HARRISBURG

Wednesday Atternoon, November 14, 1860. ATTENTION! KEYSTONE WIDE-AWAKES!

The members of this club will meet at Exchange Hall at half past six o'clock this evening, fully equipped for parade. A full turn out is carnestly desired. By order of the officers.

ATTENTION! STATE CAPITAL GUARD!!

You will assemble at the Wigwam, in Eby's building, Market street below Fifth, at halfpast six o'clock this evening, fully equipped for parade, and provided with torches. Every member of the company is requested to be punctually in attendance.

JACOB M. BARR, Captain.

SEE advertisement of "The World" in another column.

GOOD FOR OLD BERKS .- The Wide-Awakes of city, have resolved to attend the inauguration Good for Sam! of Governor Curtin, fully equipped for participation in the parade on that occasion.

THE CROPS .- The weather is now delightful. and the winter grain and pastures are growing as rapidly as in the Spring. Some of the farmers are becoming apprehensive that their wheat will grow up too rank, and are turning in their cattle to prevent its too rapid growth.

New Crossing .- A new and substantial stone crossing has been laid across Walnut street at Shoemaker's corner. Similar improvements are needed in other localities, and the present delightful weather is highly favorable for the accomplishment of the work.

MEASLES .- This unpleasant and sometimes fatal disease is prevailing to a considerable extent at present in the village of Linglestown. Parents whose children are afflicted in this way should be careful that they are not exposed to cold or wet weather, especially before the eruption has made its appearance.

WINTER INDICATIONS .- Several flocks of wild geese passed over our city last evening, en route for their winter quarters in the South. They kept up an incessant chattering -but whether they were discussing the Presidential election. or the chances of finding themselves "out of the Union" when they get down South, we were unable to decide.

STRANGE MORTALITY .- A few months ago the typhoid fever made its appearance in the family of Mr. Bieber, residing near Harper's tavern in Lebanon county, by which nearly the whole family have died. The mother was the first victim, and after her the father and other members of the family, until six of them have been laid in the cold and silent grave.

THE HARRISBURG POST OFFICE.-The new President will have no difficulty in finding a intend making application for the position .-Of course they are all prompted by disinterested and patriotic motives Twelve of the applicants are bound to be disappointed. Some of them should volunteer to go down South and fill the offices which the chivalry "will not hold under Lincoln." The exciting question now is, and will be for some time to come, "who is to be the Harrisburg Postmaster?" Our advice to the curious is, wait and see!

Counterfeit Fives on the Western Bank, of Philadelphia, exceedingly close imitations of the genuine, have made their appearance. The most perceptible difference is in the shading of the words "Western Bank" and "Five Dollars." In the spurious it is heavier than in the genuine. The signature of the paper is poor and of a smoky hue. But this, in all probability, is one of the tricks of counterfeiters, in order to get it described as such, and then to flood the country with notes on paper equal to the genuine. The only security the public at large have, is to refuse, for the present, all fives on this Bank.

A CURIOUS CASE was tried last week at Reading. Twenty-one years ago a woman had a warrant issued for the arrest of a man who she stated was the father of a child which she had previously added to the population of Berks county. Before the warrant was served he escaped and went to Ohio, where he subsequently married and made himself a "man of means." Last summer he returned, on a visit, and as soon as he arrived, the old warrant was of the case, but was represented by counsel .-The woman, however, was present, and the infant, twenty-one years of age, was also in the Court room. Both plaintiff and defendant now have families. We doubt if a similar case was ever tried in this or any other country. The man was convicted.

FIGHT IN A RAILROAD CAR AND THE RESULT. Some time ago Mr. Henry Van Reed, a member of the Reading bar, accompanied by his wife and child, entered a passenger car on the Lebanon Valley Railroad, and found all the seats filled except four, which were occupied by four Treichler of Lebanon. The Doctor was then for permitting his temper to get the better of she spent her money freely, while these never his judgment, and indulging in conduct unbespend a cent. Save us from prefessional house coming a gentleman.

NEW SCHEDULE.—On the 26th of this month there will be an entire change made in the pasfor the winter months.

A "Sound" County .- At the late election Lincoln and Hamlin had a majority in every dictrict in Indiana county. This beats old out of thirty-three districts.

