Such as Indigestion, Acidity of the Stomach, Colicky
Pains, Heartburns, Loss of Appetite, Despondency, Costiveness, Bilmd and Bleeding Piles. In all Nervous,
Rheumaile, and Neuralgio Affections, it has in numerous
instances proved highly beneficial, and in others effected
a decided cure.

This is a purely vegetable compound, prepared on
strictly scientific principles, after the manner of the celebratted Holland Professor, Boethave. Its reputation at
home produced its introduction here, the demand commencing with those of the Fatioriand statered over the
face of this mighty country, many of whom brought with
them and handed down the tradition of its value; It is
now offered to the American public, knowing that its truly
soonderful medicinal virtus must be acknowledged.

It is particularly recommended to those persons whose
constitutions may have seen impaired by the continuous
use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to
the seat of life, thrilling and quickening every nerve,
raising up the drooping spirit, and, in fact, infusing new
health and vigor in the system.

NOTICE—wheever expects to find this a beverage will
be disappointed; but to the sick, weak and low spirited.
It will prove a grateful aromatic cordial, peasessed of

Medical.

The attention of invalids, Physicians, Clergymen, set entific men, and the public generally, is respectfully solicited to the merits of this chemical preparation, containing Iron, Suiphur and Phosphor us, and which is identical in its composition with the Hematic Globule, or red blood. In all diseases accompanied with Debility,

pale countenance and nervous derangement, analysis of the blood show a deficiency of the red globules. Ruddy-complexion and a rosy tint of the skin, is always indicative of health; while a pale, wat like skin and countenance,—which evinces a deficiency of the red globules,—accompanies a diseased organism. Preparations of I son have been given for the purpose of supplying the red globules, but we contend that I ron alone, Sul phuralone, or Phosphorus alone, will not meet the deficiency in every case, but that a judicious combination of ALL these elements in necessary to restore the blood to its normal standard. This point, never before attained, has been reached in the Bigod Food, and its discovery ranks as one of the most scientific and important of the age. Its effects in.

THE AMAIGAMATION OF LANGUAGES:—There is a grow ing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic which is from the Greek, signify ing "for the head," is now becoming popularized in connection with Mr. Spald ing"s great Headache remedy, but it will soon be used it a more general way, and the word Cephalic will become as common as Flectr type and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born"

me so quick that I 'ardly resized I 'ad' ad an 'eadache.

****PHADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of discass which might otherwise escape attention, till too late to be remediee; and its indications should never be neglected. Headaches may be classified, under two names, viz.—Symptomatic and Idiopathic Symptomatic Headache is exceedingly commoniand is the precursor of a great variety of discases, among, which are Apoplexy, Gout, Rheumatism and all febrile diseases. It its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease, constituting billious headache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches; Anzimia and plebora are also affections which trequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a state of apparently sound heath and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of sprits or acerbity of temper. In most instances the pain is in the from of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named Neuralpias.

For the treatment of eithar class of Hexusche the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by life subtile power eradicating the diseases of which Headache is the unerring index.

Tanger.—Mis ans wants you to send her a bex of Cephalic Grid, no, a bottle of Prepared Pills,—but I'm to hiking that's not just it naither; but perhaps ye'll be after a knowing what it is. Ye see she's nigh dead and goe with the Sick Headache, and wants some more of that same as relaived her before.

Druggist.—You must mean Spalding's Cephalic Pills.

Bridget.—Och I sure now and you've sed it, here's the quarter and giv me the Pills and don't be all day about it aither.

Constination or Costiveness.

Constinction or Costiveness.

No one of the 'many ills flesh is heir to' is so prevalent; so little understood, and so much neglected as Costiveness. Onen' origin ating in carele eness, or sedentary habits; it is regarded as a slight disorder of two little consequence to excite anxiety, while in reality it is the precursor and companion of many of many of the most fatal and dangerous diseases, and unless early cradicated it. will bring the sufferer to an untimely grave.—Among the lighter eyils of which costiveness is the usual attendant are Headache, Colie, Rheumatism, Foul Breath, Piles and others of like nature, while a long train of frightful diseases such as Malgnani favers, Abcesses, Dysentery, Diarrhosa. Dyspepsy, Apoplexy, Epilepsy, Paralysis, Hynfaila, Hypothomariasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder, should receive immediate attention whenever it occlure, and no person should neglect to get a box of Cephalic Pilis on the first apparance of the compaint, as their timely use will expect the insiduous approach of disease and destrey this dangerous fiet to human life.

A Real Blessing. Physician.—Well, Mrs. Jones, how is that hea dache?
Mrs. Jones.—Gone! Doctor, all gone i the pill you sent cuted me in just twenty minutes, and I wish you would acad more so that I can have them handy.
Physician.—You can get them at any Druggists. Call for Cephalic Pills, I find they never fall, and I recommend them in all cases of Headache.

Mrs. Jones.—I shall send for a box directly, and shall tell all my suffering revenue, for they are a real blessing.

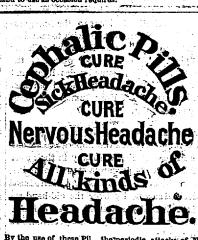

TWENTY MILLIONS OF DOLLARS SAVED .- Mr. Spalding has sold two millions of bottles of his celebrated Frepared Glue and it is estimated that each bottle saves at least ten dollars worth of broken furnisure, thus making an aggre gregate of twenty millions of dollars reclaimed from total-less by this value ble invention. Having made his Glue a household word, he now proposes to do the word stij greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Head aches will soon vanish away like snow in July.

aches will soon vanish away like anow in July.

The Over Excurring, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Caphalle Fills whenever the symptoms appear—It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the stordered condition of the brain.

R CHEAT IMPOOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccimation for protection from Small Pox, the Cephalic Fill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by a fibring humanity long after their discoverers are forgotten. R GREAT DESCOVERY .- Among the most important of all

ag-Ind you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the loating and disgust at the sight of food.
