Printers Beware of Swindlers.

R. B. Locke & Co., of New York, and Dr. F. Humphreys, of the same city, have induced us to publish their advertisements for the past six months under a solemn promise to pay us semi-annually for the same; but having called upon them by letter and through the Bank, and both having refused to accept drafts drawn on them for the amounts due us, we hereby warn our editorial brethren not to trust them. If they desire their pay they had better get it in advance. We have taken the advertisements from our paper and shall not insert the same again unless we receive payment in advance.

THE LAST CARD OF THE GAME. STERS.

Perversion and Falsehood Summoned to Sustain Disorganization and Disunion.

The efforts of the leaders of the Demo cratic party seem to be directed entirely towards insulting the good sense and intelligence of the masses of the North .-Convinced that they cannot succeed before the people of the country, and impressed with the shame of their utter desertion of principle, the leaders of the Breckinridge faction are now devoting the money which they forced from the poor employees of the government, in publishing the vilest falsehoods against the men and the measures of the Republican party. These publications are neither confined to locali ties or to individuals. They flood the North and the South with the same vile and vituperative trash, and evince their zeal as much in misquoting honest men as they do in proclaiming dishonest men as the patriots who are to sever the bonds of this Union should Abraham Lincoln be elected President of the United States by the free and untrammelled suffrages of the American people.

The last card which has been played by these political gamesters and tricksters, is in the shape of a pamphlet with the title of "The Great Issue to be Decided in November Next! Shall the Constitution Stand or Fall? Shall Sectionalism Triumph?" This pamphlet was circulated of last evening through Harrisburg, in the hope that it would influence some incredulous voter against Abraham Lincoln, but we have more faith in the intelligence of the people than to believe that a single man will be misled by such a base, mean, unholy and damnable tissue be read, so as accurately to ascertain the of falsehoods, perversions and misrepresentations. The pamphlet is one of the posing the Republican party in Pennsyl. last and the meanest inventions of the vania, and show, also, the full strength of Democratic party to impose on honest the electors on the Republican ticket.men. It is a low and cowardly attempt The custom of reading the first or second to defraud the freemen of the North, in and third names on a ticket, and the pasorder to subserve the slave power of the sing and counting it as for a certain party, South. It is an invention to prostrate is not only an act of great negligence, but the free labor of the North, in order to flagrantly wrong and highly censurable. pander to the sloth and desperation of the We urge it on the election officers, there-South, against which we warn every fore, to read and count each name on every honest man in Harrisburg to beware. It ticket deposited in the boxes of their vais a fraud which should not only be centrious election districts. By such a count,

the Facific.

With such principles to animate us, what Republican will fail to do his duty? Surely not one who has at heart the welfare and glory of the old Keystone State, or who regards the prosperity of every section of this Union as essential to the permanency of the Union. Let our friends ponder these principles well, and they will understand the feelings which should prompt them in this crisis. Pennsylvania for Lincoln by a large majority insures protection for Pennsylvania beyond all question.

It is very important that in counting the electoral vote, the entire tickets should strength of the different factions now op-

Fraudulent Naturalization Papers.

The fraudulent naturalization papers, issued by the Locofocos in 1856, may be readily distinguished from the genuine, by observing that on the seal of the FRAUDULENT are the words :--

SEAL. PROTHONOTARY'S OFFICE, PHILADELPHIA COUNTY.

On the genuine, you will always find he name of the Court issuing them, viz: "DISTRICT COURT OF THE CITY OF PHILADA."

COURT OF COMMON PLEAS OF THE CITY AND COUN-TY OF PHILADELPHIA.

Whenever a man attempts to vote on one of the fraudulent papers, he should be promptly arrested, and handed over to the District Attorney.

LINCOLN IN MARYLAND.—Ex-Governor Francis Thomas, whom the Democracy have often honored, takes bold ground against the Southern fanatics. So far from the election of Lincoln giving the South causes for dissolution, Gov. Thomas, though a slaveholder, argues to the con trary. In a speech at Hagerstown, a few days since, he said:

We have nothing to fear from the election of Mr. Lincoln. All formerly stood upon his platform. None ever doubted the right of Congress to legislate for the Territories. He cared not what a man's a man's abstract opinions were; we had many free soilers in the Presidential chair.— Jefferson was a rank free-soiler. Madison and Mon-roe were both free soilers. He knew Mr. Fillmore well; and a better President we never had. Mr. well; and a better Fresident we never had. Mr. Fillmore would have responded, Yes, to every question put to Mr. Lincoln: Mr. Clay was an out and out free sciler. "So help me God," said Mr. Clay, "so help me God," I will never vote for the admission of slavery into any Territory where it does not now exist."

THE CESNUS OF THE NORTHWEST .-The census returns are now so nearly completed that we can approximate closely to the population of the Northwest. It will stand about as follows:

900.000 700,000 8,030,000

We have over eight millions of people in the seven Northwestern States, a number equal to the white population of the fifteen Slave States. More than one quarter of the population of the United States is now in the Northwest. Its population is nearly equal to New York, Pennsylvania and New England combined.

THE Douglas men of Ohio are maintaining their consistent adherence to what they consider right, by openly proclaiming themselves for Lincoln and Hamlin. In Greene county, in that State, the prominent men of the Douglas division are not only active, but zealous for the triumph of the Republican ticket. I. Houser, Esq., a very prominent Douglas man, and a candidate of the Greene county Democracy for County Clerk, recently made a tion in the expenditures of the General speech, a report of which appears in the Xenia Torchlight, from which we extrac

In conclusion, Mr. H. said : By the current of recent events, it has been demonstrated be-yond a doubt that Mr. Douglas cannot be elect-8. The speedy construction, by aid of nothing but the possible election of this miserthe General Government, of a railroad to Administration into the hands of a set of contemptible Southern disunionists. And I hold that, as good citizens, we should vote in such a manner as to keep the election out of the House.
I have often said that if Douglas could not be elected, and I had ten thousand votes, I would cast them all for Abe Lincoln, and I intend to rote for Lincoln if I live till the day of the election. (Great applause.)

Hundreds of honest Douglas men in Pennsylvania will quietly follow the example and advice here made and given. They are unwilling to go down in a "sinking ship" freighted as it is with fraud and corruption.

LOVERS OF LIBERTY! Advocates of Free Soil, Free Labor, Free Men; and Homesteads for the Homeless! See to it that every Republican votes in your knowledge is brought to the polls on the sixth of November. Lincoln, Hamlin and victory is the word.

Judson's Mountain Herr Pilis, -How strange JUDSON'S MOUNTAIN HERB PILLS.—How strange and wonderful it often seems to us that's medicine composed of simple mountain herbs and roots, should so certainly search out and cure disease. How surprising that the Indians should know and preserve so long and well a secret that has escaped the search of the greatest playsicians the world has ever sear. True, the ancient inhabitants of Mexico, were sixtange race, found by the Spanlards, firting in large oftics, and allowing for their strange customs and religion, as well civilized as their conquerors. In the words of a writer of some celebrity "They have persisted from the facility, their diffestate the gantic piles of ruins, their Kings and Frinces so mighty in their diffe, are forgotten; their fullies and their medicine alone are left:" The united destinony of all medificant persons is, that JUDSON'S MOUNTAIN HERB FILLS are the most successful medicine in (the world in curling disease.
