WIDE AWAKES! ATTENTION!

THE LAST GRAND RALLY!

TORCH-LIGHT PARADE ON MONDAY NIGHT!

The members of the KEYSTONE WIDE-AWAKE CLUB will meet at Exchange Hall at half-past six o'clock on MONDAY EVENING, fully equipped for parade.

The members of the STATE CAPITAL GUARD, the PAXTON LINCOLN RANGERS and the JUNIOR WIDE AWAKES are invited to participate in the parade. It is desired that all the companies named make a full turn-out.

FOR BRIDGEPORT.—The Wide-Awakes intend visiting Bridgeport this evening, to participate in a Republican mass meeting. The company will leave Exchange Hall at six o'clock.

CHESTNUTS were plenty in market this morning, and sold readily for a shilling per quart. Our country friends inform us that there is an unusually large crop of these favorite nuts.

A WIDE-AWAKE PARADE comes off in Middletown to-night—the last that will take place prior to the election. The boys have made preparations for a large turn-out and grand display on the occasion.

POISONED CANDY.—The other day a little boy in Easton eat candy that had been colored with poisonous stuff, and became so sick in consequence that his life was endangered. Let the juvenile candy-eaters of our city take warning.

A BRIEF SERMON.—The following sermon is brief and to the point, comprising in five lines a great deal of truth:—

Our progress through life is in vain, unless we progress in the way of God. Our great end here is to know no where. But drag well here, we shall do well there; I could not tell more by preaching a year.

PERSIMONS have made their appearance in market, and sell for four cents a quart. One country lad disposed of at least half a bushel this morning. When fully ripe, they are not hard to take "smothered in cream." They are sometimes served up in this way on the tables of our principal hotels, and make a dainty dish fit to set before the most fastidious epicure.

PICK YOUR FRIENDS.—Those who are in the habit of hunting squirrels, should pick their flints and get their traps in order, as the game little animals are said to abound in the country roundabout. Some of our "country cousins" are said to have had splendid luck, bagging as many as twenty, thirty and forty in a day. Of course we wouldn't wish anybody to leave five or six fine fat ones at his office. Oh no!

MILITARY.—A large number of the Wide-Awake clubs throughout the country are forming themselves into military companies. We hear some talk of forming one in this city, and there is public spirit enough among the young men to effect it. In Chicago the Wide-Awakes intend to form themselves into a regiment of Zouaves, consisting of eight companies; Col. Ellsworth, the Captain of the original company of Zouaves, to be commander of the whole.

ALMOST A FIGHT.—We are sorry—in fact we are very sorry—to learn that two gentlemen who occupy large places in the Democratic ranks, came very near having a fight last evening. The danger of a serious mix-up at one time was imminent; but the Quaker-like disposition of the biggest of the two taught him to submit with humility to that which one less peaceably-minded would have resented—and thus no blood was spilled. We repeat, we are sorry to hear of such things, and would advise our Democratic friends, in this their day of tribulation, in pugilistic phrase, to "take their gruel kindly." Don't get excited, gentlemen!

LAY YOUR PAVEMENTS.—We are frequently importuned by correspondents, and others, in regard to the laying of pavements along vacant and other lots. This neglect is becoming so intolerable that we call upon the City Council to pass an ordinance requiring the laying of pavements along all our graded streets. If owners of property will not do it, let Council do the work for them, and charge twenty or twenty-five per cent. additional for the delay and trouble. Some of our thoroughfares are impassible in bad weather, owing to this fact; and the people demand it as a right that every one should be COMPELLED TO PAVE. It is an evil which, we trust, will be remedied wherever practicable, before the winter sets in, so that the whose business requires them to go out they be not incommoded or annoyed by a stubborn resistance.

THAT "BLACK REPUBLICAN FRAUD."—The German Conrad Miller, recently prosecuted for illegal voting in the first ward, was found to be a fraud, and was re-elected. He is a reliable and informed man, and has always been a Democrat, and usually votes the greater portion of that ticket. At the last Spring election he supported the Democratic candidate who is now his prosecutor. If, as the Union says, it was known when that Mr. Miller had no legal right to vote, why did not Wickert proceed against him at once? We venture to assert that had Miller supported Foster instead of Curtin, nothing would have been said about the illegality of his vote, by the Democratic constable. So long as adopted citizens vote the Democratic ticket, it matters little to the leaders of that party whether they have a legal right to do so or not. It is only when they support Republican nominees, that illegal voting is denounced by our Locofoco friends as a wrong and outrage, and a howl set up by these "ballot-box stuffers" about the purity of the elective franchise.

