CAMPAIGN BREASTPINS AND MEDALS. - AD AS sortment of Breastpins, Medals, &c., can be had at Bergner's Bookstore.

PICTURE FRAMES made to order at the shortest notice and at the most reasonable prices, at W. Knoche's Music Store, 92 Market street

Notice This. -All the late daily and weekly Papers, Magazines, che p publications and new books, are for sale at Bergner's Cheap Book store. No. 51 Market street.

Losr.-In this city a few days ago a Gold Ear Drop, with black stone setting and white flower. The finder will be liberally rewarded by leaving it at Berguer's book store.

SEVERE SENTENCES .- In Cumberland county last week two women were convicted of keep ing houses of ill-fame, and each sentenced to one year's imprisonment. An example or two of this kind might have a tendency to close some of the dens that abound in this city.

NEW AND NOVEL .- Every day brings something new. The most novel, and one of the most useful articles for household use, we have seen lately, is a patent clothes horse, invented by our ingenious friend Capt. J. D. Boynton of Middletown. It is an "institution" which no family should be without.

CHANCE FOR BARGAINS. -- We call the attention of our readers to the sale of household furniture to take place to-morrow afternoon, as set forth in our advertising columns. Among other valuable articles to be sold are two new and elegant chandeliers. The sale is worthy the attention of those in need of furniture.

Bogus Coin .-- One of our Philadelphia exchanges mentions fourteen styles of counterfeiting coin. It is estimated that fully ten per cent. of all the apparent gold coin in circulation is bogus, much of it being so admirably executed as to deceive bank officers and other first-class judges. The natural and legitimate loss in value of gold coin is immense. The estimated loss on the coin in circulation in the United States is over \$1,000,000 per annum.

ARREST AND DISCHARGE.-Last evening the Chief of Police made information before the Mayor against John Bates for drunkeness and disorderly conduct, and assault and battery. The latter demanded a hearing, and was held in the the sum of \$150 for his appearance at eight o'clock this morning. At the time designated Bates was on hand, and the Chief failing to substantiate the charges made against him, owing to the witnesses refusing to appear, the case was dismissed.

DRUNKEN Row.-Last night a disgraceful row occurred at Bostian's tavern on Ridge Road. Tumblers were smashed, and chairs and tables thrown about promiscuously. The Chief of Police was sent for, who hastened to the scene of disturbance, but on arriving there he found all quiet and the rioters dispersed. Lager beer sellers who tolerate such disreputable scenes should be indicted for keeping disorderly houses. If report be true they are of frequent occurrence at some of the taverns in the sixth ward.

VIOLATING ORDINANCES .- Last evening Mr. Charles Seylebaum, clothing merchant in Market street, was before the Mayor on a charge of fined two dollars and costs....Addison Dehart, arged with violating the ordinance prohibit ing owners of dogs from permitting them to and costs.... Nicholas Newman was up for the ther hearing this evening.

DISTINGUISHED ARRIVAL -Our old friend Druckenmiller, the "Lancaster County Poet," is now in this city with a supply of new poems and songs of his own composition, comprising "sentimental, pathetic and comic." and will remain here a few days for the purpose of selling his literary productions. Among his collection are political songs suited to all parties. The old poet is a decided genius in his way, and we hope our citizens will show their appreciation of his literary abilities by investing liberally in his songs.

THE ROUND HOUSE of the Pennsylvania Railroad Company, now in progress of erection in the upper section of this city, and rapidly approaching completion, will be one of the largest and most magnificent structures of the kind in the United States. It is calculated to house about forty engines. The extensive machine shops, adjoining the round house, are also going up as rapidly as the work can be pushed by the efficient manager, Mr. Stephen D. M'Calla. When completed, they will give permanent employment to a large number of workmen, thus adding materially to the population and business of our rapidly growing city, and enhancing the value of property in that immedi-

VERY REMARKABLE JOKE .-- While the rails on our steam highways rest upon sleepers, Lincoln's political rails are borne up by Wide-Awakes.

Conference. - The United Brethren hold their Quarterly Conference meeting in Middletown on Saturday of this week.

