BLOOD FOOD.

Medical.

The attention of Invalids, Physicians, Ciergymen, sci entific men, and the public generally, is respectfully solicited to the merits of this chemical preparation, con-taining Iron, Suiphur and Phosphorus, and which is identical in its composition with the *Hematic Globule*, or red blood. In all diseases accompanied with

DEDITIVy pale countenance and nervous derangement, analysis of the blood show a deficiency of the red globules. Ruddy-complexion and a rosy that of the skin, is always indica-tive of health; while a pale, wax-like skin and counte nance, -which evinces a deficiency of the red globules, accompanies a discased organism. Preparations of Iron have been given for the purpose of supplying the red globules, but we contend that Iron alone, Sulphur alone, or **Phosphorus** alone, will not meet the defi-ciency in every case, but that a judicous combination of all these elements is necessary to restore the blood to its normal standard. This point, never before estained, has been reached in the Blood Food, and its discovery ranks as one of the most scientific and important of the age. Its effects in

## Consumption

UONSUMPTION are to soften the cough, brace the nerves, strengthen the system, allay the prostration inght sweats, increase the physical and mental energy, enrich the blood by re-storing the lacking red globules, increase the appetite, restore the color, and ciothe the skeleton frame with flesh. The Blood Food will be found a specific in all Chronic Diseases of the Throat or Lungs, such as Asthma, Bronchitis, Coughs, &c. Public speakers and singers will find it of great utility in clearing and strengthening the vocal organs. In Dyspensia, Liver Complaints, Dropsy, Frileysy, Paralysis, Scrofuld, Gravel, St. Fitus' Dance, fever and Ague, &c., its efficacy is marked and instantaneous. ## NEW IMPROVEMENTS, AT REDUCED PRICES.

THE WHEELER & WILSON Manufac-THE WHEELER & WILSON Manufac-turing Company having raised all their suits at law, with infringing manufacturers of Sewing Machines, propose that the public should be benefitted thereby, and have accordingly reduced the prices of their Sewing Machines. After this date they will be sold at rates that will pay a fair profit on the cost of manufacture, capital invested, and expense of making sales; such prices as will enable them to make first class machines, and, as heretofore, guarantee them in every particular. In accordance with the announcement above I will sell their splendid Cewing Machines at prices from \$45 to \$90 for the fine full case machines. It is a well estab-lighed fact that the

Wheeler & Wilson Sewing Machine is the best one in the market, the best made, most suple and least likble to get out of order, and they are now as low as the interior machines. Call and see them a Third and Market. del-6m W. O. HICKOK, Agent.

THE AMALGAMATION OF LANGUAGES.—There is a grow-ing tendency in this age to appropriate the most expres-sive words of other languages, and after a while to in-corporate them into our own; thus the word Cephalic, which is from the Greek, signify ing "for the head," is now becoming popularized in connection with Mr. Spald-ing's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electricity and many others whose dis-tinction as foreign words has been worn away by com-mon usage until they seem "native and to the manor born " Dyspepsia Remedy

**Age HEADACEE** is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise eccape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz :--Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the precursor of a great va-riety of diseases, among which are Apoplezy. Gout, Rheumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach consti-tuting sick headache, of hepatic disease constituting bi-dices of the bowels, as well as renal and uterine affect-ions. Diseases of the heart are very frequently attend-ed with Headaches, Anemia and plethora are also affec-tions which is requently occasion headache. Idiopathic Headache is also very common, being usually distin-guished by the name in nervous headache. Idiopathic and prostrating at once the mental and physical onergies, and in other instances it comes on slowly, heralded by depression of spirits or accrbity of temper. ## Constination or Costiveness.

Constituation or Costiveness. No one of the "many ills flesh is heir to" is so preva-lent, so little understood, and so much neglected as Cos-tiveness. Often origit ating in carcle-sness, cr seden-tary habits; it is regarded as a slight disorder of two little consequence to excile anxiety, while in reality it is tho precursor and companion of many of many of the most fatal and dangorous diseases, and unless early eradica-ted it will bring the sufferer to an untimely grave.— Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Brean, Piles and others of like nature, while a long train of frightful diseases such as Malignant Fevers, Abcesses, Dyscutery, Diarrhona, Dyspepsy, Apoplexy, Epilepsy, Paralyss, Hysteia, Hypochoodriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in C nstipation, but take on an inde-pendent existence unless the cance is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention when-ver it occurs, and no person should neglect to get a box of cephalic Pills on the first appearance of the complaint, as their timely use will expend the insiduous approach o disease and destrey this dangerous for the human life. A Real Blessing.

