the article, and, in forty eight hours, cover it rust will disappear.

IMPROVING - Mr. Pickel who was caught between the cars at Mechanicsburg, on Wednesday of last week, and considerably injured, has so far recovered as to allow of his removal to Chambersburg, where he resides.

CITY PROPERTY AT PUBLIC SALE.-A few weeks ago the property of the late Mrs. Burd, on Third street above Locust, was offered at public sale, and struck down to Abraham Freaner, Esq., he being the highest bidder .-"Uncle Abe," however, failed to come to time, and consequently the property is again in the market. It will be disposed of at public auction at the European Hotel this evening.

SERIOUS ACCIDENT .- A few days ago while two sons of Mr. Koras Powel, of Fisherville, wood, the axe of the eldest slipped and cut off the foot from the ankle. The amputated limb ives to eloquence. was dressed by Dr. Nonamaker, and the lad is now doing well.

ly to culminate in a street rencontre between a fender was satisfactory, and that no further de. | tend market. velopments will be made. "Socht nix."

THE WIDE-AWAKES AND THE INAUGURATION.-The State Capital Guard, of this city, a neatly equipped Wide-Awake company, will shortly extend a general invitation to their Wide-Awake brethren throughout the State to visit Harrisburg on the third Tuesday of January and participate in the parade and ceremonies incident to the inauguration of Governor Curtin. Several clubs have already resolved to do so, and we hope to see a vast army of equipped torchbearers here on that occasion—the men who did the heavy work of the late campaigns, and to whom Governor Currin is mainly indebted for his triumphant election.

MISSIONARY SERVICES .- A series of interesting meetings will take place in the Locust Street Methodist Church next Sunday. In the morning, at the usual hour. Rev. Dr. Durbin, one of the "big guns" of Methodism, will preach a Missionary sermon, and a rich moral and intellectual treat may be anticipated. In the afternoon at three o'clock the anniversary of the Missionary Sunday School will be celebrated. the exercises to consist of appropriate addresses, music by the children, &c. All who can make it suit to attend this interesting meeting should do so. In the evening several addresses will be delivered on the subject of Domestic and Foreign Missions, and the meeting will no doubt be a pleasant and profitable one.

A Home Desolated .- The diptheria, or putrid sore throat, now prevails to a considerable extent in Easton. Mr. George W. Dingler, of that place, recently lost all his children-three in number-in quick succession, who fell victims to this dreaded and fatal disease. Within a series of three days the deeply afflicted pa rents were robbed of all their "household jewels," and on Thursday last followed the remains of their three little ones to the cemetery! "Insatiate archer, would not one suftice?" It is to be hoped that this terrible scourge-this demon of the nursery-which has desolated so many homes in various sections of the State the past season, may not visit our city. It is now ravaging some portions of the neighboring county of York, and many families have lost from one to three children. The disease seems to baffle the skill of the best physicians

GROG SHOP SIGN .- Last evening, during the progress of a reportorial tour, we passed a drinking "saloon," and discovered a man lying prostrate on the pavement, with his head cut and bleeding. In the course of a few minutes a crowd of persons collected, among the number a stranger, in response to whose anxious inquiry, some one remarked that "the grog seller's sign had fallen down." Notwithstanding the trifling and unfeeling manner in which the man spoke, we were struck with the applicability and justness of the remark. It is customary for every man in business to have a sign emblematic of his occupation or profession and what so appropriate for a rum seller's sign as one of his besotted and ruined victims! Upon inquiry, we learned that the poor fellow above alluded to had spent all his money and got drunk; and the mercenary saloon keeper, his till from that quarter, thrust him out of the room with such violence that he fell upon the pavement, and was wounded as we have described. While the sympathising crowd outside, indignant at the brutal manner in which the stranger-for such he was-had been treated, assisted him to regain his feet, and washed the blood from his face, the rum seller stood at his window with a fiendish grin upon his countenance, rattling in his pockets the dimes which he had filched from his poisoned victim. Similar scenes are enacted every day; and they will continue as long as the rum traffic continues; for the business is calculated to blunt the moral sensibilities of those who engage in it, deaden and impenetrable as adamant.

THE PENNSYLVANIA CANAL is still open, but navigation has been slightly obstructed by floating ice, during the past week.

WILD TURKEYS are said to be very plenty at the upper end of this county They occasion ally venture into barn yards among the poultry and are thus easily captured.

To Remove Rust from Iron Utensils.—Rust fallen thirty per cent. in value since the Southern ermoved by first rubbing oil well into Still, we suppose it is much better and safe with finely powdered lime. Rub it well and the for the slave holders to have slaves fall than to have them rise.

