HARRISBURG:

THE best assortment of oval and square gilt

ELDERSHIP MEETING.—The East Pennsylvania Eldership of the "Church of God" will meet at Bainbridge, Lancaster county, on Thursday the 8th of November.

STATE CAPITAL GUARD is the name adopted by the new Wide-Awake company. The equipments will consist of red caps, blue capes and globe torches. A constitution has been adopted, and officers will be elected at a meeting to be held for that purpose, in Exchange Hall, next Saturday evening.

SALE OF VALUABLE CITY PROPERTY .- The "Union Hotel" property on Market street, now occupied by Mr. Benjamin Buck, will be sold at public sale, on the premises, to-morrow evening at seven o'clock. Capitalists who wish to make a profitable investment should attend this sale We invite attention to the advertisement in another column.

EXTRA ASSESSMENTS.—Let our friends see that all the Republicans who are otherwise eligible to vote at the Presidential election, but who have not been assessed, have their names placed on the Assessor's list before to-morrow night. Let not a vote be wanting to swell Mr. Lincoln's majority up to two thousand in this county.

MEETING THIS EVENING .- A Republican meeting comes off to-night at the Fifth Ward House. Hon. Thomas E. Cochran, Col. A. J. Herr, and other gentlemen, are announced to speak on the occasion. The Republicans of the other wards are invited to attend and take part in the meeting.

ARREST OF A DEFAULTER. -On Saturday last Samuel M. Kepner, formerly Treasurer of Schuylcounty, was arrested in New York charged with embezzling funds belonging to the State, and for which that county is held responsible. Kepner was brought to Pottsville by the Sheriff, and held to bail in the sum of \$25,000 to appear at Court and answer the charge.

MILITARY .-- An effort will shortly be made to re-organize and swell the ranks of the Cameron Guard, a number of the young men connected with the Wide-Awake club having expressed a desire to enrol themselves as members. We have no doubt the effort will be successful, and that in a few weeks we shall have in the Capital City one of the largest and finest looking military organizations in the State.

FEMALE VAGRANT.—A white woman named Mary Hatton, who has been "lying around loose" and pursuing a disreputable mode of life for some time past, was picked up yesterday by officer Fleck and taken before Alderman Peffer, who committed her to prison for thirty days as a vagrant. It is to be hoped that a brief turn in the reformatory institution, under the excellent discipline of Professor Wilson, may benefit Mary, and that she will come out a wiser and better women.

NEW DEPOT AT PHILADELPHIA.-The Pennsylvania Railroad Company contemplate the erection of a new passenger depot at the terminus of their road in West Philadelphia. It will be built on the vacant lot on the north side of the track near the Schuylkill, and will be five hundred feet long, and no doubt one of the handsomest and most commodious depots in the country. When it is completed the passengers will be carried into the city on the passenger city railway, which will be more pleasant and expeditious than under the present arrangement of running the heavy cars down to Eleventh and Market.

PREVALENCE OF DIPTHERIA.—We notice by our exchanges that this dangerous throat disease continues to make fearful ravages among children in various sections of this State .-Within the last three months many homes have been desolated. It proves fatal in the majority of cases, despite the special attention of the best physicians. The malady begins with a cold and soreness in the throat, and progresses with the formation of a membrane in the windpipe, which chokes the little sufferer to death. In view of the present prevalence of this unmanageable and exceedingly perilous disease. parents should be especially careful to guard their children from exposure and colds.

A procession of red-topped Wide-Awakes, re minding one very much of a company of "supes' IN A THEATRICAL SPECTACLE, perambulated the streets, giving an occasional and very sickly huzza. The illumination was a most contempt IBLE FIZZLE—but three places being illuminated in Third street, and but one or two in Market in Third street, and but one or two in Market from Third to the railroad. In the way of doing it up strong, THE NEGROES FAR EXCELLED THE WHITES. A LARGE NUMBER OF NEGRO HOUSES WERE NOST BRILLIANTLY ILLUMINATED! The whole celebration was a tame and spiritless affair, and but for the liberality displayed by the NEGROES, there would have been nothing to let the nearly on the outhave been nothing to let the people on the out-skirts know anything unusual was going on.

Mr. EDITOR :- The above false and slanderous paragraph, relative to the late Wide-Awake parade, appeared in this morning's Patriot and Union. It bears upon its face the unmistakable evidence of having been written by the same low blackguard who, for weeks past, has employed his pen in ridiculing, abusing and slardering respectable citizens of our city. The above, in connection with other equally ridiculous and obscene items, (designed to insult Republicans,) which have lately disgraced the local columns of the Patriot and Union, and rendered the paper a stench in the nostrils of community, come with very bad grace from a fellow who, while staggering about the streets in a state of beastly intoxication, on a recent Sun day, gave a public practical illustration of his sympathy for the "black" race, by embracing wence," near the corner of Third and Walnut streets, to the intense disgust of those who witnessed the exhibition, among whom were

JUVENILE THIEF. - A colored girl, apparently about sixten years of age, was arrested yesterday by officer Fleck, charged with having stolen frames to be found at W. Knoche's, 92 Market a twenty-five cent piece from a woman of her own color. Alderman Peffer committed her to prison for trial.

> In Prison Again. - An old female offender for keeping a disreputable house, and sentenced tire stranger here, "by friends and fortune quite to two or three months imprisonment, was recently pulled again on a similar charge, and is for an order for his admission into the poor now in the Walnut street institution awaiting house, to which institution he was conveyed. trial. She kept a den somewhere in the classic We did not learn the poor man's name, where by men and women of the baser sort.

