I received your fav or of two

its valuable resuits. I remain, dear sir, yours,

A. C. RAYMOND.

AARONS RUN, Ky., Nov. 30, 1858.

Prof. O. J. Wood: Dear Sir.—I would certainly be doing you a great injustice not to make known to the world the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair-Restorative. Now, candor and justice compel me to an issue to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce the right and handssmer than the original was. I will therefore take occasion to recommend this invaluable remedy to all who may feel the necessity of it.

Respectfully yours,

REV. S. ALLEN BROCK.

P S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited: but if you think it wortuy a place among the rest, insert if you wish, if not destrey and say nothing.

Yours, &c., Key. S. A. B.

CONCENTRATED LEAVEN,

FOR MAKING

Bread. Tea-Cakes, all kinds of Pastry, &c.

MANUFACTURED BY

EDW. CHAMBERLIN & CO.,

Proprietors of Shawmut Chemical Works.

Proprietors of Shawmut Chemical Works.

No. 33 INDIA STREET, Boston.

ONCENTRATED LEAVEN is the result of careful chemical research. All its ingredicus are prepared in the highest state of purity, and compounded with a view to produce bread of a far better quality, and in much less time, than by any other process; and by the manufacturers submit it, with entire confluence, to the judgment of desriminating house-keepers, bakers, &c.

Bread of all kines made by using Concentrated Leaven is lighter, more digestible and nuitritious; has an agreea, ble, natural taste; is less liable to sour; will retain its moisture longer than by any other process, and the whole preparation for the oven need not exceed ten minutes.

inutes. It is valuable because it is not perishable, and may be

DIRECTIONS.

EREAEFAST AND TRA ROLLS.—Two or three teaspoonsful of Leav n. (according to the quality of the flour,) to one quart of flour; mix thoroughly by passing two or three throes through a sieve; rub in a piece of butter half the size of an egg, and make the paste with cold milk or water, (milk is preferable) barely stiff enough to permit rolling out. Much knearing should be avoided. Cut the to de sired form, and place immediately in a hot oven and bake outskiv.

HARRISBURG, PA., MONDAY AFTERNOON, DECEMBER 31, 1860

Medicai

# DR. JOHNSON, LOCK HOSPITAL

AS discovered the most certain, speedy and effectual remedy in the most in and effectual remedy in the world for DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS. No Mercury or Noxious Drugs.

Two Days. 63

Weakness of the Back or Limbs, Strictures, Pains to the Loins, Affections of the Kidneys and Bladder, Organic Weakness, Nervous Debritty, Decay of the Physical Powers, Dyspepsia, Langnor, Low Spitis, Confusion of Ideas, Pallitation of the Heart, Timidity, Tremblings, Diamess of Sight er Giddiness, Disease of the Stomach, Affections of the Head, Throat, Nase or Skin—those terrible disorders arking from the indiscretion or Solitary Habis of the Head, Tho a dreadful and destructive practises which produce constitutional debility, render marriage impossible, and destroy both body and mind.

YOUNG MEN

Young men especially who have become the victims of solitary vice, that dreaded and destructive note which annually sweeps to an untimely grave thousands of young mon of the most exalted talent and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to estasy the living lyre, may call with full confidence.

Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be **rest**ired to perfect health.

Immediately cured and full vigor restored.

It is valuable because it is not perishable, and may be rendered available in places and at times when yeast is not within reach, as at sea. In all climates and under all circumstances, it may be adopted, thus obviating all officulty of precuring yeast or other forme t, which is frequently of an inferior quality, ret dering the bread more or less unwholesome.

It is also valuable as regards economy, as it has been ascertained that a saving is effected in the flour of not less than 16 per cont. In the common procees, much of the saccharine of the flour is lost by being converted into carbodic acid gas, or spirit, and the waste is incurred solely for the purpose of generating gas to raise the dough. By using Concentrated Leaven this waste is avoided, and the gas obtained in a manner equally efficacious. Fermentation, as has been stated, destroys a part of the flour or meal, sud, in consequence, a barrel of flour weighing 196 fbs., which, by the common method, ordinarily makes about 250 fbs of bread, gives by this process 290 fbs., thus effecting the very important saving of 16 per cent. in the quantity of flour. By conformity to the directions on each package, any person capable of ordinary attention may conduct the process, and the result will invariably be highly satisfactory.

