This is a purely vegets ble compound, prepared on strictly reflectific principles, after the manner of the celebrated Holland Professor, Boes have Its reputation at home produced its introduction here, the demand commencing with those of the Fatherland-scattered over the face of this mighty country, many of whom brought with them and handed down the tradition of its value. It is now offered to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have usen impaired by the commons use of ardent spiritis, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the sent of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

pale countenance and nervous de angement, aralysis of the blood show a deficiency of the red globules. Ruddy-complexion and a rosy tint of the skin, is always indicative of health; while a pale, wax-like skin and countenance,—which evinces a deficiency of the red globules,—accompanies a discassed organism. Preparations of Erom have been given for the purpose of supplying the red globules, but we contend that Erom alone. Sall platur alone, or Phosphorus alone, will not meet the deficiency in every case, but that a judicious combination of ALL these elements is necessory to restore the blood to its normal standard. This point, never before attained, has been reached in the Blood Food, and its discovery ranks as one of the most scientific and important of the age. Its effects in a property to the consumption.

The Amaigamation of Languages.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in coanaction with Mr. Spading's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrity pe and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born"

AP Headache is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain; and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, tilt too late to be remedied; and its indications abould never be neglected. Headaches may be classified under two names, vix by the same of the same of

Constination or Costiveness.

Constination or Costiveness.

No one of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often origit ating in carcle sness, or sedentary habits; it is regarded as a slight disorder of two little censequence to excite anxiety, while in reality it is the precursor and companion of many of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an unlinely grave.—Among the lighter evits of which costiveness is the usual attendant are Headache, Colls, Rheumatism, Foal Breatn, Piles and others of like nature, while a long train of frightful diseases such as Malignant Favers, Abcesses, Dysentery, Diarrhosa, Dysepeny, Apoplaxy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Crustipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whemever it cocurs, and no person should neglect to get a box of Coshahlo Pills on the first appearance of the complaint, as their timely use will expert the insiduous approach o disease and destrey this dargerous for to human life.

A Real Blessing.

Physician.—Well, Mrs. Jones, how is that hea dache?

Mrs. Jones.—Gone! Doctor, all gone! the pill you sent cured me in just twenty minutes, and I wish you would send more so that I can have them handy.

Physician.—You can get them at any Druggists. Call for Cephalic Pills, I find they never iail, and I recommend them in all cases of Headache.

Mrs. Jones.—I shall send for a box directly, and shall tell all my suffering friends, for they are a real blessing.

TWENTY MELIONS OF DOLLARS FAVED .-- Mr. Spaiding has

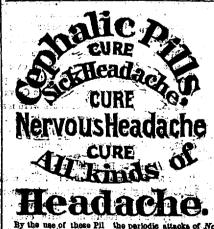

I WENTY MELIORS OF DOILERS CATE.—Mr. Spatching has sold two millions or bottles of his celebrated Prepared Glue and it is estimated that each bottle saves at least ten doilers worth of broken furniture; thus making an aggergated of twenty millions of dollars reelalmed from total loss by this valuable invention. Having made his Glue, a household word, he now proposes to do the world stirg greater service by curing all the aching heads with Cephalic Pills, and if they are as good as his Glue, Headaches will soon vanish away like snow in July.

APOVER EXCITEMENT, and the mental care and anxiety incident, to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint is a fatal, blow to all energy and ambition. Sufferers by this disorder can always obtain speedy, relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear.—It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tendon of the stomach which always accompanies and aggravates the disordered condition of the brain.

FART WORTH KNOWING.—Spaiding's Cophalic Pills are a certain eure for Sick Headache, Billious Headache, Nervous Headache, Cestiveness and General Debility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccinnation for protection from Small Pox, the Caphalle Pill for relief of Headache, and the use of Quinne for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are furgetten.

23 Dip you ever have the Sick Headache? Do you remember too throbbing temples, the fevered brow, the loating and disgust at the sight of food.
