

Daily Telegraph.

HARRISBURG.

Thursday Afternoon, January 10, 1861.

IN PRISON AGAIN.—A hopeful youth named John Melly, whose name has frequently figured in our police reports, was last night arrested by the Chief of Police for abusing and threatening to do personal violence to his father—an offence he invariably commits when under the influence of bad whiskey. The Mayor sent him to jail (the lock-up being full) for a further hearing to-day. "How sharper than a serpent's tooth it is to have a thankless child."

HORSE STOLEN.—Last night a horse was stolen from the stable of Mr. Jacob Hoke, of Susquehanna township, within a few miles of this city. Some time during the night a man on horseback applied to the bridge-keeper for permission to pass over, stating that he had no money. The request being denied, the fellow rode away. The presumption is that he was mounted on the stolen horse. This morning the Chief of Police telegraphed to officers in neighboring towns to keep a look-out for him.

THE WEEK OF PRAYER.—The prayer meeting this evening, "for the speedy conversion of the world," will be held in the German Reformed Church, corner of Third and Chestnut streets. Subject for discussion and prayer—"A large outpouring of the Holy Spirit upon Bishops, Pastors and Elders of the Churches, upon all Seminars of Christian learning, and upon every Protestant Missionary among Jews and Gentiles, upon the converts of his station, and upon his field of labor." The exercises of the week will close to-morrow evening.

LARGE FUNERAL.—The funeral of Mr. Frederick Hiney, whose death we announced in our last issue, took place this afternoon, and was very largely attended. The members of the various Lodges of Odd Fellows, delegations from nearly all the Fire Companies, and the employees of the Railroad Company, participated in the funeral obsequies. The burial rites at the grave, in accordance with the custom of Odd Fellowship, were of a very solemn and impressive character. The deceased, cut off in the prime of life, by accident, was an industrious and worthy man, and highly esteemed in the circles in which he moved.

NAME OF THE STEAM FIRE ENGINE.—The private contributions in aid of the purchase of a Steam Fire Engine were opened and announced last evening, at a meeting held for that purpose in the hall of the Friendship house. The largest contributor being Mrs. MARIAN YENCKE, wife of one of our City Councilmen, her name was formally adopted as that for the new steamer, which will be ordered in the course of a few weeks. The amount of the contribution, which is a very generous one, and the largest ever given by any one person in our city to a fire company, is withheld for the present by special request.

ANNUAL SERMON.—By special request of numerous friends of Rev. T. H. ROBINSON, of the new school Presbyterian church, we shall publish in the TELEGRAPH, to-morrow, the very able and interesting "Annual Sermon" delivered by that gentleman on Sunday evening last, in accordance with a custom which he has observed since his first connection with the congregation of which he is the esteemed Associate Pastor. This sermon, based upon the text, "The Lord hath made all things for himself," is devoted mainly to a review of the past year. Here, where Mr. Robinson's ability as a preacher is so well known and highly appreciated, no feeble word of praise from us is required to commend the sermon to general perusal. We may remark, *in passing*, that no one can rise from his careful reading without being interested, instructed and profited. An extra edition of to-morrow's TELEGRAPH will be issued, for the accommodation of persons desiring copies to send to their friends.

A SHOW OF COMPLIMENTS.—Our clever and intense Republican friend, Mr. GEORGE DUBB, recently elected to the position of Assistant Doorkeeper in the Senate, has been handsomely complimented by the papers in his district, of all political parties—an evidence of the personal popularity he deservedly enjoys among those who know him best. He was the master spirit of the Wide-Awake movement in Williamsport, and performed herculean labor for the party during the last campaign. The *Lycoming Gazette*, the home organ of Gov. Packer, which is very sparing of its compliments to political opponents, says: "The Republicans showed good sense in electing George. He carried his lamp as often and as gracefully as any Wide-Awake, last fall, and earned a party recognition. Beate that, he will make a good officer." Of course! And he will be on hand next fall to help "lay out" the *Gazette's* party in old Lycoming, as he has done in previous campaigns. "Bully for him."