CERTIFICATE FROM DR. HAYES, Immediately cured and full vigor restored.

He who places himself under the care of Dr. J., may religiously confide in his honor as a gentleman, and con, fidently rely upon his skill as a physician.

All letters must contain a Postage Stamp, to use on the reply.

CERTIFICATE FROM DR. HAYES,

Assayer to the State of Massachusetts,

"I have analysed the Concentrated Leaven, manufactured by Messrs. Edw Chamberlin & Co., with reference to its purity and efficiency of action in producing the effect of yeast in distending dough, and thereby rendering it fit for making brend. This article is skillfully compounded, from perfectly pure material. It raises the dough without consuming the sugar or any other priociple in the flour, perfectly; and the same weight of flour will produce more sweet, palatable brend than can be obtained through yeast; while for cakes and pastry it is invaluable, as it saves all fisk, and much time of the pastry cook.

"The experiments made by me confirm the statements made by the manufacturers, and proves this compound worthy of public approval and extended use.

"Respectfully,

"A. A. HAYKS, M. D., State Assayer,

"16 Boylston street, Boston, September 25, 1850." DR. JOHNSTON.

Dr. Johnson member of the Royal College of Surgeons, London, graduate from one of the mest eminent Colleges of the United states, and the greatest part of whose life has been spent in the Hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears and head when asleep, great nervousness, being atarmed at sudden sounds, basifuness, with frequent blushing, attended sometimes with derangement of mind were cured immediately,

MENTALLY.

reduling out. Much knearing should be avoided. Cut into de sired form, and place immediately in a hot oven and bake quickly.

Loaf Bread.—The same proportions of Leaven and flour sifted together as above; unit the butter, abd make the paste still enough to knead into a loaf, and bake immediately in a slow oven.

Graham Bread —Three teaspoonsful of Leaven to one quart of wheat meal, sifted together; add one gill of molasses and two eggs; make the paste thin with milk and bake in a slow oven.

BROWN BREAD —Three teaspoonsful of Leaven to one pint of flour, and one pint of corn meal, all well sifted together; add two eggs and about a gill of molasses; make the paste thin with thick, and bake slowly.

BICKWERSET CARES—Flour and milk sufficient to make one quart of butter; add ene egg, then three teaspoonsful of Leaven; beat to a froth, and cook quick.

DEMPLICS.—Sift together one quart of flour and two teaspoonsful of Leaven; rub in a piece of butter half as large as an egg; mix with cold milk or water, and boil ten minutes.

come of consumption.

YOUNG MEN

of butter and a cup and a half of sugar; mix with cold mik or water to a stiff batter, add spice to suit the taste, and bake immediately.

Cincinnant Sponge Care—Two cups of white sugar beaten with the yolks of six eggs—the whitea of six eggs beaten to a froth; then beat all together; add three cups of siited flour, one cup of water, and three teaspoonsful of Leaven; flavor with two teaspoonsful of sesonce of le mon, and bake in a quick oven.

Junkles—Sift together one quart of flour and three teaspoonsful of Leaven; rub in one tea-cupful of butter, add a cup and a half of white sugar, and spice to suit the taste; mix stiff enough to roll out, and bake quick.

Electron Care.—One quart of flour and three teaspoonsful of Leaven sitted together; add a cup of butter, one pound of currants, two cups of white sugar, and one teaspoonsful of currants, two cups of white sugar, and one teaspoonsful of currants, two cups of white sugar, and one teaspoonsful of a slow oven.

Care Care.—One pint each of flour and Indian meal, and three teaspoonsful of Leaven, well sifted toge her; add one gill of molasses and two eggs; mix thin with mill, and bake in a slow oven.

Cup Care.—Five cups of flour and three teaspoonsful of Leaven, sifted together; add one cup of butter, two of sugar, and two eggs, all well beat together; then add a cup of currants, and spice to suit the taste. Eake about half an hour.

Ladies Care.—Three quarters of a pound of flour and requisites to promote connubiat happiness. Indeed without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

DR. JOHNSON'S INVIGORATING REMEDY FOR OR GANIC WEAKNESS.

