DR. COGGSWELL'S NEW MEDICAL SALT.

FOR INFLAMMATORY DISEASES ONLY.

Dr. Coggswell's New Medical Salt, instead of being a remedy for all ills, has but one aim, and accomplishes but one thing to wit: Subdues inflammatory disease, whatever be its form or locality. This it does by equalizing the circulation, thereby removing the sole cause of inflammation.

Rheumatism, Neuralgia, Headache, Fits, Colds, Fevers, Inflamed Throat, Lungs, and Liver, Female Diseases, Erysipelas, Bronchitis, Pleurisy, Asthma, Dyspepsia, Venereal Diseases, Gout, Scrofula, Canker and all other forms of Inflammation are easily subdued by the New Medical Salt

The New Medical Salt is no cure-all but does just what it claims to do—no more, no less—equalizes the circulation by removing from the system all arterial and venous obstructions.

Multitudes have tried the virtues of the New Medical Salt, though but lately discovered. Witness the testimonials and certificates of cure

All who have used it acknowledge a benefit from it. An acquaintance of ours was cured of a severe case of Neuralgia in less than a week.—*Norway (Me.) Advertiser*

Your invaluable Medicine is nobly fulfilling, in my case, all the promises which you made for it. A few doses also relieved my mother of a rush of blood to the head.
J. P. GILLINGHAM, Phila.

Inflammatory Rheumatism was my complaint. The first package did the work effectually, as not a vestige of Rheumatism is left.
G. H. DUNCAN, New York

I know it is good for Rheumatism, removing it in a few hours. I am now trying it for Scrotula and have already received benefit.
S. LESSIG, Reading.

I tried it for Aneurism of the Abdominal Aorta. In ten days the pain was gone.
T. W. FITZSIMONS, M. D., Phila.

We speak by the book. We have tried it. It has complete control over inflammation.—*Jacksonville (Va.) New Era.*

Bronchitis, Canker, Rheumatism and Neuralgia have been cured by it.—*Jefferson (Tex.) Herald.*

Many more would testify, if necessary. Descriptive Circulars, with testimonials may be obtained from any Druggist who has this valuable medicine for sale.

DR. COGGSWELL'S
ANTIPHLOGISTIC SALT.
Price $1. Chronic package $2.50.
D. C. TAYLOR & CO.,
General Agents, 202 Dock Street, Philadelphia.

The New Medical Salt is for sale in Harrisburg by J. M. Lutz, D. W. Gross & Co., Hohnan & Co., C. K. Keller, F. A. Hutton, and by all enterprizing Druggists wherever the "Telegraph" is read.

As it is not a patent medicine, but the prescription of an eminent physician, no one should fail to try the NEW MEDICAL SALT.

☞ For testimonials and directions see circular
aug8-dly

Medical

AYER'S SARSAPARILLA

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from strumous complaints, and that one which will accomplish their cure must prove of immense service to this class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

Scrofula and Scrofulous Complaints, Eruptions and Erective Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Diseases, Dropsy, Neuralgia or Tic Doulourex, Debility, Dyspepsia and Indigestion, Kidney and Liver Complaints, Dropsy, Fever and Ague, and indeed the whole complaint arising from impurity of the blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any Sarsaparilla, but often no curative properties whatever; thence, bitter and painful disappointment has follow. Hence of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy that rests upon it. And we think we have ground for believing it has virtues which are irresistable by the ordinary run of the diseases it is intended to cure. To order to complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASSACHUSETTS,
Price, $1 per Bottle; Six Bottles for $5.

Ayer's Cherry Pectoral,

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidences of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF
Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cts. per Box; Five Boxes for $1.00.

Great numbers of clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the usefulness of these remedies, but our space here will not permit the insertion of 1 em. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER'S, and take no others. The sick want the best and there is for them, and they should have it.

All our Remedies are for sale by C. A. BANNYART, Harrisburg; R. O. WHITMAN, Halifax; Dr. MILLER, Millersburg, and by all Druggists, and by the principal Merchants in the country.

COACH MAKING ESTABLISHMENT.

THE subscriber respectfully informs the citizens of Harrisburg and vicinity, that he has commenced the COACH MAKING BUSINESS, in all its branches, at his shop in WALNUT STREET, NEAR FOURTH. Having secured the services of the best mechanics in each of the departments, and giving his own personal attention to all work done at his shop, he feels safe in saying that his work will compare favorably with that of any of the large cities. Particular attention paid to the manufacturing of Wheels. REPAIRING neatly and substantially done, and at the time promised.
apr23-dly JOSEPH SAYFORD.

