

Daily Telegraph

HARRISBURG, PA.

Thursday Afternoon, August 23, 1860.

RIDGE PRESENTATION.—The ladies of Millersburg will present a handsome Bible to the Old Fellows' Lodge of that place next Saturday.

HARPER'S MAGAZINE for September, just received and for sale at Bergner's Cheap Book store, 61 Market street. Price 20 cents.

NOTICE.—All the late daily and weekly Papers, Magazines, cheap publications and new books, are for sale at Bergner's Cheap Book store, No. 61 Market street.

THE LARGEST Lot of fine oval gilt Picture Frames on hand and for sale cheap at W. Knoche's Music Store, 92 Market street, west side.

THE OLD SOLDIERS meet again to-morrow evening, at the office of David Harris, Esq., to complete their arrangements for attending the York encampment, which commences on the third of next month.

COMMENDABLE.—One of the rules for the government of the Wide Awake club prohibits the members from drinking intoxicating liquor when on parade. This is a good idea, and worthy of adoption by all political clubs.

A MASS MEETING of the friends of Lincoln and Curtis will be held at Stimer's tavern on Ridge Road, in the sixth ward, to-night, to be addressed by some gentlemen of our city. Let there be a grand rally of the fifth and sixth wards, and of the Republicans generally throughout the city.

THE PEOPLE'S CONGRESSIONAL CONFERENCE for this district meets at Georgetown to-morrow afternoon. The Dauphin conference are Wm. Colder, Jr., Philip Irwin and J. S. Musser. A mass meeting will be held in the evening under the auspices of the Georgetown Lincoln Club. Mr. Killinger and other gentlemen are announced to speak.

MALICIOUS MISCHIEF.—This morning complaint was made before the Mayor against Mrs. Sullivan, a resident of the sixth ward, for maiming a tame duck belonging to Mr. Peter Forrest, and threatening to kill any poultry of his that came in her way. A warrant was issued for her arrest, and a hearing of the case will take place this evening.

CONSPIRACY TO EXTORT MONEY.—The fellow Williams, arrested yesterday for burglary, was some months since concerned in a conspiracy with Mrs. Waddy to extort money from a respectable citizen of Harrisburg. The scheme failed, however, and Williams, fearing exposure and arrest, left the city. He returned a few weeks ago. From all accounts he is an infamous scoundrel and went too long unpunished.

BALLOON ASCENSION.—The Hope Fire Company deeming it inexpedient to make any arrangement with the balloonist, Prof. Wilson, that gentleman has determined to make a public ascension from Market Square on Saturday evening, provided our citizens contribute sufficient funds to defray expenses. Two or three gentlemen are now soliciting contributions, and we have no doubt they will be successful.

IN PURSUIT OF A FORGER.—Last evening the Cashier of the Hagerstown Bank arrived here in pursuit of a man who recently passed a forged check on that Bank. About midnight the Chief of Police, in company with the Cashier, visited the quarters of the suspected individual, but he proved to be the wrong man. The Hagerstown gentleman left for home this morning, having utterly failed in the accomplishment of his mission.

GOOD NOMINATION.—The People's convention of Huntington county nominated Brice X. Blair, Esq., for Assembly. We regard this as an excellent selection. No man in the county possesses in a more eminent degree the qualifications to make a useful and popular legislator. Of course we shall have the pleasure of meeting Mr. Blair here next winter in a legislative capacity, and we predict that he will do credit to himself and honor to his constituents.

HONORABLY DISCHARGED.—Last evening Mr. Emanuel Mader, arrested on suspicion of having been a participant in the robbery of Mrs. Brenizer's store, had a hearing before Alderman Maglauchlin, and was honorably discharged, not a particle of evidence being elicited to implicate him. The stranger, Stevens, was also discharged. Williams and Mrs. Waddy are fully committed for trial, and from the developments already made there can be no doubt of their guilt. Court meets next week, when the case will probably be disposed of.

KILLED.—The other day an intoxicated Irishman was killed near the Muncy station on the Sunbury and Erie Railroad, by the passenger train coming south. While walking on the track the cow catcher struck him, and he was instantly killed. On his person was found a Catholic Manual of Prayer, on the fly-leaf of which was written the following: "In God's name I commence my dreary journey in this uncultivated country."