THE UNION PRAYER MEETINGS are held on Tuesday and Saturday afternoons, as usual, no change having been made in the time. The announcement in this morning's Patriot and Union was incorrect.

A DISHONEST TREASURER .- The Huntingdon 'Union' says information has been made against the Treasurer of that county, Henry T. White, charging him with having illegally used the public funds. He gave bail in \$500 to answer the charge.

AT HIS POST .- Our clever friend, Samuel B. Lauffer, Esq., one of the clerks in the Surveyor General's office, who spent some days in Westmoreland county prior to the late election, has returned to the discharge of his official duties. We refer to the majority for Lincoln in old Hamburg, Berks county, and also of Reading Westmoreland, as the result of his mission.

> THE HUNTERS are improving the present fine weather to visit the fields and woods in search of game, and meet with great success. Large numbers of partridges and squirrels are bagged every day. This morning a party of "crack shots" left for the upper end of the county where game is said to be unusually abundant May they not forget us on their return.

THE RUSH FOR OFFICE.—If rumor be true, a very large number of patriots in our city have intimated a desire to serve their country in profitable positions under the new administrations. We may look for a general change all around, and as October and November have given rise to new dynasties, new office-seekers will be after the places held so long by the Democrats. The political fortune wheel turns faster than anything else, for scarcely does one reach the top before he finds himself whirling downward with amszing rapidity. "Sich" is political life! How truly blessed are those who expect no partizan rewards, for they will not be disappointed!

AFTER ELECTION.-Popular elections and their sequences are thus beautifully portrayed by one of our American poets :--

The sun which on the Nation rose, tets on a land at peace; For, over all, the bugle call Bids war and tumult cease. And men, who yesterday were seen Contending with their might, As brothers, clasp each other's hands, Aud shout, God speed the right!

God speed the right l be this our cry, Our earnest watchword still, As orward fair Columbia Her mission doth fulfil.

God speed the right 1 O, yearning heart, .
Trust now and evermore; The bow of promise spans our land! From East to Western shore.

A WESTERN TRAVELER speaks of "the sun and moon looking across the world into each other's faces," these beautiful autumn mornings, and successor for Dr. Porter in the post office. MYSTERIOUS DISAPPEARANCE.—Mr. David Bolger, an old and esteemed citizen of Martinsburg, Blair county, disappeared from his family on Wednesday night, November 7th, since which time nothing has peen seen or heard of the Cashier on the spurious is engraved, and him. Mr. Bolger, for some time previous to his disappearance, had been much distressed in consequence of the death of a promising sonwhich occurred in September last. He had apparently recovered from his affliction, until a few days prior to his disappearance, when his mind seemed partially to give way under the power of his deep distress. On the night of his departure, immediate search was made for him by his family and the citizens of Martinsburg, and the search has been continued up to the present time, but without obtaining the shadow of a clue as to his fate or whereabouts. Mr. Bolger is about 50 years of age, rather sharp features, and about 5 feet 10 inches or 6 pieces Canton Flannel 10 and 11 cents; large frock coat and black pants, morocco shoes, and a brown straw hat. Any tidings of the missing served upon him. He was absent on the trial | man, communicated to Rev. J. Hassler. J. C. Everhart, or A. S. Morrow, Martinsburg, Pa., will be gratefully received by his family.

PROFESSIONAL HOUSE HUNTERS .-- In our last issue we described the "professional mourner," a nuisance that afflicts all cities. There is another class, equally annoying, known as "professional house hunters." Such generally reside in their own houses, or with their parents. They seldom go out singly, but in pairs. Whenever a notice "to let" is seen on a dwelling, they are sure to give it a visit. Every room is carefully inspected, from cellar to garret. Furniture, carpeting and trinkets are criticised and young men, one of whom was Dr. Samuel K. examined. Nothing escapes their observation. In order to give color to their calls, numerous applied to for the seat, who refused to relinquish | questions are asked about ranges, heaters, gas it, stating that it was retained by him for a fixtures, conveniences, rental, &c., and carefulfriend. Here the "fusionists" carried two zines, late publications, all the new books, as fast as published, together with the largest assortment of books in ALL departments of literature, will be found for sale at the lowest prices at Bergner's Cheap Bookstore, 51 Market street.

SPEAKER OF THE HOUSE .- Messrs. Patterson of Juniata, Ball of Erie, Davis of Indiana, Armstrong of Lycoming, and Gordon of Jefferson, are mentioned in connection with the Speakership of the next House of Representatives .-They are all competent for the position.

