feated. The Northern aiders and abettors of this treason, with their Southern allies, having lost in a fair fight at the ballotbox, now attempt to obtain from the Re-Representatives in Corgress to stand squarely up to the principles of the Republican party, as enunciated in the Chidough-faces and traitors !

THE END OF SECESSION IN BUENOS AVRES.--The last accounts from South America represent that Buenos Ayres has 12th of October, Gov. Mitre taking the solemn Te Deum. The Argentine Confederation was established thirty years ago. It was a Federal Union of thirteen and a quarter of inhabitants. Buenos of the States, and therefore the most im-

portant.

Kossurn has published a manifesto to the Hungarians. It is very moderate in terms. It sets forth the reasons which, in his opinion, ought to prevent his fellow citizens from rallyling to Austria. It antounces that the revolu-tionary cause is making great progress in Ger-many, and declares that on this occasion the is no research in voice it is only to recommend to his countrymen to display prudence and moderation. Before long a cry of liberty will resound in Europe, and success is near at hand !"

The Balance of Trade.

We have steadily maintained that the business relations of the country are now good, and that the panic, except for political reasons, is returned to the Argentine Confederacy, from which it separated or seconded. The act of reunion was consummated on the set of reunion was consummated on the regard to the exports and imports for the last five years. They are as follows :

EXCESS. \$12,324,976 2,059,003 42,031,271 18,021,332 37,958,353 260,890,141 282,613,15) 888,768,180 362,163,941 \$1,791,470,241 \$1,659,675,844 \$112,894,937

It is evident by these figures that there has been a balance of trade in our favor for every ago. It was a Bederal Union of thirteen one of the past five years, and that in that time independent States, with about a million it has reached the sum of \$112,394,987 in our favor. Considering the continued shipments of and a quarter of inhabitants. Buenos cotton and the large exportation of grain this Ayres was the richest and most populace of the States and destroyed in the most in the state of the sta falling in debt with us. A little common sense in political affairs and a little prudence in im-porting, will put the country in an admirable financial position. If politics can be kept in some sensible position the country must right

MARKET SQUARE. I thought I was dreaming. Quite wild with surprise For an instant I closed both my mouth and my eyes; The former, lest speaking the speil I might break, The latter to prove I was really awake. Above me, beside me, before me, around, Was scattered the semblance of all that's been found Remarkable, beautitul, laughable, gay, Since the world was created, e'en down to to-day. Each object was fraught with most wonderful grace, And look where I would, naught but beauty I'd face. The mist of bewilderment passing away, I noticed a camel biched fast to a dray; Who quietly pulling his burden along, Preceed a queer but magnificent throng Of poets, and princes, musicions and auns, Corrieted knights, and soldiers with guns, Shepherds and students, pesants and kings, All on a pligrimage, bound for a shrine Galled—Please guess its name, for their secret's not mine. <text>