NOVEL DEMONSTRATION.—A few evenings ago one hundred and fifty Republican young men of Williamsport, just arrived at the age of voters, assembled on the common, formed a procession, each man armed with a rail, and headed by a brass band matched into town, taking the citizens by surprise, and creating quite a sensation. A carriage was drawn by a fine span of horses, on which was a huge log being dressed "for the cabin," as the procession moved along. The "boys" carried a number of banners, transparencies, flags &c., and marched through the principal streets constantly receiving acclamations as they passed along. Halting in front of Doebler's hotel, an impromptu meeting was organized and brief speeches delivered by several gentlemen. The meeting is said to have been the most spirited and enthusiastic ever held in that place.

REV. MR. LEACOCK, of Harrisburg, held Episcopal service in the Lutheran church at Lykens, on Tuesday evening last. Arrangements have been made for service regularly once a month for the benefit of the Episcopalians in that vicinity.

HIS CONDITION.—The numerous friends of Mr. Moorhead, clerk in the Auditor General's office, will regret to learn that he is still in a suffering condition from the effects of paralysis, with which he was suddenly struck down last week. He is confined to his room at Herr's hotel.

SWEPT AWAY.—The rapid rise in the Swatara on Tuesday night, caused considerable trouble to Middletown lumbermen. Notwithstanding the exertions of Messrs. Zimmerman & Lescure to save theirs, over two rafts were carried away by the current and lodged about a mile below town.

FALL OF A BRIDGE.—The Middletown Journal says the first span of the aqueduct bridge, over the Swatara at that place, fell on Monday night, with a crash that was heard for a considerable distance. The bridge has been in a bad condition for over a year. The County Commissioners appointed viewers to examine it, upon the complaint of numerous citizens, and they reported it in an unsafe condition several weeks ago. We learn that it is the intention of the Commissioners to erect a new bridge, as soon as the Court grants them authority.

AMERICAN TRAIT SOCIETY.—PENNSYLVANIA BRANCH.—The quarterly report of H. N. Thisell, the Superintendent of this Branch, embodies the details of the personal labors, sales, and grants of ninety-one colporteurs on this field; showing that in the quarter ending June 30, including sales at the depository, they circulated over \$11,400 worth of publications; addressed six hundred and seventy-seven public meetings; made forty-two thousand two hundred and forty-one family visits; united in prayer or held religious conversation with twenty-seven thousand three hundred and sixteen of those families, five thousand nine hundred and twenty-four souls, embracing nearly thirty thousand souls, habitually neglect the house of God on the Sabbath, and two thousand three hundred and nineteen had no Bible. One colporteur, who has labored fourteen years, had visited nearly every family in Blair and Huntingdon counties, and many of them repeatedly; and in this time had furnished them by sale with one hundred and twenty thousand volumes, or \$14,000 worth, and distributed gratuitously seven million pages. His circulation had annually increased, and the last quarter it exceeded any quarter since he began his work. Another, who had visited three hundred and eighty-four families, and conversed and prayed with two hundred and ninety-six of them during the quarter, relates an account of the conversion of an intelligent gentleman by the blessing of God on the reading of the American Messenger. Another, describing the destitution of his field, says religious books would never go into some parts of it unless carried by the colporteur. Persons had shown him tracts and books which he sold them three or four years ago, which had been the means of their conversion. Some had been active in promoting Sabbath schools. Seven colporteurs, during their connection with the Society, report the organization of one hundred and twenty-five schools. Many other cheering facts might be enumerated, if our limits would permit. During the months of May, June and July, the Committee have commissioned one hundred and twenty colporteurs, including seventy-four students, to prosecute this work in twenty-three States. Will not all who appreciate the Gospel as the means of salvation give their prayers and efficient co-operation?

EXPECTED DEVELOPMENTS.—From the following correspondence it will be seen that corruption has been carried on in some quarters. We reserve all expression of opinion until we obtain further light on the subject. In the meantime we hope the person who wrote the letter to the District Attorney will give that officer such information as will lead to the detection and punishment of all concerned in the infamous attempt to shield the worst class of men in community.

HARRISBURG, August 22, 1860.

MR. HERR.—Would you allow us to ask you a few questions?

1st. Has a Magistrate legal power to settle a case when an information has been made before him against a party of gamblers?

2d. Has the Magistrate a right to give parties a hearing in the case?

3d. What is the penalty for a Magistrate to make return of the case to Court, or is the Magistrate bound to make any return to Court or not?

4th. Cannot the person who made information be compelled to appear before Court?

5th. What is the penalty in case an officer refuses to serve the warrant?

We would be much obliged to you for information in the case.

MANY CITIZENS.

DISTRICT ATTORNEY'S OFFICE,
August 23d, 1860.