PROCEEDINGS QUASHED.—A few days ago Mr. Charles S. Seglebaum, proprietor of a clothing store in Jones Row, was arrested on a charge of violating an ordinance, enacted in 1849, (published in a late issue of this paper), prohibiting the obstruction of pavements. A hearing of the case took place before the Mayor, and the charge being fully sustained, Mr. Seglebaum was ordered to pay five dollars fine and costs, amounting in the aggregate to nearly nine dollars. Subsequent investigation revealed the fact that the ordinance under which Mr. Seglebaum was arraigned had been repealed several years ago, whereupon the proceedings against him were quashed. A large number of ordinances enacted during the last ten or twelve years, have never been published; and the local laws generally are in such a confused condition, that it is impossible for the Mayor to act intelligently on complaints brought before him. The dusty old documents should be thoroughly overhauled, the ordinances revised, and a new statute book published, in order that the Mayor may act with confidence, and the people of our city know by what kind of laws they are governed.

THE MOUTH PIECE of a brass horn was found in front of this office last evening. The owner is requested to call for it.

THE UNION PRAYER MEETING will be held in the Presbyterian Church, corner of Market Square, to-morrow afternoon, commencing at four o'clock, as usual.

MUSICAL.—Arrangements are in progress for a grand vocal and instrumental concert, to be given in the St. Lawrence Church, Front street, on Tuesday evening the 22d inst. Some of the most accomplished lady and gentlemen amateur musicians in our city have volunteered their services for the occasion, and a very pleasant and entertaining soiree may be anticipated. The programme, which is an unusually attractive one, will be found in our advertising columns.

TOM THUMB COMING.—The numerous friends of the original General Tom Thumb, the smallest man living, will be pleased to hear that he designs giving a series of entertainments in this city shortly. Among other features, the General will ride in his miniature carriage, drawn by Lilliputian ponies, from the Jones House to Brant's Hall, previous to each entertainment, afternoon and evening. The General is a great favorite wherever he goes, and will attract large audiences in Harrisburg. The little folks, especially, will visit him in crowds.

SUIT FOR DAMAGES.—Mr. Charles A. Bannart, proprietor of a drug store in Jones Row, made complaint to the Mayor against his neighbor, Charles S. Segelbaum, for annoyance and inconvenience, caused by the latter obstructing complainant's window and pavement with store boxes. A suit was brought for damages, and the Mayor appointed seven o'clock last evening as the time for a hearing of the case. Before the arrival of the hour designated, however, the parties amicably "compromised," and the suit was withdrawn. Sensible!

READ IT.—We publish on the first page of this evening's TELEGRAPH the famous Proclamation of General Andrew Jackson to the South Carolina Nullifiers in 1832. It is a document admirably adapted to the present crisis, when traitors threaten to overturn the government, as they did twenty-eight years ago. This document, breathing as it does sentiments of the purest patriotism and devotion to the Union, should be carefully perused by every man into whose hands it may fall, and the paper containing it preserved for future reference.

THE INAUGURATION.—This morning Mr. Huhn, of Schuylkill, offered a resolution in the House, extending a cordial invitation to "all citizens, societies, and organizations of citizens, to participate in the inauguration ceremonies of the Governor," on Tuesday next. The resolution was ably advocated by the mover, Mr. Huhn, Mr. Patterson, Mr. Gordon and Mr. Williams; and opposed by the members of the committee of arrangements, Messrs. Irwin and Seltzer, and others. After a lengthy debate the resolution was postponed for the present, and the committee requested to report their action to the House as soon as practicable. So far as regards the Wide-Awakes, none of them will be in attendance as equipped organizations.

EXCURSION TICKETS.—For the accommodation of persons desiring to attend the inauguration of Governor Curtin next Tuesday, excursion tickets at reduced rates of fare will be issued by the officers of all the Railways leading to the Capital. From present indications the city will be thronged with people; and we shall be disappointed in our expectations if the number does not greatly exceed that assembled here on any former similar occasion. The probability is that many of the visitors will not be able to procure hotel accommodations; in which event we trust our citizens will exercise that generous hospitality which has always characterized them on such occasions.

