

Daily Telegraph

HARRISBURG, PA.

Friday Afternoon, August 3, 1860.

NOTICE.—All the late daily and weekly Papers, Magazines, cheap publications and new books, are for sale at Berner's Cheap Book store, No. 61 Market street.

SALE OF CITY PROPERTY.—Some valuable city property, located at the corner of Front and Locust streets, will be sold at public sale to-morrow evening, at the European Hotel. Capitalists who wish to make profitable investments should attend the sale.

ASSAULT AND BATTERY.—Mrs. CARNS, residing in North street, was arrested this morning by the Chief of Police, charged before the Mayor with committing an assault and battery upon the step-son of Mr. John Gray. A further hearing of the case will take place this evening.

FUNERAL OF A FIREMAN.—The funeral of Mr. Felan, whose death by a railroad accident on Wednesday night we have already announced, took place this afternoon, and was attended by a number of the Firemen of the city. The deceased was a member of the Citizen company, and highly esteemed by all his associates.

VIOLATING AN ORDINANCE.—Mrs. NASS, corner of Mulberry street and Raspberry alley, was arrested this morning by the Chief of Police, charged before the Mayor, with violating an ordinance in reference to nuisances. The offense consisted in throwing the excrement, &c., from a hog pen and cow stable, into Raspberry alley. A hearing of the case was fixed for three o'clock this afternoon.

CAMP MEETINGS.—The camp meeting season is approaching, and we hear of arrangements in progress for several in various sections of this county, and the counties adjoining. Some of these will take place the latter part of this month, and others in September. Extensive preparations are making for the great Shrewsbury camp meeting, on the line of the Northern Central Railroad, which annually attracts thousands of people.

MORE PICTURES.—The employees of the Harrisburg Nail Works will have a picnic to-morrow on "Bunker Hill," adjoining the works at Fairview on the opposite side of the river. The Duncannon Brass Band has been engaged for the occasion. The employees of the Rolling Mill have made arrangements to spend the day in Fisher's woods near the Cemetery. May the participants in both have a pleasant time.

THE CHICAGO ZOUAVES will arrive here at nine o'clock on Sunday night and remain until three o'clock in the morning. Owing to prior arrangements with the Pittsburg military, the Zouaves were obliged to decline the invitation extended to them by some of our citizens to hold over here and drill. During their brief stay in the city on Sunday night, a collation will be served up for them at the United States Hotel, a fund having been raised to pay the necessary expenses.

ANOTHER PROMOTION.—We learn by the Altoona papers that Mr. Robert Pitcairn, of that place, has been appointed to the post of Superintendent of the Middle Division of the Pennsylvania Railroad, and entered upon the discharge of his official duties on Wednesday last. He has been connected with the road for the last eight or ten years, and commenced life thereon, like his colleague on the western Division, as errand boy and telegraph operator, consequently he has risen step by step until he has reached his present position. His familiarity with the working arrangements of the road fitted him for the position and a better selection could not have been made.

COL. CURTIN'S APPOINTMENTS.—The following appointments have been made by Col. Andrew G. Curtin, the People's candidate for Governor, to address the citizens. Other appointments will be announced hereafter:—

- New Bloomfield, Perry Co., Monday, Aug. 6.
Williamport, Lycoming Co., Tuesday, Aug. 7.
Danville, Montour Co., Wednesday, Aug. 8.
Blomberg, Columbia Co., Thursday, Aug. 9.
Carbondale, Luzerne Co., Saturday, Aug. 11.
Honesdale, Wayne Co., Monday, Aug. 13.
Stroudsburg, Monroe Co., Tuesday, Aug. 14.
Market Chuk, Carbon Co., Wednesday, Aug. 15.
Allentown, Lehigh Co., Thursday, Aug. 16.
Bethlehem, Northampton Co., Monday, Aug. 20.
Easton, Northampton Co., Tuesday, Aug. 21.

Col. Curtin will visit Harrisburg sometime during the progress of the campaign, and address the people of old Dauphin. His appointment for this place will be duly announced.

