"RED, WHITE AND BLUE." - A young and chivalric contemporary says that the red cheeks, white teeth and blue eyes of a lovely American girl is as good a flag as a young soldier in the battle of life need fight for."

"LECTURES TO MARRIED MEN," is the title of a sprightly book just published. The author made a mistake in supposing that there was any lack of such lectures. They are very abundant, but generally delivered behind curtains.

OUR LADY READERS who are about making visit the handsome store of the Messrs. Cathmost recherche styles in market.

RAILBOAD CONNECTION.—The connection between the Shamokin Valley and Pottsville and the Mine Hill railroads having been completed, forming a direct line from Sunbury to Philadelphia by way of the Reading road, a large excursion party will pass through from Philadelphis to Sunbury on the 18th inst.

LECTURE BY BAYARD TAYLOR .- It affords us pleasure to announce that this distinguished citizen of the old Keystone State, will shortly favor the people of Harrisburg with a lecture on "Life in the Arctic Regions." His reputation as a public lecturer will not fail to ensure him a cordial welcome and a full house.

PHBENOLOGY.—The Christian Intelligencer has discovered that Phrenologic study leads to theologic error. It remarks :--

"It is a curious circumstance, that the editor of the Churchman, the representative of fossil mediaval ecclesiasticism, and the Rev. H. W. Beecher, the most latitudinarian of Congrega-tionalist preachers, are both avowed and hearty believers in Phrenology, a pseudo-science which has long since been utterly exploded. Philosophy, or what passes for such, sometimes, like misery, makes strange bedfellows."

A FORCIBLE ILLUSTRATION.—A friend relates a pretty good hit which a Teutonic citizen inadvertantly made the other day, in giving his reasons for voting the Republican ticket:

"I tinks I leaves the Dimmicrats long time ago, but every year dey pulls de wool ober mine eyes, and so I goes mit dem agin; but dis time dey pulls it so tam far dat I sees right ober de top ! Dat ish vy I votes de Republicaner ticket."

There is a good deal of condensed truth in that observation.

WALKING MUMMIES .- A distinguished "sensation" clergyman says of those men who have no care or thought for others, but are contented with looking after their own ease and enjoyment, that they ought to be put in a coffin, for their life's work is ended. When God wanted sponges and oysters, He made them, and put one on the rock and the other in the mud.-When He made man, He did not make him to be a sponge or an oyster; He made him with feet and hands, and head and heart, and vital blood, and a place to use them, and said to him, "Go to work!" But if a man has come to that point where he is content, he ought to is a sham! If a man has come to that state in which he says "I do not want to know any a mummy! Of all hideous things mummies are the most hideous; and of mummies, those are the most hideous that are running about the streets and talking.

WIDE-AWAKE ENTERTAINMENT.—On Saturday evening the gallant first Lieutenant of the Wide-Awakes, Mr. ALEXANDER KOSER, handsomely entertained the members of the club, and other Republican citizens, at his residence in Second street below Mulberry. Not less than two hundred and fifty persons were present on the occasion and partook of Lieut. Kosza's hospitality. The rooms were brilliantly illuminat. ed, elegantly decorated with evergreen, and gracefully festooned with American flags. in the folds of which were recognizable the likenesses of the Republican Presidential nominees. The tables were supplied with all the delicacies and luxuries of the season, and fairly grouned beneath the weight of good things so profusely and temptingly spread upon them. All the guests partook bountifully of the feast, and still there was enough and to spare. One commendable feature of the entertainment was the absence of liquor, excellent coffee being substituted. As crowd succeeded crowd at the attractive and richly-laden festive board, enthustastic cheers were given for Lieut. Kosen and bonors of the occasion in such a way as to make all feel "at home," and win increased respect for their kindly feeling and generous hospitality. Among the many large and gorgeously frosted cakes which ornamented the main table, was one containing the inscription. "THREE CHERRS FOR ANDY CURTIN." When the dissecting knife was inserted in this cake, the cheers and "tigers" that accompanied the act made the welkin ring. The festivities were kept up until a late hour, the excellent music of the State Capital Band and Wide Awake glee club adding greatly to the interest of the occasion. The party separated with three enthusiastic cheers for Lieut. Kosan, three more for his wife and daughters, and three for LINCOLN and HAM-LIN, the whole clinched with a tremendous "tiger" of the real Bengal stripe. The occasion was one of unusual interest, did credit to the liberality of the worthy host, and afforded a high degree of satisfaction and enjoyment to all participants. Lieut. Kosar is a whole-souled gentleman, a model Republican and a universal favorite among the Wide Awakes. "May he live a thousand years, and his shadow never grow less."

Norice Ters.—All the late daily and weekly papers, Magazines, cheap publications and new books, are for sale at Bergner's Cheap Book store. No. 51 Market street.

"Old Jake" will not fail to attract a large crowd of colored people, as ticketholders are to be admitted to the cotillion party without additional charge.