A SPECIAL MEETING of the Good Will Fire Company will be held at the Fifth Ward House this evening at the usual hour. A full attendunce is desired.

FUNERAL OF A FIREMAN. -The funeral of Mr John Ryan took place this afternoon at three o'clock and was attended by the Hope Fire Company, of which the deceased had been an active member.

BARN. DESTROYED BY FIRE.—The large barn belonging to Bretem, Ahl & Co., at Boiling Springs, Cumberland county, was recently intirely destroyed by fire. Loss, some \$1,300. The entire crop of the tenant was also consumed. It is supposed the fire was the work of an lucendiary

SOME VALUABLE REAL ESTATE, including twelve lots, will be disposed of at public sale, at Derry station, in Derry township, on Saturday the 22d inst. Here is a rare chance for speculation, and capitalists who wish to make profitable investments should attend the sale.

THE REVIVAL MEETING commenced in the West Harrisburg Methodist chapel last Monday night, continues in successful frogress. The nightly meetings are well attended, and we learn that an encouraging degree of religious interest is manifested. This congregation is under the pastoral charge of Rev. Mr. Carson, who is also pastor of the congregation worshiping in the Vine street church.

THE MASS MEETING to-morrow night, judging from present indications, will be largely attended. in addition to the speakers already announced. Hon. Henry D. Moore, of Philadelphia, who stumped the State for Fillmore in 1856, will be in attendance and address the people. The grand Wide Awake torch-light parade on the occasion will be a spectacle worth fail to be on hand to "see the sights." Large delegations of Republicans are expected from Middletown, Hummelstown, Dauphin, Mechanicsburg, Carlisle, and other neighboring towns. We shall be disappointed if the meeting does not exceed, in numbers and enthusiasm, any held here since the opening of the campaign.

THE CLOSING PIONIC OF THE SEASON will be given by the Bricklayer's Association, in Haehnlen's grove, on Saturday next, in aid of the purchase of a steam fire engine for the Friendship company. Should the weather prove pleasant it will be a gay and recherche affair, judging from the preparations making, and the novel character of the amusements to be introduced. An interesting feature of the exercises will be the contest for a splendid silver horn. A dancing platform has been constructed for the benefit of such as may wish to mingle in the giddy mazes of the dance, and keep time with flying feet to the inspiring music of the fiddle and the bow. The party will be a well conducted and pleasant one, and as the object is highly commendable, we hope to see it largely attended by the people of this city.

FUSION OF AMERICANS AND CATHOLICS .- It is openly asserted, and not denied so far as we have seen, that the Catholic priests in Schuylkill and Berks counties have denounced Col. Curtin, the People's candidate for Governor, from the pulpit, apppealing to their hearers to vote against him. Here in Harrisburg the Catholics comprising the "Irish Brigade" to a obstructing the pavement with boxes. He was | man oppose Curtin, and are secretly organized to effect his overthrow. And furthermore, the great ability, a finished scholar, an entertaining oston Pilot, a leading Catholic organ, strengous ly opposes his election. And yet there are men run at large unmuzzled, was fined one dollar claiming to be Americans, who join these Catholies in their opposition to Curtin! Shame upon same offence, and the case postponed for a fur. | them! Out upon such Americans! Their Americanism is all a sham! What care they for principle, if they can put money in their pockets by fusing with the arch-enemies of Americanism !

"The painted hypocrites are known Through the disguise they wear."

ACCIDENTS ON NORTHERN CENTRAL RAILBOAD. SMASH-UPs, &c .- What is wrong on the Northern Central Railroad? There are "screw leose" somewhere. On Saturday last, the 8th inst., no less than three serious accidents occurred between this city and Baltimore-fortunately not attended with any loss of life, but greatly damaging to the property of the company. One of these accidents occurred at Glen Rock, another at Phoenix, and the third at Cockeysville. In the aggregate some twentyfive cars were smashed to pieces, and one or two engines greatly damaged. And yet not all. As if to carry out the adage—trite and common:

