HARRISBURG Tuesday Afternoon, January 15 1861.

HARRISBURG Tuesday Afternoon, January 15 1861. HARPER'S MAGAZINE for February, just out, and for sale at 20 cents a copy, at Bergner's Cheap Bookstore, 51 Market street.

COURT.—Our Court of Quarter Sessions commenced next Monday. Quite a large number of cases are already on the criminal calendar of various grades Mauthlaughter, rape, larceny picking pockets, assault and battery surety of the peace &c.

THE NEW STEAM FIRE ENGINE.—At a late meeting of the Fire-ship Fire Company, a committee was appointed to proceed to the various cities, examine the different styles of steam fire engines in use, and contract for the building of a suitable one for this city. The committee intend leaving some time this week.

LAST TOWN.—Nearly all of the visiting military companies left to-night and to-day for their respective homes. From all we can learn their visit to our city was highly agreeable to them, and they all entertain a lively sense of the hospitable manner in which they were entertained by our citizens.

THE EXHIBITION OF THE FIREWORKS in the square last night, under the direction of Prof. Jackson of Philadelphia was a brilliant affair, and fully sustained the high reputation of that distinguished pyrotechnist. Notwithstanding the unfavorable state of the weather the occasion attracted an immense concourse of people to the square, who were highly pleased with the exhibition.

DISASTROUS ACCIDENT.—An interesting and only son of Mr. Jacob Walters, residing at the corner of Third and North streets, was accidentally run over, yesterday afternoon, by a sleigh, and so severely injured that he died this morning at two o'clock. Poor Willie was looking at the Newport Band, who were playing in the neighborhood, and, whilst crossing the street, a two-horse sleigh ran over him, injuring him to such an extent that all medical aid proved unavailing.

SPARKING OF THE WILLINGNESS on the part of the Palmetto traitors of S. C. to let the Union stand where the expenses fall on the North—say in the cost of the mails—Scroggs said he could parody "them" celebrated lines of Pope on that lay.

"Honor and fame from no condition rise, Act well your part, there all the honor lies," and thus Scroggs gave us the Palmetto reading.

"Honor from thine ills can't arise, Touch but our purse, then all our honor lies."

SEAMON TO YOUNG LADIES.—Rev. Dr. Robinson, of Brooklyn, who is laboring successfully in the revival meetings now progressing in the Locust Street Methodist Church, will this evening preach a discourse for the special benefit of young ladies. No doubt, all of that class who attend will be interested and profited.

HE designs following it to to-morrow evening with an address to young men. Since the commencement of this revival effort, our Methodist friends have enjoyed a refreshing season, and we hope that a large increase of spiritual prosperity in the church may be the result.

POLICE MATTERS.—James Dalley was before his Honor Mayor Kepner again this morning, on complaint of his better half, charging him with being drunk and abusing her. Sent over for thirty days, in order to give him a chance to sober up and reflect on his folly.

JO. RHINE, Jno. Mosh, Jos. Oliver, Henry Hart, Henry Souder, Chas. Weaver, Jake Walters, Jno. Fisher, Jno. Muncey, and Daniel Myers were in the Lock-up last night, some for being drunk, and others voluntary lodgers.—They were before the Mayor this morning, and after a hearing discharged and sent on their way.

A GALLANT COMPLIMENT.—Captain Waltman, of the 6th, of the efficient military corps under his command, the Mount Joy Washington Rifles, honored the TELEGRAPH office this morning with a salute, alike appreciated and complimentary. The Rifles are one of the most martial bodies of men in the Commonwealth, drilled to perfection, disciplined for service, and imbued with that civil life ardor which crowns the valor of the soldier with triumph and glory. They may yet be summoned to defend the honor of their country and maintain the laws of the land. When the summons comes they will shrink from no duty, or fail to follow where right and justice lead the way.