KILLED ON THE RAILROAD .- on Sunday evening last a man named Christian Zook was killed on the Pennsyvania Railroad, at Falmouth, by a train of cars. He was sitting upon the track, and was not seen in time to prevent the train from passing over him. An inquest was held on the bodyby the Coroner and a verdict given in accordance with the above facts.

OIL EXCITEMENT.—The oleagenous fever has broken out in Cambria county. It is reported that there are surface indications of oil in many places on the mountain; and it said that a saw mill in that county has been supplied from the surface of the dam, for years past, with all the oil needed for burning and greasing purposes. Several companies are forming, and wells are about being sunk to ascertain the truth of the

DISTINGUISHED ARRIVAL .- Among the sporting characters attracted to the Capital to witness the Heenan exhibition, is Mr. Wm. M'Mullin, of Philadelphia, a prominent pugilist of that city, who arrived to-day. We have no doubt the "muscle" of Philadelphia and Baltimore will be largely represented here to-morrow evening. It is rumored in fistic circles that a young man who plumes himself on his skill in the "manly art," intends to give the Benecia Boy "a turn," if an an opportunity is afforded. We advise the "champion" to look out for his laurels!

How to SELECT FLOUR. -First, look at the color; if it is white, with a slight yellowish or strawcolored tint, buy it. If it is very white, with a bluish cast or with black specks in it, refuse it. Second, examine its adhesiveness wet and knead a little of it between your fingers; if it works soft and sticky, it is poor .-Third, throw a little lump of dry flour against a dry, smooth, perpendicular surface; if it falls like powder, it is bad. Fourth, squeeze some of the flour in your hand; if it retains the shape given by the pressure, that, too, is a good sign. Flour that will stand all these tests it is safe to buy. These modes are given by old flour dealers, and they pertain to a matter that concerns everybody, namely, the staff of life.

It is proper to state here that the TELEGRAPH does Mr. John Paulis great injustice. Mr. P. alleges that he has kept an orderly and respect able tavern on Ridge road, as he is able to prove by all his neighbors at any time, and not a rowdy lager beer saloon—and further, that he has had nothing to do with the rape case either directly or indirectly, and coupling his name with it, merely because the woman albetween autumn in Italy and autumn in America, as follows:

"Mr. Paulis has always been regarded as a highly respectable and honorable man," our neighbor is entitled to credit for the discovery. We did not intimate that Mr. Paulis had anything to do with the "rape case." We merely as serted our belief that the whole affair was a foul conspiracy to victimize an aged and respectable citizen, and our opinion remains unchanged. That a feeble old man, seventy-two years of age, violated the person of a large and able-bodied German woman of thirty-five or forty years, by force and against her will, is too absurd for belief. A legal investigation of the case will no doubt develop the plot and reveal

the names of the conspirators. GREAT ARRIVAL of new and cheap goods; a splendid and large assortment just opened .-Beautiful styles of new De Laines: 100 pieces of new Colicos splendid colors 10 cents; 50 feet in height. MUSICAL.-New music from all the leading publishing houses always received immediately after publication. Violins, Guitars, Banjos, Accordeons, etc.; all sorts of strings always fresh on hand, at Wm. Knoone's Music store, 92 Market street.

Douglas Egged at the South,-The Mont gomery (Ala.) papers state that Mr. Douglas on his arrival in that city was egged by some ruffians in the crowd. These journals all denounce the act as mean and cowardly, but there is no doubt that the outrage was secretly ap-plauded by a large number of citizens. People who tar and feather inoffensive strangers, who whip ignorant slaves to death, and who hang ministers of the gospel, are not very likely to respect the person of a politician who is for certain reasons obnoxious to them. Montgomery is the home of the traitor Yancey, and we have no doubt that Mr. Douglas owes the ungracious treatment he received to some over zealous friends of the former personage.

A SPECK OF WAR ON THE SUSQUEHANNA.-The Legislature of Maryland having, at its recent session, passed a law forbidding the shooting of wild duck, &c., from sink boats, sneak-boats, &c., the Sheriff of Cecil county last week embarked at Elkton, with a strong posse, and captured four gunners in the act of violating the law. The Elkton Democrat says that the gunners, who number from 150 to 200 hardy fellows, are determined to resist the execution of the law, and advises the Sheriff to go pre pared for a hard fight whenever he under hunters, and "professional" women generally. to arrest them.

