TRUE. -Two thin shoes make one cold; two colds one attack of bronchitis; two attacks of bronchitis one mahogany coffin.

ATTENTION, WIDE-AWAKES!-A special meeting of the club will be held at Exchange Hall this evening. A full attendance is earnestly desired. Turn out, one and all.

REWEDY FOR BRONCHITIS.—We see it stated that common salt-petre, dissolved in the mouth, is a remedy for bronchitis, and that a penny's worth is sufficient to relieve any one. The cure is a simple and cheap one.

A LOCOFOCO PAPER says, "there never has been a man over six feet in height elected President." Well, one will be next November: and by the time his first Administration expires, we have no doubt the people will declare they want him LONGER.

WILL IT PAY? -- Three engineers are now employed to run the new engine at the water house-Fackler, Davis and Scott. Rather extravagant, considering the present dilapidated condition of the city finances. If a new engineer is to be appointed, why not do it at once, and let him have the beneat of Mr. Scott's instruction?-The action of Council in this matter has caused much dissatisfaction in tax-paying circles.

ATTEND TO THE ASSESSMENTS.—Last week quite a number of Republicans lost their votes because they were not assessed. It is not too late for the Presidential election. But only this week and next remain. The assessments must be made TEN DAYS before the election, and Saturday the 27th is the last day .-We can, if we will, carry this city for Lincoln and Hamlin, and give them two thousand majority in the county. Let us resolve to do it.

A LARGE YIELD FROM A HALF ACRE.—The Rev. J. M. M'Ghee, of Rawlinsville, Lancaster county, raised from a half acre of ground this season the following crop: Thirty bushels of corn, sixteen bushels of potatoes, one hundred and fifty head of cabbage, twelve large pumpkins, a half bushel of beans, and a peck of peas. This is certainly a remarkable yield for a half acre; and if any of our agricultural friends know of anything to beat it we would be pleased to hear from them.

CHURCH DEDICATION.—The Methodist Episcopal Church of Hummelstown, which has just been remodeled, will be opened for divine service on Sunday October 21st. The Rev. Dr. Bishop of Harrisburg will preach in the morning at ten o'clock; Rev. Samuel A. Heilnor, the "Boy Preacher," at three q'clock; and Rev. Robert J. Carson of Harrisburg at seven o'clock in the evening. The public are invited to attend. John C. Gregg, Pastor.

A PRETTY GIRL BITTEN BY A RATTLESNAKE.—A in Mifflin county, was bitten by a rattlesnake to seven noes. while crossing a fence, a short time since. It was so concealed on the rail that the girl did not observe it until it had buried its fangs in her wrist, where it held until she shook it off. But which the principal character—a king we bethe little beauty, with great presence of mind, lieve—was made to offer a considerable reward and very painful, and hastened to a neighboring house, where various remedies were applied to destroy the poison, and restore the suffering girl. She was alone when the affair occurred.

DYSPEPSY AND ITS SUPPOSED REMEDIES .- Dr. Tucker, of the Medical Journal, has no faith in bran bread, rye bread, etc., as remedies in dyspepsy. They are commonly supposed to exert a good feeling by keeping the bowels open by their mechanical effect of irritation; but it is an absurd idea to give indigestible bran to a stomach already weakened, and whose complaint is that it cannot digest. Bran and other mechanical irritants, though they may relieve the constipation, are not remedial, and only afford a present relief of one symptom, purchased at the risk of aggravating the real difficulty. Dr. Tucker believes that cold and stale wheat-bread is the most digestible, and, therefore, the best

MUTILATED BANK NOTES are becoming common in this section of the country. The process of mutilation is as follows: A person takes, say a dollar or a five dollar note, tears off the ends, and pastes a higher denomination there he then takes the letters showing the denomination of the bill, which he extracts. When this is done, he bountifully besmears the bill with dust, dirt, ink, &c., making it look like an old, well worn bill. The ends which are torn off, are, of course, not torn regularly, for this would seem suspicious, but are torn off in a manner calculated to impress the beholder with the idea that it was accidental. These bills are very dangerous, and are very readily taken by many of our merchants. They deceive easily, the engravings being all genuine. ---

RESISTING AND ASSAULTING A POLICE OFFICER. On Monday night officer Lewis attempted to arrest Alfred Packer, son and Private Secretary of the Governor, for drunkenness and disorderderly conduct on the street. The latter resisted, indecently abused and violently assaulted the officer, and finally made his escape. Yesterday Lewis entered complaint against Packer before Justice Beader for assault and battery, and a warrant was issued for his arrest. We learn It is only now and then that such characters that he has left the city; but the vigilant Chief will capture him immediately upon his return. We have been importuned not to notice this affair; but as an impartial local journalist we make no distinction between rowdles in ruffles and rowdiesiin rags; and if the Governor's Private Secretary will degrade himself and disgrace the position he occupies, by loafing about grog shops, drinking to intoxication, violating the public peace and assaulting police officers, he must abide the consequences.