THE HARVEST HOME PICNIC, yesterday, at Derry Church, was the largest party of the kind ever held in this county. Harrisburg sent an immense delegation, and all the towns along the Lebanon Valley Railroad were largely represented, as were the rural districts, the country people flocking to the scene of festivities at an early hour, on foot, on horseback and in carriages. The number of people on the ground in the afternoon was estimated at from six to nine thousand. One feature of the affair, which tended greatly to mar the enjoyment of the occasion, was the selling of lager beer in the adjoining woods, which led to considerable drunkenness and disorderly conduct. The sale of the article was stopped as soon as the managers became aware of it, but it was too late. A number of young men from this city, and also from the country, had imbibed too freely and became very noisy. Otherwise the party was a pleasant one, and passed off in such a manner as to do credit to its organizers.

The participants in the celebration are under many obligations to Maj. DAVID MUMMA, of this city, who originated the same, and to H. W. KETTERING, Esq., Dr. Thos. Fox and Mr. J. B. WICKLAND, who were active in making their guests comfortable. The "Harvest Home" celebration having been successfully inaugurated, will no doubt become a permanent institution in our county.

PICTURE FRAMES made to order at the shortest notice and at the most reasonable prices, at W. Knoch's Music Store, 92 Market street.

THE UNION PRAYER MEETING will be held in the Presbyterian church, corner of Market Square, to-morrow afternoon, commencing at four o'clock, as usual.

CHICKERING & SON'S Pianos, and Mason & Hamlin's Melodeons, on hand and for sale only at W. Knoch's Music Store, 92 Market street, west side.

THREATENED TO SHOOT.—A colored desperado named Joe Stevens was arrested by officers Becker and Wickert for assaulting and threatening to shoot Sarah Parker. After a hearing before Alderman Kline he was bound over to answer at the next Court.

ASSAULT AND BATTERY.—A difficulty occurred between Tom Bennet and Samuel F. Mathews, both colored, which resulted in the former being arrested and bound over to answer a charge of assault and battery. Of late there has been considerable disorder among the colored population, and a large number are now in prison awaiting trials for various offenses.

COAT THEFT.—One James Vogans, an old colored offender, stole a coat from Mr. John Foster, of Swatara township. When the officers undertook to arrest James he ran away from them, exhibiting some astonishing feats of pedestrianism, and succeeded in making his escape. The stolen coat, however, was found in the domicile where James quartered, in Allison's Hollow, secured and returned to the owner.

DEDICATION.—The new Odd Fellows' Lodge at Gratztown, in this county, will be dedicated to-morrow, with appropriate ceremonies. Delegations from Lodges in neighboring towns are expected to be in attendance, and a handsome display is anticipated. The occasion will no doubt draw out a large crowd of the sovereign people of the upper end. We learn that an address will be delivered by Robert A. Lambert, Esq., of this city.

THE YOUNG PEOPLE'S HARVEST HOME, to come off at Cold Spring to-morrow, will be the gayest party of the season. All who wish to enjoy a pleasant excursion and have a good time should make their arrangements to attend. It will be participated in by a large number of the lads and lasses of Harrisburg and vicinity. The cars will leave the depot at seven o'clock in the morning, and return about the same hour in the evening.

A DISORDERLY DEN.—There is a den in Allison's Hollow where the lowest class of colloferers most do congregate to drink whisky and make things ripe promiscuously. The other day complaint was made against Richard Carter in connection with this establishment. After a hearing before Alderman Kline, however, and the complaint not being sustained, Richard was liberated. If rumor be true, the house alluded to is the resort of disorderly whites, as well as blacks, and for the credit of the city it should be crushed out.

ACCIDENT.—On Thursday evening an accident happened to three persons while returning from the Harvest Home at Derry Church, by the upsetting of the vehicle in which they were riding. They were thrown to the ground with considerable force, and one of the party, Mr. Krieter, of Anville, Lebanon county, had an arm seriously injured. The other two escaped with slight damage. We learn that the young were not, as conjectured by some, under the influence of liquor at the time.

IN THE LOCK-UP.—In the absence of the Mayor, Alderman Peffer presided at the Mayor's office this morning. Samuel M'Garr, a first class "floater," was a voluntary lodger in the lock up. He was discharged with a warning to divide his patronage elsewhere. Benjamin Boyer claims Middletown as his place of residence. Benjamin was found at a late hour in the Market House, under very suspicious circumstances, by one of the city night police. He received a wholesome lecture and was discharged.