CITIZEN, ATTENTION!—A stated meeting of the Citizen Fire Engine and Hose Company will be held at their hall, on Monday evening next.—Punctual attendance is requested.

Mrs. PARTINGTON says she has noticed that whether flour was dear or cheap, she had invariably to pay the same money for half a dollar's worth. Poor old lady!

THE JUNIOR WIDE-AWAKES will meet in the Court room this evening, to make arrangements for participating in the torch-light parade on Monday night.

DOUBLE OR QUITS.—"I'll flog you for an hour you little villain." "Father," instantly replied the incorrigible young scamp, as he balanced a penny on his finger, "I will toss you to make it two hours or nothing!"

THE LOST BOY FOUND.—The son of Mr. David Buchanan, of Newport, who was enticed from his home several weeks since, by a straggling yankee, was found in Clearfield county, a few days ago, by his father. The Yankee had been giving some theatrical performances in that county, assisted by the boy, and finally picked a man's pocket, when he fled for parts unknown, leaving the boy behind. Mr. Buchanan having ascertained the direction they had taken, started in pursuit, finally found his son as above, and brought him home, perhaps a wiser and better boy.

THE FIRE-EATERS don't appreciate the efforts which their Northern friends are making.—The Charleston Mercury asks:—

"Are the moneyed men of Gotham given to pacific, that they should bleed themselves so freely, and in so hopeless a task, as diverting, by gold and gabble, the people of a great free State from the vindication of their political convictions? Are the people of New York so timid and so profligate in political sentiment, that an attempt so uncomplimentary to their integrity and intelligence should be bravely attempted? In fact, we are astonished at the audacity, not to speak of the immorality, of the attempt. The city is not the State, and the people of the interior of New York are too many, if not too honest, to be bought, nor can they be frightened by southern thunder."

KIDNAPING.—An atrocious act of kidnaping was committed in Cumberland Valley, about six miles south of Bedford, recently.—

Two little girls, about six years old, children of George Love, a respectable colored man, were playing almost within sight of the house, when a man rushed out of the woods, snatched up one of the children and ran away with it. The other child hastened home and gave the alarm, but there were, unfortunately, no men about the house at the time, and the kidnaper thus got a fair start with his victim. It is evident that the villain, whoever he is, was well acquainted with the premises, and the habits of its occupants. It is believed that the child was carried to Maryland and sold into slavery.

SPIRITUALIST DOCTORS.—There is a class of men and women now practicing in Philadelphia and New York as physicians and clairvoyants, pretending that they can control spirits, who prescribe the treatment to be given to disease. In some cases these people obtain large fees, and very often draw money from persons who can ill afford it. They, by the secret application of cantharides, cause letters to appear on the arms and other parts of the bodies of patients, and declare that such inscriptions are caused by spirits who thus demonstrate their presence. In some cases, by a trick very much like three-card monte, they affect to read what is written upon the unopened billets of paper. There may be much truth and philosophy mixed up in the system of these traders of spiritualism, but neither the truth or the philosophy are so patent as their impudent assumptions.

ONE MORE FIRM.—Republicans of old Dauphin! Friends of Lincoln and Hamlin, of Freedom and Protection! Let us now address ourselves to the discharge of the remaining duty in this campaign. Let us poll our utmost strength on Tuesday next for Lincoln and Hamlin. Let the American people pronounce their decision in the sublime exercise of their sovereign prerogative. Let the world know that the puny threats of traitors—the combined force of warring factions—the corrupt fusions of unprincipled politicians—the profuse expenditures of money, by various devices abstracted from the public treasury—cannot avail to pervert the decisions of the ballot-box, or to turn aside the invincible expression of the popular will. One more charge along the whole line, and the victory of the people is gloriously won!

"Once more our glorious banner, on Upon the breeze we throw. Beneath its folds, with song and shout, Let's charge upon the foe."

