THE TYCCONS are making preparations for a public parade ou Christmas morning, and a "country cousins" should be on hand in season announced hereafter.

IN PRISON.-The preacher thief, Josiah B Hicks, alluded to in our last issue, is now in prison. He was arrested at Fredericksburg, Lebanon county, by officer Fleck, of this city, brought here yesterday afternoon, and commit ted to answer the charge of larceny. At the time of his arrest he had on the coat with the theft of which he stands charged. This model exhorter is likely to be deprived of his personal liberty for some time to come. He might act in the of capacity of Chaplain during his sojourn in the Walnut street institution.

THE JONESTOWN RAPPINGS .- We learn that the "spiritual" communications with Miss Moyer, of Jonestown, alluded to in previous issues of this paper, have re-commenced. Among the various items of intelligence recently imparted by the spiritual visitor was the joyful news that she was the medium by which a large sum of money, concealed in the earth under the hearth of the old house, could be found. But after digging to some depth, without success, she concluded the work was sinful, and relinquished it. We are disposed to regard this whole affair as a piece of well played jugglery.

A ROQUE AT LARGE.—A couple of months ago complaint was made against two men of this city, named Dasher and Urich, for stealing grain from Mr. Levi Care, at Manada Hill .-The former was arrested and bound over for trial, but the latter escaped, and is still at large. At the last term of Court the grand jury found a true bill against the parties, but the trial of the case was postponed until Urich could be arrested. He is said to be in Lebanon county. but all efforts to capture him have thus far proved abortive. This fellew Urich has a family residing in the sixth ward, who are reported to be in destitute circumstances. His iniquities should not be visited upon the wife and children; and if they are really in a suffering condition, relief should be extended to them.

REPORTED DEATH OF A FORMER CITIZEN OF HAR. RISBURG .- We learn that a letter has been received here from Orange Springs, Marion Co., Florida, announcing the death, at that place, of Mr. Wm. Schabbinger, formerly a resident of this city. The deceased was for several years employed as bar-keeper in the old "Washington House," and subsequently officiated in the same capacity under Col. Coverly. For a few years past he has resided in Philadelphia city, and recently visited the South indulging the hope that a change of climate would restore him to health. He was a young man of fine social qualities, and highly esteemed by a large circle of acquaintances in this city. It is probable that the Masonic fraternity, to which the deceased belonged, will have his remains brought here for interment in the cemetery. RELIGIOUS FESTIVALS .- The present is the Christianity among the Persians, Medes, Perthians and Armenians, and was stoned to death absent from the thoughts of older persons. St. the Saviour. Added to this is the day of St. John the Evangelist, which occurs on the 27th. On the 28th occurs Candlemas, or Holy Innocents' day, in commemoration of the slaughter of the innocents by that despicable potentate, Herod. The last religious festival occurs on the Sist, the last day of the month, namely, St. Sylvester's day. He was a Pope, and recoives the credit of establishing certain rites in the Roman Catholic Church, as well as increasing its benevolent institutions. A JUVENILE SAMARITAN.-Last evening a bright-eyed, intelligent lad, (whose name we have since learned is John Armstrong,) while passing along Canal street, saw a well-dressed man lying drunk on the pavement. "That is shameful," said he to a couple of juvenile companions, "let us arouse the poor man and take him to a place of shelter." The boys agreed to the proposition, and alter a deal of shaking succeeded in rousing the man to a state of consciousness. His first disposition was to attack the lads, but little Johnny spoke so kindly to him, and seemed to take such an interest in him, that the miserable victim of liquid poison finally yielded to his persuasions. Johnny held bim up, brushed the dirt off his clothes, and with his comrades started to lead him away.-Other boys gathered around, and one of them cspied a bottle of whiskey which the drunken man had left behind. "Hurra !" he shouted, "here's a bottle of whisky; now, boys, we'll have some fun." "No you won't !" indignantly shouted Johany ; "its bad enough that men should drink whisky, and not boys. Give me its contents on the street. Then, returning to stranger to the nearest tavern, and saw him comfortably provided for. This young Samari-

THE UNION PRAYER MEETING will be held in the Presbyterian church, corner of Market Square, to morrow afternoon, commencing at four o'clock, as usual.