EDITOR OF TELEGRAPH.—In these exciting times, when States are arrayed against the Nation, and seceding from the Federal Union, the opinions of great men relating to the constitutional right of any one State, of its own will, to dissolve the bonds which unite us as a nation, are sought for by all inquiring minds; and it may not be amiss to publish such in the journal. I found their way into such as have not already, to call your attention. Allow me, therefore, to be found in the private diary of the late J. M. Fox, Esq., hoping I may not thereby trespass. If I have done so, I beg pardon. If I have done so, I beg pardon. If I have done so, I beg pardon.

December, 1850.—Dined, by special request, from Hon. JOSHUA RANDALL, with the Hon. DANIEL WEBSTER, on Christmas, at "Washington House," Philadelphia. Found him unexpectedly unreserved, social and very entertaining. Had his "own witness" with him, and I drank with him to the "Union," &c. I drank with him to the "Constitution," &c. and he with me to the "Union," and none to now. In answer to a question, he said: "You might as well expect an infant to secede from its mother's breast, as South Carolina to secede from the Union. He is the only great man I ever met, except perhaps Mr. CLAY, about whom there was no humbug."

PENNSYLVANIA STATE AGRICULTURAL SOCIETY.—An election for officers of this society was held yesterday afternoon. A somewhat excited contest was had for President, but the present officer, Col. JACOB S. HALDEMAN, was elected by a handsome majority. Hon. David Taggart, was Mr. Halde-man's competitor.

ELECTION FOR OFFICERS.—The following is the list of Officers elected for the ensuing year in the Friendship Fire Co., No. 1. President, A. W. Bergstresser; Vice-President, Geo. Earnest; Secretary, G. V. Cori; Assistant-Secretary, Chas. Yuengst; Treasurer, Andrew Schluyer; Chief-Engineer, Joseph Berrier; Assistant-Engineer, Peter Gardner.

PORTRAIT OF GOV. CURTIN.—A life size photograph, painted in oil, of Gov. Curtin, is now on exhibition in the rotunda of the State Capitol, and attracts much attention. The coloring of the portrait is distinguished for its mellowness and finish is admirable. The artist is Mr. N. Packer, of West Chester, formerly of Harrisburg, and we believe it is intended to offer it for sale to the State, to be placed among the portrait gallery in the reception of the Executive Department.

THE INAUGURATION BALL at Brant's Hall last night, was one of the most brilliant affairs of the kind that ever came off in our city. The spacious room was filled to overflowing with the gallantry and beauty of our city and various other sections of the State. The appearance of a number of gentlemen in military dress gave additional eclat to the occasion. At one time there could not have been less than two hundred ladies present, whose radiant smiles and brilliant costumes were cheerful to look upon. Music was furnished by the State Capital Brass Band, and Keefe's String Band of Lancaster. The dancing was kept up with spirit until the "wee small hours awant the twa," when the assemblage broke up, all apparently in the best possible humor with themselves and every body else. Much praise is due to the committee who had the arrangements of the ball in charge, for the happy manner in which they discharged their duties.

THE FLAG OF THE DOME OF THE CAPITOL.—The joint resolution, which passed the House of Representatives last week, will probably be called up in the Senate to-morrow, and there is scarcely a doubt that it will pass that body with the same unanimity which characterized its passage through the House. The flag contemplated by the resolution, is the "Pennsylvania Coat of arms Flag," which only differs from the American flag, by containing the coat of arms of Pennsylvania in the blue field, surrounded by the stars of the Union. For regimental flags of Pennsylvania, a number of which are in our State Arsenal, answering this description. The State adopted its coat of arms and its flag in 1789 and 1790. Since writing the above the amendments have been concurred in by the Senate with some slight amendments altering a few words. The amendments of the Senate were messaged to the House this morning, which body, however, refused to concur, and unless the Senate recedes the resolution fails.

