GRAND TRIUMPHAL DEMONSTRATION IN THE CAPITAL CITY.

Wide-Awake Torch-Light Procession.

ILLUMINATION AND FIREWORKS.

Mounted Lincoln Rangers Coming-ON SATURDAY EVENING NEXT

The "KEYSTONE WIDE-AWAKE CLUB" of this city will celebrate the victory achieved on Tuesday the 9th inst., in the election of Col. ANDREW G. CURTIN, by a grand torch light parade, which will be participated in by the Pax ton LINCOLN RANGERS, and Wide-Awake

clubs from several of the adjoining towns. It is expected that the parade will be the LARGEST AND MOST ATTRACTIVE that has taken place here this season. Many of the Republicans of the city have made arrangements to ILLUMINATE their dwellings and places of Bush, of this city, charged with assaulting and business. We hope to see an immense crowd of jubilant Republicans assembled on the occasion to witness the novel and magnificent display, and participate in the triumphal demonstration. Come one, come all!

WIDE-AWAKES! with torches bright, Wide-Awakes! with shout and light,

THE best assortment of oval and square gilt frames to be found at W. KNOCHE'S, 92 Market

A FAVORED PEOPLE.-The good people of Newville, Cumberland county, are supplied with apples at fifty cents a bushel, and potatoes at three shillings a bushel. Several car loads could readily be disposed of here at double the above prices. .

SEND FOR PERRIN .- Will not the chivalric Perrin, who harangued the Democracy of this city on the night prior to the State election, come back and make just one more speech of the same kind before the November election? The Republicans will cheerfully pay expenses

VIOLATING AN ORDINANCE.—We have already noticed the fact of complaint being made against the Cumberland Valley Railroad Company for violating the ordinance which requires flag men to be stationed at Second and Third streets while trains are passing along Mulberry street. A hearing of the case will take place before the Mayor this evening.

A CAIM .- Our city is at present very quiet .-This is somewhat surprising, considering that Pennsylvania has gone Republican by an overwhelming majority, and that, consequently, the Union is in danger of being smashed. We learn there is a Bell man up town who offers to "save the Union" in November. His services should be secured before it is too late!

GRANVILLE STOKES.—The name of "STOKES." emporium in Philadelphia, is "familiar as a his elegant winter clothing, which he sells intrinsic worth with each article sold. We invite attention to his card in another column.

STILL THEY COME.—Another swarm of filthy foreign vagrants, recently vomited upon our shores, perambulated the streets to-day soliciting alms. We fed one of them, and the base ingrate then abused us for not giving him money also. Such fellows deserve kicks instead of coppers, and they should be denied even the poor privilege of lodging in the lock-up or prison. Soon they will come hither in swarms, as usual at this season, in search of winter quarters, and the poor-house will be filled to overflowing with permanent boarders at the public expense, while the prison will be crowded with nightly lodgers of the same class. More than twothirds of the vagrants and paupers who fill our alms-houses, are foreigners: and it costs the hard-working, tax-paying people of this country an immense sum, annually, for their maintenance, as the statistics of these institutions. here and everywhere, show.

DETERMINED TO COMMIT SUICIDE.—The Lancas ter Daily Express says that "on Tuesday last a co lored man named Moses Morris, aged about thirty, was discovered hanging by the neck from a locust tree in a lot near the Pennsylvavania Railroad Freight Depot. He was first seen by Henry Finefrock, who immediately rushed to the spot and cut him down. Other parties came to the ground, and after some exertions he was restored to consciousness. Had he remained in the situation in which he was first found but a few moments longer he would the day Morris made two other attempts to quehanna, we think it would not only be a destroy himself by the same means, but the timely discovery of his object prevented its accomplishment. The cause of the rash act is attributed to fits of insanity to which he is subjected whenever he indulges in a glass of liquor. It appears that several years since he was thrown from a vicious horse and had his skull fractured, since which time, whenever he indulges in liquor, he exhibits signs of insanity. About a year ago, he attempted suicide by hanging, but was cut down before he was very far gone. Four attemps at suicide, and three of them in a single day, is certainly a remarkable event in the life of a single individual .the 'man who is doomed to drown, will never and is determined to destroy himself, it is very than that offered by hemp."