Union Prayer Meeting -The meeting here tofore held on Tucsday afternoon has been discontinued. The Saturday afternoon meeting will be held, as usual at, four o'clock, in the lecture room of the Presbyterian church on Market Square.

Some Turkey.-A few days ago Mr. Samuel Middlekauff shot a wild turkey at Sterrett's Gap, Cumberland county, which weighed twenty-one pounds, and measured from the tip of each wing five feet six inches, and from the bill to the end of its tail four feet six inches. These "birds" are abundant on the mountains.

RESIGNATION .- Henry Ward Beecher says the lesson of resignation should be taught to all men. Mr. Beecher, we presume, is quite re signed to his six thousand dollar salary. There aged twelve and eighteen years, were cutting are always certain points of view from which it is pleasant to contemplate human nature, and oue of the feet of his little brother. The force advise poor fellow mortals. A good salary, a of the blow was such that it entirely severed good wife, and a good dinner, are great incent

CITY ORDINANCES.—The members of Council are now engaged in revising the old ordinances COMPROMISED .- The affair alluded to in our and framing new ones better adapted to the last issue, which, according to rumor, was like- wants of our populous and rapidly extending city. We trust they will follow the example high-spirited young man and an old psalm-sing- of Carlisle, Lancaster and York, and enact an ing hypocrite who insulted a female friend of ordinance establishing daylight markets during the former, has been "compromised"-upon the winter season. Such action would meet what terms our informant did not learn. > BEFORE THE MAYOR. - One John Parker, way-worn traveler from Fall River, and a Plumber by trade, arrived here last night .-Having no money, the tavern keepers refused to accommodate him with lodging, and he was obliged to apply for admission into the asylum for vagrants. John came out of the "coop" this morning shivering from the effects of cold and was introduced to the Mayor, who heard his story and discharged him. He was comfortably clad, and looked like a temperate man

SLEDDING ON THE SIDEWALKS may be sport for the juveniles, but is attended with great danger to lady promenaders. This morning a yan kee jumper came in collision with a young Miss who was passing up Second street on her way to school. She fell with great force upon the jumper, almost smothering its little occupant, and slightly injuring one of her arms. -Accidents occur frequently from this cause, and 'young America' should be compelled to select less dangerous coasting ground. In some places sledding on the sidewalks of prominent throughfares is prohibited by ordinance. A similar system should be inaugurated in this city.

GYMNASIA IN COLLEGES AND SCHOOLS .- The experiment of introducing physical culture, by means of gymnastic and calisthenic exercises, as part of the system of education at Amherst College, is pronounced, after trial for one a decided success. The institution has a gymnasium, thoroughly appointed, with bowling alleys and wash-rooms. The department is under the control of a graduated professor, whose business it is not only to regulate the mode and quantity of exercise, but to impart instruction in physiology and hygiene as well. It is made obligatory upon the students to take exercise. just as it is to recite Latin and Greek. And it is found, under a careful and natural regimen, that what was feared would be disagreeable, as partaking of the nature of cumpulsory routine, is a very pleasant pastime, under which great bodily good is realized by all the students.

SHOCKING .- On Saturday last our feelings were shocked by the appearance on our streets of a man and wife beastly intoxicated.—Johns town Mountain Echo.

If brother Smith lived in this city, his "feelings" would be "shocked" very often by such pitiable spectacles. Almost daily women may be seen, in certain localities, reeling under the effects of poisoned whisky. Yesterday afternoon we noticed a man and wife "in the weaving way" on Second street, both so excessively inebriated that it was with great difficulty they maintained their equilibrium. It is not a rare occurrence to find women among the drunken occupants of our lock up. This state of affairs will continue so long as the authorities tolerate the existence of numerous dens in obscure quarters of the city, where women of all colors, and even children, are supplied with "kill-'emquick" whisky and drugged lager beer, at three cents a glass!

DEATH OF AN OLD PRINTER. -- We regret to announce the death of an old citizen and printer, Mr. Mathew Atkinson, who departed this life at six o'clock this morning, at Olewine's Island, in the seventy-ninth year of his age .finding that no more money would flow into The deceased served an apprenticeship to the printing business in this place, with Mr. Beniamin Moyer, on "Die Harrisburg Morgenroethe," a German paper established in 1799, the publi cation of which was continued for a number of years. He was a good compositor and pressman and worked at the business here and in Lan caster city, until last July, when old age and failing health obliged him to lay down the "stick and rule," which he had wielded faithfully during a long series of years. He lived to bury a wife and sixteen children, and has now gone to join them in that better land where friends "meet to part no more." Peace to his ashes! The funeral of the deceased will take place from the residence of his nephew, Mr. their consciences, and make their hearts hard W. W. Boyer, in Chestnut street, to morrow afternoon at half-past one o'clock.