Physician. — Well, Mrs. Jones, how is that hea dachef Mrs. Jones. — Gone I Doctor, all gone I the pill you sent cured me in just twenty minutes, and I wish you would send more so that I can have them handy. Physician. — You can get them at any Druggists. Oall for Cephalic Pills, I find they never fail, and I recom-mend them in all cases of Headache. Mrs. Jones. — I shall send for a box directly, and shall tell all my suffering Kienda, for they are a real blessing.

TWENTY MILLIONS OF DOLLARS SAVED.—Mr. Spalding has sold two millions of bottles of his celebrated Prepared Glue and it is estimated that each bottle saves at least ten dollars worth of broken furniture, thus making an aggre-gregate of twenty millions of dollars reclaimed from total loss by this valuable invention. Having made this Glue a household word, he now proposes to do the word stil greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Head aches will soon vanish away like snow in July.

\* So OVER EXCITEMENT, and the mental care and anxie-ty incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this dis-tressing complaint is a fatal blow to all energy and am-bition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalie Fills whenever the symptoms appear. It quiets the overtasked brain, and soothes the strained and faring nerves, and relaxes the tension of the sto-mach which always accompanies and aggravates the dis-ordered condition of the brain.

Mr. RIDGWAY. The gentleman from Berks will allow me to explain. I do not object at all to the printing of these documents in German; I think it very necessary that they should be thus printed. But if it is necessary to print five thousand in German, it is certainly neces. sary to printy fifty thousand in English. Think, however, that ten thousand copies in English are fully sufficient and that the SPEAKER. English are fully sufficient, and that three thousand in German are quite enough. Mr. SMIIH, (Berks.) I could distribute that

number in my own county of Berks, for I know that every man there is anxious to read the Governor's Message. I have no doubt, too, that there are many Germans in Philadelphia who would be very glad to have a copy of the Message in their own language.

Mr. WILSON. Perhaps the gentleman thinks it necessary for each man to have two copies. The amendment of Mr. SMITH, (Berks,) was

not agreed to. Mr. COLLINS moved that "ten thousand" be stricken out, and that "seven thousand" be

inserted as the number to be printed in English. The amendment was not agreed to, and the original resolution was adopted.

RETIRING OFFICERS OF THE HOUSE.

Mr. HOFIUS offered the following resolution Resolved, That the officers of the late House of Representatives be retained' for the same length of time that the retiring officers of the House were retained in 1860. The resolution was read a second time.

Mr. COLLINS. I move to amend by insert-ing "except the Assistant Postmaster." The SPEAKER. I suppose the gentleman is aware that the Postmaster is not here at present.

Mr. COLLINS. Under the action of the House last year, the Assistant was retained throughout the entire session. I suppose that it is not the intention of the gentleman from Mercer, [Mr. Horrus,] that the Assistant should be so retained this year? Mr. FRAZIER. I beg leave to say that it is not the intention of the present Postmaster to ask for an Assistant throughout the term.

Mr. COLLINS. That is what I desired to know. If it is the understanding of the House that the Assistant Postmaster shall not be retained during the entire session, but only as heretofore for a short period of time, I have no objection and will withdraw my amendment; but if the intention of the resolution is to retain the Assistant throughout the session, I must insist upon my motion. I ask the gen-tleman who has offered the resolution to ex-

≡ FACT WORTH KNOWING.—Spalding's Cephalic Pills are a certain cure for Sick Headache, Billious Headache, Nervous Headache, Costiveness and General Debility.

GREAT DISCOVERY.—Among the most important of ail the great medical discoveries of this age may be con-sidered the system of vaccfunation for protection from Small Pox, the Cephalic Fill for relief of Beadache, and the use of Quinine for the prevention of Fevera, either of which is a sure specific, whose benefits will be experi-enced by suffering humanity long after their discoverers are forgotien.

AGE-Did you ever have the Sick Headache? Do you re-member the throbbing temples, the fevered brow, the loatbing and disgust at the sight of food. How totally unft you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes yon should always have a box of them on hand to use as occasion requires.