By this great and important remedy, Weakness of the Organs are speedily cured, and full vigor restored. Thousands of the most nervous and debitated who had lost all hope, have been immediately relieved. All impe, iments to Marriage, Physical or Mental Disqualideation, Nervous, Trembiliae, Weakness or Exhaustion of the most feature kind, speedily cured.

TO STRANCERS.

5. The many thousands cured at this Institution within the last twolve years, and the numerous important Surgical operations poriormed by Dr. J., wheeseed by the reporters of the papers, and many other persons, netless of which have appeared again and again before the public, besides his standing as a gendement of character and responsibility, is a suificient guarantee to the afflicted.

Disk ASES OF IMPRUDENCE—When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those who, from education and respectability can alone befriend him, delaying till the constitutional symptems of this horrid disease make their appearance, affecting the head, throat, nose, skin, ac., progressing on with frightful rapidity, till death puts a period to his dreadful sudderings by sending him to that bourne from whence no traveler returns." It is a melancholy fact that thousands fall victims to this terrible disease, owing to the unskilfulness of ignorant pretenders, who, by the use of that deadly poison, mercury, ruin the constitution and make the residue of life miserable.

To Strangers.—The Doctor's Liplomas hang in his office.

mcc.

[From the Cincinnati Gazette ]

# The Charleston Forts.

The following letter is from a source that entitles its statements to implicit credit, and affords information in regard to the son's Mountain Herb Pills," has spent the greater part of his life in travelling, having visited nearly every country in the world. He spent over six years amon the Rocky Mountains and of Mexico, and it was thus that the "MOUNTAIN HERB PILLS" were discovered. A very interesting account of his adventures there, you will find in our Almanac and Pamphlet.

It is an established fact, that all diseases arise from character and condition of the Government fortifications in Charleston harbor not before made public:

Forts Moultrie and Sumpter are situated on opposite sides of the entrance to Charles. It is an established fact, that all diseases arise from ITMPURE BLOOD;

The blood is the life! and when any foreign or unhealthy matter gets mixed with it, it is once distributed to every organ of the body. Every nerve feels the poison, and all the vital organs quickly complain. The stomach will not digest the food perfectly. The liver ceases to secrete a sufficiency of bile. The action of the heart is weakened, and so the circulation is feeble. The lungs be come clorged with the poisonous matter; hence a cough—and all trum a slight impurity of the fountain-head of life—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivoletin a few minutes the whole course of the stream be, comes disturbed and discolored. As quickly does impure blood fly to every part, and leave its sting behind. All the passages become obstructed, and unless the obstruction is removed, the lamp of life soon dies out.

These pills not only purify the blood, but regenerate all the secretions of the body, they are, therefore, unrivalled as a ton harbor, and completely cover and command it. Fort Moultrie is on or adjacent to the land, and dwelling houses and other buildings are erected close up to the walls of the fort. It covers so large a surface that it cannot be successfully defended at all points by a garrison of less than three hundred men.

The present force in command of the place consists of two companies of infantry, which have not been recruited for three years, and have been reduced by death and expiration of terms of service, to sixtythree men, besides the band, who are not armed. They are under the command of Major Anderson, a gallant and loyal officer, who will doubtless make the best defence of which the place is capable.

Liver Complaint, Sick Headache, &c. This Anti-Billou Medicine expels from the blood the hidden seeds of disease, and renders all the fluids and secretions pure and fluent, clearing and resuccitating the vital organs.

Pleasant indeed, is it to us, that we are able to place within your reach, a medicine like the "Mountain Herb Pills," that will passdirectly to the afflicted parts, urough the blood and fluids of the body, and cause the sufferer to brighten with the flush of beauty and health. The adjacent buildings will furnish concealment and protection for an attacking force until they arrive at the walls of the fort. Experienced military men, well acquainted with the position, say that a force of two hundred and fifty men, by an attack, Judson's Pills are the Best Remedy in existskillfully planned and executed, can take the place with the present garrison, with a loss Bowel Complaints, Debility, Inward Weakness, Coughs, Fever and Ague, Liver Complaints Female Complaints, Lowness of Spirits, Chest Diseases, Costiveness, Indigestion, Stone and Gravel, Dyspanesia, Influenza, Sequendary Spirits, Stone and Gravel, Sequendary Sequendary Sequendary Sequendary Sequendary Sequendary Sequences (Sequendary Sequendary Sequences (Sequences Sequendary Sequences Sequendary Sequences Sequendary Sequences of from three to five men on the side of the assailants, and perhaps double that number Piles, Stone and Gravel of the garrison.