A DAY OF PICNICS.—In addition to the Harvest Home yesterday, three Sunday School Picnics came off in the vicinity of our city. The Catholic School spent the day in Cameron's woods. The party was very largely attended, and passed off pleasantly. The German Lutheran school visited Eshelmen's grove, and the school connected with Rev. Mr. Shoemaker's congregation made an excursion to Reel's woods. The two latter parties were well attended, and the exercises such as to interest and benefit the little ones.

CAMP PATTERSON.—We call attention to the general orders just issued by Major General Wm. H. Kaim, who has consented to take command of Camp Patterson, to be held at York in September. All that Gen. Kaim can do to give importance and eclat to the affair will be done; and we can safely predict that the contemplated encampment will be the most creditable military demonstration ever witnessed in the old Keystone State. The orders, furnished us this morning, will be found in our advertising columns.

TRIBUTE OF RESPECT.—At a meeting of the Citizen Fire Company Independent No. 1, held at their hall last evening, the following resolutions were reported by a committee appointed for the purpose, and unanimously adopted:

Resolved, That we deeply sympathize with his afflicted parents and friends in their sad bereavement; yet knowing that our Heavenly Father doth all things well, we bow with submission to His will.

Resolved, That in the death of ROBERT FRANKLIN PELAN the members of the Citizen Fire Company are called upon to mourn the loss of an efficient member, and the community at large a worthy and respectable citizen.

Resolved, That these resolutions be entered on the minutes, a copy of the same be transmitted to his parents, and also published in the daily papers.

THE STATE TEACHERS' ASSOCIATION will meet at Greensburg next Tuesday. We are not aware that the teachers of this city and county have made arrangements to send delegates. The meeting will be an important one, and the Capital of the State should be fully and ably represented.

FIRE AT MIDDLETOWN.—We learn by a private dispatch from Middletown that the barn of Dr. Mercer Brown, near that place, was this morning consumed by fire with all its contents, comprising the hay and grain crops recently gathered. The dispatch does not state the amount of cattle stock, farming implements, &c., lost, but the presumption is that the entire contents of the barn were consumed. The dwelling house, although in great danger, was saved. It is not known whether the property was insured.

ANOTHER MILL BURNED.—The large flouring mill of Mr. Samuel Ranck, on the Conestoga near Lancaster city, was recently destroyed by fire, and a young man named Abraham Ranck, son of Mr. S. Ranck, aged about 19 years, perished in the flames. The mill was a large brick edifice, with four run of burrs, and was considered one of the best in the county. In addition to the machinery, there were consumed about 8,000 bushels of wheat, 1,800 bushels of corn and some flour. It is supposed that the fire was occasioned by the burrs running empty and heating by friction.

THE FRUITFUL EARTH.—We do not remember a season that promised more abundantly "the kindly fruits of the earth" than the present. In this locality, though rains have been far from abundant, almost every product is plentiful. Apple trees are loaded with healthy fruit; pears gladden on pliant boughs; corn is luxuriant with dark green leaves and silken tasselled cobs; cabbages and cauliflowers, and tomatoes, and squashes, and melons, and cucumbers, and the later peas, and potatoes, are everywhere plentiful and healthy, and there will be no lack of those luxuries and blessings which the garden and the field supply. In all parts of our favored country the crops are abundant and the promise is rich of peace and plenty.

THE DEATH OF MR. LEWIS.—We find in the March Chunk Gazette the particulars of the sad accident, on Tuesday last, which resulted in the death of the young man, William Lewis, of this place. "When the train was leaving the Bethlehem station, Mr. Lewis, after the signals had been given, and the train in motion, attempted to jump on, having his machine in one hand and taking hold of the iron railing with the other, when he fell down between the cars. Those who were quite near allege that when he first fell he was entirely clear between the rails, and that if he had not moved, the train would have passed over him without any material injury. But, the fall probably stunned him so as to render him partly if not entirely insensible, when he swung his legs round under the wheels, cutting off both above the knee. The train was immediately stopped, and the unfortunate man carried away and medical aid sent for, but there was no hope for him. He breathed his last about one hour after the accident happened. He was able to state his name and residence, and gave directions to telegraph to his brother at Harrisburg, to which place his remains were taken." The remains of the deceased arrived here yesterday at noon, and were interred in the evening.

