OAK GROVE, S. O., June 24th. 1859.

PROF. O. J. WOOD: Dear Sir.—Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to last prejudice aside, and give your Hair Restorative at prefetct test:—

During the year 1854, I was so unfor unate as to be thrown from my sulfy against a rock near the roadside, from which my head received a most terrible blow; causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which my hair was finally destroyed over the entre surface of the head. From the time I first discovered its dropping, however, up to the time of its total disapperent and a tamburd avarantic of the head.

the brain and external surface of the head, from the effects of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a protessional man myself, and, as I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced.

These and no other, circumstances induced me to resort to your worthy Hair Restorative, which I have every reason to belive produced a very happy result; two months after the first application, I had as beautiful a head of young hair as I seer saw, for which I certainly one you my most sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my influence, which I flatter myself to say, is not a little. You can publish this if you think proper.

Yours very respectfully

M. J. WRIGHT, M. D.

OFFICE OF THE JEFFERSONIAR, Philippi, Va., Dec. 12, 1855

DEAR SIR :— I feel it my duty as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a lawyer.) has been bald ever since his early youth; so much so, that he was compelled to wear a wig. He was unduced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and he is very well known in our adjoining countes if you have the proper agents.

DR. Woon: Dear Sir :—Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States, it was rapidly becoming gray, but upon the application of your "Hair Restorative" it soon recovered its original hoe. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable.

The Restorative is put in

the approximate the approximate the approximate the approximate the covered its original hue. I consider your actions as well as agreeable.

S. THALEERG.

The Restorative is put in bottles of three sizes, viz: large, medium and small; the small holds % a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent, more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent, more in proportion, and retails for \$3.

IMPURE BLOOD:

The blood is the life! and when any foreign or unhealthy matter gets mixed with it, it is once distributed to every organ of the body. Every nerve feels the poison, and all the vital organs quickly complain. The stomach will not digest the food perfectly. The liver ceases to secrete a sufficiency of bile. The action of the heart is weakened, and so the circulation is feeble. The lungs be come clogged with the poisonous matter; hence a cough—and all from a slight impurity of the fountain-head of like—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivuletin a few minutes the whole course of the stream be, comes disturbed and discolored. Asquickly does impure blood fly to every part, and leave its sting behind. All the passages become obstructed, and unless the obstruction is removed, the lamp of life soon dies out.

These pills not only purify the blood, but regenerate all the secretions of the body, they are, therefore, unrivalled as a