ATTENTION! WIDE AWAKES!-A special meetrow evening. The new caps will probably be ties meet with unusual luck. ready for distribution. Turn out.

IN THE LOCK-UP. - James Nelson and James Fee, both strangers, were occupents of the Lock up last night. They were both "pulled" for being drunk and disorderly. Upon a hearing before the Mayor this morning they were both committed to prison.

WIDE-AWAKE BALL -The members of the Keystone Wide-Awake Club have determined to give a grand dress ball, the time for which has not yet been definitely fixed. The party, when it does come off, will be the largest and tion in this city to-morrow evening, in honor gayest ever witnessed here on any occasion.

A JOLLIFICATION MEETING comes off at Newtheir dwellings.

COMPLIMENTARY.—The Lebangn Courier, in noticing the late Wide-Awake parade at that place, Says of the Harrisburg club that they "are a fine body of young men, marched finely, and conducted themselves like gentlemen." Whereever our Wide-Awakes go they make a favorable impression, and receive complimentary notices from the Republican newspapers.

STILL AT LARGE.-The young, man, Henry beating a man in Lancaster, who is reported to have died from the effects of the injuries received, is still at large. The officers were in pursuit of him until a late hour last night, but finally gave up the chase, satisfied that he had fled the city. The police of the neighboring towns have been directed to keep a look-out for the fugitive, and he may yet be captured.

The Governor's Private Secretary, who recently assaulted a police officer while drunk, and a warrant for whose arrest was issued to Chief Morgan, is also a fugitive from justice. Of the missing Secretary's present whereabouts the officer is ignorant, but will capture him upon his return to the city.

A Suggestion.—The Republicans of this city having been requested to illuminate their houses to-morrow night, in honor of the great victory achieved at the late election, we take the liberty of suggesting to all those who have gas in their buildings that a safe, clean, and nexpensive mode of illumination may be found in throwing open the shutters of their front rooms and lighting up all the gas burners in the rooms. This is much cleaner and better than illumination by candles.

HOLD LOCAL MEETINGS .- These are among the most useful and effective agencies of a political campaign. No matter how circumscribed the district. If there could be a meeting in every school district, so much the better. But there should be one or two meetings held in every town and township. Now is the time to commence the work, and it is for the County Committee to begin it. At the first meeting in each township measures should be taken to secure a thorough canvass, in order to get out a full vote. This is the main work of the campaign.

ONLY FOURTEEN DAYS .- There remain only fourteen working days before the election.-Every one should be vigorously employed. They proprietor of the extensive and popular clothing are enough to complete the thorough organization of the county in, but they are too few for household word" to all newspaper readers. We any to be wasted in inaction. Whatever is to advise those of our citizens who may visit the be done, must be done promptly. The one street, which required the amputation of one city to call on Stokes and procure supplies of danger—the only one we have to dread—is over-confidence. Effort cannot fail to be folcheap, and bestows upon his customers a gift of lowed by success. Let all hands, then, be devoted to the labor of so organizing that every vote available for the Republican candidates shall be brought to the polls. We owe Freedom a victory—due in fourteen days.

> OUR CONGRESSIONAL DISTRICT.—The official figures show the following results in this Congressional district. Mr. Killinger's vote exceeds that of the Governor, and all other candidates, in each of the counties comprising the district. He leads his competitor, Col. Worrall, the Locofoco candidate, four thousand seven hundred and sixty-three votes :

	Curtin	Foster	Killinger	Worrs
Lebanon	3847	2284	8892	2214
Dauphin Union	4555	8302 1019	4572	3226
Snyder	1704	1134	1834 1718	976 1117
Mahanoy	211	74	235	65
	12,137	7,763	12,251	7,488

Our Gubernatorial candidate carried EVERY COUNTY IN THE DISTRICT, and Mahanoy township, leading Foster four thousand three hundred and seventy-four votes! This may justly be claimed as the kanner Congressional district of the State.

