THE RINGOLD ARTILLERY, Of Mifflin, number handsomely equipped and well drilled company.

SPEAKER OF THE HOUSE .- It seems to be generally conceded that our good looking friend. Mr. DAVIS, of Venango, will be the choice of the Republican party for Speaker of the House. He is well fitted for the position, and will make a courteous, dignified and popular officer.

GOVERNOR CURTIN.-For the information of office-hunters, and others, we deem it proper to state that the Governor elect will not visit the Capital of the State until a few days prior to the time fixed by law for his inauguration. We have no definite knowledge of his present whereabouts. -----

SKATING .- The ponds in this vicinity are covered with smooth ice, affording excellent skating, and the juveniles are improving the holiday school vacation to indulge in this exbilarating and healthful sport. The present beautiful moonlight nights are favorable for persons whose business prevents them from skating during the day.

DESERTER ARRESTED .- A few days ago as a company of soldiers were passing over the Lehigh Valley Railroad, en route for Carlisle. a difficulty arose between an officer and a private which resulted in the officer being knocked down. The private being fearful of the punishment which would inevitably follow this outrage on his superior, jumped off the train. He was consequently arrested and taken to the Carlisle military station.

THE REVIVAL MEETING in the Vine Street Methodist Church, commenced some two weeks sgo, is still in progress. The nightly meetings attract large crowds of young people, and there seems to be an increase of religious zeal and interest. For a few days past the pastor of the congregation has been assisted by Rev. Mr. Ross, of York, whose sermons are highly spoken of by those who have had the pleasure of hearing them. There will be preaching by Mr. Ross, this evening at the usual hour.

THE FRIENDSHIP BALL COMES OF next Monday evening in Brant's Hall, which is being magnificently decorated for the occasion. This will be among the largest, gayest and most recherche parties of the season, and strangers who wish to see the youth and beauty of the Capital City "in all their glory," should attend. We learn that tickets are in great demand, and our friends from abroad who design participating in the ball should secure them at once.

SCIOIDE.-Mr. J. Roland, an aged and respectable citizen of Perry county, recently committed suicide by cutting his throat with a knife. He was laboring under mental hallucination, and imagined that he was coming to want, whilst his circumstances were quite comfortable. His health was bad, and we learn that the physi cian whom he had consulted a few days before his death, gives it as his opinion that, had he not taken his own life, he would have died a natural death in about a month.

-----THE WEEK OF PRAYER .-- In response to the

BEFORE THE MAYOR .--- A weary tramper from

a further hearing.

"To the Victors BELONG THE Spoils."-This ing about forty men, will visit Harrisburg on should be the motto of the Republican party, the third Tuesday of January, to participate in and we hope to see it carried out by the Legisthe inauguration parade. This is said to be a lature in the dispensation of patronage. Last winter the sons of two or three Locofocos were provided for, to the exclusion of the sons of poor and deserving Republicans. If this game is played over again the present winter, there will be some "howling" done in the Republican camp. We make allusion to this matter thus early, in the hope that "a word to the wise will be sufficient." The victors are entitled to the

spoils, and should have them.

DIPTHERIA. - This disease has prevailed to some extent among the children of our city for skill of our physicians, it is not attended with elsewhere. To our knowledge but one case has resulted fatally, and the probability is that in this instance medical aid was not summoned in the preliminary stages of the disease. When parents find their children complaining of sore throat, they should send for a physician immediately for the disease, once seated, is very dif-

of the best medical men.

SPEAKER OF THE SENATE .- So far as we are familiar with the sentiments of Senators, there seems to be a general disposition to re elect Hon. ROBERT M. PALMER, of Schuylkill county, to the Speakership of that body. There are few abler men in the Senate, or in the State, than Mr. Palmer, and none better qualified for the position of presiding officer of an intelligent and dignified legislative body. A sound lawyer, an experienced parliamentarian, a hightoned and courteous gentleman, he would dis charge the duties of Speaker in such a way as to command respect and confidence, and win golden opinions from all his Senatorial associates. From present indications he will be the unanimous choice of the Republican caucus, and our political friends will do themselves honor by the selection.

A SAD INCIDENT .- While passing along east State street, the other evening, in company with a friend, we met a half-clad boy crying bitterly. Stopping to ascertain the cause of his troubles, the lad stated-his words intermingled with piteous sobs-that his mother father coming home that evening, and finding supper not ready, through her inability to prepare it, commenced cursing and swearing at her in a most shameful manner. Through utter prostration and fright she was unable to answer him, when the human brute struck her violently on the face. At sight of this cruel outrage the little son, with true manliness, rushed out of the house in search of a protector for his mother. There is no epithet in the english language that can properly express our abhorrence of such unnatural conduct. The man was drunk, of course, for no husband in his sober senses would be poltroon enough to lay his hands in violence upon the wife he had sworn to cherish and protect. Such a fellow ught to be held up to public scorn, but we suppress his name for the sake of his wife

