# BLOOD FOOD.

The attention of Invalids, Physicians, Clergymen, scientific men, and the public generally, is respectfully solicited to the merits of this chemical preparation, containing Iron, Sulphur and Phospho. us, and which is identical in its composition with the Hematic Globule, or red blood. In all diseases accompanied with

Debility,

pale countenance and nervous derangement, analysis of the blood show a deficiency of the red globules. Ruddy-complexion and a rosy tint of the skin, is always indicative of health; while a pale, wax-like skin and countenance,—which evinces a deficiency of the red globules,—accompanies a discased organism. Preparations of Iron have been given for the purpose of supplying the red globules, but we contend that Iron alone, Sulphuralone, or Phosphorus alone, will not meet the deficiency in every case, but that a judicious combination of ALI these elements is necessary to restore the blood to its normal standard. This point, never before attained, has been reached in the Blood Food, and its discovery ranks as one of the most scientific and important of the age. Its effects in

Consumption are to solten the cough, brace the nerves, strengthen the system, allay the prostratum night sweats, increase the physical and mental energy, enrich the blood by restoring the lacking red globules, increase the appetite, restore the color, and clothe the skeleton frame with firsh. The Blood Food will be found a specific in all Chionic Disenses of the Throat or Lungs, such as Asthma, Bronchitis, Coughs, &c. Public speakers and singers will find it of great utility in clearing and strengthening the vical organs. In Dyspessia, Liver Complaints, Dropsy, Epilepsy, Paralysis, Acrofula, Gravel, St. Vilus' Dance, fever and Ague, &c, its efficacy is marked and instantaneous. In no class of disease, however, are the beneficial effects of this remedy so conspicuous as in those harrassing

We have the utmost confidence in recommending the Blood Food to all who may be conscious of a loss of vitality or energy, and to those whose mental or bodly powers are prostrated through over-use, either of the mind, or body, and we deem it our duty to say that in all cases of Weakness and Emaciation, and in all diseases of the Kidneys Bladder, this preparation has a claim upon the attention of sufferers which cannot be over-estimated. A faithful trial will be found the most convincing proof in regard to its efficacy that could be asked for. With the above remarks, and with the numerous testimonials we have in its favor, we offer the "Blood Food" to the consideration of the afflicted, knowing that it will be acknowledged as pre-eminent over all other preparations, patent or official, in point of usefulness.—Circulars giving the Theory upon which this remedy is founded, also certificates of remarks be cures, will be sent free when desired. The Amaigamation of Languages.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as kleutretype and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born"

\*\*\*Headache is the favorite sign by which natural makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified upder two names, viz:—

Symptomatic and disopathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Alpoplexy, Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting bilicous headache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches, Anamia and plethora are also affections which frequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of Spirits or acerbity of temper. In most instances it comes on slowly, heralded by the pain is in the front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be Lamed Neuralgia.

For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, re-

be Lamed Neuralita.

For the treatment of either class of Headsche the Ce-phalic Pills have been found a sure and sufe remedy, re-lieving the most acute pains in a few minutes, and by its subtile power eradicating the diseases of which Headsebe is the unerring index.

Bridger.—Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills,—but I'm thinking that's not just it naither; but perhaps ye'll be afteer knowing what it is. Ye see she's nigh dead and gone with the Sick Headache, and wants some more of that same as relaived her before.

Druggist.—You must mean Spalding's Cephalic Pills.

Bridget.—Och! sure now and you've sed it, here's the quarter and giv me the Pills and don't be all day about its aither.

### Constipation or Costiveness.

Constipation or Costiveness.

No one of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often origin ating in carelessness, or sedentary habits; it is regarded as a slight disorder of two little consequence to excite anxiety, while in reality it is the precursor and companion of many of many of the most fatal and dangorous diseases, and unless early eradicated it will bring the sufferer to an untimely grave.—Among the lighter evils of which costiveness is the usual attendant are Headache, Colle, Rheumatism, Foul Breath, rites and others of like nature, while a long train of frightful diseases such as Malignant Favers, Abcesses, Dysentery, Diarrhora, Dysepesy, Apoplexy, Epilepsy, Paralysis, Hysteria, Hyposhondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is cradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Fills on the first appearance of the complaint, as their timely use will expect the insiduous approach o disease and destrey this dangerous foe to human life.

### A Real Blessing.

Physician.—Well, Mrs. Jones, how is that hea dache?

Mrs. Jones.—Gone I Doctor, all gone I the pill you sent

send more so that I can have them handy.

Physician.—You can get them at any Druggists. Call

TWENTY MILLIONS OF DOLLARS CAVED.—Mr. Spalding has sold two millions of bottles of his celebrated Prepared Glue and it is estimated that each bottle saves at least ten dollars worth of broken furniture, thus making an aggregregate of twenty millions of dollars reclaimed from total loss by this value ble invention. Having made his Glue a bousehold word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Headaches will soon vanish away like snow in July.

EG-OVER EXCHEMENT, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear.—It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain.

FACT WORTH KNOWING.—Spalding's Cephalic Pills are a certain cure for Sick Headache, Billious Headache, Nervous Headache, Costiveness and Genoral Debility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vacci nuation for protection from Small Pox, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by at fiering humanity long after their discoverers are forgotten.

Dip you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the loathing and disgust at the sight of food. How totally unfit you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use as occasion requires.

The CEPHALIC PILLS are the result of long investi; gation and carefully conducted experiments, having been in use in many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the nervous system or from a deranged state of the stomach.

They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of diet, and the absence of any disagreeable taste renders it easy to administer them to children.