TREATMENT OF CROUP.—The Dublin Hospita Gazette states that Dr. Jodin, in a communication to the Academy of Sciences, on the nature of croup and on the treatment of the same, says that his researches have led him to the following conclusions:—First, that croup and pseudomembranous angina are merely parenchymal diseases, due to the formation of fungi; second, that the treatment of these affections requires neither general medication nor incendiary cauterization and that they may be cured by simple parasitical applications. After enumerating the various therapeutical means resorted to in this and analogous diseases, Mr. Jodin declares that he much prefers to these uncertain, alarming or dangerous remedies, the sesquichloride of iron, which completely impregnates the fungus, exercises its action on the surface only and may be absorbed without danger. This medicine destroys the parasitic growth and also modifies favorably the hemorrhagic condition constantly observable in the affected parts and their neighborhood; it further induces expectoration, and thus promotes the rejection of the false membranes.

I WOULD most respectfully inform the ladies of Harrisburg and the public in general that I have arrived and taken the stand of John Rhoads, dec'd., corner of Market street and Market square, with a lot of goods which were bought at auction, such as Calicos, Nanukas, Cambric Handkerchiefs, Stockings, Swiss Muslins, and in fact a great variety of goods, all of which I will sell VERY CHEAP, in order to close them out quick. My former friends and customers I would invite to give me a call, and I promise to sell them cheaper goods than ever before, as my stay will be limited.

CITIES IN PENNSYLVANIA.—We have the census of most of the leading cities and towns in the State, which is as follows: Philadelphia, 650,000; Pittsburg, 180,000; Reading, 24,000; Lancaster, 18,000; Harrisburg, 15,012; Norristown, 18,500; Scranton, 12,000; Pottsville, 18,000; York, 10,000; Easton, 10,000; Allentown, 8,047; Wilkesbarre, 7,989.

A SOUTHERN EDITOR expresses a wish that his voice were as loud as thunder. He might as well wish at the same time that he had ideas worth expressing in so loud a voice.

THIS census returns in one of the upper townships of Northampton county report fifty living children in four families.

PROBABLE AGGREGATE.—The returns received at Washington indicate that the population of the United States is now about thirty-two millions.

Old Bachelor Sneer would like to know what kind of a broom the young woman in the last new novel, used, when she swept back the raven ringlets from her classic brow.

WE call the attention of our readers to an article advertised in another column, called BROWN FOOD. It is an entirely new discovery, and must not be confounded with any of the articles of the same name of the day. It is food for the blood, already prepared for absorption; pleasant to the taste and natural in action, and will do more for the system than any other article suffering from poverty, impurity or deficiency of blood, and consequently with some chronic disease or ailment, take of this BROWN FOOD and be restored to health. We call attention to the fact that Druggists have received a supply of this article, and also the article known as Dr. KATON'S BROWN FOOD, which every mother should have. It is said to contain no purgative or opiate of any kind whatever, and of course must be innocuous for all infants and the young. It is said to be the best and most complete. It is said to be the best and most complete. It is said to be the best and most complete. It is said to be the best and most complete.

MANY KINDS OF TONIC ARE ADVERTISED that we are assured will strengthen the hair and prevent its falling out, but none that we have seen used with effect that promises, save that of Professor O. J. Wood. This we have used, and it has restored my hair to its former luxuriance. It is a true tonic, and its effects are truly beneficial. Dr. Wood was kind enough to send us a couple of bottles, and after finding that it prevented our hair from falling out, we presented it to our friends, and they all used it, and in a few days it has restored their hair entirely, and it is now as thick and glossy as when he was twenty-five. This we say in all sincerity, and we shall be glad to have our friends try it for the same purpose. It will do more for the hair than any other preparation. It is said to be the best and most complete. It is said to be the best and most complete. It is said to be the best and most complete.