MILITARY VISIT TO THE CAPITOL.—The Washington Artilleryists, Capt. Band, of Pottsville, accompanied by their fine brass band, paid a visit to the State Capitol, this morning. They first entertained a large and admiring crowd of spectators, by going through the drill manual at the tap of the drum, on the portico, after which they stacked their arms, and were escorted through the various parts of the building, which they inspected with apparently much satisfaction. The band of the Company also culminated the hall of the House of Representatives, by playing "Yankee Doodle," "Star Spangled Banner," and other popular airs. After the rendition of "Yankee Doodle," the members and others present gave three tremendous cheers, which made the time-honored chamber ring again. The Artilleryists was one of the finest looking companies on parade yesterday, and the precision of their drill and marching elicited universal praise. The Company left town on their return home, at 2 o'clock this afternoon.

LOCAL LEGISLATION.—The following is a copy of a bill read in place by our Representative, Mr. CLARK, last week. It has been referred to the Committee on the Judiciary (local). Supplement to "an Act to Authorize the County of Dauphin to borrow money." SECTION 1. MOTHERS, READ THIS.—The following is an extract from a letter written by the pastor of a Baptist church to the Rev. Wm. W. Phelps, of New York, Ohio, and speaks volumes in favor of that world-renowned medicine—Mrs. Winslow's Soothing Syrup for Children's Teething. We see an advertisement in your column of Mrs. Winslow's Soothing Syrup. Now we never said a word in favor of a patent medicine before in our life, but we feel compelled to say that we have used it on our baby—we have tried it, and know it to be all that it claims. It is, probably, one of the most successful medicines of the age, because it is one of the best, and those of your age who have babies can't do better than to use it.

NOTICE.—The sudden changes of our climate are causing a great many of our citizens to suffer from Croup, Hoarseness, and other affections of the Throat. Experience has proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should be had to "Brown's Bronchial Troches" or "Lauder's Cough, Croup, or Irritation of the Throat" be ever so slight, as by this precaution a more serious attack may be avoided. It is a safe, reliable, and effective remedy for clearing and strengthening the voice. See advertisement. del-2-dawm

WOOD'S HAIR RESTORATIVE.—Among all preparations for the hair that have been introduced as infallible, none has ever given the satisfaction or gained the popularity that Prof. Wood's Hair Restorative now has. It is a simple, safe, and effective remedy, and is a valuable, fashionable toilet, and the ladies, wherever they have tested it, pronounce it a peerless article. They find, wherever they have tested it, pronounce it a peerless article. They find, wherever they have tested it, pronounce it a peerless article.

PROF. WOOD'S HAIR RESTORATIVE.—This Restorative for making the hair grow, stopping its falling out, and restoring gray hair to its original color, is becoming celebrated. All the quick nostrums are giving way to this. WEAKNESS AND DEBILITY.—All who suffer from weakness or debility, where there is a want of energy, should at once have recourse to JUDSON'S MOUNTAIN HERB PILLS. They immediately purify the blood, and act on the system. Young persons entering into manhood, with a derangement of the functions; and to mothers at the time of their confinement, will find it a cautious in correcting the side of life that may be on the turn. Young and elderly men suffer in a similar manner at the same periods, when there is always danger, that they will be under the necessity of using this medicine, which ensures lasting health.

WE call the attention of our readers to an article in the Standard, columns, and Golden Broom Pills, it is an entirely new discovery, and must be used with it as one of the numerous patent medicines of the day. It is food for the blood, already prepared for absorption, and is a safe, reliable, and effective remedy, and is a valuable, fashionable toilet, and the ladies, wherever they have tested it, pronounce it a peerless article.

