## Daily Celegraph.

HARRISBURG.

Tuesday Atternoon, January 8 1861.

"WIDE AWAKE."-A special meeting of the State Capital Wide Awake Club will be held at the Wigwam this evening at the usual hour .-A full and punctual attendance is desired, for the transaction of important business.

RESIGNATION OF STATE TREASURER SLIFER. This morning Col. Eli Slifer, State Treasurer, sent in his resignation to the Governor, to take effect on Saturday next. An election to fill the vacancy thus created will be held by the Legislature to-morrow. Hon Henry D. Moore, as already announced, is the Republican nominee, and will receive the unanimous support of that party for the position.

BURGLARIOUS.—The burglars continue their operations in this city, and we occasionally hear of nocturnal visits to dwellings in various localities. A few nights ago one of the thieving fraternity effected an entrance into the residence of Mrs. Haldeman, corner of Front and Walnut streets. He was, however, interrupted in his progress, and fled without having secured any valuable booty.

A REMARKABLE INCIDENT.—A few days ago a school teacher of West Hanover township, in this county, was employed in pointing out some places on a map while instructing a class in Geography. While so engaged a pigeon came flying into the house, breaking a window glass, striking against the map, and then against the breast of the teacher, by whom it was caught without difficulty. As the teacher was taken ill soon after, the incident is regarded by many as an omen of his sickness.

CAUTION TO PARENTS.-We learn that a little child in this city was recently very ill from the effects of having sucked the paint from the head so common. Luckily, in this instance, nature children might not be thus fortunate at least | here to witness and participate in the inauguprecaution is better than cure—and we record ration ceremonies. The advent of the Governor these facts as a warning for all parents

CADETS OF TEMPERANCE. -A number of young men of this city will meet to-night in the Sons of Temperance Hall, for the purpose of organizing a section of Cadets of Temperance. It is expected that the Deputy Grand Patron, of Lancaster city, and the Grand Secretary, of Philadelphia city, will officiate on the occasion. The movement is a commendable one, and should be encouraged by all friends of the cause Parents, especially, who have sons, should take a lively interest in it.

LARGEST CIRCULATION .- The publication of the Letter List has again been awarded to the DAILY TELEGRAPH by the Harrisburg Post Master, under a law requiring it to be given to the newspaper having the LARGEST CIRCULATION within the Post Office delivery. This fact speaks for itself, and we commend it to the attention of our business men and advertisers generally. In addition to our large permanent circulation, the daily editions of the TELEGRAPH, during the session of the Legislature, will reach six to eight thousand.

TENDER OF SERVICES.—The Jackson Independ ent Blues, of Pittsburg, recently passed a resolution tendering their services to the Governor if needed in defence of the Union. Other mili tary companies, in various parts of the State, express a willingness to fight for the preservation of the Union, if it should become necessar to do so. The sons of the old Keystone are always ready to do their full share in crushing ont treason and rebellion, and maintaining "Union and Liberty, one and inseparable, now and forever."

TROOPS COMING.—The troops ordered from Fort Leavenworth by General Scott, are now en route for the South, and will reach our city in the course of a day or two. They will take the Northern Central train at this point, proceed to Baltimore, and thence to Fort M'Henry near that city: We learn that the balance of the troops at the Carlisle Barracks have been ordered to leave there on Friday, for the same destination. The vigorous movements of General Scott will soon bring the southern rebels to a proper realization of the dangerous position in which they have placed themselves. Seces sion is nearly "played out."

LECTURE BY A MEMBER OF THE LEGISLATURE. At a meeting of the Young Men's Christian Association, last evening, a committee was appointed to invite Wm. H. Armstrong, Esq., member of the House from Lycoming county, to de liver a lecture for the benefit of the Association. Should Mr. Armstrong accept the invitation, which we do not doubt, our lecture-going citizens may confidently anticipate a rich intellectual and literary treat. Within a few years Mr. A. has traveled extensively in foreign lands for the benefit of his health, and his lectures descriptive of the countries he visited are said to be original, refreshing, entertaining and instructive. He is a very pleasing and eloquent speaker, and the reputation which preceded him to the Capital will not fail to attract a large and appreciative audience, in the event of his consenting to lecture.

THE WEEK OF PRAYER .- The second of the series of prayer meetings, under the management of the Pastoral Association of this city, "for the speedy conversion of the world," took place last evening, according to announcement, ing fitful, feeble streams of nater upon the in the First Lutheran Church. There was a recharacterized by a degree of religious zeal and outset of their operations. earnestness worthy of the high and holy object supplications to the Throne of Grace of Chris-Presbyterian church, corner of Third and Pine name of the largest contributor formally adoptlievers." Hon. James Polloge. - In justice to this distinguished gentleman and gallant Republican, we deem it proper to state that he was not a day, en route for Carlisle, in pursuit of a fugicandidate in caucus for United States Senator, tive from justice. having formally withdrawn from the contest before the balloting commenced.

City Police.—We learn that an effort will be city, to be appointed by the Mayor and be under his supervision. Such an organization is very much needed in our large and populous city, and we have no doubt that the proposed measure will go through the Legislature without opposition. The people demand protection from thieves, burglars and rowdies, and are determined to have it from some quarter.