and children. In these days when cheap and poisoned liquors abound, how quickly men can be transformed into demons! THE NATIONAL FAST DAY .-- We learn that some action was taken at the late meeting of the Pastors' Association, of this city, relative to the observance of Friday, the fourth of January, as a day of "humiliation, fasting and prayer," in accordance with the recommendation of President Buchanan. They decided to hold a general Union Prayer Meeting in the New School Presbyterian Church, at three o'clock in the afternoon of that day; leaving the Pastors of the various congregations to make such arrangements for morning and evening exercises in their respective churches as they might deem expedient. We presume there will be public worship and appropriate sermons in most of the churches. Whether there will be a suspension of business, and a general observance of the day by our citizens, we are not now prepared to announce. While condemning the insincerity and hypocrisy of the imbecile old traitor who issued the proclamation, we have no doubt that an honest and earnest compliance with its recommendations would result beneficially, for the prayers of righteous men availeth much; and the Book teaches us that righteousness exalteth a nation, while sin is a repreach to any people. In view, therefore, of the present deplorable condition of affairs, and the dangers which threaten us as a people, brought about by the most profilgate and corrupt rulers that ever cursed this or any other country, let the day appointed for "humiliation, fasting and prayer," be religiously observed ; and let the patriotic masses of our hitherto highly favored land unite in a simultaneous and earnest petition to the God of Nations to throw His protecting arms around this blood-bought Temple of Civil and Religious Freedom, and guard it from the assaults of the madmen and traitors who are now plotting its overthrow. In all ages of the world, nations that acknowledged the slighest allegiance to the King of kings, have humbled themselves in penitence, fasting and prayer, in seasons of impending calamity; and if ever, since the trying days of the Revolution, it was proper for the people of this country to do so, it is now, when the success and even the perpetuity of the grandest government the world ever saw. is trembling in the hands of weak, imbecile and impotent rulers, who are either designedly abetting treason, or do not realise the terrible PINET, CASTILLION & CO. responsibilities resting upon them. We would therefore suggest a general and strict compliance with the Presidential recommends tion, and cally, and console themselves with the hope of petuity of this Union, and the preserv ation of our civil and religious institutions.

ABREST OF FORGERS AND ROBBERS .- One Pat-Lebauon, named John Kroner, was before the rick Brett, and his wife Margaret, were arrest-Mayor this morning on a charge of vagrancy, ed to-day, charged with passing forged checks having passed the night in the lock-up He at the stores of Messrs. Epply and Urich & told the old story, "out of money and no Cowperthwait, in this city, several days ago.work." and was discharged. An old offender, The former purported to be signed by Simon Jack Hegins, was up for drunkenness and dis- Cameron, and the latter by John B. Simons orderly conduct. Not having slept off his On searching the house of Brett, a portion of drunk Jack was remanded to the lock up for the goods obtained on the checks, together with articles stolen from the store of Urich & Cowperthwait, were found concealed in a chaff bed. The parties had a hearing before one of

our Aldermen, and were committed to prison to await a trial. We received information of their arrest just before going to press, and have not time to give full particulars of the affair

MEETING OF THE HARRISBURG AND LANCASTER RAILROAD COMPANY.-A meeting of the stockholders of this Company was held in Philadelphia yesterday, to take action on the acceptance or rejection of the contract for a more permanent lease of their Road to the Pennsylvania Railroad Company. There was a large attendance of share holders. By instruction of the Chairman the roll was called, in order to ascertain if two weeks past, but thanks to the science and a majority of the stock was represented. This operation entailed a great expenditure of time, the terrible fatality which marks its progress | It was finally ascertained that there were 15,-490 shares represented out of 21,742, the whole number of shares. This being more than a quorum of the stock, the meeting proceeded to ousiness. Mr. Baker, the President of the Company, read the contract made with the Pennsylvania Railroad Company for the renewal of the lease of the Harrisburg and Lancasffcult to manage, and generally baffles the skill ter Railroad to the Pennsylvania Railroad.,-The substance of the contract is that the organ-

ization of the Harrisburg Company shall be maintained, and the lease be made for nine hundred and ninety-nine years; the Pennsylvania Railroad Company maintaining the road and paying the interest on the funded debt. and seven per cent. per annum on the stock,-As the cost of the Harrisburg Railroad is some \$95,000 greater than the amount represented by the existing number of shares, the Harrisburg Railroad Company is to be allowed to issue nineteen hundred shares of new stock, thus making the number of shares equal the cost of the work, and on this increased capital the Pennsylvania Railroad Company will pay seven per cent., which is equal to about seven and six-tenths per cent. per annum, on the present number of shares. The new stock to be issued is a fraction less than one to eleven. The profits since the last dividend in October are to be divided among stockholders; and the dividend periods, hereafter, are to be in January and July, instead of April and October. Attached to the contract was a resolution authorizing the Board of Directors to consummate the contract and the lease to the Pennsyvania Railroad Comhad been sick for three or four days, and his pany. A motion was made that the resolution be adopted. After a protracted and animated discussion, the vote was taken viva voce, on the ratification of the contract, and it was almost unanimously adopted. Several gentlemen ob jected to taking the vote in this way, and Mr. Thomas S. Smith called for a stock vote .-The Secretary stated his belief that under the charter of the company a stock vote was not necessary where there was a clear majority of stock represented at the meeting. The chairman announced that the question was decided in the affirmative. There being much objection to a viva voce vote in settlement of the question, a stock vote was called and ordered. The majority in favor of ratifying the contract was about ten thousand shares. The Pennsylvania Central Company will now take control of the Harrisburg and Lancaster road, causing an entire change of programme, and the dismissal of the Conductors and other employees of the

last named company.

COMPLIMENTARY .- At a late military festival in Pittsburg, among the regular toasts offered was one complimentary of our clever friend Gen. Williams, of this city, as follows : The health of Brigadier General Williams. Weave for him laurels as bright as ever decked a warrior's brow, its richest gems the gratitude and affection of his comrades.

The sentiment was responded to by General Negley, who paid an elegant and well-merifed ^{compliment} to the toasted gentleman, referring to his military accomplishments, and his gallant services on the tented field during the protracted and bloody war with Mexico. General Williams is talked of in connection with the Adjutant Generalship of this State, and no more competent man could be selected for that position. His appointment by Governor Curtin would give entire satisfaction to the Republicabs and be heartily endorsed throughout the State by men of all political parties.