EXHIBITION OF THE DAUPHIN COUNTY AGRICULTURAL SOCIETY,

To be held at Harrisburg on Wednesday, the 21st, Thursday, the 22d, and Friday, the 23d of September, 1859.

The place of exhibition is fixed at the grounds of the "PARK ASSOCIATION," where every arrangement and convenience for the display of Stock, Produce of the Soil, and Agricultural Implements is now in course of preparation.

The Book of Entries will be opened at the office of the Pennsylvania State Agricultural Society, on Second street, near Locust, in Harrisburg, where one of the officers will be found at all times. After the 1st of September the Secretary of the Society.

Membership, $1; Life Membership, $5. Tickets of admission will be furnished at the office, in Harrisburg, at any time after the first of September, and by the Treasurer, at his office on the Exhibition Ground, during the exhibition.

A Yearly or Life Membership Ticket admits a gentleman and lady, with any of their own family under 18 years of age.

Proper provision has been made against inclement weather in the erection of PERMANENT BUILDINGS, and CANVASS TENTS which will accommodate 2,000 persons

The Committee of Arrangements will be ready to receive articles for exhibition on the Fair Grounds on Monday morning, September 19th, at which time they will have persons employed with teams to deliver articles of every kind, and also have persons upon the Fair Grounds to arrange articles for exhibition. Exhibitors will please have their articles upon the Ground, if possible, on that and the next day, in order that they may be properly arranged by Wednesday.

The Premium list is one of the most liberal issued by any county Society in the State; and for good articles or animals, offers good premiums. It will be ready for distribution early in August.

The membership fee will be paid to JOHN W. COWDEN, Esq., Treasurer, Harrisburg. JOHN H. ZEIGLER,
jy14 Secretary.

Sewing Machines.

TO THE LADIES OF HARRISBURG

THE GROVER & BAKER SEWING MACHINE CO.

HAVING ESTABLISHED AN OFFICE AT THE
Corner of Market Square and Market Street,
IN THE ROOMS OCCUPIED BY
SMITH'S PHOTOGRAPH GALLERY,

WOULD particularly call the attention of the Ladies and citizens generally to their UNRIVALLED SEWING MACHINES, varying in price from $50 $125.

REASONS WHY THE
GROVER & BAKER MACHINE

IS UNIVERSALLY PREFERRED TO ALL OTHERS:

1st. It is more simple and easier kept in order than any other machine, having never to be taken apart to oil or clean!

2nd. It makes a seam which will not rip or ravel even when every third stitch is cut.

3rd. It sews from two ordinary spools, thus avoiding all trouble of winding the thread, while by a mere change of spools the machine may be adapted to all kinds of work.

4th. The same machine runs silk, linen thread, and common spool cotton with equal facility.

5th. The seam is as elastic as the most elastic fabric, and is, therefore, free from all liability to break in washing, ironing or otherwise.

6th. The stitch is more beautiful than any made by any other machine, or by hand.

THE GROVER & BAKER STITCH is patented and owned by the Company, and is far superior to the "Lock Stitch" or the worthless "Chain Stitch," for all thin fabrics, and resembles the back stitch made with the common needle. The GROVER & BAKER MACHINE will do the Sewing cheaper and better for a family than a seamstress, even though she were to work for *ONE CENT AN HOUR*. It is superior to any and every other machine for FAMILY SEWING. *Over 25,000 have already been sold*, and are recommended by the most competent judges, by the Press, by the Clergy and others, as *the very best Machine for all kinds of Work.*

We do not hesitate to warrant our Machines in every respect. A lady always in attendance. Call and see them before purchasing any other. Smith's Photograph Gallery, corner of Market Square and Market Street, entrance on Market Square.

MACHINE SEWING, in all its various branches, executed with neatness and dispatch, by thoroughly competent persons, at half the usual prices. Merchants, Families and others, should bear this fact in mind.

Orders from the country promptly attended to. Those who prefer thick, heavy fabrics sewed with the shuttle or Lock Stitch, which has the same appearance on both sides, can have their work done on THE SHUTTLE MACHINE of the GROVER & BAKER COMPANY, which is in every respect superior to many other Machines for that kind of work, but for all light, thin fabrics that require frequent washing and ironing, "THE GROVER & BAKER STITCH" has no superior.

