A PROTRACTED MEETING is now progressing in the Vine Street Methodist Church, and the nightly meetings are well attended.

THE FUNERAL OF ISAAC G. M'Kiuley, Esq., took place at ten o'clock to-day, and was largely attended by his former friends and acquaintances in this city.

TYCCONS! ATTENTION !- A general meeting of the Tycoons will be held at the Council chamber this evening at seven o'clock. Punctual a ttendance is required. By order of the Chief G. W. GEETY, Sec'ry. Tycoon. ----

THE PROCEEDINGS of the County Bible Society occupy considerable space in this issue to the exclusion of our usual local variety. The report will be read with interest by all who desire to keep themselves informed relative to the progress of the Bible cause in this community. -----

COSMETICS .- Some of the beautiful ladies of the Capital City use arsenic to improve their complexions. This experiment is attended with great tisk. The best preservers of the complexion are pure air, a cold bath, early lising, wholesome food, loose waists, and plent ty of exercise among the noble hills that surround our city.

Notary Public .- Governor Packer has appointed Philip Seiber, Esq., of Reading, a No tary Public for that city. The Governor seems determined to do all he can fer his partizan friends before retiring his present high position to private life. There will be a chance for some good Republican of this city to become Notary Public, when Alderman Kline's term expires next spring.

THE NEW STEAM FIRE ENGINE is to be named after the lady or gentleman who shall give the largest amount towards its purchase. Sealed contributions will be received by the Friendship Company until Thursday evening the 10th of January, at which time contributors are requested to meet at the hall of the Company. when the contributions will be opened and announced, and the name of the successful competitor for this honor formally adopted.

AMOS R. BOUGHTER, Esq., of Lebanon, the Republican Senator elect from this district, was in the city to-day. In a few minutes after his arrival he was besieged by a number of applicants for subordinate positions in the Senate, all of whom solicited his support and influence. Of all miserable sinners, it strikes us that these professional place-hunters must be the most miserable. Blessed are those who expect no partizin rewards!

AN EXCITING CHASE.-Last evening a German tutcher in the employ of John Paulis, was arrested for drunkenness and disorderly conduct, and assaulting Alderman Peffer with stones. On the way to the prison the German, disliking the idea of being deprived of his literty, broke loose from officer Fleck and ran away. 'The corpulent officer started in pursuit, and after a short but exciting chase re-captured his Teutonic prisoner, and conveyed him safely to the Walnut street institution, where he will remain until the January sessions.

A GRAND COTILLION SOIREE will be given by the Harmony Dancing Club, under the manage. ment of Mr. Frank Mather, at Exchange Hall

What have we yet to accomplish ? What is the best way to develop the benevo lence of our fellow-citizens in this direction ? What are the principal difficulties in the way of our success

The delegates, together with a large number of the citizens of Millersburg, assembled in the Methodist church at half past six o'clock. The meeting was opened with religious exercises conducted by Rev. Messrs Carson and Martz. The Executive Committee was then called upon to present their annual report. They formed the Society, through the Secretary that they had been unable to prepare such a statement as the Constitution requires of them, in consequence of the failure, on the part of most of the auxiliaries, to send in to the Committee their separate reports, as contemplated by the constitution of the County Society and quired by their statutes. There seemed to be the less excuse for this neglect, as the committee had furnished to each of the secretaries, by circular, a reminder of their duty, and a printed form according to which the annual statement is to be presented, as follows : "Amount on hand, time of last report \$ ... ..

### Davis' Pain Killer.

No MEDICINE is more prompt in its action in cases of Cholera, Cholera Morbus, &c., than Perry Davis' Pain Killer. It is the acknowledged antidote which seldom fails if applied in its early symptoms. No family should be without a bottle of it always on hand.

The stain on linen from the use of the Pain Killer is asily removed by washing in alcohol

Davis' Pain Killer seems particularly effleacious in cholera morbus, bowel complaints, and other diseases to which the natives of Burmah, from their unwholesome

style of living, are peculiarly exposed. It is a valuable antidote to the poison of Centipedes, Scorpions, hornets, &c. REV. J. BENJAMIN,

WE call the attention of our readers to an article advertised in another column, called BLOOD FOOD-It is an entirely new discovery, and must not be confound ed with any of the numerous patent medicines of the day. It is food for the blood, already prepared for ab-sorption; pleasant to the tasts and natural in action, and what one gains be rotains. Let all those, then, who are suffering from poverty, impurity or deficiency of blood, and consequently with some chronic disease or aliment, take of this BLOOD FOOD and be restored to health. We notice that our Druggists have received a supply of this article, and also of the world-renowned Dr. EARO'B IN. FANTIES CORDIAL, which every mother should have. It is said to contain no paregoric or opiate of any kind whatever, and of course must be invaluable for all infan-tile complaints. It is also said that it will allay all pain, and soften the gums in process of teething, and at the same time regulate the bowels. Let all mothers and niurses, who have endured anxious days and alcepless n ghts, procure a supply and be at once relieved. Agrice advertisement. For sale by C. A. These parties are a source of pleasant amuse ment, healthful exercise and social enjoyment to the young; and when judiciously conducted cannot reasonably he objected to. We learn that the soirces of the Harmony Club are among the most pleasant of the kind given in our city. "Let the dance go on."

THE MARKET, this morning, was not so largely attended as usual by our rural friends; but the supply was fully equal to the demand, and prices ruled at about the same figures they did on Saturday. There was a profusion of Turkeys and Chickens-the former selling at prices ranging from six to ten shillings, and the latter for two shillings a pair. Three cages of live Partridges, containing about a dozen each, were readily disposed of at the low price of fifteen cents a pair. The were "trapped" within a few miles of this city. We also noticed a number of Rabbits, alive and dead, which country lads disposed of at a shilling each.

A SPECIAL MEETING of the State Capital Guard will be held at their Wigwam in Eby's building this (Wednesday) evening, at seven o'clock, for the transaction of important business. It is desired and expected that every member will be present. Those having torches or capes are requested to bring them to the rooms. The books will be open for the enrollment of new members, and a cordial invitation is extended to the young and active Republicans of this city to enlist in sustaining an organization which proved so efficient in the late campaign and which augurs so well for the future.