THE SOUTH STREET SEWER. - If our worty Council will permit us, we have a suggestion to make relative to the building of this sewer, which in all probability will be let at the next meeting of that body. No doubt every one is a ware that owing to the increase of our population north of the recervoir and water-house, some method must be devised to drain that section of the city. It would not be proper to have the sewers empty into the river above North street; and since it has been proposed undoubtedly have been a dead man. During to run ir on pipes out to the centre of the Susmore feasible but a more economical plan, to make the proposed South street sewer very large, and lay it as deep as possible, so that a sewer could intersect it from west Harrisburg down Third street, on through the projected Second street sewer. We surely think that the fall would be sufficient, and that it would cost much less than any other plan that can be devised. We throw out the hint as eminently worthy the consideration of Council; and now, before the work in South street has been commenced, much future expense might be avoided. It is true, that State street would be the better street in which to We may vary the proverb here, and say that build such a sewer, but there is one in that avenue which is both too small and too near be hung.' If Morris will drink bad whisky, the surface to carry, the immense amount of drainage from that large and populous section. apparent that he must adopt some other mode It would be better, however, to look at such matters in the most advantageous light.

GAMB PLENTY. - There seems to be an abuning of the club will be held this evening, to dance of pheasants and other game on the JANE CASEY, which took place this afternoon. complete arrangements for the parade to-mor- mountains. Sportsmen of all sizes and capaci- was largely attended by friends of the family

> EPISCOPAL SERVICES were held in Lykenstown on Wednesday evening, Rev. Mr. Leacock, of Harrisburg, officiating. The Journal says: 'The attendance on these services is very good, and the prospects for the formation of an Episcopal congregation here are encouraging."

GOVERNOR CURTIN is in Philadelphia, confined to his room by a severe attack of neuralgia. Consequently he will not be able to meet with and receive the congratulations of the people, on the occasion of the triumphal demonstraof his election.

ELECTED TO THE LEGISLATURE .-- Our former ville to-night, in honor of the election of Col. townsman, Mr. Samuel M. Lawrence, brother CURTIN. The Wide-Awakes of that village, to- of the late Speaker of the House of Representgether with those of Shippensburg and West atives, is one of the successful candidates for Pennsborough, will have a torch-light parade, and | Assembly in the "wild cat" district. Mr. Lawhe will make an honest, useful and popular legislator, cannot be doubted by those who know him. We congratulate our Republican young friend upon his success in that hitherto benighted Locofoco district.

> CHRISTY'S MINSTRELS will give one of their entertainments at Brant's Hall on Tuesday evening. There are several bands traveling around the country, palming themselves off as "Christy's Miustrels," but the troup who will be here on Tuesday evening is the only genuine one, as the following certificate attests:

> "Many doubts having been expressed as to the originality of the troupe called "George Christy's Minstrels," we hereby certify that we are perfectly convinced that the veritable "George Christy" is and has been the recognised manager of the company bearing his name, and we commend him to the patronage of alllovers of good music and genuine fun, as one of the best representatives of Negro Minstrelsy and Southern eccentricities now on the G. Our or Prison. - In a recent issue we noticed the elopement of a young girl of this city, with a married man from Lancaster named M'Lean. The parties were pursued, overtaken and captured at the Junction Honse, and while waiting at Duncannon for the Harrisburg train, M'Lean shirts and Drawers, at 65 and 75 cents. Best played "sharp" on officer Fleck and escaped. Such carelessness on the part of a police officer is highly censurable. The girl was brought back to the city, and, at the request of her relatives, committed to prison for thirty days as a vagrant. After remaining there a few days she professed to be very penitent, and promised to conduct herself with more propriety for the future, when she was released last evening and taken home. Her associations in the past have been ruinous to the morals of a girl of her age, and it is to be hoped the lesson taught her recently will benefit her for, all time to come. The fellow M'Lean, who induced the girl to elope with him, represented himself as a single man. Whether they were married or not, remains to be developed. It is not likely that M'Lean will return to this city, or to his family in Lancaster.