Persons should remember this fact, and not be deceived by the appearance of the stitch on both sides, for it is in appearance only.

Ladies are respectfully invited to call and receive a circular and specimen of sewing, also a copy of The Grover & Baker Company's Book entitled "Pictures and Rhymes for the Little Folks." Entrance on Market Square, second door from Market, Smith's Photograph Gallery.

A. C. SMITH,
my10-dly Agent for Central Pennsylvania.

CENTRAL PENNSYLVANIA AGENCY FOR WHEELER & WILSON'S FAMILY SEWING MACHINE

GREAT REDUCTION IN PRICE.

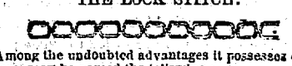
On and after October 1st last, the RETAIL PRICES of our SEWING MACHINES will be as follows:

NEW STYLE MACHINE	$50
MEDIUM, on Plain Table	$75 00
" Half Case Panel	80 00
" Half Case, Mahogany or Black Walnut	85 00
" Full Case	100 00
" Full Case, Rosewood	115 00
SMALL MACHINE	76 00
LARGE MACHINE	100 00
HEMMERS, (extra)	6 00

The unanimous favor which has attended the introduction of WHEELER & WILSON'S FAMILY SEWING MACHINE, is sufficient evidence of its excellence. It is needless now to say, that this useful instrument is becoming a domestic institution the fact is recognized by its successful use in thousands of Families in every rank in life. To those who have hitherto refrained from availing themselves of its advantages, it may not be amiss to say, that its utility is not a problem to be solved, but a success already realized. The highest testimony is constantly offered, confirming the verdict which has given this instrument so wide and lasting a reputation.

This Machine is conceived on a principle ENTIRELY ORIGINAL, being specially and admirably adapted to the most perfect work on every kind of material; and, having been subjected to a three years' test of the most searching character by Families, and in various branches of Manufacture, with distinguished success, it is believed, that, in all the great points requisite to a complete and practical Sewing Machine, it cannot be approached in excellence.

THE LOCK STITCH.



Among the undoubted advantages it possesses overall others, may be named the following:

1. Its simplicity of construction and consequent free from derangement and need of repairs.
2. Its unexampled rapidity and ease of operation.
3. Its noiseless movement.
4. The great variety of purposes to which it can be applied, which can be achieved by no other mechanical means. And,
5. The pre-eminent BEAUTY and DURABILITY of the work.

Full instruction for operating the Machine is given to purchasers gratuitously at the sales rooms. When the Machine is sent some distance, so that personal instruction is inconvenient, a card of directions is sent, which are a sufficient guide. The mechanism, however, is so simple, and the arrangement so easy, that no difficulty need occur. Many ladies have the Machine sent to their residences after having received a half hour's instruction Any future difficulties are readily surmounted, and their practice alone makes perfect in the use of this as any thing else. Domestics and children of twelve years of age readily become proficient in its use.

Our Office is removed to Mr. KEIT'S Daguerrean Rooms, corner of Third and Market streets, where the machines can be seen in operation.

Miss Burke is prepared to do machine sewing for all who wish it, and at the same time show the machines.

TIGHT ROPE FOLLIES.

Blondin Crosses the Niagara River with a Cook Stove, and Cooks an Omelet.

The crowd gathered at the Falls yesterday to witness another of Blondin's performances upon the rope, although large and numbering many thousands, was somewhat the smallest, we should say, that has yet been collected, and hardly more than two-thirds as great as that of the last occasion. Blondin's performance would have been accounted in the outset of these exhibitions a marvellous one; but after the great, overshadowing and unsurpassable feat of last week, it could not seem very astonishing, nor produce any very thrilling degree of [illegible] of the spectators. It was more of a curious and [illegible] than an exciting one, and might be preferred to the terribly great performances of last Wednesday.