THE ROBERT FLOORS in the South Ward High School having been brought before the Directors of that district, at a meeting held recently, after a careful examination of all the particulars of the affair, the Board unanimously passed the following:

"Resolved, That this Board, from the examination they have made in reference to the complaint of an alleged excessive punishment inflicted by R. T. Worley, teacher of the South Ward High School, upon Wm. Zuber, are of opinion that the punishment inflicted was not shown to be a cause for dismissal."

As we have heretofore raised our voice against the infliction of corporal punishment in our public schools, we must tell the Boards of Directors everywhere that this inhuman system should be abolished. As long, however, as it is the rule of the school, and the Directors make those rules, they are responsible, and not the executor of them. If suit be instituted at any time it should be against them. We must have a reform. The rod is a relic of barbaric ages; and if the wise man, Solomon, did speak out in its behalf, he lived in different era, and it might possibly have been necessary in his day. One thing in addition we would say—that if parents wish their children to keep clear of correction at school, let them properly govern them at home, and our word for it we would hear of very few cases of flogging. It must be an unpleasant duty for a teacher to perform, unless such an one be unworthy of the position he occupies; and parents should have their eyes open as to their children's faults, and not lull themselves with the fond dream that their children "can do no wrong." We can point to many such who passed the greater portion of their young lives in the House of Refuge.

METHODIST SERVICES.—Rev. S. W. Jones, of Louisville, Kentucky, will preach in the Vice street church to-morrow morning at ten o'clock, and in the West Harrisburg chapel at quarter before three o'clock in the afternoon. Rev. Dr. Miles will preach in the Vice street church in the evening at seven o'clock.

B-ous COIN.—The shovers of bogus coin were "aroused" in market this morning, and victimized some of our "country cousins." One of the skillful operators "shoved" a counterfeit gold dollar upon a young girl; and two women were "sold" to the amount of a half dollar each. There is a considerable quantity of bogus coin about in this vicinity, and the opinion very generally prevails that it is manufactured here.

CLOSING THE CAMPAIGN.—The Wide-Awakes of this city will close the campaign on Monday night with a grand torch-light parade, in which the Keystone Club, the State Capital Guard, the Paxton Lincoln Rangers, and the Junior Wide-Awakes, are expected to participate.—Should the weather prove favorable, a handsomely display may be anticipated.

THE MAINTENANCE OF WOLF.—Some three months since Mr. George Bergner, one of the Dauphin County Prison Inspectors, petitioned the Court of this county to award a rule on the Commissioners of Cumberland county, to show cause why Martin Wolf, now confined in the jail of this county, should not be transferred to the county of Cumberland, or maintained here at the expense of that county, Wolf having been a resident of said county. After a thorough investigation of the case, and examination of affidavits taken before a magistrate at Carlisle, Judge Pearson has made the following decree as regards the expenses incurred in maintaining Wolf in this county:

"It is therefore adjudged and decreed that the Directors of the Poor of Cumberland county shall reimburse the county of Dauphin for all lawful expenses heretofore incurred in the trial and detention of said Martin Wolf in the prison of Dauphin county, and for all the costs and expenses which shall hereafter be incurred by Dauphin county in the detention and safe keeping of said Martin Wolf, until he shall be discharged by due course of law. The costs of trial, and all arrears of expenses of maintenance, to be paid forthwith, and the expense of further maintenance to be paid monthly."

EX-GOVERNOR POLLOCK arrived in this city yesterday afternoon, and stopped at the United States Hotel, where he remained until nine o'clock last night, when he took the Northern Central train en route for home. During his brief stay here the distinguished ex-Governor was called upon by a number of our Republican citizens. The Lancaster Express of yesterday contains the following notice of Governor Pollock's visit to this city:—

"Last evening the Wide Awakes got up an enthusiastic impromptu demonstration. During a meeting of the Club at the Wigwam, word was brought that ex-Gov. Pollock had arrived in the evening train, and was stopping at the residence of Mr. Bumgardner, corner of Duke and Walnut streets. It was at once determined to get up a serenade in his honor, and after equipping themselves, they marched up to Mr. Bumgardner's, preceded by the Fencibles' Band. Arriving at their destination, a crowd of several hundred persons had collected, and in response to their call, Gov. Pollock addressed them for about twenty minutes in his usually pleasing and eloquent style. He said he had just been through New York and New Jersey, and assured his hearers that both these States were safe for the Republican nominees on Tuesday next, and that the majority in New York would exceed the expectations of even the Republicans themselves."