"One disaster treads upon another's heels, So fast they follow—" on Monday one of the Express cars caught fire, and burnt up so completely that nothing was left but the iron work. We incline to the opinion that these disasters must be attributable to the carelessness and neglect of the employees on the running department of the road, and if so, are highly censurable. A year or two ago it was notorious that this road and machinery were greatly out of repair, and accidents were not unfrequent. If those now re-Dispatch, commenting upon the recently discovered peculations by conductors and ticket agents cited but little surprise. But since the adminin the employ of the Pennsylvania Railroad istration of the new Board of Directors, nearly Company, intimates that "frauds" have been the whole road between this point and Baltiperpetrated by men holding higher official po- more has been completely repaired—a large sitions. The editor says: "We do not like to part of it laid with new rails—and the old masay all that we suspect about this affair, but chinery and rolling stock put into excellent 'while our hand is in,' we will take the liberty order and much new added—and under its adof suggesting to the stockholders that whatever mirable management, for a considerable time, may be true as to the guilt of 'conductors and the road had regained the public confidence, was regarded as entirely safe, and has been, and merely our individual opinion that some larger is now, doing an immensely increased business. 'frauds' could be discovered by an investigation Under this improved state of affairs, its mana into the causes of the mysterious and rapid acquisition of very nice fortunes by some of the dence that the Northern Central would take higher officials of the railroad companies. We anxiously fall back to its former disreputs. Will not its await further developments, and hope our co-superior officers see to it, that the evils comtemporary of the Dispatch, who seems to be plained of be corrected? For their own credit, "booked up," will make them without delay. and the public safety, we hope so.

THE LOCK-UP contained but one occupant last night, a voluntary lodger, "without a local of Judge Pearson, millers need not pay any habitation or a name," and destitute of the liceose for their business. They can haul out means to procure tavern accommodations. He their flour, meal, &c., to their customers, or was discharged this morning.

LINCOLN POLE RAISING.—The Republicans Bridgeport and vicinity, on the opposite side of the river, are making arrangements to erect a hardsome Lincoln pole on Saturday next. Speakers will be in attendance to address the people who may be assembled.

Snow on the Allegheny Mountains.—A squall of snow and rain occurred on the heights of the Allegheny mountains yesterday morning. and the weather was quite cold. On Sunday morning there was a severe frost, but it did seem to have done much injury to vegetation.

learn that a Wide Awake club has been organized in Middletown. The uniform adopted is blue capes and black caps, with the name of the club on the latter. A meeting will be held

THE COUNTY FAIR.—The attendance at the Fair to-day was not so large as yesterday, and no additions were made to the articles on exbibition. It is estimated that about two thousand persons were on the ground at one time this afternoon. Two or three cases of pocket picking occurred to-day, but the operators escaped detection.

Locoroco Rowdins -Four Locofocos in Hollidaysburg were arrested and held to bail in the sum of \$300 each for riotous conduct, in attacking the "Wide Awakes" with stones, while in attendance at the People's party meeting in that place, on Tuesday evening of last week. The fellows deserve the severest punishment that can be inflicted under the law, and we hope Judge Taylor will do them full justice.

MEETING OF THE ALLEGHENY SYNOD OF THE LUTHERAN CHURCH.-This body met in Berlin, Somerset County, on last Thursday, and closed its deliberations on Tuesday last, after a pleaswitnessing, and our country friends should not ant session. The communion sermon was delivered in the presence of a crowded audience. on last Sunday, by the Rev. Mr. Martz of this city, delegate to that body from the Synod of

> "One great feature of Lexington, Kentucky, writes a correspondent, is the beauty of its ladies. Being exempt from all household drudgery, they are at liberty to cultivate all those graces which adorn society and charm mankind."—Exchange.

> Women "exempt from household drudgery," like men exempt from business cares, are drones in the human hive. They est, but labor not; consume, but produce not. They are a dead loss to the world, and a nuisance to the community in which they vegetate.

THE FUNERAL OF ELDER JOHN WINEBRENNER, who died on the 12th inst. at quarter before one o'clock in the morning, aged sixty-three years five months and seventeen days, will take place to-morrow afternoon at two o'clock, from his late residence in North street near Third The funeral cortege will move from the house to the Locust Street Methodist Church, in which appropriate religious services will be held. The friends of the deceased, and the public generally, are respectfully invited to attend.