GUM DROPS of every flavor, Cream Chocolale Imitation Fruits, &c., together with the largest and most complete assortment of French Confectionaries ever offered for sale in this city, has been received at BANNVART's. Persons have only to call to be suited, and a general invitation is extended.

SUNDAY SCHOOL CHRISTMAS FESTIVALS .--- We learn that the officers and teachers of some of public particular and the solution of some of give the scholars a Christmas treat of cakes, to see the sights. The hour of parade will be candies and other good things. This custom has long been regularly observed in various sections of the State, and it is one to be com-

mended. We suggest its adoption by all the congregations in this city.

A THIEF DETECTED BY CHICKENS.-A grain thief was detected at Pittsburg, the other day, by means of some hens, who followed a train of scattered grain from the railroad depot where it was stolen, to the house of the thief. The movements of the fowls were watched, and on searching the man's house the stolen grain was found and recovered The thief was arrested and imprisoned.

THE BAND CONCERT COMES OF to-morrow even ing in Brant's Hall. All citizens who feel an interest in sustaining a good Band in our midst. should purchase tickets and patronize the concert. Those who do so will be pleasantly en tertained. The members of the Band will be assisted by Messre. Knoche and Haas. two accomplished Pianists, and by Weber's String Band and the Aurora String Band. A celebrated vocalist of this city has volunteered his services for the occasion, and will entertain the audience with several new and popular songs. The object of the concert being a commend-

able one, we hope to see a crowded house.

HONEST LABOR .- All the honest labor, be it the merest handiwork, brainless and mechanical drudgery, dignifies human life. Better is do nothing. Good roads and clean linen are products of human industry which we need not be ashamed of having a hand in creating. Let us do the best we can. If it be not permitted us to do work of one kind, let us brace ourselves up for work of another. And to all of the great guild or brotherhood of workmen let us hold out a hand -a hand of assistance if need be-anyhow a hand of fellowship. If the work be of much account in the world's eye, be thankful; if of little, be content.

A Suggestion .- Our City Fathers might do a great amount of good, and themselves much credit, by voting a weekly appropriation to enable the keeper of the lock up to buy bread for the half-starved wretches who nightly seek shelter there. This outlay now devolves upon the kind hearted Mayor, in his private capacity, and the burden is too oppressive to be borne by any one individual. In Lancaster and Reading provision is made by the city authorities to feed the hungry wayfarers who lodge in the station-houses, for want of means to procure other accommodations, and a similar system should be inaugurated here.

> THE WATER PLUGS .- Acting upon our suggestion, Council employed a man to examine the water plugs and secure them against frost. Three or four of them were found frozen up and not in working condition.

prominent thoroughfares, as so many monuments to the inefficiency of the city scavengers. Some of the streets are ankle deep with mud, and in a filthy condition generally. The proper committee of Council should see that the scavengers do their duty.

BEFORE THE MAYOR.-Three genteel looking men were before the Mayor this morning, having passed the night in the lock-up. The first was Thomas Miller of Philadelphia ; the others Lewis Smith and Fernando Gold of New York city. They reported themselves as me ehanics in search of employment, en route for the west. They were out of money and voluntarily sought shelter in the "traveler's retreat," of which Dan Callender is the very obliging superintendent.

THE OLD SOLDIERS .- PETITIONS FOR PENSIONS Petitions to Congress, asking the passage of a law granting pensions to the surviving soldiers of the war of 1812, or the widows of such as are dead, are in circulation for signatures. The form will answer for any part of the Union, and persons interested should have the same copied, signed and forwarded to their Representatives in Congress as early as practicable. We presume petitions for Dauphin county may be had on application to the secretary of the "Old Soldiers' Association" of this city.