MR. HERR.—The above communication I received this morning through the Post Office and although it is contrary to my rule to pay any attention to anonymous letters, yet as the questions propounded in this one may be of importance to the public, I have concluded to reply to them. But before doing so, I would say that if the writers of the above have any knowledge of any officer having done what their interrogatories plainly imply was done, it is their duty as good citizens to give the information in a reliable form to the District Attorney, so that proper steps may be taken to bring the guilty parties to justice.

1st. To the first question I answer that no Magistrate has power to settle, arrange or compromise a charge against a party of gamblers, and if he should do so, he is guilty of a misdemeanor in office.

2d. He has a right to give the parties a hearing, but this is only when the case is brought to Court, and not before the District Attorney.

3d. The Magistrate is bound to return the complaint to Court for trial; and a conviction subjects the parties to a fine not exceeding five hundred dollars and imprisonment not exceeding one year.

4th. If the case be returned, the person giving the information can be compelled to appear and testify in Court.

5th. It is a high misdemeanor for an officer to refuse or neglect to execute a warrant; and upon conviction he could be fined five hundred dollars and imprisoned two years.

A. J. HERR.

LAND SLIDE.—This morning a land slide occurred on the Reading Railroad near Phoenixville, obstructing the road to such an extent as to prevent the passage of the train from Philadelphia. It is expected that the track will be cleared this afternoon, and that the train from Philadelphia due here to-night at eight o'clock will arrive as usual.

A SPECIAL MEETING of the Wide Awake Club will be held this evening for drill, and also to make arrangements for the parade next Monday night. An invitation is to be extended to the Wide Awakes of Lancaster to visit our city on that occasion, and our information is that it will be accepted. A splendid display may, therefore, be anticipated.

SURVEY OF THE FRAUD.—This morning two white girls, daughters of Mr. Rudaugh, were arrested, charged before Justice Bader with annoying and abusing the female members of a colored family. The parties all reside in the classic locality known as Cherry alley. The white girls were bound over to keep the peace towards the complainants and the colored denizens of Cherry alley generally.

FOR COLD SPRING.—The New Cumberland Sunday School, under the Superintendence of Mr. Gardner, numbering about seventy-five teachers and scholars, will make an excursion to Cold Spring next Saturday. Those of our citizens who may desire to accompany the party, and spend a day pleasantly among the mountains, will be accommodated with excursion tickets for that purpose. The train will leave here at seven o'clock in the morning.

TOMATO WINE.—The following recipe for making an excellent article of tomato wine, is communicated to an agricultural paper by a gentleman who tried it successfully last season: "To a bushel of sound, ripe tomatoes cut, add four gallons of water. Let the mixture stand in an open tub three days, stirring two or three times each day; then strain through a sieve. To each gallon of the clear liquid add three pounds of brown sugar, stir until the sugar is thoroughly dissolved, after which it is not to be disturbed for three days, except to take off the scum as it rises. Then strain the liquor through muslin or flannel bags, and put it in a cask, filled to the top of the bung hole. There must be a surplus of the liquor to replace what fermentation throws off, as the cask is to be kept full. As soon as fermentation becomes feeble, (which is usually at the end of a week from the time the cask is filled,) dissolve half an oz. best yeast in a portion of the liquor, put it in the cask and bung tightly. Half an oz. of yeast is sufficient for ten gallons. Place the cask in the cellar, with the spigot in, so that the wine can be drawn off for bottling, without disturbing the sediment. The proper time for bottling is the following May. The wine is good when a year old, but continues to improve for several years. Two and a half bushels of tomatoes will make ten gallons of excellent wine."

GREAT BUSINESS PLACE.—We learn from the Williamsport papers that within four miles of that flourishing town there are twenty-five steam saw-mills, containing in the aggregate about one thousand saws, with a capacity for cutting at least one hundred and fifty million feet of boards yearly. The largest of the mills recently cut seven hundred thousand feet of lumber in five days. In addition to these there are four planing mills, two saw manufacturing, three machine shops, five newspaper and job printing offices, a brass foundry, an agricultural implement manufactory, a woolen factory, stores equal to the very best in our city, and large and elegant hotels that cannot be excelled anywhere. Williamsport is decidedly a "great place," and bids fair in a very few years to become one of the most populous, wealthy and important inland cities in the State. That it is the handsomest town in the northern section of Pennsylvania is universally conceded. The "everlasting state" was the home of our boyhood, still remembered and fondly cherished; and it is a source of sincere pleasure to us to note the rapid growth of the town in population, business, intelligence and wealth.

