THE USE OF DE. HOSTETTER'S STOMACH BIT ERS for Dys peysia, Flatulence, Heaviness of the Stomach. r any other like affections, is second to uone in America or abroad. To be able to state confidently that the Bitters" are a certain cure for Dyspepsia and like diseases, is to the proprietors a source of unafloyed pleasure It removes all morbid matter from the storadb, purifica tem, giving it that tone and energy so indispensible for the restoration of health. The numerous acknowledge ments of its superior excellence and beneficial results. have assured the proprietors that it cannot but prove a great cure to the afflicted, and impart vitality to the

th rough system. difference advertisement in another column, d19 IT IS A COMMON OBSERVATION that there are more sufferers from debility, among Americans, than can be found among any other civilized nation. The reason is obvious. We take too little exercise, and for get the wants of the body in the absorbing pursuits of buriness. In all such cases, ordinary medicines can do little good. What is required is just such a tonic and invigorator as Dr. J. Hostetter has given to the world, in his CELEBRATED "BITTERS." The weak and nervous denizen of the counting house, the exhausted toiler upon the shop-board, and the prostrated student of the midnight lamp have found a wenderful regenerator in the "Bit'ers," and prefer it to more pretentious, but less efthe agent which is so migical in its influence upon a frame which is mercly debilitated, is equally powerful in assisting nature to expel the most terrible forms of

sease. Who would not give it a trial? Sold by druggists and dealers everywhere. to see ad
