Miscellaneous.

An aperient and Stomachic preparation of IRON puri-fied of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, ooth in Europe and the United States. and prescribed in their practice. The experience of thousands delly proves that no pre-paration of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and other-wise sickly complexions indicate its vecessity in almost every conceivable case. Innoxious in all malade es in which it has been tried, it has proved sheolulely cura-tive in each of the following complaints, viz: In Dubility. Nervous Affections. Examples

which it has been tried, it has proved sheolutely curative in each of the following complaints, viz:
Im Debility, Nervous Affections, Edmancipa tion, Constipation, Diarrhoes, Dysentery, Incipient Consumption, Scrofulous Tuber-culosis, Salt Rheums atism, Intermittent Fevers, Pinnples on the Face, &c.
In case of General Debility, whether the result of acute discase or of the continued diminuion of nervous and musciplar energy from chronic complaints, one trial of this 'restorative dia proved successful to an extent which no description nor written, attestation, would render credible. Invalids so long bed-ridden as to have the become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, emacisted victing of apparent marasmus, sanguingous exhaustion, critical changes, and that compleation of nervous and dyspeptic aversion to air and exercising and overheating, and genity, regularly aperiest, cultic the old oxides, it is vigorbusy tonic, without being exciting and overheating, and genity, regularly aperiest, even being a gastric purgative, or inflicting a disagreeable sensition.

Sensation. It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for *Piles*, upon which it also appears to exert a distinct and apealle action, by dispersing the local tendency which

forms them. In **Dyspepsie**, innumerable as are its causes, a single box of these (haiybeate Pills has often sufficed for the most habitual cases, including the attendant Costverses. In unchecked **Diarrhoes**, even when advanced to Dysentery, confirmed, emaciatius, and apparently ma-lignant, the effects have been equally decisive and as-tonishing.

MER'S DOOR BY THE PATENT SELF. WEIGHING CART.

ONLY YARD IN TOWN that has these Weigh-Carts.

THESE Weign-Carts. THE simplicity of these carts are such that any person of ordinary intelligence can at frai-test a load of coal thereby, after which he may, if he de-sires additional proof of its accuracy, place in the cart any light draft; or jump into himself and test it with his own weight, on top of a load of coal, or in the emply cart. This cart see ognituded, that its body rests up-a scole, somewhat similar to an ordinary platform scale. is easily raised by the use of a lover, and placed in a 10 sition to whom write accuracy ANTERNO FROM A POSTO TO A 300 HW WEIGHT.

sition to wrost write ACCURACT ANTHUNG FROM A POSTO TO A TON IN WROST. As much as has been said in regard to the Self-Weigh-ing Cart being unreliable and apt to get out of repair, the reverse is the true state of the case. In fact it is diffi-cult to conceive how any socie can have less wear that these. When out of service, which in fact it is all the time, except when in the act of weighing, the scale hauge completely loose, without friction, and is evidently less completely loose. Without friction, and is evidently less completely loose of the generally in full play during busices hours: ... A tuil supply of
