The Amaigamation of Landquages.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Heeftrippe and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born"

makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard untended to give notice of disease which might otherwise escape attention, till too late to be remiedled; and its indications should never be neglected. Headaches may be classified under two names, viz :— Symptomatic and Idiopathic Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rhoumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting bituins headache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches, Ansemia and plethors are also affections, which frequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a state of apparently sound heatth and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances in the front of the head, over one or both eyes, and sometimes provoking yomiting; under this class may also be named Neuralysia.

For the treatment of either class of Headache the Cephalic Pills have been found a sire and safe remedy, relieving the moet acute pains in a few minutes, and by its sublile jower eradicating the diseases of which Headache is the unerring index. HEADACHE is the favorite sign by which nature

Constipation or Costiveness.

No one of the "many ills flesh is heir to" is so prevalent, so little underslood, and so much neglected as Costiveness. Often origi-ating in carelesness, or sedentiary habits; it is regarded as a shight disorder of two little consequence to, excite anxiety, while in reality it is the precursor and companion of many of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave.—Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breato, elies and others of like nature, while a long train of frightful diseases such as Malignant Favers, Abcesses, Dysentery, Diarrhoza, Dyspepsy, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, Irst.indicate their, precence in the system by this alarming symptom. Not unfrequently the disease named originate in Constipation, but take on an independent existence unless the cause is cradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whanever it occurs, and, no person should neglect to get a box of Cephalic Pilis on the first appearance of the complaint, as their timely use will expect the instituous approach o disease and destrey this dangerous foe to human life.

A Real Blessing.

Physician.—Well, Mrs. Jones, how is that headache?

Mrt. Jones.—Gone! Doctor, all gone! the pill you sent cured me in just twenty minutes; and I wish you would send more so that I can have them handy.

Physician.—You can get them at any Druggists. Call for Cephalic Pills, it find they never fall, and I recommend them in all cases of Headache.

Mrs. Jones.—I shall send for a box directly, and shall tell all my suffering friends, for they are a real Messing.

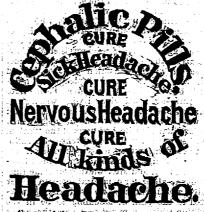

TWENTY MILLIONS OF DOLLARS SAVED.—Mr. Spalding has sold two millions; of bottles of his celebrated, Prepared Glue and it is estimated that each bottle saves at least ten dollars worth or broken fürfniture; thus making an agregate of twenty millions of dollars reclaimed from total loss by this value ble invention. Having made his Glue a household word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Pilis, and if they are now in July.

**BOVEE EXCITEMENT, and the mental care and anxiety incident to close-attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the tephalic Fills whenever the symptoms appear—It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the stemach which always accompanies and aggravates the disordered condition of the brain.

FACT WORTH EXOWING.—Spalding's Cophalic Pills are a certain cure for Sick Headache, Billious Headache, Nervous Headache, Costivoness and General Debility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age hisy be considered the system of vacchnation for protection from small Pox. the Cephalic Pili for relief of Resdache, and the use of Quinine for the prevention of Revers, either of which is a sure specific, whose benefits, will be experienced by at fiering humanity long after their discoverers are forgottep.

How totally untit you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then expressed Wor this and suffering which you then experienced. Fat once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair could again the restored, I was forced to become reconciled to my fate, until, fortunately, in it elatter part of the year, 1857, your, Restorative was recommended to me by a spriggist, as being the most re liable Hair Restorative in use. I tried one bottle, and found to my great satefaction that it was producing the desired effect. Since that time, I have used seven dollars, worth of your, Restorative, and as a result, baye a rich cout of very soft black hair, which no money can buy a mark of my gratitude for your labor and skill in
