Banks, at New Orleans, and is preparing to leave for his destination. As one of the principal officers of this Department, Capt. DIHTHERIA.—An English physician, who says he has cured 1000 cases of diptheria, recommends his treatment, which consists in thoroughly swabbing the back of the mouth and throat with a wash made thus: Table salt, two drachms; black pepper, golden seal intrate of potash, alum, one drachmeach. Mix and pulverize, put into a teacup, which half fill with boiling water, stir well, and then fill up with good vinegar. Use every half hour, one, two and four hours, as recovery progresses. The patient will swallow a little each time. Apply one ounce each of spirits of turpentine, sweet oil and aqua ammonia, mixed, every four hours to the whole of the throat, and to the breast-bone, keeping flat nel to the part.

THE weather is delightful "over the left." There is an abundant supply of mud, and the quality is good.

A MAN named Good, from the country, had his pocket picked last night, in the vicinity of Market Square, His loss amounted to about sixty dollars.

THERE are no police items worthy of note. A few drunks occupied the lock-up last night, and several others are now quartered in said institution

It is time for our citizens to take some action by which they will not be compelled to submit to extortion and imposition, as regards the prices of marketing. The prices are enormous. 😅 🙎

KILLED ON THE RAILBOAD .- On Wednesday afternoon a man named Henry Upright was killed on the Pennsylvania railroad, at the West Chester intersection. He was 60 years of age and a citizen of West Chester.

Accident occurred on the Pennsylvania railroad, between Lewistown and Harrisburg, some ten days ago, in which Mr. Joseph Pruner, formerly of Tyrone, had a leg broken and otherwise injured that amputation was found necessary. A number of soldiers on their return to the army were also injured, some we are informed very seriously.

SALE OF FURNITURE.—Ensminger & Adams will sell to-morrow (Saturday) afternoon, at the residence of Mrs. Pelen, in Third street, opposite Herr's Hotel, her entire stock of household and kitchen furniture, consisting of ibeds, bedsteads; bureaus, tables, chairs, carpets, stoves, &c. Also, her store and fixtures. Sale to commence at 2 o'clock in the afternoon.

APPOINTED.-Lieutenant Oliver Simmons, late of the 46th Regiment P. V., has been appointed captain in the regular army, and ordered to report at Nashville, Tenn., where he is to take command of colored troops. Capt. Simmons left yesterday afternoon for his destination, within ten hours after receiving his discharged, while others entertain an idea appointment. The captain will make an exthat the shooting was intentional. Fortunately cellent commander, and the appointment is no one sustained serious damage. an excellent one.

COUNCILMAN OF THE SIXTH WARD .- The bill providing that the representatives of the different wards in the city council, shall be citizens of the wards which they represent, having become a law, and a certified copy thereof having been placed in the hands of the President of council, that body will, at their meeting to-night, declare a vacancy in the Sixth ward. By doing so, an election to fill that vacancy, can be held next Friday, when members of council and other city officers are to be elected. It is important that this matter should not be neglected, and hence we direct the special attention of council to the fact.

Sudden Death.—This afternoon, a soldier named George Swartz, of the Fifth Wisconson regiment, died suddenly, at the office of City Provost Marshal Opdyke, on Third street. Deceased was found by the police, this morning, lying sick, in two or three different places in town, and after ineffectual attempts to procure an ambulance to convey him to the hospital, accompanied him to the above office, when he was seized with a fit, and expired shortly afterwards. He was a furloughed soldier, and middle-aged

An inquest was held, and a verdicts rendered that the deceased "died from natural causes."

WHY DOES THE SANITARY COMMISSION NEED so MUCH MONEY?-This is a plain question, honestly asked, and there is a plain and honest answer. The work of distributing supplies to the sick and wounded, while of course it involves much expense, is but one of five directions in which the Sanitary Commission are laboring to ward off disease and death from the soldier, to ensure speedy recovery, to relieve the anxiety of relatives at home, and to make the dear bought experience of those already long in the field available to regiments just entering it. This wonderful machinery cannot be kept in motion without a very large expenditure, and as the results for good depending upon it have been decided, by the judgments of humane and sagacious men, to so far exceed the cost, vast as it is, the whole must be kept a-going. All these distinct departments of the Commission's work draw their support from the "Central Treasury." The demands upon the treasury call for a monthly deposit in it of \$40,000, and although the branches of supply (so amply furnished of late by the proceeds of "Sanitary Fairs,") may fill it with goods and money, the constant drain upon it creates for it constant renewal. Few things could be more interesting to our philanthropic public, than the record furnished by the semi-monthly Sanitary Commission Bulletin of the vast work accomplished in the army, and the systematic detail of the honest expenditure of the people's bounty. The record is the appeal. It asks whether the people wish this agency in behalf of the soldiers, in the tent and battle-field-at the East, the West and the South-to cease, or whether it is their will to have it continue in its largeness of plan, its scientific exactness, its thoroughness of detail, its promptness in meeting emergencies, its ability to do all that the friends at home would themselves desire to do for soldiers. If they say it must still go on with its work, then must they contribute liberally, not only to the branches, and to the local sources of supply, but also to the

A SHOOTING affair which might have been attended with serious results, occurred at Herr's Hotel, last night. As this is positively the last opportunity our citizens will have of witnessing this grand drama, we would advise every body to go to Brant's Hall to-night.

