STATE CAPITAL GUARD.—The members of this new Wide-Awake company will meet at Exchange Hall this evening, for permanent organization and election of officers.

BARKLEY THOMPSON, convicted in the United States Court at Williamsport, for purloining the mail keys belonging to the Mill Creek post office, was sentenced to five years in the penitentiary of western Pennsylvania. THE KEYSTONE WIDE-AWARE CLUB will meet

at Exchange Hall on Monday evening, for the transaction of business All the members are arrangements must be made accordingly. A LINCOLN POLE BAISING comes off at Frank-

lin, York county, this afternoon, to be followed by a mass meeting and torch-light parade tonight. The boys in old York seem to be "wideawake" just now, and we expect that county to "do better" at the next election. FOOL HARDY .-- Yesterday at Reading, a man

He rolled over several and ability as a speaker, always command. He times, then picked himself and hat up, and hobbled off apparently uninjured. Another Pardon .- One Lawrence Hechinger, convicted at Reading last August for keeping a

gambling house, and sentenced to six months imprisonment, has been pardoned by the Governor. A petition for his pardon was signed by a number of citizens of Reading, and also by most of the members of the bar. A REPUBLICAN MASS MEETING will be held at

Lewisberry, York county, about eight miles from our city, this evening. A delegation of the Keystone Wide-Awakes left this afternoon. to participate in the torch-light parade. The York, Mechanicsburg, Warrington and Yocumtown clubs are also expected to be in attendance, and a lively demonstration is anticipated.

OLD CUMBERLAND AHEAD.—We stated vesterday that a pumpkin had been raised in Middle town weighing eighty pounds and measuring five feet three inches in circumference. We have since learned that Mr. Jacob Renninger. of Wormleysburg, grew a pumpkin in his garden this season that weighs one hundred and FIFTY SEVEN POUNDS, and measures six feet five inches in circumference! Old Cumberland is ahead in the pumpkin line ar far as heard from.

THE SUNDAY SCHOOL TRACHERS' ASSOCIATION will hold their monthly meeting at quarterpast three o'clock to-morrow afternoon, in the German Reformed church. The following re solution will be presented for discussion:

Resolved, That we regard the common want of preparation by the scholars, of their Sunday School lessons, as highly detrimental to succes in teaching, and one which parents and teach ers should diligently seek to remove.

SALE OF CITY PROPERTY .- The Union Hotel property on Market street, below Third, was disposed of at public sale last evening to Messrs. Wm. Brightinger and Samuel Zollinger, for the sum of \$16,300. The first named gentleman the people of Dauphin. Our Wide-Awakes frame building adjoining on Market street, and one fronting on the alley, at \$6,300. The property is fully worth, to the purchasers, the sum they paid for it.

A RICH TREAT .- The citizens of Harrisburg, as will be seen by an advertisement in another column, are to be entertained this evening at Brant's Hall by "Tom Talks of Talkertown." in song and chit-chat, or sketches of eccentric character. These entertainments are inimitable, surpassing in imitation of eccentric character, genuine wit, and intellectual fun, any thing of the kind ever witnessed in our city. They are given in character, and by a gentleman formerly a temporary resident of our city, well known here to hosts of warm and admiring friends. Go see and hear him, all ye who would "laugh and grow fat!" Of course we will give him a bumper!

GRAND DIVISION SONS OF TEMPERANCE.-The annual session of this large and increasing body was held in Philadelphia this week. There were about three hundred and fifty delegates present from divers parts of the State. The several meetings were largely attended, and much important business transacted. The following officers were elected to serve till the fourth Wednesday of October, 1861 :- Grand Worthy Patriarch, Dr. James Eryan; Grand Worthy Associate, Rev. Wm. B. Wood; Grand Scribe, William Nicholson, Esq.; Grand Chaplain, John Schaffer; Grand Conductor, John C. Maguigan; Grand Sentinel, Saml. P. Pine.

