THE AMAIGAMATION OF LANGUAGES.—There is a growing tendeney in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spaiding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electritye and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born"

'ardly Realized.

Hi 'ad 'n 'orrithe 'eadache this hafternoon, hand I stepped into the hapothecaries hand says hi to the man, 'Can you hease me of an 'endache '?' 'Does it hache 'ard'' says 'e. 'Hecceedingly,' says hi, hand upon that 'e gave me a Cephalic Fill, hand 'pon me 'onor it cured me so quick that I 'ardly realized I 'ad 'ad an 'eadache.

Significant is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should nowr be neglected. Headaches may be classified under two names, viz:—Symptomatic and Idiopathic Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, theumatism and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting biblious headache, of worms, constitution and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches, anæmia and plethora are also affections which frequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances it comes on slowly, perhadic by depression of spirits or acerbity of temper. In most instances the control of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named Neuralgia.

For the treatment of either class of Heauache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtile power eradicating the diseases of which Headache is the unerring index.

ache is the unerring index.

l hidder.—Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills,—but I'm thinking that's not just it naither; but perhaps ye'll be after knowing what it is. Yo see she's nigh dead and gone with the Sick Headache, and wants some more of that same as relaived her before.

Druggist.—You must mean Spalding's Cephalic Pills.

Brüget.—Och I sure now and you've sed it, here's the quarter and giv me the Pills and don't be all day about it sithor.

Constination or Costiveness.

No one of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Cos No one of the "many ills flesh is heir to" is so prevanent, so little understood, and so much neglected as Costiveness. Often originating in careleisness, or sedentary habits; it is-regarded as a slight disorder of two little
consequence to excite anxiety, while in reality it is the
precursor and companion of many of many of the most
fatal and dangorous diseases, and unless early eradicated it will bring the sufferer to an untimely grave.—
Among the lighter evils of which costiveness is the usual
attendant are Headache, Colic, Rheumatism, Foul Breath,
files and others of like nature, while a long train of
frightful diseases such as Malignant favers, Abcesses,
Dysentery, Diarrhea, Dyspepsy, Apoplexy, Epilepsy,
Paralysis, Hysteria, Hypochondriasis, Meinancholy and
Insanity, first indicate their presence in the system by
this alarming symptom. Not unfrequently the diseases
named originate in Constipation, but take on an independent existence unless the cause is eradicated in an
early stage. From all these considerations it follows that
the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box
of Cephalic Pills on the first appearance of the complaint,
as their timely use will expect the insiduous approach o
disease and destrey this daugerous foe to human life.

A Real Blessing.

Physician.—Well, Mrs. Jones, how is that hea dache?

Mrs. Jones.—Gone! Doctor, all gone! the pill you sent cured me in just twenly minutes, and I wish you would send more so that I can have them handy.

Physician.—You can get them at any Druggists. Oall for Cephalic Pills, I find they never fail, and I recommend them in all cases of Headache.

Mrs. Jones.—I shall send for a box directly, and shall tell all my suffering friends, for they are a real blessing.

Twenty Millions of Dollars Saved.—Mr. Spalding has sold two millions of bottles of his celebrated Prepared Glue and it is estimated that each bottle saves at least ten dollars worth of broken furniture, thus making an aggregregate of twenty millions of dollars reclaimed from total loss by this valuable invention. Having made his Glue a household word, he now proposes to do the world stip greator service by curing all the aching heads with his Cophalic Pills, and if they are as good as his Glue, Head aches will soon vanish away like snow in July.

TOVER EXCITEMENT, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalle Pills whenever the symptoms appear. It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain.

FACT WORTH KNOWING.—Spaiding's Cephalic Pills are a certain cure for Sick Headache, Billions Headache, Nervous Headache, Cestiveness and General Debility.

g GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccfunation for protection from Small Pox, the Cephalic Pill for relief of Beadache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by stiffering humanity long after their discoverers are furcetten.

AG Din you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the loathing and disgust at the sight of food. How totally unfit you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use as occasion requires.

ous or Sick Headache may be prevented; and if taken a the commencement of an attack immediate relief fro

pain and sickness may be obtained. They seldom fail in removing the Nausea and Headach o which females are so subject.

They act gentlyupon the bowels,-removing Costiveness. For Literary Men, Students, Delicate Females, and all ersons of sedentary habits, they are valuable as a Laza. tive, improving the appetite, giving tone and vigor to the digestive organs, and restoring the natural elasticity and rength of the whole system

The CEPHALIC FILLS are the result of long investigation and carefully conducted experiments, having been in use in many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the nervous sys tem or from a deranged state of the slomach.

They are entirely vegetable in their composition, and may be taken at all times with perfect safety without making any change of diet, and the absence of any disareeable taste renders it easy to administer them to children. BEWARE OF COUNTERFEITS!

Mountain Herb Pills. THE inventor and manufacturer of "Judson's hountain Herb Pills," has spent the greater part of his life in travelling, having visited nearly every country in the world He spent over six years amon the Rocky Mountains and of Mexico, and it was thus that the "Mountain Herb Pills" were discovered. A very interexting account of his adventures there, you will find in our Almanac and Pamphlet.

It is an established fact, that all diseases arise from

IMPURE BLOOD:

The blood is the life! and when any foreign or unhealthy matter gets mixed with it, it is once distributed to every organ of the body. Every nerve feels the poison, and all the vital organs quickly complain. The stomach will not digest the food perfectly. The liver ceases to secrete a sufficiency of bile. The action of the heart is weakened, and so the circulation is feeble. The lungs be come cloged with the poisonous matter; hence a cough—and all from a slight impurity of the fountain-head of inje-tile Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivulet in a few minutes the whole course of the stream be, comes disturbed and discolored.