FALSE PRETENCE.—Two gentlemen from the West arrived here to-day in pursuit of a man who purchased a large lot of cattle from them under false pretence. He subsequently sold the cattle, and pocketed the money, with the inneighborhood yesterday, and this morning officers started in pursuit of him. They have not returned at the time we pen this item.

SPECIAL POLICE. -- We learn that petitions are now in circulation for signatures, and will be presented to Council at the next meeting, asking that body to appoint three special police men from each of the fire companies, clothed with full authority to take charge of house hold property in times of conflagration, protect it from thieves, and prevent its damage by reckless handling. The idea is a good one, and we trust it will receive the favorable consideration of our city authorities.

CONCERT BY A HARBISBURG CHOIR .-- A grand vocal and instrumental concert will be given by the Methodist Choir of this city, in Middletown on the evening of the first of November, for the benefit of the Methodist Episcopal church of that place. The choir numbers forty-six members, and all have consented to be present. The entertainment will be under the supervision few equals, and perhaps no superiors, in that

Patitioning for a Murderer's Pardon.—It that numerous petitions are in circulation asking Governor Packer to pardon the murderer. Robert Thompson, who was recently convicted of the homicide of John Capie. On the other hand it is said that remonstrances have been sent to the Governor protesting against the pardon of any one convicted of murder, and Fifth. Several outrages of this kind have been demanding that the laws be enforced against such criminals. One of the most independent journals of that city joins the remonstrants in this matter, and says :—

"It is with the greatest difficulty that a murderer is convicted capitally in our courts; ment. In every instance where these libels and the moment that such is the case, efforts are made wherever money can be commanded, ble acts, we will give them a "puff" in the to obtain his pardon, freeing him from all pun-ishment, and setting him at full liberty again. Had Capie, whom Thompson murdered, been hanged for the murder he committed, as he justly deserved to be, but was pardoned after being kept in prison a few years, and at once burg met at the public house of Mr. Roberts, re-commenced a career of crime—this man on Ridge Road Avenue, last evening. The Thompson would not now, perhaps, be lying in jail under a similar sentence. The only way to cause this, the highest crime, to be diminished, is to execute the law upon every one clearly guilty of it—otherwise abolish the law entirely, substitute imprisonment for life, and transfer the pardoning power jointly to the Governor and the Senate, to be granted only long streamer spanned the Avenue, bearing the preparation that it is a pity any house should be without it.

In this case, the pardoning power would be well-guarded and not likely to be often abused. As it is the murderes, pronounced guilty of the blood of a fellow-man after a patient trial, and by a jury of his countrymen, without the devel-opment of any new facts to mitigate the enormity of his crime and the justice of the punish-ment adjudged, is demanded to be set at complete liberty again, among a law-abiding and Christian community. And too often is the application successful."

"DIPTHERIA AND ITS CURE."-Our attention has been called, by a medical gentleman, to an article under the above caption, in yesterday's Patriot and Union, which he says may do damage, if acted upon without some qualification In common ulcerative sore throat, the prescription recommended would answer a very good purpose; but in true diptheria it would be of no use whatever; and it would also be in the way of remedies that are more efficient and reliable. There is, says our medical friend, a vast difference between ulcerative or inflammatory sore throat and true diptheria. The first is a local disease, and when not complicated will, in the great majority of cases, get well without any medical treatment. The latter is a constitutional disease, attended with a peculiar local affection of the throat, with which many different portions of his body. He had no redie under the most skillful management. At a late hour last night a boy named John Miley was arrested for drunkenness and disorderly conduct, and taken before the same Alderman, who committed him to prison for five days.

Whenever this fellow gets drunkwhich occurs very often-he is a public nuisance. He was sent to prison for six days; but this morning we noticed him "bobbing round," as usual. What authority has the Prison Keeper to discharge a man before the expiration of the term for which he was regularly and legally committed? We merely ask for information

THANKSGIVING DAY .- We publish in another column the proclamation of Governor Packer appointing Thursday, the 29th of November next, to be observed as a day of Thanksgiving and Prayer to Almighty God for the rich blessings showered upon us during the past year .of Mr. Wm. REMARKABLE ACCIDENT .- The Juniata Sentinel states that one day recently James McNellis, an employee of the Pennsylvania Railroad, left the Patterson station and visited a ridge near that place for the purpose of gathering chestnuts. He did not return in time to take his train, and some little uneasiness was felt at his absence. Late in the afternoon he arrived at the residence of Jesse Reynolds, about a mile from Patterson, pale and haggard, with his head and shoulders cut and bleeding profusely, together with a number of severe bruises on collection whatever of the events which had siderable suffering. At Tarsus, in Cilicia, Alexander the Great, while pursuing his career of conquest, bathed in the chilly waters of the Cydnus, which proved fatal to him. By constant care and attention, together with the extraordinary skill, his physician Philip, succeeded in saving his life. The case would not have been at all serious had Dr. Ham's Famous Aromatic Invigorating Spirit been discovered in that day. One wine-glass full, taken after he came out of the Cydnus, would have immediately removed all the bad effects of his imprudence.

He also had three large cellars, filled with Brandy, Wine, &c., in casks, under Custom-House key, ready for bottling. Mr. Wolfe's sales of schnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successful with his Brindies and Wines.

His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr. Wolfe, until every. Apothecary in the land make up their minds to discard the poisonous stuff from their shelves, and replace it with Wolfe's pure Wines and Liquoss.

We understand Mr. Wolfe, for the accommodation of small dealers in the country, puts up assorted asses of Wines and Liquors.