THE OIL REGION.—The oil fever in the western portion of this State seems to increase with every new discovery. A Meadville paper says several gentlemen who recently made a pilgrimage to Mecca, in that county, state that at least fifteen hundred holes have been sunk, many of them producing more or less oil. Over one hundred steam engines are at work pumping oil and water, producing immense quantities of the latter, with a fair proportion of the former. One gentleman says Mecca reminds him of a good sized country village on the Fourth of July—town full of people running to and fro to "see the sights." No doubt the place is worthy of a visit to see what's doing, if nothing more. Guess we'll migrate, by way of recreation.

FIREMEN POLICE.—Some weeks ago the City Council passed an ordinance authorizing the appointment of three persons, by each of the fire companies, to act as special police officers for the protection of property from damage and thieves, in times of conflagration, and to be under the supervision of the Mayor, &c. So far as we are aware, no action has been taken in the matter by any portion of the fire department; for the reason, we presume, that Council made no provision for the payment of such special protective officers. No doubt our firemen would cheerfully comply with the ordinance, if properly remunerated for their services. We make a suggestion to this effect, and commend it to the consideration of our City Fathers at their next meeting.

GRAND PYROTECHNIC DISPLAY.—One of the attractive features of the inauguration festivities next Tuesday evening, will be a grand display of Fire Works, by the celebrated Pyrotechnist, Mr. Samuel Jackson, of Philadelphia. The exhibition is to consist of seven beautiful pieces, representing Stars, Revolving Globes, Mines of Serpents, Bombshells, Batteries, Sky Rockets, and a Grand Figure ending with a Flight of Rockets emblematic of the Thirteen Original States. The closing figure will be a representation of the American Shield displaying the name of ANDREW G. CURTIN, Governor of the State. The display will be the most magnificent of the kind ever witnessed in our city.—Mr. Jackson expects to arrive here on Monday morning to make the necessary arrangements, and the hour and place for the exhibition will be announced in the TELEGRAPH of that evening.

ARRIVAL OF GOVERNOR CURTIN.—We are advised that the Governor elect, Mr. CURTIN, will reach the Capital to-morrow evening, and stop at the Jones House, where quarters have been prepared for him.

EDITORS OF TELEGRAPH.—Dr. John Curwen, Superintendent of the Lunatic Hospital, was re-elected on yesterday for another term by the unanimous vote of the Trustees. Three guns were fired last evening in honor of his election. A PENNSYLVANIAN.

SERVICES TENDERED.—The Zouaves, of Pittsburgh, having tendered their services to Col. Curtin, Governor elect of this State, their commander has received answer that their tender will be filed on the arrival of the Governor at Harrisburg—though he hopes there will be no need for their services, should necessity arise they will be called upon.

TROOPS COMING.—The troops ordered from Fort Leavenworth to Fort M'Henry, which left the former place on Wednesday morning, comprising two hundred and fifty men, and nearly the same number of horses, will reach this city over the Pennsylvania Railroad, about six o'clock to-morrow morning, and remain here until the departure of the Baltimore train. Those of our citizens who wish to see a fine looking body of Uncle Sam's soldiers, should be at the depot in season.

MR. COWAN AT HOME.—On Tuesday night last, on the return of Mr. Cowan, United States Senator elect, to his home in Greensburg, a large crowd was at the depot to welcome him and testify their appreciation of the honor conferred on one whom they felt confident would sustain the high reputation which he now bears. Mr. C. was enthusiastically received and (a band of music, in attendance) escorted to his residence, where he received the congratulations of his friends, and after thanking them for their kind welcome, retired, and the crowd dispersed.

