#### JUDSON'S Mountain Herb Pills.

THE inventor and manufacturer of "Judson's Mountain Horb Pills," has spent the greater part of his life in travelling, having visited nearly every country in the world Ho spent over six years amon the Rocky Mountains and of Mexico, and it was thus that the "Mountain Hake Pills" were discovered. A very interesting account of his adventures there, you will find n our Almanac and Pamphlet. It is an established fact, that all diseases arise from IMPURE BLOOD!

IMPURE BLOOD:

The blood is the life! and when any foreign or unhealthy matter gets mixed with it, it is once distributed to every organ of the body. Every nerve feels the poison, and all the vital organs quickly complain. The stomach will not digest the food perfectly. The liver ceases to secrete a sufficiency of bile. The action of the heart is weakened, and so the circulation is feelbe. The large become clogged with the poisonous matter; hence a cough—and all from a slight impurity of the fountain-head of life—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivulet in a few minutes the whole course of the stream be, comes disturbed and discolored. As quickly does impure blood fly to every part, and leave its sting behind. All the passages become obstructed, and unless the obstruction is removed, the lamp of life soon dies out.

These pills not only purify the blood, but regenerate all the secretions of the body, they are, therefore, unrivalled as a

CURE FOR BILIOUS DISEASES,

Liver Complaint, Sick Headache, &c. This Anti-Billou Medicine expols from the blood the hidden seeds of disease, and renders all the fluids and secretions pure and fluent, clearing and resuscitating the vital organs.

Pleasant indeed, is it to us, that we are able to place within your reach, a medicine like the "Mourtan Hars Phils," that will passidirectly to the afflicted parts, through the blood and fluids of the body, and cause the sufferer to brighten with the flush of beauty and health.

Judson's Pills are the Best Remedy in existence for the following Complaints: Bowel Complaints, Peblility, Inward Weakness, Coughs, Fover and Ague, Liver Complaints, Colds, Female Complaints, Lownoss of Spirits, Chest Diseases, Hedaches, Tostiveness, Indigestion, Stone and Gravel, Dyspepsia, Influenza, Seoundary Symptharrhoea, Influenza, In Coughs, Colds, Chest Diseases,

GREAT FEMALE MEDICINE!

Females who value health, should never be without these Pills. They purify the blood, remove obstructions of all kinds, cleanse the skin of all pimples and blotches, and bring the rich color of health to the pale cheek.

The Plants and Herbs of which these Pills are made, were discovered in a very surprising way among the Tozucans, a tribe of Aborigines in Mexico. Get the Almanac of our Agent, and you will read with delight, the very interesting account it contains of the "Grant Mexicus?" of the Aztecs.

Observe.—The Meutain Herb Pills are put up in a Beautiful Wrapper. Each box contains 40 pills, and Retail at 25 cents per box. All genuine, have the signature of B. L. JUDSON & CO. on each box.

### THE TRIBUNE FOR 1861. THE BEST FAMILY NEWSPAPER.

PROSPECTUS
THE XXth Volume of THE WEEKLY
TRIBUNE commenced on the 1st of September. Up
to the Presidental Rection, now but a few weeks distant,
which is to result, we trust, in a Republican triumph
through the choice of LINCOLN and HAMLIN, we shall
give our utmost energies, and all possible space to secure
that result. Other topics must wait, or be reduced to the
narrowest dimensions, until the eventful 6th of Novembor. After that time, but more especially after the 1st
of next January, we shall be able to forego poli ical discussion almost entirely for months if not for years, and
dovote nearly all our columns to subjects of less intense,
but more abiding interest. Among these, we mean to
pay especial attention to
I. EDUCATION.—The whole subject of Education, both
Popular and General, will be discussed in our columns
throughout the year 1861, and we hope to enlist in that
discussion some of the profoundest thinkers and the
ablest instructors in our country. It is at once our hope
and our resolve that the cause of Education shall receive
an impetus from the exertions of THE TRIBUNE in its
behalf during the year 1861.

discussion some of the profoundest thinkers and the ablest instructors in our country. It is at once our hope and our resolve that the cause of Education shall receive an impetus from the exertions of THE TRIBUNE in its behalf during the year 1861.

II. AGRIQULTURE.—We have been compelled to restrict our clucidations of this great interest throughout 1860, and shall endeavor to atone therefor in 1861.—Whatever discovery, deduction, demonstration, is calculated to render the reward of labor devoted to cultivation more ample or more certain, shall receive prompt and full attention.

III. MANUFACTURES, &c.—We hail every invention or enterprise whereby American Capital and Labor are attracted to and advantageously employed in any department of Manufacturing or Mechanical Industry as a real contribution to the Public Weal, insuring ampler, steadier, more convenient, more renumerating markets to the Farmer, with fuller onlyoment and better wages to the Labore. The Progress of Mining, Iron-making, Shoo making, Cloth-weaving, &c., &c., in our conniry and the world shall be watched and reported by us with an earnest and active sympathy.

IV. FOREIGN AFFAIRS.—We employ the best correspondents in London, Paris, Turin, Berlin, and other European capitals to transmit us early and accurate advices of the great changes there silently but certainly preparing. In spite of the pressure of Domestic Politics, our News from the Old World is now varied and ample is but we shall have to render it more perfect during the eventful year just before us.

V. HOME NEWS.—We empley regular paid certes of intelligent friends. We aim to privat the cheapest general newspaper, with the fullest and most authentic summary of useful intelligence, that is anywhere; ifforded.—Hoping to "make each day a critic on the last," and privat a better and better paper from year to year, as our means are steadily enlarged through the generous coperation of our many well wishers, we solicit and shall labor to desorve a continuance of public favor.