But this is not the worst view of the case. Fort Sumpter is built in the water, one thousand yards from the land. It can only be attacked, therefore, from water GREAT FEMALE MEDICINE!

Females who value health, should never be without these Pills. They purify the blood, remove obstructions of all kinds; cleanse the skin of all pimples and blotches, and bring the rich color of health to the pale check.

The Plants and Herbs of which these Pills are made, were discovered in a very surprising way among the Texucaus, a tribe of Aborigines in Mexico. Get the Almanac of our Agent, and you will read with delight, the very interesting account it contains of the "Great Medicause" of the Aztecs.

Observe.—The Meutain Herb Pills are put up in a Beautiful Wrapper. Each box contains 40 pills, and Retail at 25 cents per box. Ali genuine, have the signature of B. L. JUDSON & CO., on each box. craft. It is just finished, and is one of the strongest works in Christendom; mounted with thirty-two pound cannon, and supplied with one hundred rounds of ammunition for each gun. It is covered, bomb-proof, and can only be entered by the embrasures, which an attacking force must crawl thro one man at a time, and hence two men at one of these could defend it against five hundred.

With a garrison of one hundred and fifty men, it could only be successfully attacked by siege batteries and heavy ordnance, and then could withstand a seige of weeks, or perhaps mouths. The guns of this fort command Fort Moultrie, and could reduce it to a heap of ruins in twenty-four hours. Agents wanted always-Address as above. This And yet in this place there is not a single bayonet or a single soldier. It is in the custody of an engineer, with a few labor-ers, who have been engaged in mounting the artillery. Twenty-nive men can take Fort Sumpter, turn its batteries on Fort Moultrie, and drive out the garrison without the loss of a single man on the part of the attacking force. The Charleston arse-nal contains fifteen thousand old muskets that have been rifled and provided with percussion locks, and two thousand rifles. This has been surrendered to the State authorities, and is now in the possession and under the control of the sovereign and independent State of South Carolina, which is now in rebellion against the United

Castle Pinckney is located on the southern extremity of a narrow slip of marsh land, which extends in a northerly direction to Hog Island channel. To the harbor side the so-called castle presents a circular front. It has never been considered of much consequence as a fortress, although its proximity to the city would give it importance, if properly armed and garrisoned. From hasty observations, we find that, there are about 15 guns mounted on the parapet; the majority of them are eighteen and twenty-four pounders. Some "Colum biades" are, bowever, within the walls .-There are also supplies of powder, shot and shell. At present there is no garrison at the post; the only residents are one or two watchmen, who have charge of the harbor light. Some thirty or forty day-laborers are employed repairing the cisterns and putting the place generally in order.

A "SENSATION" DISPATCH .-- The New York Vanity Fair" thus travesties the sensational dispatches daily transmitted from the National For the Afflicted with Diseases which Capital to the Metropolitan press:

"Washington, Dec. -

Unless something happens immediately, it will be some time before anything occurs. The tone of the South is not very favorable to abolitionism, and if South Carolina successfully secedes, nothing can prevent her going out of the Union. Trouble in the Cabinet was reported last night, but unless supported by facts the rumor can have little foundation. The excitement here, in political circles, is not so great as it was before it began to subside, but it is still greater than before it reached its present

A CORN ITEM. - Corn may be scarce in Misouri and Kansas, but it certainly is not in Han cock county, Illinois. The Wareaw Journal of last week says:

The way corn is coming into this city is cheering indeed. Each distillery receives not less than one hundred wagon loads a day, while our warehouses and temporary corn houses are receiving to their capacity. The price is twenty cents per bushel.

DISTRESS IN NORTH CAROLINA.—The Raleigh "Standard" says: We hear already in North Carolina the notes of coming distress. Under the disunion panic which has been gotten up, specie is being hoarded, the banks have contracted their accommodations, creditors are pushing debtors, and the prospect is that a vast deal of property will be sacrificed under the Sheriff's hammer. Creditors will demand the

YOUNG MEN.