MEETING AT DILLSBURG.—There was a spirited and enthusiastic Republican meeting and torchlight parade at Dillsburg, York county, last night. The Wide-Awakes from several of the neighboring towns were in attendance, and the people turned out in large numbers from the surrounding country, to see the sights, a Wide-Awake parade being somewhat of a novelty in that region. The village was gaily

In the evening the Keystone Wide-Awakes of this city, accompa-Paxton Rangers, and a large number of our Republican citizens, visited Dauphin, in a special train chartered for that purpose by our whole-souled Republican friend Wm. J. Robinson, Esq., of that village. On arriving at Dauphin. the Wide Awakes were greeted with an enthusiastic and heart-warm welcome by the vast crowd of people attracted thither from the rural districts to witness the display and participate in the meeting. On their march through the main streets of the village the Wide-Awakes were heartily cheered, and literally covered with a shower of wreaths and boquets, prepared expressly for that purpose by the fair daughters desired to be in attendance. The procession finally halted in the square fronting the hotel of of Mr. Cockley, when the meeting was called to order, and John Adams Fisher, Esq., intro duced to the audience, who made a brief, able got on the through train for Harrisburg, after and logical speech on the main issues involved in the coming Presidential contest. Mr. FISHER was listened to with that marked attention which his position as a man, and his eloquence

> In response to the calls of the people, Hon, THOMAS E. COCHRAN, our Republican Auditor General, came forward, and delivered a lengthy and argumentative address, interspersed with pleasant illustrations, which elicited from the well-entertained crowd a constant succession of enthusiastic cheers and shouts of laughter .-Mr. Cochran was in his happiest mood, and made a telling speech, the effect of which will be felt by the double-headed Democracy on the sixth of next month. He was followed by Mr. Peren Meyer, in the German language, and Col. John Wallower, both of whom made excellent speeches and were enthusiastically applauded. The zeal with which the last named gentleman goes into the Presidential campaign, after his terrible slaughter at the October election, shows a degree of disinterested patriotism worthy of the highest commendation.

retired amidst a whirlwind of applause.

During the progress of the meeting a number of our citizens visited the private residence of WM. J. Robinson, Esq., by invitation, and partook of a bounteous collation, prepared by his worthy lady for the occasion. In behalf of the participants we return thanks to Mr. Robinson for his exceedingly kind and courteous treatment, and generous hospitality. He is a liberalhearted gentleman and an honor to the Republican party. A "free lunch" was also provided at the hotel, at the same gentleman's expense, for the entertainment of the Wide-Awakes in

At half-past nine o'clock the meeting ad journed, when the Wide-Awakes formed in procession, and after giving a round of enthusiastic cheers and several "tigers" for Mr. Robinson, and the ladies who so liberally supplied them with wreaths and boquets, marched to the railroad and took the cars homeward bound. The o'clock, delighted with the trip, and highly pleased with their reception and treatment by takes the brick hotel and frame building in the | made a strong turn-out, presented an unusually rear, at \$10,000; and Mr. Zollinger takes the fine appearance, marched well, and conducted house; but, notwithstanding, there are some themselves in a highly creditable manner.

THE DANGER OF GAS .- While gas, for illuminating purposes, is universally conceded to be a great "institution," it must not be forgotten that harm and death, as well as light and profit, sometimes result from its use or misuse. A certain proportion of gas mingled with common air forms an explosive mixture which, when ignited, produces an explosion, with sometimes dreadful consequences. Such an accident occurred recently in England; and though so far away, the warning should not be unheeded by any who use this serviceable and obedient, but powerful agent. "There had been an escape of gas in the house," says the sand, and the floor of the room is thus the account. "and when a candle was lighted kept clean; the sand, indeed, ought to be kept in the evening, an explosion took place. The door and the whole of the windows of the house were blown out, and three persons, who happened to be in the room at the time, were severely injured." MORAL :- If you find the gas escaping in your house, have the pipes examined and repaired immediately. Never leave a jet of gas burning in your chamber when asleep, unless it is turned down to a very small point. Some accident might happen at the gas works, cutting off the pressure for a moment, (which has happened several times here,) and putting out your lights; and, the difficulty having been removed, the jet would flow out again to suffocate you, or produce an explosive mixture to blow you up when you struck match. Be careful. Gas is tame, tractable, obsequious, but don't let it get the start of you Camphene has slain its hundreds where gas has north. A large bay window with a southern maimed its ones; still it is too strong and facile an agent to be trifled with.