HIS CONDITION. The lad Oliver Eby, a pupil in the South Ward school, who met with an accident on the railroad yesterday, in Mulberry of his feet, is doing as well as can be expected under the circumstances. He was under the influence of chloroform during the surgical operation, which was quickly and skillfully performed, the lad seeming to be entirely unconscious, and exhibiting no symptoms of suffering. This morning he was still partially affected by the chloroform, and apparently free from acute pain. The lad's mother, always fearful of accidents, in consequence of the frequent passage of railroad trains along Mulbery street, daily cautioned him to keep off the cars; but her counsel was not heeded, and the loss of a foot is the result of his disobedience. We hope all boys who attend the Mulberry street school will take warning by the sad fate of their little companion, Oliver Eby, whose violation of parental commands has made him a cripple for life. The location is a dangerous one for a school house, and what could have induced its selection for that purpose, we have always been at a loss to conjecture.

AMUSING SCENE IN THE PRISON.—A tail, slab sided individual, apparently well supplied with the "spondulix," was arrested yesterday afternoon for being drunk and disorderly on the streets. He was taken to the lock-up, and this morning had a hearing before the Mayor. The inevitable one dollar fine and costs were imposed on the delinquent, but he refused to 'sock," and in default thereof he was committed to prison. After being in that institution about an hour, he became hungry, and called for something to eat. The Deputy-Keeper soon made his appearance with a slice of fine white bread and a mug of ice cold water, and placing this Grahamitic repast before the delinquent, directed him to be less noisy in his subsequent calls. The stranger looked at the bread and water, and then at the keeper: "Look-a-heah, stranger, is that the kind of 'feed' they furnish boarders with in this establishment?"-"The kind we furnish all offenders of your class," replied the Keeper, turning on his heel to attend to some other duties. "Well, looka-heah," continued the prisoner; "I'm from Lancaster county-I am; and just about hunerv enough to eat a full-sized supper. If you'll tell the Mayor I'll sock that dollar fine and costs, it will be an all-fired big favor." The Keeper promised to do so; and at noon to-day the money was planked down and the stranger was released from durance, no doubt highly offended with the idea of a dry-bread "feed" washed down with ice cold water. It is needless to add that the stranger took the first train for home.

LARGE FUNERAL.—The funeral of MISS ALICE and by the late companions of the deceased, with whom she was a universal favorite and held in high esteem.

MESSES. EDITORS :- In your daily issue of last evening you ask "why it is that our clergy do not take some interest in the poor at the Alms House?" I have been informed, from a reliable quarter, that a proposition to have occasional religious exercises in that institution was made some time ago to the Directors of the Poor, by several prominent members of our clergy, provided they (the Directors) would furnish the means of conveyance to and from the Alms house. The proposition was made at a session of the Board, and formally rejected, for economical reasons. VINDEX.

THE PHILADELPHIA EXCURSIONISTS, comprising party of over two hundred gentlemen, who visited Sunbury, yesterday, by way of the Reading, Shamokin Valley and Mine Hill Rail the Republican citizens intend illuminating rence is quite a young man-probably the roads, arrived here at noon to-day over the youngest member of the new House-and that Northern Central road, and dined at the Jones House, where they were entertained in handsome style by Col. Coverly. The excursionists were highly pleased with the appearance of our city. They left at two o'clock en route for Philadelphia, by way of the Lebanon Valley Railroad. We have seldom met a finer looking or more intelligent party of gentlemen.

How surprising that the Indians should know and preserve so long and well a secret that has escaped the search of the greatest physicians the world has ever seen. True, the ancient inhabitants of Mexico were a strange race, found by the Spanlards, living in large cities, and, allowing for their strange oustoms and religion, as well civilized as their conquerors. In the words of a writer of some celebrity, "They have perished from the earth, their cities are grantic piles of ruins, their Kings and Princes so mighty in their life, are forgotten; their ruins and their medicine alone are left." The united testimony of all intelligent persons is, that JUDSON'S MOUNTAIN HERB PILLE are the most successful medicine in the world in curing disease.