CHAMP AND USEFUL.—Along the borders of ponds and streams, and in moist sand all over the country, grows a little hollow-stemmed, leafless plant, ten to twenty inches high, and an eighth of an inch in diameter, which is known, generally, under the appropriate name of "scouring rush," though another name seems quite as appropriate, "vegetable file." Its outside is fluted, and the edges serrated, so that its effect when drawn across any substance is somewhat like that of a rat-tail file, and when used in a mass—that is a dozen or two doubled and tied in a bunch—it works like a wet sponge dipped in sand, and is one of the best things a housewife can use for scouring the inside of a churn, butter-bowl, and ladle, or kitchen table; or in short, any kind of wooden utensils; and, when well worn upon wood, is good for tinware. These rushes are both cheap and useful, and their use should be better known to all who live in regions where they are indigenous to the locality. And where they are not now growing, it is worthy of a thought whether they may not be planted and grown to a profit, not only for home use, but for the use of others. Every one who has ever known their usefulness, will always bear them in remembrance.

THE CASE OF HALL.—SINGULAR SORT IN A JURY ROOM.—The Grand Jury of Lebanon county, yesterday returned a true bill against B. R. Hall, charged with forgery and attempting to pass a forged check on the Lebanon Bank. The indictment against him for horse stealing was ignored. A singular occurrence took place in the room while the Jurors were deliberating upon the latter bill. A gentleman appeared before them in regard to the theft, stating that he could see him. Some member of the Grand Jury then asked the witness to look around and state whether the suspected thief was present. He carefully examined every countenance in the room, and swore positively that the horse thief was sitting behind the table, pointing to a respectable member of the Jury. The Jurors, knowing the high character for integrity sustained by the gentleman pointed out, who is a respectable and estimable citizen of Lebanon, after recovering from their astonishment at the discharged witness and ignored the bill against Hall. This singular affair caused considerable amusement among the people of Lebanon, at the expense of the very respectable gentleman who was mistaken for a horse thief!

FOUND.—A silk handkerchief was left at this office, to day, by some gentleman. The owner can have it by calling. A brass key, found on Second street near Locust, can also be obtained by the owner at this office.

NO MAIL FROM PHILADELPHIA.—The usual Philadelphia mail which is brought here by the Pennsylvania Railroad at ten minutes before one o'clock, failed to arrive to-day. This is not the first failure: It is time there should be a change in the Philadelphia post-office.—Those in charge had better attend to business, and let politics alone. Old Abe will make a clean sweep after the fourth of March next.

REMOVED from auction 15 dozen of Hemstitched Handkerchiefs; a lot of White Cambric, Jaconet, Nanauk, Plain Swiss; 10 pieces of Grey Goods for Traveling Dresses, a lot of Bleached Muslin; a lot of new Calicoes; several pieces of Blue and Brown-Figured India Silk, nearly a yard wide, at 50 cents. The best Calico I sell for 10 cents, warranted fast colors. For cheap goods call at Lewis's, at the old stand of John Rhoads, Esq., deceased.

PICTURE FRAMES made to order at the shortest notice and at the most reasonable prices, at W. Knoche's Music Store, 92 Market street.

Special Notices.

WIGS!—WIGS!—WIGS!—HATCHELOR'S WIGS AND POWPERS surpass all. They are elegant, light, easy and durable. Fitting to a chair—no turning up behind—no shrinking of the head; indeed, this is the only Establishment where these things are properly understood and made in Bond street, New York. mar12-dawly.

PURIFY THE BLOOD.—MOFFAT'S LIVER PILLS AND PHEGIX BITTERS.—Free from all Mineral Poisons.—In cases of Scrofula, Ulcers, Swellings, or eruptions of the Skin, the operation of these Pills is so beneficial, that they are removed in a few days, every vestige of these loathsome diseases by their purifying effects on the blood. Biliousness, Fever, and Ague, Dyspepsia, Dropsy, Piles, and in short, all diseases of the blood, are cured by this medicine. No family should be without them, as by their timely use much suffering and expense may be saved. Prepared by W. M. MOFFAT, M. D., New York, and for sale by all Druggists. north-7y.

DAVIS' PAIN KILLER.—I have used the medicine known as Perry Davis's Pain Killer in my family for the last twelve months, and have had great pleasure in trying in favor of its very valuable properties. I would not on any account be without it. During the existence of the cholera last year, I used no medicine of any sort but the Pain Killer, although myself and several members of my family were attacked by it severely, and am happy to say that the Pain Killer was equal to every emergency—it was both a preventive and a certain cure. I consider I should not be doing my duty to the community did I not say this much. It will be attacked by cholera to-day the Pain Killer should be my only remedy I would use. I have thoroughly tested it and know it can be relied on.