A POLITICAL SELL.—We like a good joke, although it may be at the expense of our side of the house, and not a bad one recently occurred at a rural village in York county, within a few miles of this city. A Republican mass meeting had been called, and the story got around that a company of Wide-Awakes from a neighboring town were to be on hand. The people—men, women and children—had their curiosity aroused, assembled in large numbers from the surrounding country to "see the sights." Night came, the lords of creation assembled to hear the speeches, and the women and children kept a sharp look out for the Wide-Awakes, but they came not. About eight o'clock, Young America took it into their heads to get up a demonstration, and going to an adjoining field, they got some thirty pumpkins, gutted them, cut all manner of hygrolyphics in the shell, put candles in them, and with an old drum beating in front, raised them on their shoulders and marched into town. As they approached, the word that the Wide Awakes were coming, spread like wild-fire, reaching the meeting and acting with such electrical effect, that the eloquence of the speaker could not prevent a general stampede. After threading several streets, however, the "sell" was discovered, some went back to the meeting, and others wended their way to their homes—some laughing over the joke and others muttering anything but blessings on the heads of the performers.

BAKED APPLES.—This is a dish which, having frequently tried, we would recommend to all housekeepers—most emphatically to those having families of children. "A sweet apple, sound and fair, has a deal of sugar or saccharine in its composition. It is, therefore, nutritious; for sweet apples, raw, will fatten cattle, horses, pigs, sheep, poultry. Cooked sweet apples will fatten children, and make grown persons fleshy—"fat" not being, usually, a polite word as applied to grown persons. Children being more of the animal than "grown folks," we are not so fastidious in their classification. The very good farmer's house, who has an orchard, baked sweet apples are an institution in their season. Everybody from the toddling baby holding up by its father's knees—(children are decidedly a household commodity)—away back to our reverend grandfathers in her rocking chair, loves them. No sweetmeat smothered in sugar is half so good; no aroma of dissolved confectionary is half so simple as the soft pulpy flesh of a well baked apple of the right kind.—It is good in milk with bread. It is good on your plate with breakfast, dinner, or supper—(we don't "take tea" at our house.) It is good every way—"reheamentally good," as an enthusiastic friend of ours said of tomatoes. An cheap, nutritious, palatable, healthy food, there is nothing to compare with baked apples.

REPUBLICAN ELECTORAL TICKETS can be had at this office. Let our friends see that all the wards are fully supplied in time.

BAPTIST SERVICES.—Rev. James Robertson will preach in the Baptist Church to-morrow morning and evening, at the usual hours.

St. STEPHEN'S CONGREGATION (Episcopal) are now holding their services at St. Paul's Mission church. The hours of service are 10½ A. M. and 8½ P. M.

ANOTHER WARNING.—One of our exchanges contains a notice of the death of a store-clerk named Bellinger, caused by sucking his pen. A slight wound on his lip being open, the ink produced erysipelas and death.

SERMON ON THE REFORMATION.—The 31st of October being the anniversary of the Reformation, Rev. Dr. C. A. Hay will (according to announcement on last Sabbath) preach his annual sermon on that subject, to-morrow morning in the First English Lutheran church.

INVITED.—The Mechanicsburg and New Cumberland Wide Awakes have been invited to participate in the grand torch-light parade to take place in this city on Monday night. We learn that both clubs have expressed a desire to visit Harrisburg on that occasion, so that it is likely the invitations will be accepted. From present indications the closing jaeger of the campaign will be an unusually attractive one.

PLACES OF VOTING.—The elections in the different wards, in the City of Harrisburg, and in the adjoining townships, will be held at the following places:

- First Ward.—At the corner of Mary's alley and Front street.
Second Ward.—At the Western window of Herr's Hotel, Market street.
Third Ward.—At the School House, in Walnut street, between Second and Front.
Fourth Ward.—At the public School House, in State street, between Second and Third.
Fifth Ward.—At the house of John Foster, corner of Ridge Road and East Avenue.
Sixth Ward.—At the School House, in West Harrisburg.
Susquehanna township.—At Miller's (now Nisley's) School House.
Swatara township.—At the Locust Grove Inn.