That the word "Restorative" in this case, is no misnomer, we have the testimony of individuals whose elevated position in the country as well as their acknowledged and honorable character as gentle-men, render whatever they publicly ussert in the rast de-gree reliable. Several of these have tested, personally, the hair preparation we are now speaking of, and cer-tify to its amazing efficacy in the most public manner possible. Their certificates can be seen at the proprie-tor's Depot, 312 Broadway, New York, and once seen and properly appreciated, we have no hestation in saying they will impress conviction on the most skeptical mind. MOTHERS, READ THIS.—The following is an extract from a letter written by the pastor of a Baptist-church to the "Journal and Messenger," (incinnati, Obio, and speaks volumes in favor of that world-renowned medicine—Mrs. Winslow's Soothing Syrup for Children Teething:

"We see an 'advertisement in your column of Mrs. Winslow's Soothing Syrup Now we never said a word in favor of a patent medicine before in our life, but we feel compelled to say to our readers, that this is no humbug—we have tried it, and know it to be all it claims. It is, probably, one of the most successful medicines of the day, because it is one of the best. And those of your readers who have babies can't do better than to lay a supply.

How to Preserve Beauty.—Nothing is more becoming to a man or woman than a luxuriant head of hair, and a woman's beauty is certainly incomplete with out a fair complexion, and she or he who neglects these great and important adornments of nature must expect to suffer the mortification of premature beldness, and a wrinkled face and a sallow skin. We call the attention of our readers to an article advertised in another column, called Broop Roop It is an entirely new discovery, and must not be confounded with any of the numerous patent medicines of the day. It is food for the blood, already propared for absorption; pleasant to the taste and natural in action, and what one gains ne rotains. Let all those, then, who are suffering from poverty, impurity or deficiency of blood, and consequently with some chronic disease or aliment, take of this Broop Roop and be restored to health. We notice that our Druggists have received a supply of this article, and also of the world-renowned Dr. Earon's lix. Pannille Combiat, which every mother should have. It is said to contain no paregoric or opiate of any kind whatever, and of course must be invaluable for all infantile complaints. It is also said that it will allay all pain, and soften the gums in process of teetbing and at the same time regulate the bowels. Let all mothers and n urses, who have endured anxious days and sleepless mights, procure a supply and be at once relieved.

I beg leave to call the attention of the citizens of the United States to the above Wines and Liquors, imported by Udolpho Wolfe, of New York, whose name is familiar in every part of this country for the purity of his celebrated Schindam Schnaffe. Mr. Wolfe, in his letter to me, speaking of the purity of his Wines and Liquors, says: "I will stake my reputation as a man, my standing as a merchant of thirty years' residence in the City of New York, that all the Brandy and Wines which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser." Every bottle has the proprietor's name on the wax, and a fac simile of his signature on the certificate. The public are respectfully invited to call and examine for themselves.—For sale at Retail by all Apothecaries and Grocers in Philadelphia.

Read the following from the New York Courier: RNORMOUS BUSINESS FOR ONE NEW YORK MERCHAN.—We are happy to inform our fell ow-citizens that mere is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will well repay any stranger or citizen to visit Udolpho Wolfe's extensive Warehouse, Nos. 18. 20 and 22 Beaver street, and Nos. 17. 19 and 21, Marketfield street. His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some ten thousand cases of Madeira, Sherry and Port Wine, Scotch and Irish Whisky, Jamaica and St. Croix Rum, some very old and equal to any in this country. He also than two years he may be equally successful with his nundred and eighty tho han two years he may be equally successful

Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr. Wolfe, until every Apothocary in the land make up their minds to discard the poisonous stuff from their shelves, and replace it with Wolfe's pure Wines and

We understand Mr. Wolfe, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of opponents in the United States, who sell nothing but imitations, ruinous alike to health and human happiness.