KILLED. - A man, named John Galespie, was silled lately by falling down the gangway into coal mine at Trevorton.

A STATED MEETING of the Mount Vernon Hook and Ladder Company No. 1, will be held in their hall, this evening, at 71 o'clock.

GROUND Hogs. - We noticed one of these ugly varmints" in market this morning, which attracted considerable attention. They are said to be plenty in the gural districts.

CHESTNUTS.—There was a profusion of these nuts in market this morning, and they sold readily for ten and twelve cents per quart. Large quantities of them are bought up by the hucksters and shipped to distant cities, where they are disposed of at remunerative prices.

Hon. John Covode goes to New York, by invitation of the Republican General Committee of the State, to "stump" for the Republican nominees—and will devote himself principally, as heretofore, to an exposure of the corruptions of the expiring administration.

GOOD FOR WYOMING .- The Republicans of Wyoming have elected their whole county ticket except Commissioner and Auditor. Three years ago Governor Packer had two hundred and twenty-one majority. It is now conceded that Lincoln will carry the county by a handsome majority.

COMING.-Dan Rice's "great show" is on its winding way towards this city, and will exhibit here in the course of a few weeks. The juveniles and "children of a larger growth" should begin to hoard up their small change. Dan has introduced some new and novel features into his "show" since his last visit here.

THERE MEN KILLED .- A terrible accident oc curred at Black Lick Furnace, in Clarion county, a few days ago. The boiler exploded, instantly killing two men, and so badly injuring another that he died in the course of a few dealer in Market street, who has just stocked hours. Two other men were injured, but they will probably recover.

RAILROAD ACCIDENT .- ANOTHER VICTIM OF Waisky.-On Saturday night a man, whose name we did not learn, was run over by a train on the Pennsylvania Railroad near Irwin's station, and both his legs were cut off. He was lying on the track, and so excessively intoxicated that even when discovered he could not realize the extent of his misfortune. If the cripple for life-all caused by whisky.

THE PITTSBURG BOND CASES .- The City Council of Pittsburg have at last concluded that further resistance to the decrees of the Supreme Court of Pennsylvania was useless. Monday morning was fixed by the Supreme Court, at Pittsburg, for the hearing of the motions for the attachment in the mandamus cases against a part of Council, and next Monday was appointed for sentencing those members of the Council who were already in contempt. The Council, however, concluded it not altogether safe to trifle with the Court any longer, and accordingly both branches passed the ordinance on last Thursday night, levying a tax of four and a quarter mills on the dollar, to meet the interest due on their subscription to the Chartiers Valley Railroad. There was a large attendance and much interest was manifested. pretty girl named Maggie Roseborough, living | The vote in Common Council was sixteen ayes

> THE "HAPPY MAN."-We have a somewhat vague and indistinct recollection of once witness ing the performance of a serio-comic farce, in berance of spirits, under such circumstances, that " happy man" had a brother, we cannot tell; but this we do know—there is one other happy man" in the world beside himself, whether consanguineously connected or not: and if another reward of the same character had been offered, we should have deprived a certain individual who appeared before one of our city Aldermen the other day, of that very necessary article, his shirt—dirty though it was -and contended for the amount stipulated. The personnel of the "happy man" we saw beggars description, and we shall not essay a penportrait of him. His apparel was in a very dilapidated condition, and his face looked as if it had not came in contact with soap and water. for a "month of Sundays." When the Alderman asked him where his home was, or where he came from, he evaded the question by replying that he was a "traveling man," and that he was "mostly on the road or in the woods." "Do you prefer," again queried the Alderman, "to leave the city instanter, or to go to prison and subsist on dry bread, cold water and shin soup?" "It makes no difference to me," was his instantaneous reply, "I am used to all kinds of accommodations, and can be happy anywhere." "Well, then, said the Alderman, "as you have no choice yourself, I will select for you; you can rest for a season in the vagrant hospital in Walnut street." He scemed perfectly content with this selection, and unquestionably has "a heart for any fate."