THE USE OF DR. HOEFTER'S STOMACH BITTERS for Dyspepsia, Flatulence, Heaviness of the Stomach, or any other like affections, is second to none in America or abroad. To be able to state confidently that "Bitters" are a certain cure for Dyspepsia and like diseases, is to the proprietor a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, imparts vitality to the system, and restores the system to its normal condition. The numerous acknowledgments of its superior excellence and the successful results, have assured the proprietors that it would prove a great cure to the afflicted, and impart vitality to the through system. See advertisement in another column. It is a COMMON OBSERVATION that there are more sufferers from debility, among Americans, than can be found among any other civilized nation. The reason is obvious. We take too little exercise, and forget the wants of the body in the absorbing pursuits of business. In all such cases, ordinary medicines do little good. What is required is just such a tonic as invigorator as Dr. J. Hoefter has given to the world in his CELEBRATED "BITTERS." The weak and nervous denizens of the counting house, the exhausted laborer on the shop-board, and the prostrated student of the midnight lamp have found a wonderful restorer in the "Bitters," and prefer it to more pretentious, but less efficacious medicines. But it should not be forgotten that the agent which is so magical in its influence upon a frame which is merely debilitated, is equally powerful in assisting nature to expel the most terrible forms of disease. Who would not give it a trial? Sold by druggists and dealers everywhere. See advertisement in another column. n20-2m

All Work Promised in One Week. WOOD'S HAIR RESTORATIVE.—We are not in the habit of puffing every new discovery, or in nine cases out of ten they are quick nostrums, but we take great pleasure in recommending Professor Wood's article, as it will restore the falling out or turning gray hair, by its curative effects, and we believe it to be the best hair restorative we have ever used, and received the universal endorsement of all who have tried it. We therefore recommend it as one of those few nostrums which accomplish all it professes, and all the bald and gray-cid desire.—Columbia Spy. Prof. Wood's Hair Restorative—in another column will be found an advertisement of this well known and excellent preparation for restoring gray hair to its original color. NEW ADVERTISEMENTS. ALWAYS SOMETHING NEW! STILL SOMETHING WHICH HAS MORE AND MORE POPULAR EVERY DAY. PROF. WOOD'S HAIR RESTORATIVE. OTHERS SAY OF IT, A Distinguished St. Louis Physician Writes. G. J. WOOD, Esq.: Dear Sir: I have the pleasure and satisfaction to transmit to you the beautiful effects of your Hair Restorative, after a trial of five years. I commenced using your Restorative in January, 1855, since which time I have had no occasion to use any other. When I commenced the use, my hair was quite thin, and at least one-third gray. A few applications stopped its turning, and in three weeks time there was not a gray hair to be noticed, neither has there been up to this time. After my hair was completely restored, I continued it by applying two or three times a week. My hair has ever since remained soft and glossy, and my scalp perfectly free from dandruff. I do not imagine the facts above mentioned will be of any particular advantage to you, or even flatter your vanity as much as they do me. I am well aware they are all known already and even more wonderful ones throughout the Union. I have occupied my time in traveling the greater part of the time the past three years, and have taken great pleasure in recommending your Restorative, and exhibiting its effects in my own case. In several instances I have met with people that have pronounced it a humbug; saying they have used it and without effect. In every instance, however, I proved, by probing the matter, that they had not used your article at all, but had used some other article said to be as good as yours, and selling at about half the price. I have noticed two or three articles myself advertised as above, which I have no doubt are humbugs. It is astonishing to me that you have an article of no reputation, when there is one at hand that has been proved beyond a doubt. Apparently some of these charlatans have not been brought to write an advertisement, as I notice they have copied your words for word in several instances, merely inserting some other name in place of yours. I have, however, in my private conversations, and in more than two thousand persons that have used your preparation with perfect success—some for baldness, gray hair, scald head, dandruff, and every disease the scalp is liable to, and have taken great pleasure in calling to you personally at your original place of business here, but learned you were now living in New York. You are at liberty to publish this or refer parties to me. Any communication addressed to me, care box No. 1,290, will be promptly answered. Yours truly, JAMES WHITE, M. D. WALKER SPRING, Perry Co., Pa., June 1, 1850.