A PROFUSION OF APPLES. - Nothwithstanding the failure of the apple crop in this region, our citizens are not likely to suffer for want of the luscious fruit, ample supplies of which are daily coming from abroad. There is a boat now ly-

THE DIFFERENCE.—The Patriot and Union characterised the late Wide-Awake parade in nied by the "Juniors," a delegation of the this city as a "miserable abortion." The organ of the Douglas wing of the party, the State Sentinel says the parade was "not a failure," and that the Wide-Awakes make a very respectable show in point of numbers. Our citizens who witnessed the demonstration know which tells the truth.

> STILL AT LARGE.—The Chief's pursuit of Seaton, the swindler, resulted unsuccessfully, as we predicted it would. The fellow is entirely too the warehouse of the Company. Others have "sharp" for our Harrisburg police officers, as was demonstrated by the fact of his remaining Lewisburg, &c. These bells have a very pure, in this city a whole day without being spotted. No doubt he is now en route for California, or victims from Indiana, who pursued him thus

Something Wrong.—Are we to have no township meetings in this county prior to the Presidential election? In other counties the Republicans are "wide-awake" and active in their efforts to stir up the people for a grand rally at the polls, while here a dead calm has suddenly taken place in politics. What's wrong? Where is the Chairman of the County Committee? We stand pledged for "fifteen hundred majority" for Lincoln and Hamlin, and in order to redeem it we must have acrion! ACTION! ACTION! from now until the election Let not old Dauphin be dishonored by the indifference and inefficiency of those who have been entrusted, by the Republicans, with the management of the campaign.

SATURDAY NIGHT.—Again may the honest toil-tired laborer repeat, "thank God, 'tis Saturday night." The closing week's labor done, the scanty reward received, he hies him home to his humble hearth-side. Margery and the little ones joyfully and with smile-clad countenances, receive him, and the humble fare on the little table is partaken of, with a relish that in the West; but maintained that there, is only the soul-satisfying thought of "what I see everywhere a want of freedom on the part of is my own" can give. "Six times six are thirty-six, Margery—thirty-six shillings for six Scribes and Pharisees. He would thank any-days of hard work is but a poor reward; but body who could see how there can be a free we will not murmur; many there are not as pulpit, to tell him of the way. fortunate; take the money, and with God's blessing 'twill do for another week." Happy and contented with his little family, fault he finds not, but calmly and thankfully receives the things of this world as they come. But'tis Saturday night again :—

"The week is past. Its latest ray
Is vanished with the closing day;
And 'tis as far beyond our grasp,
Its now departing hour to clasp,
As to recall the moment bright
When first creation sprung to light.

The week is past! If it has brought Some beams of sweet and soothing thought If it has left some memory dear Of heavenly raptures tasted here,

BEAUTIFY YOUR HOMES .- ROOM PLANTS .- Du ring the cold days of winter, when fields and gardens are stript of their foliage and coloring. it is pleasant to witness the care and the taste which some ladies bestow on their dwellings. The last number of the Horticulturist contains excursionists arrived here a little after ten an interesting article on this topic, from which we select a few extracts for our lady readers :

