MEDICAL. DR. JOHNSON, BALTIMORE.

LOCK HOSPITAL. HAS discovered the most certain, speedy and effectual remedies in the world for DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS. NO MERCURY OR NOXIOUS DRUGS. A Cure Warranted, or No Charge, in from One to Two Days.

Weakness of the Back, Affections of the Kidneys and Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Laugher, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Trembling, Trembling, Dimness of Sight or Giddiness, Discharge of the Head, Stomach or Stomach, Fluxions of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from the Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of Syren, to the Mariners of the Sea, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN. Especially, who have become the victims of Solitary Vice, that desecrating and destructive habit which manfully sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellects, who might otherwise have advanced to the summit of the living tree, may call with full confidence.

MARRIAGE. Married persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformity, &c., should be cured. He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS. Immediately cured, and full vigor restored. This disease, which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgence.

DR. JOHNSON, Member of the Royal College of Surgeons, London, graduate in medicine from the University of London, &c. Member of the most eminent colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere.

These are some of the sad and melancholy effects produced by early habits of youth, viz: weakness of the back and limbs, pains in the head, dimness of sight, loss of mental power, palpitation of the heart, dyspepsia, nervous irritability, symptoms of consumption, &c. METEORICAL.—The fearful effects on the mind are much to be dreaded.

YOUNG MEN. Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from the desire of discovery, that from applying to those who from education and respectability, can alone be trusted. He falls into the hands of ignorant and designing pretenders, who, incapable of curing, rich his pecuniary support, induce him to resort to other means, or as long as he can be induced to stay, and he in despair leave him with ruined health to sigh over his falling disfigurement, or, by the use of the deadly poison, Mercury, hasten the constitutional symptoms of this terrible disease, such as affections of the Head, Throat, Nose, Skin, &c., progressing with frightful rapidity until death puts a period to his dreadful sufferings by sending him to that undiscovered country from whence no traveler returns.

INDORSEMENT OF THE PRESS. The many thousands cured at this institution year after year, and the numerous important surgical operations performed by Dr. Johnson, witnessed by the reporters of the Sun, Clipper, and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman and character, and responsibility, is a sufficient guarantee to the afflicted.