MOTHERS, READ THIS.—The following is an extract from a letter written by the pastor of a Baptist church to the "Journal and Messenger," Cincinnati, Ohio, and speaks volumes in favor of that world-renowned medicine—Mrs. Winslow's Soothing Syrup for Children Testifica.

Onliden Teething:

"We see an advertisement in your column of Mrs. Winslow's Southing Syrup. Now we never said a word in favor of a patent medicine before in our life, but we feel compelled to say to our readers, that this is no humbug—we have tried it, and know it to be all it claims. It is, probably, one of the most successful medicines of the day, because it is one of the best. And those of your readers who have babies can't do better than to lay a snonly.

JUDSON'S MOUNTAIN HERB PILLS.—How strange JUSON'S MOUNTAIN HERB PILLS.—How strange and wonderful it often seems to us that a medicine composed of simple mountain herbs and roots, should so certainly search out and cure disease. How surprising that the Indians should know and preserve so long and well a secret that has escaped the search of the greatest physicians the world has ever seen. True, the ancient inhabitants of Mexico were a strange race, found by the Spanlards, living in large cities, and, allowing for their strange customs and religion, as well civilized as their conquerors. In the words of a writer of some celebrity, "They have perished from the earth, their cities are gingantic piles of ruins, their Kings and Princes so mighty in their life, are forgotten; their ruins and their medicine alone are left." The united testimony of all intelligent persons is, that JUDSON'S MOUNTAIN HERB PILLS are the most successful medicine in the world in curing disease.

That the word "Restorative" in this case, is no misnomer, we have the testimony of individuals whose elevated position in the country, as well as their acknowledged and honorable character as gentlemen, render whatever they publicly ussert in the past degree reliable. Several of these have tested, personally, the heir according to the proposition of and try. gree reliable. Several of these nave tested, personally, the hair preparation we are now speaking of, and certify to its amazing efficacy in the most public manner possible. Their certificates can be seen at the proprietor's Depot, 312 Broadway, New York, and once seen and properly appreciated, we have no hesitation in saying they will impress conviction on the most skeptical mind. Wood's Hair Restorative is, doubtless, the BEST article of its kind ever yet produced.

I beg lave to call the attention of the citizodicof the United States to the above Wines and Ludons, imported by Udolpho Wolfe, of New York, whose name is saminar in every part of this country for the purity of his velebrated Schindam Schinapes. Mr. Wolfe, in his letter to me, speaking of the purity of his Wines and Ludons, says: "I will stake my reputation as a man, my glanding is a merchant of thirty years' residence in the City of New York, that all the Brandy and Wines which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser." Every bottle has the proprictor's name on the wax, and a face simile of his signature on the certificate. The public are resp. cifully invited to call and examine for themselves.—For sale at Retail by all Apothecaries and Grocers in Philadelphia.

Read the following from the New York Courier:

FNORMOUS BUSINESS FOR ONE NEW YORK MIRGHANT.—We are happy to inform our fellow chitzens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, although it will well repay any stranger or citizen to visit Udolpho Wolfe's extensive Warchouse, Nos. 18. 10 and 22 Beaver street, and Nos. 17, 19 and 21, Mark etitled street. His stook of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some tersive Warchouse, Aus. 15. To find 122 beaver skeet, and Nos. 17, 19 and 21, har's citield street. His stook of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some ten thousand cases of Madeira, Sherry and Port Wine, Scotch and Irish Whisky, Jamaica and St. Croix Rum, some very old and equal to any in this country. He also had three large cellars, filled with Brandy, Wine, &c., in casks, under Custom-House key, ready for bottling. Mr. Wolfe's sales of Schnapps has year amounted to on mindred and eighty thousand dozen, and we hope in less than two years he may be equally successful with his Brandes and Wines.

His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their orders direct of Mr. Wolfe, until every Apothecary in the land make up their minds to discard the poisonous stuff from their shelves, and replace it with Wolfe's pure Wines and Liquors.

Meyers, and replace in the accommodation of small deglers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of opponents in the United States, who sell nothing but imitations, reincus alike to health and human happiness sep6-daw6mi seps daw6mi C.
