Miscellaneous.

TER AMAIGAMATION OF LANGUAGIS.—There is a growing tendency in this age to appropriate the most expressive, words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Heetretype and many others whose distinction as foreign words has been worn away by common usage until they seem "mative and to the manor born"

AF Headache is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise ascape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz:—Symptomatic and Idiopathic Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting bidious headache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches, Ansmia and plethora are also affections which frequently occasion headache; Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache; Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache; Idiopathic and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking yomiting; under this class may also be named Neurolyja.

For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a tew minute

I RIDGET.—Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills,—but I'm thinking that's not just it naither; but perhaps ye'll be aftner knowing what it is. Ye see she's nigh dead and gone with the Sick Headache, and wants some more of that same as relaived her before.

Druggist.—You must mean Spalding's Cephalic Pills.

Bridget.—Och I sure now and you've sed it, here's the quarter and giv me the Pills and don't be all day about it sither.

Constipation or Costiveness.

Constipation of Costiveness.

No one of the "many ills flesh is heir to?" is so provalent, so little understood, and so much neglected as Ossitveness." Often origirating in careles sness, or sedentary habits; it is regarded as a slight disorder of two little consequence to excite anxiety, while in reality it is the precursor and companion of many of many of the most fatal and dangerous diseases, and unless early cradicated it will bring the sufferer to an untimely grave.—Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles and others of like nature, while a long train of rightful diseases such as Malignant Favers, Abcesses, Dysentery, Diarrhea, Dyspepsy, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in C natipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder, should receive immediate attention whenever it cocurs, and no person should neglect to get a box of Caphalic Pilis on the first appearance of the complaint, as their timely use will expect the insiduous approach o disease and destrey this dasgerous foe to human life.

A Real Blessing.

Physician.—Well, Mrs. Jones, now is that headache?

Mrs. Jones.—Gone I Doctor, all gone I the pill you sentcured me in just twenty minutes, and I wish you would
send more so that I can have them handy.

Physician.—You can get them at any Druggists. Call
for Cephalic Pills, I find they never fail, and I recommend them in all cases of Headache.

Mrs. Jones.—I shall send for a box directly, and shall
tell all my suffering friends, for they are a blessing.

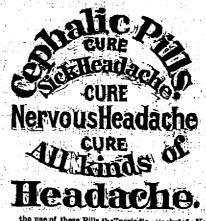

Twenty Millions of Dollars Eaven.—Mr. Spalding has sold two millions of bottles of his celebrated Prepared Glue and it is estimated that each bottle, saves at least ten dollars worth of broken furniture, thus making an aggregate of twenty millions of dollars reclaimed from total loss by this valuable invention. Having made his Glue a household word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Headaches will soon vanish away like snow in July.

AS OVER EXCITEMENT, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Naryons Headache. The disordered state of mind and body incident to this distressing complaint is a first blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear.—It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain.

FACT WORTH EXCOVING.—Spalding's Cephalic Pills are a certain cure for Sick Headache, Hillious Head ache, Nervous Headache, Costiveness and General Det, ility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephalic Pill-for rely of of Beatache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by Effering humanity long after their discoverers are forgotten.

AS Did you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the leathing and disgust at the sight of food. How totally unfit you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use as occasion requires.