Blondin first crossed from the American to the Canadian shore in manacles; a collar about his neck—a chain pendant to his arms—and two others from his wrists to his ankles. The fetters were not very weighty, and could not have materially interfered with his performances, or added very greatly to the fatigue of the journey. During the passage he performed most of the feats previously exhibited,—standing upon his head, and hanging beneath the rope, swinging his body under it, backward, sustained by the arms with the elbows bent, &c., and difficult and daring in the extreme, but by Blondin himself made comparatively easy and simple. The return performance was the most interesting. After a stay of fifteen or twenty minutes upon the Canadian shore, he started back with a cook stove swung upon his back, the culinary appurtenances thereto, consisting of saucepan, ladle, sundry dishes and a pair of bellows, securely fastened upon his stove. It must not be imagined that the stove he bore upon his back was a full sized cast iron "Victor," neither must it be fancied a miniature affair,—a disguised spirit lamp chafing dish. It was a goodly-sized, properly-fashioned cooking stove, made of Russia sheet iron, and roasting of a smoke pipe about two feet in height. Arrived at the centre of the rope, Blondin secured his pole and proceeded with non-chalance to make preparations for "camping." Unslinging his stove he placed it upon the rope before him, sat down, and with some pitchy, combustible material, built his fire, exciting it with the bellows, and soon raised a smoke which proved the genuineness of the preparations for cooking. When a proper degree of heat had been attained he produced his eggs, broke them into his dish and threw the shells into the river. The omelet was prepared with all the skill of a *chef de cuisine*, and when it was completed he lowered it to the deck of the "Maid of the Mist," where, we doubt not, it was divided into the smallest possible shares, and eagerly treasured by the passengers.—Gathering up his "hotel" Blondin readjusted it upon his back, and quickly landed himself and it upon the American shore, amid the loud cheers of the throng.

[From the Rochester Union, Aug 24]

A Second Crossing of the Genessee Falls by DeLave.

Shortly after the hour of noon yesterday, crowds of citizens and strangers began to wend their way towards the Great Falls, to witness the second performance of M. DeLave upon his tight rope. The sun's rays came down with scorching effect, but a great degree of relief was afforded by a stiff breeze which had prevailed all day. When we entered Falls Field, at 3½ o'clock, it is safe to say that the number of people in position to witness the exhibition on the rope was not far from *twenty five thousand*.—Many estimates ran over thirty, but none less than twenty. Every available spot along the high banks, the roofs and windows of buildings, along the brink of the Falls in Parson's quarry, on the large island nearly under the rope, under the banks and along the margin of the water—in short, on almost every available spot, above and below, and on each side, where a foothold could be obtained, there people, with bumps of curiosity largely developed in their craniums, were to be found.

The rope this time was in perhaps better condition than on the occasion of the first walk—being dry; but, although several guys had been added, they were imperfectly tightened and permitted a great deal of sway. At about four o'clock M. DeLave appeared at the Falls Field end of the rope, attired as before, except that at his back hung the "garters," about three feet in length, used by rope performers in their exhibition. Without any delay he seized his balancing pole and rapidly walked out upon his perilous journey. Arriving about midway on the rope he dropped to a sitting posture, and there gave the most daring and thrilling performance ever witnessed on the rope, or rather under it. He first stretched himself in all the reclining positions possible. Then taking the garters from his back he fastened one end of each to the rope, and the other ends about his ankles; dropping down head foremost, swinging his body and arms, he thus [illegible] seconds, his feet three feet from the rope above, with the frightful abyss and cataract yawning and roaring beneath and beside him. Regaining the rope with cat-like nimbleness, the garters were changed, and he hung suspended by one leg and arm, and by one leg alone. After going through various other minor feats, he let himself down with the garters about his wrists, and thus hung suspended beneath the rope until many feared he had not sufficient strength to regain his position. He was, however, up in a jiffy, and, after sitting a brief period, jumped to the rope and proceeded to the west side amid vociferous shouts of applause from the admiring throng. A horse was there in readiness, and, leaping into the saddle, M. DeLave rode down under the Falls, it is said to receive such reward of those who were enjoying the sights gratis as they might see fit to give, but with what success we have not learned.

After the lapse of some fifteen minutes he appeared on the west side for the return trip.—Walking out to about the centre he stopped to make good his promise to stand upon his head. This he did twice, facing east and west, and then, without pole or any sort of balance, stood erect upon his feet. Turning two or three somersaults around the rope, he returned to Falls Field, tramping his rope in such a careless and rollicking style as to convince all that he was perfectly at home. He was again greeted with rapturous applause and retired.

M. DeLave will appear again on Wednesday of next week, when the performance will be varied and equally wonderful and exciting.

THE JERSEY SHORE REPUBLICAN notices the death, in that place, of "Old Judy," a colored woman, at the advanced age of 103 years.
