Friday Afternoon, January 4, 1861.

ADJOURNED .- Both branches of the Legisla ture adjourned over yesterday, until 3 o'clock P. M. next Monday.

ROBBERY AT MIDDLETOWN .- The office of the Pennsylvania Railroad at Middletown was broken into on Tuesday and a large number of tickets carried away.

making arrangements for their usual anniversary celebration on the evening of the 28th inst. No doubt they will have a good time.

THE ICE CROPS .- Several private ice houses in this city have already been filled with the fine tion. The ice was obtained principally from the neighborhood of the islands in the Susquehanna.

ANOTHER SOLDIER GONE.-It will be observed by an obituary notice in another column, that another old soldier has departed from this stage of action. Mr. REESE was well known in this city as a highly respectable gentleman, and one who served his country faithfully in times which tried men's souls.

A CURE FOR RHEUMATISM .- Bathe the part affected in water in which potatos with their skins have been boiled, as hot as can be borne just before going to bed. By the next morning the gislature next Monday. pain will be much relieved, if not removed. One application of this simple remedy has cured the most obstinate rheumatism pains. This is vouched for by an English paper; it looks to us like an "old soldier," but if it be a remedy, God bless the afflicted.

TO REMOVE THE SMELL OF PAINT .- Place a vessel full of lighted charcoal in the middle of the room, and throw on it two or three handsfull of juniper berries ; shut the windows, the chimney and the door close. In twenty-four hours the room may be opened, when the sickly, unwholesome smell will be gone. The smoke of the juniper berry has this advantage; should anything be left in the room, such as tapestry, it will not be injured.

Dona Good Work .- The members of the Harrisburg Benevolent Society are earnestly engaged in the noble work of Charity, and we have reason to know are daily extending opportune relief to a large number of destitute families in our city. Benevolent citizens possessed of a sufficient competence of this world's goods would do well to aid in augmenting the resources of this Society, and thus increase its sphere of usefulness.

ANOTHER SECESSION .- The Chester County Times states that the inmates of the Almshouse in that county have determined to bear the encroachments of the county no longer, and have held a meeting and determined to secede. To make the case a parrallel one with the South Carolina secession, the Chester county authorities should furnish them with a complete supworld that the wrongs heaped upon them "justify" their course.

named John Saline, a resident of the sixth ward, while in a drunken condition attempted ANNIVERSARY CELEBRATION .--- The Washington to ascend a pair of stairs, when he fell, breaking Lodge of Good Templars, of this city, are his nose, and receiving other severe injuries, which it is feared may prove fatal. Dr. Seiler was summoned and is now rendering such medical services as the case requires.

APPOINTED.-The pages and pasters of both branches of the Legislature have all been ap-"crystal rocks" for next Summer's consump | pointed, although the lists of their names are not in a fit state for publication. We make this announcement to satisfy a number of applicants who, with an energy worthy a better cause. still cling around the Halls with the belief that there is yet hope for them.

> VISITING DELEGATION .- A delegation of citizens from Philadelphia have arrived in our city with a petition for presentation to the Legislalature signed by over ten thousand citizens of

Pennsylvania. The petition is several hundred feet in length, and will be presented to the Le-gislature next Monday.

WORTH REMEMBERING .- The most secure fast ening of your chamber door is a common bolt on the inside; if there is none, lock the door, turn the key so that it can be drawn partly out. and put the wash-basin under it, that any attempt to use a jenny, or put in anothey key. will push it out, and cause a racket among the crockery, which will be pretty certain to rouse

the sleeper and route the robber. CALIFORNIA.-At the late election in California

there were 119,000 votes polled. The National census of this year returns the population at rather more than four hundred thousand. By this it would seem that the male adult popula-tion is still out of all reasonable proportion to extra. 15,000 bus. red wheat sold at \$1 80@ the general aggregate. But her progress has, nevertheless, been permanent. An examination of statistics shows that within the past four years there has been a decrease of population in the mining counties, and an increase in the agricul

tural and trading counties. The change is a healthful one and speaks well for the future of the State.

THE JEWS AND THE CRISIS .--- The Jewish Messenger, of December 28, makes a strong editorial appeal to the Jews of the United States to observe the 4th instant as a day of prayer for

the preservation of the Union : "As Israelites, we have still weightier induce-" ties should furnish them with a complete sup-ply of means before they go, and declare to the world that the wrongs heaned mon them "ins-world that the wrongs heaned mon them "insthe source of happiness for our ancestors and ourselves. Wood's HATE RESTORATIVE.—Among all preparations for the hair that have been introduced as infallible, none has ever given the satisfaction or gained the popularity that Prof. Wood's Hair Restorative now has. His Restorative kas passed the ordeal of innumer-able fashionabis toilets, and the ladies, wherever they have tested it, pronounce it a peerless article. They find, wkerever they have tested it, pronounce it a peer-less article. They find, where the haur is thinned, that it creates a fresh growth—that it tully restores the ve-getative power of the roots on the denuided places, and causes the fibres to sho cot forth anew—that it disolves and removes dandruft, prevents grayness, restorrs the hair to its original color when grayness has actually su-pervened, gives a rich lustre, imparts the softness and it exibility of silk to the bair, and keeps it always lu rif-ant, healhy and in full vigor.—"N. We notice that our Druggists have received a supply of this article, and also of the world-renowned Dr. Enrow's IN. FANTUE CORDAL, which every mother should have. It is add to contain no paregoric or opiate of any kind whatever, and of course must be invaluable for all infan-tile complaints. It is also said that it will allay all pain, and soften the gums in process of teething, and at the same time regulate the bowels.
