Prov. O. J. Wood: Dear ir:—In the latter part of the year 1852, while attending the State and National Law School of the State of New York, my har, from a came unknown to me, commenced filling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was almost entiticly her it of its covering, and much of the remaining portion upon the side and back part of my head shortly siter became gray, so that you will not be surrised when I tell you that upon my return to the State of Indiana, my more casual acquaintances were not so much at a loss to discover the cause of the Chunge in my appearance, as my more intimate acquaintances were to recognize me at all.

I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my fate, until, tortunately, in the latter part of the year 1857, your Restorative was recommended to me by a gruggist, as being the most rejlable Hair Resterative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dolars' worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can buy.
