CITY TAXES .- We again call the attention of tax payers of the first and second words to the card of the collector. Those who wish to save five per cent. should pay their tixes between now and Saturday evening next.

THE COUNTRY GENTLEMAN SAYS & decoction of half a pound of dried calamus root, boiled in two quarts of vinegar and left to steep over night, will remove bed-bugs if the beds are washed with it.

Franklin's birth day occurs on the 17th of ed, they were discharged. January. The typographical fraternity of this sity should make arrangements to celebrate the day in a proper manner What say you, brethren of the "stick and rule ?"

QUARTERS SECURED.-The Washington Rifles, of Mount Joy, under command of Capt. J. K. Waltman, formerly of this city, intend participating in the inauguration parade, and have secured quarters at the Dauphin County House, corner of Third and Walnut streets. This is one of the finest looking companies in the State.

THE EIGHTH OF JANUARY, the anniversary of friend suggests the propriety of a patriotic publie demonstration by the people of our city, ir respective of party, in honor of the occasion. The suggestion is a good one, and should be Postmaster alluded to is evidently a "sound"

promptly acted upon.

MASONIC FESTIVAL .- This being the anniversary of the patron saint of Free Masonry, St. F., and therefore suppress his name. John, the event will be celebrated in a proper manner at the "Buehler House," to-night, on around that banquet board May the brethren of the "mystic tie" have a good time.

WHEN DOGS BECOME PERSONAL PROPERTY .--Dogs are made personal property by law when certain requirements are complied with. The mals, giving name, age, color, height, &c., which the Clerk is directed to enter at full upon his docket, and to furnish the owner a certified copy of it. Then, and not till then, are dogs personal property, and the theft of one punishable under existing laws.

WANDERERS .- Our prison cells, the lock-up, and the poor house, have all been well tenanted lately, by strangers who are out of employment, and who left the large cities in the hope of obtaining, at least, a temporary home and work in the country. This anticipation, however, but few of the many are fortunate enough to realize. The expense to the people of this city and county for the maintenance of vagrants, during the winter season, is greater than most of our readers have an idea of, and imposes a very heavy burden upon sober and industrious tax-payers.

A CHARITABLE GENTLEMAN SOLD .- Those who are disposed to be charitable, and out of their little store give something to the poor and unfortunate, have plenty of opportunities now to exercise the heavenly virtue. But despite all

THE CONCERT for the benefit of the St. Lawrence Catholic Church will take place on Thursday evening next, when a rich entertainment may be anticipated, the best musical talent of the city having been engaged for the occasion.

HON. DAVID WILMOT, a prominent caudidate for United States Senator, arrived in this city yesterday. During the few hours that he remained here he was called upon by a number of Republican politicians. The distinguished gentleman left last evening for Philadelphia city.

BEFORE THE MAYOR .--- The Mayor had three old "drunks" before him this morning, who came out of the lock-up in a half-frozen condition. Having no money to pay their fines, and FRANKLIN'S BIRTH DAY .- The anniversary of the prison being already uncomfortably crowd-

CADRYS OF TEMPERANCE.-- A meeting of young men favorable to the organization of a Council of Cadets of Temperance, will be held in the Sons of Temperance Hall next Wednesday evening. All friends of the cause should encourage this commendable movement on the part of the youths of our city. Parents, especially, should take a lively interest in it, and urge their sons to enroll themselves under the cold water banner.

A SOUND DEMOCRATIC POSTMASTER. - This morn-

The outside of the envelope is illustrated with an excellent likeness of President LINCOLN, for whom he voted. The man, and will likely be retained in his present position under the new administration. We do not want to see him guillotined by the O. P.

FIRE.-At noon to-day the floor of a small frame house in Walnut street, occupied by Mr. Grieb, took fire from a stove pipe. The flames were soon extinguished without doing much damage. An alarm was raised, however, which brought out all the fire companies and a large crowd of people.

ANOTHER ALARM .--- This afternoon there was ANOTHER ALARM.—This afternoon there was a second alarm of fire, caused by the burning of a foul chimney in the United States Hotel building. All the fire "masheens" were out, but the services of our ever-prompt fireman were not required. RAILBOAD MEETING .--- The stockholders of the Harrisburg, Portsmouth, Mount Joy and Lancaster Railroad Company met in Philadelphia to-day, to accept or reject a contract for a more permanent lease of their road to the Pennsylvania Railroad Company.

ANCIENT AND MODERN DOCTORS .- In olden times, what a reverence was associated with the name of Doctor! A Doctor was a man who by education and practice acquired a reputation which made him an object of universal respect. He had about him a retiring modesty, a dignified air, a Solon-like aspect and demeanor. When he visited the domicils of our fathers how soon was the unbridled liberty of juvenile speeches hushed into silence ! How the domestics and girls of sixteen would stare! What a peeping and squinting all about the house to see the Doctor ! But the times have changed. Now the name of "Doctor" is as common as nomen is no longer indicative of profound scigist, a magician, a dealer in magnetic rings, a staunch, dignified and old fashioned "Doctor."

DAY OF FASTING AND PRAYER .--- We have already alluded to President Buchanan's proclamation designating Friday the fourth of Janu ary as a day of national humiliation, fasting and prayer, in view of our present troubles .--Bayard Taylor admirably hits off the O. P. F. in the following short poem :---

PRAYER-MEETING IN A STORM. [See President Buchanan's last Proclamation.]

The captain stood on the quarter deck-"The seas," he said. "they batter us: "Twas my watch below in the former gale-I doubt if we'll weather Hattera." I doubt if we'll weather Hatteray. The wind on the one side blows me off,

The current sets me shoreward : And seem to be going forward."

PHYSICAL TRAINING IN SCHOOLS .- For success in life, bodily health is of greater importance than intellectual culture. Energy rules the world. Take two boys equal in every respect, box one of them up in school from morning till night and from year to year, cultivating his have outgrown his muscles, and his brain has outgrown his stomach; while the other receives a fair but equal development of both mind and body-and what is the result in the two cases? The scholar graduates perhaps with the highest honors, but he leaves college a feeble invalid; intellectual and refined, he shrinks with nervous sensitiveness from the rude shocks of the battle of life. He is thrust aside in a corner, or trampled under foot in the race. On the other hand, the man who come forth on his career in possession of a vigorous energy, that enable him to win the great bat-

"WHEATLAND."---We learn that a project is on foot in Lancaster county, which meets with very general favor, to purchase "Wheatland," the residence of the O. P. F., the purchase to be coupled with the request that he will not return to that vicinity. We can well understand the feeling which dictates such a disinclination

on the part of the citizens of old Lancaster to have in their midst one to whom must hereafter ever be attached a stigma which may, improperly and unjustly it is admitted, extend to the locality itself. Independent of all this, his daily presence, in view of his past, will but mind at the expense of his body, till his nerves | tend to provoke uncomfortable and humiliating reminiscences, over which time, in his absence might throw the mantle of oblivion. Should Mr. Buchanan yield to the wishes of his neighbors, and determine upon a change of residence, we beg to recommed the cotton and rice plains nial to his tastes, and better adapted to the development of his cherished principles, and expansion of his known proclivities.