Hon. EDGAR COWAN.—This gentleman is doing effective service on the stump in behalf of Lincoln and Curtin, having spoken almost daily for the last two weeks. He will address the mass meeting in this city to-morrow night. and we bespeak for the elequent advocate of Free Homes and Free Labor a cordial and enthusiastic welcome. He is a gentleman of and impressive speaker. Our political friends may, therefore, confidently anticipate a rich intellectual treat.

RUN AWAY AND SMASH UP .- At noon to-day a horse attached to a buggy, driven by a son of Mr. George Kinter, ran away in Walnut street, upsetting the vehicle and throwing the voung man under it. He managed, however, to escape from his perilous situation, while the horse was in rapid motion, without sustaining any injury. The frightened animal ran on the pavement near Second street, where the buggy came in contact with a post, damaging it to a considerable extented The violence of the collision broke the shafts, and the horse finding himself free from the vehicle, ran to Second street, where his flight was arrested. Young Kinter made a very narrow escape.

THE CASE OF GARMAN.—We hear rumors to the effect that application has been made to Governor Packer for the pardon of George Garman, the corrupt Fifth Ward Constable, who was vesterday sentenced to four months' imprisonment for prostituting his office by levying "black mail" on a German lager beer seller. The story is that Garman visited the beer shop referred to on Sunday, bought and drank some of that delectable beverage, and next day threatened to return the proprietor of the establishment, unless he was paid five dollars in the way of "hush money." The German, fearing prosecution, paid the sum demanded. The affair leaked out, Garman was indicted, and when called up for trial plead guilty, to avoid still further developments of an equally damaging character. His sentence, under the circumstances, we regard as exceedingly mild, and he should be permitted to serve out the full term of imprisonment. The indiscriminate and injudicious exercise of the pardoning power by Governor Packer, thus far during his official career, has called down upon him the just censure of the press and people of all parties. In this instance we hope he will not interpose his Executive prerogative to defeat the ends of justice, and allow a self-convicted scoundrel to go unpunished. A public officer who takes advantage of his position to extort money from beer sellers and the keepers of disreputable institutions, is a dangerous man in community, and should not only be punished to the full extent of the law, but be impeached and broken of his commission. The half has not been told of Garman's "black mail" operations, and his pardon would excite universal indignation in this community, as the Governor will soon discover if he yields, in this matter, to the unjust demands made upon him by partizan friends.

IMPORTANT TO MILLERS -By a recent decision ship it to commission merchants at other places. without taking out a license for so doing.

CANDIDATES IN TOWN -Among the strangers in the city to day we noticed A. R. Boughter, Esq., the Peoples' candidate for State Senator, and Mr. Zerbee, independent candidate for the same office. They are both inteligent and sootal gentlemen, and equally sagnuine of success. Mr. Zerbee says there is no truth in the rumcr that he intends withdrawing from the con-

ASSOCIATION FOR THE SUPPRESSION OF COUNTER FRITING.—We notice by an advertisement, framed and hung up in the Post Office, that MIDDLETOWN WIDE AWAKES. - We are glad to the Central Association of Banks for the Suppression of Counterfeiting are offering liberal rewards for the conviction of the manufacturers and atterers of counterfeit notes on the banks belonging to the Association. We learn that this evening to make arrangements to attend during the brief period, only three months. the demonstration in this city to-morrow night. since it was formed, some half dozen of convictions have been procured and rewards paid .--About seventy or eighty banks in Pennsylvania and the neighboring States have united in it, though there are as many more in the geo graphical limits covered by the Association who have declined or neglected to come into it. The tax on each is so small (not to exceed ten dollars annually on every hundred thousand dollars of capital invested), and the benefits to the banks themselves and the public so great, that we trust membership will become universal The Association pay rewards only on counterfeits of their own number; and this should stimulate the banks withholding their membership to unite. Probably our paper reaches some of them, who will please take this for a polite hint. The New England Association, which comprises several hundred of the banks in that quarter, also offer rewards from \$25 to \$500 for the conviction of similar offenders on notes of that region. Here are some good chances for lovers of justice and haters of villainy to earn omething. We commend it to police officers, who have often to work hard "for nothing and find themselves."