A FULL LOOK UP.—Seven voluntary lodgers occupied the lock-up last night. Henry Hart, Frederick Rouders, Daniel Gouldy, and the two "revolvers" who lodged there the night previous, all occupied the male apartment of the institution. A blind man, named Marshall, and his wife, lodged in the apartment allotted to females. This morning they were turned out to resume their professional operations on the street, and to-night will no doubt find all of them again seeking the friendly shelter of the asylum for vagrants.

CLAYED IN.—The foot walk on Third street across Blackberry alley partially clayed in yesterday. The Chief of Police immediately notified the Supervisor of the district, who promised to have the damage repaired. In this connection we again take occasion to remind citizens that there is a "complaint book" at the Mayor's office, in which all persons can register their complaints of nuisance, violations of municipal laws, etc., in the temporary absence of the proper officer, who will promptly attend to all matters thus brought to his notice.

JUVENILE THIEVES.—This forenoon two lads, young in years but old in crime, Christian Spayd and John Sexton, stole three dozen eggs from the wagon of a countryman, named John Stopfelf. The former was captured by officer Wickert and taken before Alderman Kline who committed him for trial. Sexton managed to escape and is still at large. These lads were "pulled" on a former occasion for stealing iron from Mr. Cox's steam saw mill, and it is supposed that they have operated extensively in market for some months past, in connection with other juvenile thieves.

THE SONS OF MALTA.—The State Convention of the Sons of Malta was held in Philadelphia city on Wednesday afternoon. A permanent organization was effected by the selection of the following officers:

For Grand Commander—Charles P. Muhlenberg, of Montezuma Lodge, of Reading.
For V. G. C.—Daniel C. Mudge, of Minnehaha Lodge, of Philadelphia.
For Grand Chancellor—George L. Fried, of Reading.
For Grand Treasurer—John Goforth, of Minnehaha Lodge.
For Grand Secretary—Horace L. Peterson, of Philadelphia.
For Grand Master-at-Arms—John H. Heckman, of Wyoming Lodge, of Easton.
For Grand Sentinel—Christian Stolz, of Reading.
After the usual business, the Convention adjourned to meet at Reading in June next.

APPLICATION FOR PARDON REFUSED.—A few days ago Senator Penny and Representatives Douglas and Burns, of Allegheny county, called on Governor Packer and presented a strong petition, backed by their personal influence, in favor of the pardon of John Lutz, the murderer, now confined in the jail of that county. The Governor is reported to have replied that he had done all for Lutz that he would ever do, and that he would hand over to his successor in office all the papers connected with his case, to do with them as he thought proper; and if petitions were presented to him signed by every citizen of Allegheny county, he would not interpose any further his clemency. He also asserted his determination to pardon no person during the remainder of his term of office.—Over thirty applications for pardon are now in the hands of the Governor, from Allegheny county alone, all of which he intends passing over to his successor.

WOOD'S HAIR RESTORATIVE.—Among all preparations for the hair that have been introduced as infallible, none have ever given the satisfaction or gained the reputation of Wood's Hair Restorative. It has been used by the most distinguished and the most successful of the world's hairdressers, and the ladies, wherever they have tested it, pronounce it a peerless article. They find, wherever they have tested it, pronounce it a peerless article.

It creates a fresh growth—that it fully restores the color to the roots on the decaying places, and causes the fibres to shoot forth anew—that it detaches and removes dandruff, prevents grayness, restores the hair to its original color, restores the hair to its original color, restores the hair to its original color.

THE publishers take pleasure in announcing the great success of the work, on which Mr. Parton has been several years engaged. The volumes already published have received with great enthusiasm by the public and the press, and the interest increases to the end of the biography. The third volume is now ready, completing the work.

In the present crisis, when the terrible evils which Jackson met so promptly, firmly yet temperately, again threatens to destroy us as a nation, this most impartial, thorough and exciting biography of this wonderful man must possess extraordinary interest to every lover of his country. He who would understand the politics of to-day must make himself familiar with the career of Andrew Jackson, and especially must know the history of his administration. How well Mr. Parton has related this, as well as the rest of Jackson's career, the Press abundantly testifies.
