DR. EATON'S INFANTILE CORDIAL Prepared from a formula used by Dr. Eaton with re markable success during several year's practice, we know it to be a most reliable and efficacious remedy for

know it to see a most remaine and the convinci injuntile complaints, and one trial alone will convinci you of its superiority over every other preparation of the kind. It is particularly recommended For Children Teething. It will invailably regulate the stomach and bowels, and its importance in this respect can hardly be estimated.

In Convulsions,

from which more infants are said to die than from any other disease; the little sufferer is relieved as instantaneously, as if by magic; and in this dread complaint alone, its intrinsic value is such that it has been recommended from one family to another, until the name of Dr. Easton's Infantile Coedial has become "samiliar as a house told word." We now sak your attention to a subject of vital interest to yoursel!, as well as to you suffering child. Dr. Eaton's Infantile Cordial contains.