THEIR DESTINATION.—The detachment of United States Dragoons from Carlisle, who passed here on Monday over the Northern Central Railway, were taken to Harper's Ferry, where they remain subject to the orders of the Secretary of War. They number sixty-four men, rank and file, and are under command of experienced military men. Although accompanied by several buglers, the dragoons marched in silence through the streets of Baltimore, where their unexpected presence created quite :

GOVERNOR CURTIN'S APPOINTMENTS .- We are informed, by a gentleman who professes to speak by the card, that Governor Curtin has thus far made but three appointments, as follows: Col. Eli Slifer, Secretary of the Commonwealth; John A. Purviance, Attorney General; and a Mr. Miles, of Bellefonte, Messenger. The other announcements made by the Centre Democrat were unauthorized; and the various rumors now in circulation are unfounded and unreliable. The probability is that no additional appointments will be announced until after the Governor's inauguration.

GONE HOME.-Most of the politicians who were attracted to the seat of government by their interest in the United States Senatorial of one of those toy "crying babies," which are contest, left for home yesterday. Some of them went away jubilant, and others heart-heavy and relieved the stomach of the child of the poison disconsolate. In a few days our hotels will it had absorbed, and it speedily recovered. All again begin to fill up with strangers comingelect will also be followed by crowds of pocketpatriots, anxious to fill the offices in his gift not yet disposed of. On the whole we may look for immense crowds of people and lively times the greater part of next week.

MARRYING IN Fun.-One evening recently a party of young folks assembled at a house in a neighboring city, and in their general fun a proposition to marry was entertained by two parties who had then for the first time met.-In carrying out the joke it was suggested that the ceremony be immediately performed—the preacher residing near by. They went to the house of the minister to consummate the joke found the reverend gentleman in bed, awoke him and had the ceremony performed in the spirit of a joke, paid the fee in a joke, but the best part of the joke is that they have since learned the marriage was legally performed and is binding upon the parties engaging therein. We presume that the parties, who are both respectable, will mend matters by talking it down and eventually assuming in earnest what was intended as jest—the true relationship of man and wife—at least such would-be our advice.— This is a warning to folks who are fond of jest ing, and especially in affairs of such deep moment as the ceremony of marriage.

THE FIRST INAUGURATION BALL will come off our own dumbness and stupidity. And so they on Monday evening next, under the manageent of the Hope Fire Company; and as "Hivers" usually do right whatever they undertake, a gay and recherche party may be anticipated. Some two hundred ladies, comprising the "youth and beauty" of the city, will grace the occasion with their presence, and Governor Curtin and other distinguished strangers have to know, that the uncooked pullet sperm can accepted invitations to be present. The room will be gorgeously decorated and brilliantly illuminated, the best music in the city provided, a sumptuous banquet served up in the best style of the culinary art, and the whole affair conducted in such a manner that participants cannot fail to realize the highest degree of social be instructed in schools, but not on the hardenjoyment. We thank the gallant "Hivers" for a complimentary ticket, and hope to have ratus. There is much need for it, be assured the pleasure of mingling with them in the terpsichorean festivities incident to the Inauguration occasion. Strangers who wish to spend an evening pleasantly, "chase the glowing hours with flying feet," see the fair women of the Capital City in full costume by gas light, and have a good time generally, should purchase tickets and attend the Hope Inauguration Ball on Monday evening.

STEAM FIRE ENGINES. We have repeatedly urged upon our citizens the importance of aiding the Friendship Fire Company in their commendable efforts to procure a steam fire engine. Wherever these machines have been introduced their decided superiority over the old-hand engines is universally admitted. The Philadelphia Evening Bulletin, of yesterday, contains an Corner. item in point :-

In all tedious fires before the introduction of steamers, it was impossible to fully man the engines, after the novelty and excitement wore off, and it was painful to see a few wearied but earnest men toiling at the half-manned brakes, and throwflames. Steamers never become weary, and their streams were as powerful last evening afspectable attendance, and the exercises were ter nineteen hours service, as they were at the

> FAISE RUMOR.—A rumor prevailed here this FAISE RUMOR.—A rumor prevailed here this morning that the "Star of the West," on her way to Charleston, had been attacked by the Secessionists and fired into, and that Major Anderson was throwing hot shells into the city of Charleston, demolishing the rebels. The story could not be traced to any reliable source, and as our despatches make no mention of it, it is

Nor do I think I could easily conquer a certain
tingling of the finger-ends, and a peculiar combative tendency which will creep over my
usually quiet nature, when the soul-stirring

an army to the field, suddenly breaks upon my

Much less, in view of the fact that even Yankee Doodle, played on a two-stringed fiddle by a negro boy, seated upon a cotton bale, will cause emotions patriotic in character, would I guarantee to nerve my heart to utter forgetfulness of any other of our national melodies, endeared to us by so many recollections of brave ly-fought fields and hard-earned victories.

INCONSIDERATE PROPLE.—When will people become considerate? The brain was given to us for the purpose of judgment, and not for the mere filling up of the skull. Yet how few seem to act as if this were the fact. A very respectable widow lady directs her servant to wash the sidewalk the night before Sunday. The consequence is that the water freezes on the flagging, and a dozen people fall, and injure themselves. The widow says, be careful how you walk. The injured rail at the widow's stupidity in making ice on the thoroughfare. A frugal man buys cheap and unnutritious meat for his family, because he saves money in so doing. The family complain of pains and indigestion, and gradually become seriously ill. The frugal man wonders what can be the cause of this, but makes no inquiry to ascertain. Diseases arising from cheap food carry off two or three of the family, and the frugal man consoles himself by "bowing to the dispensations of Providence . The fair ereatures who grad the firedide go forth in all kinds of unpleasan weather, with thin soled shoes, instead of "pu gilistic gaiters." The next day they cannot account for a headache, and a tickling in the throat. A doting mother sits at an open window on a fair day, with her 'little ducksyucksy, asking the little creature to see things far beyond its feeble line of vision. The same night 'ittle ducker has the croup. What could have given it to the child? she asks the M. D.