AMENDMENT TO THE CITY CHARTER.-The following supplement to the city charter has passed both houses of the Legislature, viz:

Be it enacted, etc., That each and every ward in the city of Harrisburg shall be entitled to a representation in the common council by a resident of the ward; and in case of the removal of any such councilman from the ward which he was elected to represent, his seat shall be declared vacant by the common council at their next meeting, or as early as possi-ble, at which time a special election shall be ordered to supply the vacancy, and in case such vacancy shall be declared within thirty days previous to the day of holding the annual elections for said city, the same shall be filled at such regular election : Provided, at least five days previous notice of the filling of such vacancy be given in two daily newspa-pers published in said city. pers published in said city.

In order to avoid the extra expense of hav ing an especial election it will be the duty of the city councils to meet immediately, and declare the seat of the councilman from the Sixth ward, Mr. Morris, who has removed from the ward, vacant. If this be done the election can be held on Friday next; other wise an especial day must be appointed for said election, which will entail considerable expense.

## DR. WISHART'S PINE TREE TAR CORDIAL

IS THE VITAL PRINCIPLE OF THE PINE TREE. Obtained by a peculiar process in the distillation of the tar, by which its highest medical properties are retained.

Have you a Cough? Have you Sore Throat? Have you any of the premonitory symptoms of that most fatal disease, Consumption?

Those who should be warned by these symptoms generally think lightly of them until it is too late, From this fact, perhaps more than any other, arises the sad prevalence and fatality of disease which sweeps to the grave at least "one-sixth" of death's

Consumption has destroyed more of the human family than any other disease, and the best physicians for many years have despaired of a cure, or a remedy that would heal the lungs, but for more than two hundred years the whole medical world has been impressed that there was a mysterious power and effi-ciency in the Pine Tree Tar to heal the lungs; therefore they have recommended the use of Tar Water, which in many cases had a good effect; but how to combine the medical properties so as to heal the lungs, has ever been a mystery until it was discovered by Dr. L. Q. C. WISHART, of Philadelphia, Pa., the proprietor of "Wishart's Pine Tree Tar Cordial."

Many, not only of the people, but physicians of every school and practice, are daily asking me, "What is the principle or carse of your success in the treatment of Pulmonary Consumption?" My answer is this:

The invigoration of the digestive organsthe strengthening of the debilitated system— the purification and enrichment of the blood. must expel from the system the corruption which scrofula breeds. While this is effected by the powerful alterative (changing from disease to health) properties of the Tar Cor-dial, its healing and renovating principle is also acting upon the irritated surfaces of the lungs and throat, penetrating to each diseased part, relieving pain, subduing inflamma-tion, and restoring a healthful tendency. Let this two-fold power, the healing and the strengthening, continue to act in conjunction with Nature's constant recuperative tendency, and the patient is saved, if he has not too long delayed a resort to the means of cure.

I ask all to read the following certificates. They are from men and women of unques tionable worth and reputation:

DR. WISHART-Dear Sir:-I had a very dreadful cough and sore throat for one year, and my whole system was fast giving way, and I was prostrated on my bed with but little hope of recovering. My disease baffled the power of all medicines, and in a short time I must have gone to my grave, but thank God, my daughter-in-law would not rest until she went to your store, No. 10 N. Second street, and related my case to you, purchased one bottle of your Pine Tree Tar Cordial and I commenced to use it, and in one week I was much better, and after using three bottles I am perfectly well, and a wonder to all my friends for they all prepared. riends, for they all pronounced me past cure.
Publish my case if you think proper.
REBECCA HAMILTON,
No. 1321 Wylle street, Philadelphia.

Dr. Wishart's Pine Tree Tar Cordial is an infalliable cure for Bronchitis, Bleeding of the Lungs, Sore Throat and Breast, Inflamma-tion of the Lungs.

Mr. WARD says:

DR. WISHART-Sir:-I had Bronchitis, Inflammation of the Lungs, Shortness of Breath, and Palpitation of the Heart in their worst forms; I had been treated by several of the most eminent physicians in Philadelphia, but they could not stop the rapid course of my disease, and I had despaired of ever being re-stored to health. I was truly on the verge of the grave. Your Pine Tree Tar Cordial was highly recommended to me by a friend; I tried it, and am thankful to say that, after using four large, and one small, bottles, I was restored to perfect health. You can give reference to my house, No. 968 N. Second street, or at my office of Receiver of Taxes, from 9 A. M. to 2 P. M., corner of Chestnut and Sixth JOHN WARD. streets.

Read the following from Utica:

Dr. Wishart-Dear Sir:-I take pleasure in informing you through this source that your Pine Tree Tar Cordial, which was recommended for my daughter by Dr. J. A. Hall, of this city, has cured her of a cough of more than five months' standing. I had thought her beyond cure, and had employed the best of medical aid without any benefit. I can cheerfully recommend it to the public as a safe and sure remedy for those similarly afflicted, as I know of many other cases besides that of my daughter that it has entirely cured of long standing coughs. Yours respectfully,
JOHN V. PARKER, Daguerrean Artist. 126 Genessee street, Utica.

\* \* \* \* :--I have used Dr. Wishart's Pine Tree Tar Cordial in my family, and can cordially recommend it as a valuable and safe medicine for colds, coughs and to those predisposed to consumption. Dr. G. A. FOSTER, 160 Genessee street.

The above are a few among the theusands which this great remedy has saved from an untimely grave.

We have thousands of letters from physicians and druggists who have prescribed and sold the Tar Cordial, saying that they have never used or sold a medicine which gave such universal satisfaction.

The Tar Cordial, when taken in connection with Dr. Wishart's Dyspepsia Pills, is an infallible cure for Dyspepsia

The PINE TREE TAR CORDIAL, will cure Coughs, Sore Throat and Breast, Bronchitis, Asthma, Whooping Cough, Diptheria, and is also an excellent remedy for diseases of the kidneys and female complaints.
