hoarse, but for some time nothing is raised except a frothy mucus. The breathing is somewhat difficult, and upon slight exertion much hurried. A sense of tightness and oppression at the throat, which is not relieved by slight exposure or fatigue.

Consumption has been and can be cured by the use of my TAR CORDIAL, even in apparently hopeless cases. This assertion I make with the ability to present the most complete evidence of the truth.