THAT STRIKE.—At the request of the Moulders lately employed by the Harrisburg Car Company, we publish the following communication in reply to an item which appeared in the Patriot and Union this morning, relative to the difficulty, between them and the Superintendent of the establishment:

MRSS. EDITORS.—An article appeared in the Patriot and Union this morning, under the caption of "A Strike," which did great injustice to the men who were employed in the foundry of the Harrisburg Car Factory. I will state the facts, briefly, as follows: The employers desired to diminish the time, during the winter months, from ten to nine hours, at the same time expecting the employees to do the amount of work in nine hours that was formerly done in ten; and also to reduce the wages in proportion to the hours. The hands did not feel disposed to submit to this inconsistency, and hence the strike. No person goes to work at five o'clock in the morning, nor does any one complete his day's work by three in the afternoon, except a few moulders who work by the piece. The moulders did not object at all to the employers specifying the time for going to and quitting work, but they did object to fulfilling the same task in nine hours that was previously done in ten, and for less wages. I am at a loss to know who imparted the facts upon which the Local of the Union based his article. Suffice it to say, he has been wrongly informed, and I hope, in general with my fellow-workmen, that he will make the necessary correction in the next issue. Those who struck yesterday, myself among the number, will not go to work until our arrangements are accepted by the gentleman who has charge of the mechanical department of the establishment. This you can rely on. I do not wish to enter into a newspaper controversy, and I trust that the Union reporter will state the facts, as above, in Monday's paper. By so doing he will have the thanks of many Moulders.

ONE OF THE STRIKEERS. For the Daily Telegraph.

"A Black Republican Fraud."

MR. EDITOR.—The virtuous and patriotic Patriot and Union is very indignant at a certain German, said to have voted, at the late election; without having his naturalization papers. This was wrong—very wrong. No good citizen will sanction fraud, no matter by whom perpetrated; but we doubt very much whether that paper would have one word to say in condemnation of the offender if he had voted the Democratic ticket. If the editors of the Buchanan organ are sincere in their denunciation of fraud, permit me to call their attention to an instance which happened at the Fourth Ward Polls. The law-abiding, order-loving leaders of the democracy brought a man there, and after having smuggled his vote into the ballot box, it was ascertained that the fellow actually lived in JUNIATA COUNTY! What have the editors to say to this?

Besides, it seems to come with a bad grace from a paper which sanctioned the frauds which placed its master in power, and which owes its prosperity, if not its very existence, to those frauds, to speak of the purity of the elective franchise. I am, &c. &c.

Who flooded Berks county at the last Presidential election with forged naturalization papers, and got thousands of Irishmen to vote upon them? The leaders of the Democratic party!

Who connived at, nay, sanctioned, the unparalleled outrages and frauds committed by Locofoco Boyler Rufians in Kansas? The spotted leaders of the Democratic party!

Who perpetrated the glaring frauds which deprived, for a time, Wm. B. Mann, of Philadelphia, of the office to which the people had legally elected him; and at the same time defeated the nominees of the People's party on the State ticket? Why, who but the hypocritical fraud-detecting leaders of the Democracy?

But for the numerous frauds committed by Democratic leaders, none of the official organs of the Democracy would now fatten on United States Treasury pay. Many of them would have given up the ghost, or grown so lean as to frighten honest folks by their hideousness.—Until the organ of the dismissionists has cleared up the old scores charged against the unscrupulous leaders of the African Democracy, it would better remain mum on the subject of election frauds. F. W. WARD.

STATE CAPITAL GUARD.—A special meeting of this new Wide-Awake Club will be held in the Exchange this (Saturday) evening for the transaction of important business, and to make arrangements for the parade on Monday evening. Every member is requested to be present.

PROFESSOR VERSUS PRACTICE.—"Well, George," asked a friend of a young lawyer, "how do you like your profession?" "Alas! sir, my profession is better than my practice." Such is the experience of a great many "young law yers," these days, who have entirely mistaken their calling, in aspiring to professions for which they are unfitted. Many a booby who now sits all day long in his office, sighing for clients whom he has not the ability to defend, without realizing enough to pay his board, might make a respectable living had he chosen an occupation for which he is better fitted, by nature and education. There are some such in this city.

FEVER AND AGUE having made its appearance we advise all afflicted to get BARNWELL'S ANTI-PEPERIDIC, which is a positive cure. Sold only by C. A. BARNWELL who will also send it post paid to any address on receipt of 17 letter stamps.