MARRIAGE. ORGANIC WEAKNESS

DR. JOHNSTON.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who having injured themselves by private and improper indulgencies, that secret and solitary habit which ruins both body and mind, unfitting them for either businessor society.

These are some of the sad and melancholy effects produced by early habits of youth, viz. Weakness of the Back and Limbs, Pains in the Head, Diraness of Sight, Loss of Muscular Power, Painhtation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the ligestive Functions, General Debnity, Symptoms of Censumption, 40.

MENTALLY.

MENTALLY, the fearful effects on the mind are much to MENTALLY, the learner recess on tennory, Confusion of Educas, Depression of Spirits, Evil Forehodings. Aversion to Society, Self-distrust, Love of Solitude, Timidity, &c., are some take twit effects.

Thousands of persons of all ages, can now judge what is the cause of their declines in beatth, losing their vigor, becoming weak, pale, nervous and emaciated, have a stugular appearance about the eyes, cough, and symptoms of consumption.

HUCKWHEAT CAEE.—Flour and milk sufficient to make one quart of butter; add one egg, then three teaspoonsful of Leaven; beat to a froth, and cook quick.

DOMPLIES.—Sift together one quart of flour and two teaspoonsful of Leaven; rub in a piece of butter half as large as at egg; mix with cold milk or water, and boil ten minutes.

CHAMBER STREET CAEE.—Sift together two large cups of butter and a cup and a balf of sugar; mix with cold milk or water to a stiff batter, add spice to suit the taste, and bake immediately.

What a plty that a young man, the hopes of his country, the darling of his parents, should be smatched from all prospects and enjoyments of life by the consequences of deviating from the path of nature, and indulging in a certain practice, in who have injured themselves by a cartain practice, in all suged in when alone—a habit frequently learned from evil companions, or at school the effects of which are nightly felt, even when asleep, and if not cured, renders marrings innoseible, and destroys both mind and body, which are nightly felt, even when asleep, and if not cured, renders marrings innoseible, and destroys both mind and body, which are nightly felt, even when asleep, and if not cured, renders marrings innoseible, and destroys both mind and body, which are nightly felt, even when asleep, and if not cured, renders marrings innoseible, and destroys both mind and body, which are nightly felt, even when asleep, and if not cured, renders marrings innoseible, and destroys both mind and body, which are nightly felt, even when asleep, and if not cured, renders marrings innoseible, and destroys both mind and body, when the marring innoseible, and destroys both mind and body, when a cartain practice, in aliged in when alone—a habit frequently learned from evil companions, or a school the effects of which are nightly felt, even when asleep, and if not cured, renders marrings innoseible, and destroys both mind and body.

effect that a sound mind and body are the most necessary

sugar, and two eggs, all well beat together; then add a cup or currants, and spice to suit the taste. Bake about half an hour.

Ladies' Cake.—Three quarters of a pound of flour and four teaspoonsful of Leaven sifted together; one pound of sugar and six ounces of butter beaten to a cream; the whites of eight eggs well beaten, and the juice of one lemon; mix with milk.

Wesster Cake.—Five cups of flour, three teaspoonsful of Leaven, three cups of sugar, one of butter, one of milk, and two eggs; fruit and spice to the taste. Bake about half an hour.

HARRISBURG, PENN'A.

prificily cured. J. Somehorder testines that his start Jane having been confined to her bed for nine years, and all that time speechless, and every day and night spasms on the chest, was then perfectly healed by Dr. Weichel, and has for five years since that time the use of her speech. Marg. Zimmerman testifies that having been totally blind in one eye for ten years, and in the other for one year, has received full sith of one eye by using Dr. Weichel's direction and medicine. John Meyer, of South Middleton township, Cumberland county, testifies that having totall; lost sight of the right eye for more than one year and a half by the gray cataract, and enployed reveral physicians without success, has received then under the treatment of Dr. Weichel in less than one year his sight so that he can read, and considers his cure to be accomplished.

In the same place other unexpected cures have been performed to wit: Mrs. Ann H. Myers having been deaf in a high degree for nine years of age, having been afficied for two years with spitting of blood, was cured by the Doctor.