THE VOTE IN LANCASTER COUNTY, at the late election, was truly a remarkable one. While the city went for Foster in every ward, the whole county, except two districts, gave majorities for Cartin. Of the forty-nine districts, forty-seven gave Curtin majorities: His net majority in Lancaster county is five thousand nine hundred and eight! This noble county has done wonderfully well for the good cause this time. The good old Whig strength seems to have been thoroughly recovered.

WE CONGRATULATE THEM .- Three Republicancandidates for the Legislature—old time friends, in whose success we felt a deep interest, have been elected. They are FRANK BOUND, the teresting book on the subject. A lady in a oung and gallant champion of Republicanism in Northumberland county, elected to the State Senate; and WM. H. ARMSTRONG, Esq., of Lycoming, and Col. HENRY CLAY BRESSLER. of Clinton, elected to the House of Representaives. The people of no section of the State will be more ably or faithfully represented than the respective constituencies of the above named gentlemen. All of them possess abilities of a high order, enjoy reputations for honesty and integrity above suspicion, and we confidently predict that they will do credit to themselves and honor to their districts in the Legis- scriptures alluded to, obtained the following lative halls. We congratulate the party upon his amiable wife and daughters, who did the the election of young, talented and reliable and confidence.

11 Scene in a RATLEGAD CAR .- On Wednesday last the subject of conversation in a crowded passenger car going west, was on the result of the election the day previous. The Republicans, of whom there was a majority on the car, were of course quite jubilant. A couple of passengers sat by quite chop-fallen and sad, not to say angry. At last one of them called the conductor, and said to him: "Sir, we are gentlemen from New Orleans; this talk, which We are obliged to listen to, is very offensive to us, and we demand that you should have it stopped at once [" The conductor answered that our folks in this State, and in general all about here, say just what they like, and it was no part of his business to try and stop it. "I am a Democrat and voted for Foster, and would have been pleased with his election, but I have neither the power nor the disposition to interfere with the congratulations of the friends of the successful candidate." The "two gentlemen from New Orleans" lapsed into a gloomy silence, chewed the cud of discontent, and doubtless swore vengeance on the first white man that dare venture into the free and enlightened regions where the sugar canes grow. This free way of speaking is so un-

pleasant to the "chivalry."

GONE UNDER. - The publication of the Daily Sentinel has been discontinued for want of patronage. The Democratic financiers having suspended payment, the Union News will also go under in a few days, if it has not already done so. Requiescat in pace!

THE WEATHER.-Jack Frost has laid his icy fingers on the tender vines, and they wither he has touched the green leaves, and they are rappidly putting on the tints of Autumn. Summer, with its luxuriant robe of green, is rapidreceding from view; and chilling winds admonish us of the rapid approach of the Winter-King, with his snowy robe and icy sceptre.

KILLED ON THE RAILBOAD. -On Friday night a man was killed at Braddock's Field, on the Pennsylvania Railroad. The body was recognized as that of John O'Neil, a coal miner. He rade on the occasion, and an invitation has been fell off a freight train, and his head was crushed extended to the club of this city to participate by the wheels, killing him instantly. The accident was the result of his own carelessness.

HIS CONDITION.—The physical condidion of Mr. Daniel Gardner, who recently attempted to commit suicide, is somewhat improved, and hopes are now entertained of his ultimate recovery. He is still laboring under great depression of spirits, and his mind seems to be affected to some extent. He has no desire to INVITATION.—The Wide-Awakes of this city live, and so expresses himself when talked to on the subject.

> HENRY WARD BEECHER'S latest "crotchet" is that the clergy ought to preach only once on a to preach a sermon is fit to preach more than he does he is not fit for much else. Sermons are like boy's pop guns; however many wads you put in, it's the last wad that drives the others out."

EXTENSIVE ROBBERY .- On Saturday night Chief Morgan arrested a German Jew pedlar named Isaac Kengherty, charged in Philadeldelphia with the robbery of eighty dollars in money and \$1,200 worth of jewelry. The fellow arrived here in the cars on Saturday evening, was captured at Barnhard's lager beer sa loon, and committed to prison to await the arrival of an officer from Philadelphia. Among the articles of jewelry stolen was a diamond word worth \$100. He will be taken back to Phlladelphia to-night.

KEEPING APPLES.-It is well known, says the Working Furmer, that apples keep longer after having parted with a portion of the water they contain. When first taken from the tree, if laid in a heap eighteen inches in depth, and covered man who holds an official position to which he with a light cloth, or a little straw, they will soon sweat; when this operation has succeeded fairly, the cover or straw should be taken off, tinued at the hospital without interruption. nd if nacked in harrels and rebuked. > we have met with is the following, related by Mr. George B. Prescott, who has written an inneighboring city, desirous of ascertaining when city, murdered. It is supposed that becoming suspicious he was killed by the kidnappers, her husband would return home, sent him a message making the inquiry; to which he responded that important business detained him, and that he could not leave for some days .--The lady immediately replied by sending him another laconic dispatch as follows:

"At Home, August 12, 1860. "To F. C. P.—Despatch received. Deuter-nomy xxiv, 5. KATE." onomy xxiv, 5.