F. E. REINGENDEEN, Galena, Ill.

Sold by all druggists, grocers and medicine dealers throughout the United States and Canada.

The stain on linen from the use of the Pain Killer is easily removed by washing in alcohol. ad-12m.

MANY KINDS OF TONIC ARE ADVERTISED that we are assured will strengthen the hair and prevent its falling out, but none that we have seen does all that it promises, save that of Professor G. J. Wood. This we can testify to from having used it, and it has cured several cases of its truly beneficial effects. Dr. Wood was kind enough to send us a couple of bottles, and after finding that it really restored grey hair to its original color, and the locks to the bald head, we should without hesitation say Prof. G. J. Wood's Hair Restorer. See advertisement in another column. Louisville Journal. Sold by all Druggists. 12yl-1m.

GALLOWER'S CELEBRATED ELIXIR.—THE INFALLIBLE CURE OF Colds, Cough, Consumption, Hoarseness, Pains and Weakness in the Chest, Liver Complaints, Dyspepsia, Whooping Cough, Sore Throat, Quinsy and General Debility, and for Purifying of the Blood.

This medicine has acquired a just celebrity from the cure of all diseases arising from severe colds; and its efficacy has been attested and approved by hundreds of most respectable citizens. In every instance.

BY THE BEST.—NORTON'S OINTMENT FOR SALT RHEUM AND SCROFULA.

This Ointment bears no resemblance to any other external remedy of the kind before the world. The mode of its operation is peculiar. It penetrates to the basis of the disease—goes to its very source—and cures it from the flesh beneath to the skin on the surface. Other outward applications for Scrofula, Salt Rheum, &c., operate downwards, thus driving the disorder downwards, and often occasioning terrible internal malaises. Norton's Ointment, on the contrary, throws the poison of the disease upwards, and every particle of it is discharged from the pores.

THESE REMEDIES, by the single box or case, are sent by mail or express, free of charge, to any address, on receipt of the price.

DR. F. HUMPHREYS & CO., No. 562 Broadway, New York

Special Notices.

DR. McCLECKOCK'S COLD AND COUGH MIXTURE, the established and standard remedy for Cough, Cold, Hoarseness, and all irritations of the mucous membrane of the throat, is a valuable and endorsed by physicians, and all who have used it, as a preparation that has no rival in the field. Price 25 cents. Sold by George Bergerer.

DR. JAS. McCLECKOCK'S PECTORAL STRYP. Are your lungs weak? Does a long breath give you pain? Have you a hacking cough? Do you expectorate hard, rough matter? Are you wasted with night sweats and want of sleep? If so, THIS IS YOUR REMEDY. It will unquestionably save you. Price \$1.00. Sold by GEORGE BERGERER.

HOLLOWAY'S OINTMENT IS A MIGHTY HEALER. The angry wounds and inflamed and irritating ulcers that cause continuous agony to the sufferer are removed, and the pain assuaged, by the application of this great healing remedy! It eradicates the poisonous particles from the blood, and effects a perfect and permanent cure. Sold at the manufactory, No. 50 Maiden Lane, New York, and by all Druggists, Secs. 65c., and \$1 per pot. 12-7-dawly-ly.

BRYAN'S TASTELESS VERMIFUGE. To quiet The riot Of worms—the vile scourge— The Vermifuge gives, And, as soon as you live, They'll get their discharge.

THE GREAT ENGLISH REMEDY.—Sir James Clark's Celebrated Female Pills, prepared from a prescription of Sir J. Clark, M. D., Physician Extraordinary to the Queen.

FOR full particulars, get a pamphlet, free of the agent. F. E. REINGENDEEN, Galena, Ill., is the authorized agent, will insure a bottle, containing over 50 Pills, by return mail. C. A. BARNWELL, agent for Harrisburg, Pa., T. W. DYOTT & SONS, wholesale agents in Philadelphia.

WE call the attention of our readers to an article advertised in another column, called BUON FOOD. It is an entirely new discovery, and must not be confounded with any of the numerous patent medicines of the day. It is food for the blood, already prepared for absorption; pleasant to the taste and natural in action, and that not only cures the various diseases of the blood, but also restores to the system the vitality and energy lost in the various diseases of the blood, and consequently with some chronic disease or ailment, taste of the blood is restored to health.