LANGE BERTHARD

Knoche's Music Store, 92 Market street.

THE SHERIFF ELECT, Jacob D. Boas, Esq., we learn, contemplates entering upon his official secured the services of John C. Kunkel, Esq., Alderman Kline for the sum of \$5,200. as legal adviser.

JOHN W. SHERMAN is an infamous liar, and he will, at a convenient time, be told this to his face. — Louisville Journal.

When the Journal man, or any other blackguard, tells John Sherman, of Ohio, to his fare, that he is "an infamous liar," there will be a funeral, and the Prentice family will be the chief mourners.

THE ILLUMINATION .- A number of our Reoublican citizens have consented to illuminate their buildings next Saturday evening, on the occasion of the Wide-Awake triumphal parade. We hope all will do so; and also that those owning flags will fling them to the breeze .-Every Republican should take an interest in making the display as attractive as possible.

WIDE-AWAKES COMING .- The Wide-Awakes of Lewisberry, Warrington and New Cumberland, and the mounted Lincoln Rangers of Yocumtown, have accepted invitations to participate in the parade here next Saturday evening. The other clubs invited have not yet been heard from, but we anticipate a very large turn-out, and the most brilliant display of the campaign.

In our columns will be found all the election news received up to the hour of going to press. It speaks for itself.—Locofoco Paper.

This is the most touching article we have seen in a Democratic exchange for some time ; and it is as fit for the occasion as it is touching. It exhibits a grief which is "too deep for utterance." It covers up a despair which words were unable to express. It marks a woe which has no hope. "It speaks for itself!"

AN ITEM FOR THE LADIES.-We invite the attention of our lady readers to the advertisement of Mr. Jones, the extensive dry goods his handsome store with the largest and most elegant assortment of dress goods ever brought to this market, as varied in style and color as the leaves of Autumn, and of the best qualities manufactured in this country and imported from abroad. If you want patterns of the most recherche styles, Jones can supply you with them at satisfactory prices. .

BETTING ON ELECTIONS.—The following tart lines are exceedingly appropos at the present man recovers at all, he will be a miserable time, and wise men, may profit by the moral which they teach:

> "I'll bet you a fifty," said Jimmy McGuire,
> "That Sto hen A. Donglas will win ;"
> "I'll bet you another," said Sam, all on fire,
> "That Abe—our man—will go in." So they put up their money, as men often do, And afterwards laughed and made wit; And alterwards laughed and made wit;
> As it is not expected that one will look blue,
> Till he fluds out how much he is bit;
> Then he'll wish lie had kept from gambling like this,
> And laid up his fity for seed;
> For all such bad luck deserve; is a hiss,
> And the fool is the better to bleed.

RULES FOR PRUNING GRAPES. The last num ber of Hoven's Magazine gives substantially the following rules for grape pruning, after recomnending grape growers to be free in the use

he knife, followed by the remark that where ne vine is pruned too severely nine are not pruned enough. No shoots should be nearer than one foot of each other. Prune back to within one eye of the old wood, every fall and spring, about one half of the annual shoots—the remaining eyes producing canes to be retained for bearing next year-when the old bearing wood is in turn to be cut out to make room for new shoots. Disbud or rub off, to 125 cents; 25 pieces of white flannell cotton as soon as they appear, all shoots not wanted as bearing wood.

DEATH OF MISS CASEY.—We received to day, bandaged her arm, which was rapidly swelling, for a shirt worn by the "happy man," he have by telegraph from Lewisburg, the melancholy tlemen's all linen Pocket Handkerchiefs with ing been induced to attach much importance to intelligence of the death of Miss ALICE JANE its magical power in sweetening the "cup of life" | CASEY, the young, amiable and interesting of any one who might wear it. Only her sweet dust, ment by the exultant potentate. Whether embalmed in weeping, is left for earth, while her pure spirit Heaven has called home to its only fitting abiding place. Mourn not, bereaved parents; though earth for you darkened when her spirit left its mortal tenement to wing its homeward flight, Heaven has become more bright since she passed its golden portals! The remains of the deceased will be brought to this city to-night, for interment in the Cemetery on Friday next.