The gentleman to whom the dispatch was addressed, upon referring to the passage in the suggestive epistle :--

"When a man hath taken a new wife Republicans so eminently worthy public respect shall not go out to war, neither shall he be charged with any business; but he shall be free at home one year, and shall cheer up his wife which he hath taken."

> MANAGEMENT OF A HOUSEHOLD. - Young ladies cut this out and pin it in your bonnets :- "No young woman ought to feel herself qualified to become a wife until she is sure she understands how to do the most that can be done with her husband's money. The management of a household is not a thing to be properly and safely entrusted to hireling hands. A servant is a broken reed for the head of a family to lean upon. There are a thousand little ways in which money must be expended, in which real shrewdness and enterprise are requisite in order to use it to the best advantage; and there are a thousand other ways of saving money known, only to those who have studied aright the art of economy. The Turkish proverb has it, tha 'a prudent woman is a mine of jewels," and, like many other Oriental sayings, this is beautiful for the truth it embodies. A wasteful housekeeper not only actually robs those for whom she undertakes to manage, of the comforts It is her duty to provide for them, but keeps her husband's head over ears in debt, and makes the domestic life of a poor man a continual series of experiments in shinning it from one day to the next; in keeping the stomach full, though the purse be empty 260658

An Arkansas Difficulty -- A Family Fued.-Three Men Killed.

VAN BUREN, ARK., October 13. After a regimental muster which was held here to-day, a difficulty occurred, during which three men, Rufus and Jackson, brothers, and Richard Covington, a son of the latter, were killed by two brothers named Silas and Ben Edwards. Several others were bedly cut and injured on both sides. An old fued existed be tween the parties, but the Edwardses, who have long been the terror of this part of the State, were the aggressors.

While they were trying to make their escape, they were overtaken a short distance from town by the constable and his posse and lodged in the jail. A large crowd nearly succeeded in taking the prisoners from the constable and hanging them upon the street. They afterwards surrounded the jail for that purpose but were finally pacified. The people are very much excited, and it is feared that the prisoners will yet be lynched The affair was one of the most atrocious that ever occurred here.

MOTHERS, READ THIS.—The following is an extract from a letter written by the paster of a Baptist church to the "Journal and Messenger," Cincinnati, Ohio, and speaks volumes in favor of that world-renowned medicine—Mrs. Winslow's Soothing Syrup for Children Teething:

"We see an advertisement in your column of Mrs. Winslow's Soothing Syrup. Now we never said a word in favor of a patent medicine before in our life, but we feel compelled to say to our readers, that this is no humburg—we have tried it, and know it to be all it claims. It is, probably, one of the most successful medicines of the day, because it is one of the best. And those of your readers who have babies can't do better than to lay a supply. ----

THE HOUSEKEPPE'S FRIEND.—SPALDING'S PREPARED GIVE.—This admirable addition to our standard household economies will be held by all good housewives as a boon leng wished for, but hitherto unattained. Spalding's Prepared Glus is perfectly adapted for those timely repairs to household wares, furniture, crockery and for fancy work, that is almost daily demanded by the experience of every housekeeper. It is chemically held in solution, will withstand the action of elimate and the gluster of the presence of the superior of a single cents. On being applied, the chemicals readily evaporate and the glue becomes firm quickly, and adheres with the tenacity of the best cabinet maker's glue. For wood, leather, or other articles where glue is ever used, it is just the thing. We have tried it, and speak by the card. In the country it will be invaluable, and includy in the city will think of doing without it. ENORMOUS BUSINESS FOR ONE NEW YORK COULIER:

We are happy to inform our fell ow-citizens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will well repay any stranger or citizen to visit Uddiphe Wolfe's extensive Warehouse, Nos. 18. 10 and 22 Beaver street, and Nos. 17. 19 and 21, Harteifield street. His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand eases; the Brandy, Some ten thousand cases of Madeira, Sherry and Port Wise, Sootch. and Irlsh Whisky, Jamaica and St. Crolx Rum, some very old and equal to any in this country. He also had three large cellars, filled with Bradey, Wine, &c., in casks, under Custom House key, ready for bottling. Mr. Wolfe's sales of Schnapps last year amounted to one hundred and eighty thousand 1028m; and we hope in less than two years he may be equally successful with his Brrndies and Wines.

His business merits the patronnge of every lover of his species. Private families who wish pure Wines and Liquors for mydical use should send their orders direct to Mr. Wolfe, until every Apothecary in the land mare up their aimids to discard the poisonous stuff from their shelves, and replace it with Wolfe, for the accommodation of

Togons, We understand Mr. Wolfe, for the accommodation of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of opponents in the United States, who sell nothing but imitations, ruinous alike to health and human happiness.