ANOTHER REMEDY FOR SORE THROAT. -As dis-

eases of the throattare unusually prevalent in this city just now, any remedy known to be effective should be made public. The followit to break stone or to turn a mangle than to ing, furnished by a lady to the Syracuse Journal, is pronounced to be infallible :--

"A small quantity of sheep's suet, say spoonful, chopped fine, and boiled in a gill of milk, and drank on retiring to bed. Of course the throat is to be bound with fiannel. A friend triend the experiment on Monday, and although she was so hoarse on retiring to bed that she could not make herself be heard, she was able to converse freely the next morning, and at noon on Tuesday had so far recovered as to be able to appear on the street. Yesterday she resumed her usual avocations. Let those who are afflicted with sore throat try the remedy, and those who do not need it should cut this paragraph out and preserve it for future re-

WRONG.—The son of a high official was ar-rested at Harrisburg last week in a disreputa-ble house, but afterwards released. This is a great error in the administration of justice, as instead of the poor devils who too often find themselves in jail here and elsewhere, it would be for befor if those called repretable more be far better if those called respectable were committed to that institution as examples to others.-Lewistown Gazette

The "respectable" rowdies-and they constitute a large class-do pretty much as they please in this city. They can get drunk, make night hideous with their revels, and play the blackguard with impunity. It is only rowdies of the lower class of society who are hunted up by our vigilant police and lodged in the lockup or prison. Not long since we saw an officer arrest a partially intoxicated and inoffensive countryman ; while but a few paces in advance of him was one of the ton, staggering under an immense load of tanglefoot, and coming in frequent and violent collision with tree-boxes and pedestrians. The latter was not molested, and the former went to prison. This unjust discrimination, by officials, in favor of "rethe bottle." Snatching the "stuff," as he spectable" rowdies, is all wrong. Let equal discrimination, by officials, in favor of "re-spectable" rowdies, is all wrong. Let equal and exact justice be done to all offenders, no matter what their pecuniary circumstances or social position. The "sons of high officials" are no better than the sons of other men; and when the former exhibit a total disregard of the proprieties of life, and violate the public peace, let them be punished accordingly. We have no doubt the whole class'of "respectable" rowdies would be benefitted by making public examples of a few of their number. discrimination, by officials, in favor of "re-spectable" rowdies would be benefitted by making public examples of a few of their number. Respectfully yours. Rev. S. ALLEN BROCK. P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited : P. ONLY DISCOVERY WORTHY OF ANY CONFIDENCE FOR RESTORING

MANY, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gote, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field of its resistless sway. PROF. O. J. WOOD & Co.:-Gents :-The letter I wroti you in 1856 concerning your valuable Hair Restorative and which you have published in this city and elsewhere and which you have published in this city and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication ; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably. My hair is even better than in any stage of my lice for 40 years past, more soft, thrifty, and beiter colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the subshance is weal-ad off by Iros of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablation of the face, when if care were used by whying the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and osle of various compounds as well as the the the manufacture and New England, asking me if my hair still continues to be goed; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hund-reds have examined it with surprise, as I am now fil years old and not a gray hair in my head or on my face; and to prove this fact, I zend you a lock of my hair taken off the past week. I received your fav or of two quart bottles last sommer, for which I am very gratefal. 'I gave it io my friends and thereby induced them to try it, many were skeptical until after trial, and then pur-chased and used it with universal success. I will ask as a favor, that you sond me i test by which I can discover fraud in the Restorative, sold by many. I fear, without authority from you. A pure article will insure success. and I believe where good effects do not follow, the failner is caused by the impure article, which curses the invent-or of the good. I Geem it my duty as heretofore, to keep yon apprised of the continue effect on my hair, as I as-sure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear sir, yours, *A.C. RAYMOND.* AARONS RUN, KY., NOV. 30, 1858.

AARONS RUN, Ky., Nov. 30, 1858. Prof. O. J. Wood: Dear Sir.—I would certainly be doing you a great injustice nut to make known to the world the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restora-tive. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to an-rouneo to wheever may read this, that I now possess a new and beautiful growth of bair, which I pronounce risher and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to all who may feel the necossity of it. Respectfully yours,