MR. EDITOR :- In your edition of last evening observed an article quoted from the Boston Congregationalist, to this effect: that to the writer's knowledge "all Congregational churchos," with a single exception, "in which its female members were allowed to vote, trouble had arisen, resulting in a council and a division." To this the Presbuterian Herald responds that To this the Presbyterian Herald responds that "they have perished from the earth, their cities are given in their life, are forgetten; their ruins and their medicine which we know anything, allow their female members to vote, and we never heard of any the most successful medicine in the world in curing distance of them. trouble arising therefrom to any one of them, it follows that the difficulty complained of by the Congregationalist lies in the Congregational form of Government, and not in the women." Let me add to your editorial remarks on the subject, that in the Baptist churches—a denomination outnumbering by far both Congregationalists and Presbyterians—the female members are not only allowed to vote, but to express their opinions freely upon all questions under discussion, if so disposed; and I have yet to learn the first instance of trouble arising therefrom. While it is certain, therefore, that the troubles complained of do not arise from the ladies. > THE NEW COURT HOUSE is progressing gradually, workmen now being engaged in the construction of the tower. The Commissioner have determined to retain the old bell, and surmount the steeple with the dilapidated sheetiron Indian which adorned the old Temple of Justice, and has weathered the storms of so many winters. It is now being repaired and regilded for that purpose. We think the Commissioners might have adopted something more appropriate for the new structure, and we hope they may be induced to reconsider their action.

THE APPLE TRADE.—There was a large supply of apples in market this morning, which sold for \$1 50 and \$1 75 per bushel, according to size and quality—prices that render them a luxury beyond the indulgence of people of limited means. Within a few days a boat load of this favorite fruit, brought here from the north, has been disposed of at \$1 25 per bushel. A gentleman from the West Branch region informs us that apples are very abundant there and sell for three shillings per-bushel. The people of other sections of the country are blessed with equally abundant supplies, while in this and adjoining counties the crop is almost a total failure.

SEWING MACHINES.—WHICH IS THE BEST ?—THE QUESTION ANSWERED.—There can be no doubt that Wheeler & Wilson's Sewing Machine is the very best the market affords. Everybody says so, and the fact that a large majority of people prefer it for family sewing, while Dress-Makers, Shirt-Makers, Corset-Makers, Gaiter-Fitters, Shoe-Binders, Vest-Makers, and Tailors. all use it, and insist that it has no equal for their purposes, clearly establishes the fact that it is unequalled for the variety of uses to which it is adapted. The WHERLER & WILSON Machines make the lock stitch, the only stitch that cannot be ravelled, and that presents the same appearance on both sides of the seam-a fact of itself sufficient to account for its having the highest premiums awarded it at all the State fairs held for the past few years. No other than the lock stitch has given such universal satisfaction, and our advice is, if you want a Sewing Machine that will do your own family sewing in a very superior manner, or if you wish to earn a livelihood by sewing for others, do not get any other than a WHEELER & WILSON Machine, and you will then feel certain that you have one that will give you the fullest satisfaction.—N. JUDSON'S MOUNTAIN HERB PILLS.—How strange and wonderful it often seems to us that a medicine com-posed of simple mountain herbs and roots, should so posed or simple mountain herbs and roots, should so certainly search out and cure disease. How surprising that the indians should know and preserve so long and well a secret that has escaped the search of the greatest physicians the world has ever seen. True, the ancient inhabitants of Mexico were a strange race, found by the Spaniards, living in large cities, and, allowing for their strange customs and religion, as well civilized as their conquerors. We do not intend to give an elaborate description of this merchant's extensive busicess, although it will well repay any stranger or citizen to visit Udolpho Wolfe's extensive Warehouse, Nos. 18. 20 and 22 Beaver Street, and Nos. 17. 19 and 21, Marketfield street His stock of Sobnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some ten thousand cases—Vintages of 1836 to 1866; and ten thousand cases of Madeira, Sherry and Port Wrae, Sootch and Irish Whisky, Jamaica and St. Croix Rum, some very old and equal to any in this country. He also had three large cellars, filled with Brandy, Wine, &c., in casks, under Custom House key, ready for bottling. Mr. Wolfe's sales of Schuapps last year amounted to one hundr d and eighty thousand dozen, and we hope in less than two years he may be equally successful with his Brrndles and Wines.