> "We should be glad to do or say something to increase the number of those who grow room plants. It is true that plants cannot be as well grown in rooms as in a well constructed greenhouse; but, notwithstanding, there are some kinds that may be grown and flowered in a manner quite satisfactory, and with results highly gratifying. Certain conditions are necessary for the best success, and these it is our object to point out. The greatest obstacle to success is the dryness of the air; this may in a measure be overcome by a table suitably constructed, and the selection of plants best adapted to a dry atmosphere. The table should be the length of the window, and two or three feet wide, the boards being tongued and grooved. Around the edge nail a strip three inches wide, making the corners fit tight. The table is then to be filled with two inches of clean grown in rooms as in a well constructed greenis then to be filled with two inches of clean white sand. With a table of this kind, the foliage of the plants can be frequently syringed or sprinkled with water, which keeps them clean and promotes their health; the drippings and surplus water are caught and absorbed by constantly wet, and even watered for this purpose, if necessary. The evaporation from the sand will diffuse itself among the plants and through the room, and thus overcome, in no small degree, one of the chief obstacles to the successful culture of plants in rooms. The ta-ble should be fitted with rollers, to facilitate the operation of watering and cleaning the plants, and also for the purpose of moving it back from the window during very cold nights. The flower-stands in common use are altogether unfit for a room; injuring the carpet, and giving the room an untidy appearance. The besides having positive advantages for the suc-cessful growth of plants which no ordinary

flower-stand can possess.

"All rooms do not possess equal advantage: for growing plants. A room with large, high windows, looking to the South, is the best the next best is one with a southeast or southwest exposure; next, east; next, west; and the least desirable of all, one looking to any point exposure possesses many advantages for growing plants, quite equal in many cases, and superior in some, to those structures absurdly called "plant cabinets," unless the latter be intended for the preservation of dried specimens, the only purpose for which most of them are fit. A basement window with a southern exposure will sometimes answer tolerably well, out a room in the upper part of the house is al

NEW BELL FOR THE COURT HOUSE .- We are pleased to learn that our County Commissioners have contracted for a large bell for the new Court House, and that it may be expected here in a few days. The order was given to Mr. Henry Gilbert, hardware merchant, a few days since, for one of the celebrated cast steel bells. The natent for manufacturing these bells is owned by the great steel manufacturers, Naylor and Co., who are selling large numbers of them to all parts of the world. We noticed lately that one of immense size has been made for the city of San Francisco, to be used as a fire alarm bell. Mr. Gilbert has sold several cast steel bells in this section of the State. MOTHERS, READ THIS.—The following is an extract from a letter written by the pastor of a Baptist church to the "Journal and Miessenger," Cincinnuti, Obio, and speaks volumes in favor of that world-renowned medicine—Mrs. Winslow's Soothing Syrup for Children Teething:

"We see an advertisement in your column of Mrs. Winslow's Soothing Syrup. Now we never said a word in favor of a patent medicine before in our life, but we feel compelled to say to our readers, that this is no humbug—we have tried it, and know it to be all it claims. It is, probably, one of the most successful medicines of the day, because it so noe of the best. And those of your readers who have babies can't do better than to lay a supply.

Sold by all medicine dealers.

WE call the attention of our readers to an article advertised in another column, called Blood Food It is an entirely new discovery, and must not be confounded with any of the numerous patent medicines of the day. It is food for the blood, already prepared for absorption; pleasant to the taste and natural in action, and what one gains he rotains. Let all those, then, who are suffering from poverty, impurity or deficiency of blood, and consequently with some chronic disease or ailment, take of this Blood Food and be restored to health. We notice that our Druggists have received a supply of this article, and also of the world-renowned Dr. Earon's In. PANTIE CORDIAL, which every mother should have. It is said to contain no paregoric or opiate of any kind whatever, and of course must be invaluable for all iofan tille complaints. It is also said that it will allay all pain, and soften the gums in process of teething, and at the same time regulate the howels. Let all mothers and nurses, who have endured anxious days and sleepless n'ghts, procure a supply and be at once relieved.