The College of the PURIFY THE BLOOD.

MOTHERS, READ THIS—The following is an extract from a letter written by the pastor of a Baptist church to the "Journal and Messenger," Clackinail, the, and speaks volumes in favor of that world-re nowned medicine—Mrs. Winslow's Soothing Syrup for Children Teething:

"Wo see an advertisement in your column of Mrs. Winslow's Soothing Syrup Row we never said a word in favor of a patent medicine before in our life, but we feel compelled to say to our readers, that this is no humbug—we have tried it, and know it to be all it claims. It is, probably, one of the most successful medicines of the day, because it is one of the best. And those of your readers who have babies can't do better than to lay a supply.

From the New Yorker, July 30, 1859. Among desirable articles, we may name as foremost the want of a useful glue, easy of use, and of general and universal application to the repair of furniture, crockery, shell-work and other serviceable and ornamental purposes. The prime qualities of a good glue are immediate readiness for use at all times and reliability as a hold-fast. And this is the article which Mr H. C. Spalding has been so fortunate as to introduce. 3. Spalding has been so fortunate as to introduce ottles with a handy brush ; Spaiding's Pre convenient bottles with a handy brush; Spatising's Pre-pared Glue requires no day's preparatory softening in water; no heating for use, and no tedious deleys to se-cure its junction and cohesion—being held in solution chemically, and capable of being applied instantly, and to every variety of work and requirement. Spaiding's Glue, thus proves itself to be a true Household Friend, and will be welcomed heartily in all parts of the country. We have given it a trial, and we have found it quick as hunger in taking hold, and firm as death in holding fast.

THE BLOOD IS THE LIFE.—No more shall the poor sufferers in our country languish, their constitutions racked by strong and dangerous mineral medicines; they will come to the fountain of health, found in simple herbs iast cases by the cold hand of death. Do not let prejudice overcome your better reason; do not look upon these Pills as only like others; do not let your despair, after trying everything else, prevent you from trying these.—The blood must be pure, and then sickness is impossible. What a great and yet simple truth is this; it appeals to the common sense of all; it is the great key-stone of the healing art. JUDSON'S MOUNTAIN HERB PILLS will purify and cleanee it as sure as the sun will rise to-morrow.

DAVIS' PAIN KILLER. -I have used the medicine known as Perry Davis's Pain Killer in my family for the last twelve months, and have great pleasure in testi fying in favor of its very valuable properties. I would not on any account be without it. During the existence of the cholera last year, I used no medicine of any sort but the Pain Killer, although myself and several members of my family were attacked by it severely, and am happy to say that the Pain Killer was equal to every mergency—it was both a preventive and a certain cure. I consider I should not be doing my duty to the community did I not say this much. It I were attacked by cholera to-day the Pain Killer should be the only remed I would use. I have thoroughly tested it and know an be relied on.

How to PRESERVE BEAUTY .- Nothing is more

How to Preserve Brauty.—Nothing is more becoming to a man or woman than a luxurism he do thair, and a woman's beauty is certainly incomplete without a fair complexion, and she or he who neglects there great and important adornments of nature must expect to suffer the mortification of premature beldness, and a wrinkted face and a sallow skin. Nothing is necessary to preserve these essential attractions but the use of Prof. Wood's Resto ative.—Louiswille Times.

Prof. Wood's Resto ative.—Louiswille Times.

Prof. Wood's Hair RESTORATIVE.—We have had occasion to use this famous preparation of trof. Wood's and after thoroughly testing his qualities, we find that where the hair is thin it will thicken it. If grey it will restore it to its original color; likewise, it gives a glossy appearance, as well as keeps the hair from talling off.—This invaluable ingredient is for sale at "Chinaman's Teas Store," south-east corner Freder ck and Baltimore Sta, by Mr. J. C. Given.—Baltimore Clipper.