From the American Baptist, New York, August 2, 1859. A MINIATURE wooden pegoda which we brought from Burmah, having been broken into on shipboard, we were very anxious to have it repaired, and tried several sorts of glue, but without success, till our attention was called to Spalding's Prepared Glue, and can be seen by calling at the office of the American Baptist.

From the Freeman's Journal, New York, August 6, 1859. Spalding's Prepared Glue is such a simple and cheap preparation that it is a pity any house should be without it. 0024-1m

P. K. LUNAN CURE, Mo., July 24, 1857. MRSS. PRYB DAVIS & SON.—Dear Sirs:—Having used your Pain Killer for two years, I beg to be the best medicine for what it is recommended for that I have ever used. I feel thankful for the benefit I have received from it. I have been troubled with dyspepsia for ten years, and tried * * * to no benefit. But as soon as I got to using your Pain Killer I found relief, and by the use of it I am entirely cured. For chills and fever or congestive chills, it is the best medicine I have ever used. I have used it for a great many different complaints, and it has never yet failed in giving immediate relief. CHAS. L. GANSH.

ALMOST EVERYBODY has heard of "Wood's Hair Restorative." That word "Restorative" in this case, is no misnomer, for it has the testimony of individuals whose elevated position in the country, as well as their acknowledged and honorable character as gentlemen, render whatever they publicly speak in the past days reliable. Several of these have testified, and the hair preparation we are now speaking of, and certify to its amazing efficacy in the most public manner possible. It is sold in bottles of 50 cents, and the proprietor's Depot, 312 Broadway, New York, and on our sales properly appreciated, we have no hesitation in saying they will impress conviction on the most skeptical mind. Wood's Hair Restorative is, doubtless, the best article of its kind ever yet produced.

... it does not dye, but gives life, health and beauty in the decaying, falling and dead, restoring, as if by magic, that which was supposed to be irretrievably lost. Heads nearly bald, and others nearly white, are daily being changed to their pristine beauty, and faces covered with pimples are rendered as smooth as an infant's, and blushing as a rose, all by the use of Wood's Hair Restorative. For sale at 114 Market street, and by all Druggists.—Chicago Times. 0025-1m

Every bottle has the proprietor's name on the wax, and a fac simile of his signature on the cork, and is sealed with a specific inviolable to call and examine for themselves. For sale at Retail by all Apothecaries and Grocers in Philadelphia. No. 532 N. 3rd Street, Sole Agent for Philadelphia. Read the following from the New York Courier: "We are happy to inform our fellow-citizens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will well repay any stranger or citizen to visit Udolpho Wolff's extensive Warehouse, Nos. 18, 19 and 22 Beaver street, and Nos. 17, 19 and 21, Market street. His stock of Schnapss on hand ready for shipment could not have been less than 100,000 gallons. He has also on hand ten thousand cases of Wines of 1856 to 1858; and ten thousand cases of Maderia, Sherry and Port Wine, Scotch and Irish Whisky, Jamaica and St. Croix Rum, some very old and equal to any in this country. He also had three large cellars, filled with Brand's, Wice, &c., in casks, under Custom House key, ready for bottling. Mr. Wolff's store of Schnapss, year announced to one hundred and eighty thousand cases, and we hope, with but two years he may be equally successful with his Brandy and Wines. His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr. Wolff, until every Apothecary has had made up their minds to discard the poisonous stuff from their shelves, and replace it with Wolff's pure Wines and Liquors. We understand Mr. Wolff, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against the Lies of the dismissionists in 1860. He is doing nothing but what is just, and is doing it in a patriotic and humane spirit. O. K. Keller, 91 Market street, sole agent for this city. oct18

Who flooded Berks county at the last Presidential election with forged naturalization papers, and got thousands of Irishmen to vote upon them? The leaders of the Democratic party!

Who connived at, nay, sanctioned, the unparalleled outrages and frauds committed by Locofoco Boyler Rufians in Kansas? The spotted leaders of the Democratic party!

Who perpetrated the glaring frauds which deprived, for a time, Wm. B. Mann, of Philadelphia, of the office to which the people had legally elected him; and at the same time defeated the nominees of the People's party on the State ticket? Why, who but the hypocritical fraud-detecting leaders of the Democracy?