FIRE IN JACKSON TOWNSHIP .- The dwelling house of Mr. Adam, about a mile from Fisherville, recently took fire and was entirely consumed, with all its contents. There was no insurance on the property.

MILD WINTER. - One of the "oldest inhabitants" predicts that the present winter will be a mild and open one. His prediction is based upon the scarcity of beech and hickory nuts--a "sign" which he has never known to fail. We fear that our venerable friend's "sign" will not hold good this season.

DISORDERLY DARKS .- This forenoon Jake Jones and Bill Greer, two rowdy colored fellows, were before Alderman Kline, charged with disorderly conduct and indulging in profane and vulgar language before the residence of James H. Jackson in South street. They were bound over to appear at Court and answer the

good opinions and kind wishes.

SINGULAR COINCIDENCE.—On Sunday evening last Rev. Edwin Burnham preached a sermon in National Hall, Philadelphia, on the "Prophesies," which, from the description glven by the city papers, was very similar to the sermon. The same of the best. And those of your readers who have babics can't do better than to lay to the same of the best. And those of your readers who have babics can't do better than to lay a burnly. on the same subject preached in the Methodist chnrch of this city on Tuesday evening by Rev. Mr. Elliot of Lancaster. No doubt both were original. We merely allude to the matter as somewhat singular coincidence.

A SENATOR SUED FOR LIBEL .- A short time after the late election the editor of the Mercer Whig, and Republican Senator elect from that district, was sued for libel by a man named Garim, who took exception to some articles concerning him published in the paper during the campaign. At the recent term of Court the Grand Jury ignored the bill and ordered the prosecutor to pay the costs. Served him right!

PROF. WOOD'S HAIR RESTORATIVE.—This Restorative for making the bair grow, stopping its falling out, and restoring gray hair to its original color, is becoming celebrated. All the quack nostrums are giving way before it. Three fourths of the mixtures for restoring and beautifying the h.ir, do it more injury than good. They burn it up—destroy the life of its roots—make the hair fall off, and produce premature baldness. But Prof. Wood's Restorative may be relied upon as containing nothing whole can in any manner be injurious to the hair, while its success in accomplishing what it pretends to do has been verified in hundreds of cases. a very useful and convenient article for housekeepers

those inventions, small in themselves, which, nevertheless, go far in the economics of household management, and are an ever-present aid in saving time, expense and trouble. The number of small repairs to furniture, pleture-frames, crockery, children's toys, icather, shell and other faucy work, with the almost innumerable uses to which in every household a really good

at once suggest themselves to the latics. Damaged

I beg leave to call the attention of the cilizens of thy United States to the above Wines and Liquess, imported by Udolpho Wolfe, of New York, whose name is familiar in every part of this country for the purity of his celebrated Schikdam Schikders. Mr. Wolfe, in his letter to me, speaking of the purity of his Wines and Liquoss, says: "I will stake my reputation as a man, my standing as a merchant of thirty years' residence in the City of New York, that all the Brandy and Winss which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser." Every bottle has the proprietor's name on the wax, and a fac simile of his signature on the certificate. The public are respectfully invited to call and examine for themselves.—For sale at Rotail by all Apothecaries and Grocers in Philadelphia.

Bead the following from the New York Courier:

ENORNOUS BUSINESS FOR DAY ENEW YORK MERCHANT.—

We are happy to inform our fell ow-citizons that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality and the outliness of this merchant's extensive business, although it will well repay any stranger or citizen to visit Udolpho Wolfe's extensive Warchouse, Nos. 13. 10 and 22 Beaver street, and Nos. 17, 19 and 21, Marketileid street. His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; the Brandy, some ton thousand cases—Vintages of 1836 to 1836; and ten thousand cases of Madeira, Sherry and Port Wine, Scotch and Irish Whisky, Jamaica and St. Croix Rum, some very old and equal to any in this country. He also had three large cellars, filled with Brandy, Wine, &c., in casks, under Custom-House key, ready for bottling. Mr. Wolfe's sales of Schnapps last year amounted to one undered and eighty thousand dozen, and we hope in less than two years he may be equally successful with his Brandies and Wines.

than two years he may be equally successful with Brindies and Wines.
His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr. Wolfs, until every Apathecary in the land maxe up their minds to discard the poisonous stuff from their sholves, and replace it with Wolfe's pure Wines and Liquors.

Liquoss.
We understand Mr. Wolfe, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of opponents in the United States, who sell nothing but imitations, ruinous alike to health and human happingss.
