The Amalgamation of Languages.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spaiding's great Headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Flectretype and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born"

'ardly Realized.

Hi 'ad 'n 'errible eadache this hafterneon, hand I stopped into the hapothecaries hand says hi to the man, 'Can you hease me of an 'eadache'?' 'Does it hache 'ard'' says 'e. 'Hexceedingly,'' says hi, hand upon that 'e gave me a Cephalic l'ill, hand 'pon me 'onor it cured me so quick that I 'ardly realized I 'ad 'ad an 'eadache.

me so quick that I 'ardly realized I 'ad 'ad an 'eadache.

***MEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as as aleguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz:—Symptomatic and Idiopathic Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Bhoumatism and all febrile diseases. In its norvous form it is sympathetic of disease of the stomach constituting sick headache, of hepatic disease constituting billions headache, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Hesdaches, Amemia and plethora are also affections which frequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a state of apparently sound heath and prostrating at once the mental and physical cuergies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named Neuralgia.

For the treatment of either class of Heauache the Cephalic Pills have been found a sure and safe remedy, relicing the most acute pains in a tew minutes, and by its subtile power eracticating the diseases of which Headache is the unerring index.

BEIDGET.—Missus wants you to send her a box of Cephalic Glue, no, a bottle of Prepared Pills,—but Pm til inking that's not just it maither; but perhaps ye'll be aftner knowing what it is. Ye see she's nigh dead and gone with the Sick Headache, and wants some more of that same as relaived her before.

Druggist.—You must mean Spalding's Cephalic Pills.

Bridget.—Och! sure now and you've sed it, here's the quarter and giv me the Pills and don't be all day about it sither.

Constination or Costiveness.

No one of the "many ills flesh is heir to" is so preva No one of the "many ills fiesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in careleseness, or sedentary habits; it is regarded as a slight disorder of two little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave.—Among the lighter evils of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breatn, files and others of like nature, while a long train of rightful diseases such as Malignant Favers, Aboesses, Dysentery, Diarrhea, Dyspepsy, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is oradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expert the insiduous approach o disease and destrey this daugerous foe to human life.

A Real Blessing.

Physician.—Well, Mrs. Jones, how is that hea dache? Mrs. Jones.—Gone! Doctor, all gone! the pill you sent cured me in just twenty minutes, and I wish you would send more so that I can have them handy.

Physician.—You can get them at any Druggists. Call for Cephalic Pills, I find they never fail, and I recommend them in all cases of Headache.

Mrs. Jones.—I shall send for a box directly, and shall tell all my suffering friends, for they are a real blessing.

TWENTY MILLIONS OF DOLLARS SAVED.—Mr. Spalding has sold two millions of bottles of his celebrated Prepared Glue and it is estimated that each bottle saves at least ten dollars worth of broken furniture, thus making an aggregregate of twenty millions of dollars reclaimed from total toss by this valuable invention. Having made his Glue a household word, he now proposes to do the world stip greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Head aches will soon vanish away like snow in July.

FACT WORTH KNOWING.—Spalding's Cephalic Pills are a certain cure for Sick Headache, Billious Headache, Nervous Headache, Costiveness and General Debility.

** Great Discovery.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccfunation for protection from Small Pox, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are foreotten.

How totally nfit you were for pleasure, conversation or study. One f the Cephalic Pills would have relieved you from all the suffering which you then experienced. JUDSON'S Mountain Herb Pills.

THE inventor and manufacturer of "Judson's Mountain Herb Pills," has spent the greater part of his life in travelling, having visited nearly every country in the world. He spent over six years amon the Rocky Mountains and of Mexico, and it was thus that the "MOUNTAIN HERB PILLS" wore discovered. A very interesting account of his adventures there, you will find in our Almanae and Pamphlet.

It is an established fact, that all diseases arise from

IMPURE BLOOD:

IMPURE BLOOD:

The blood is the life I and when any foreign or unhealthy matter gets mixed with it, it is once distributed to every organ of the body. Every nerve feels the poison, and all the vital organs quickly complain. The stomach will not digest the food perfectly. The liver ceases to secrete a sufficiency of bile. The action of the heart is weakened, and so the circulation is feeble. The lungs be come cloged with the poisonous matter; hence a cough—and all from a slight impurity of the fountain-head of life—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivulet in a few minutes the whole course of the stream be, comes disturbed and discolored. As quickly does impure blood fly to every part, and leave its sting behind. All the passages become obstructed, and unless the obstruction is removed, the lamp of life soon dies out.

These pills not only purify the blood, but regenerate all the secretions of the body, they are, therefore, unrivalled as a

CURE FOR BILIOUS DISEASES. Liver Complaint, Sick Headache, &c. This Anti-Bilion Medicine expels from the blood the hidden seeds of dis-ease, and renders all the fluids and secretions pure and fuent, clearing and resuscitating the vital organs.

Pleasant indeed, is it to us, that we are able to place
within your reach, a medicine like the "Mountain Herr the blicd and fluids of the body, and cause the suffered to brighten with the flush of beauty and health.

He also had three large cellars, filled with Brandy, Wire, &c., in wolft's sales of Schnapps last year amounted to one hundred and eighty thousand tozen, and we hope in less than two years he may be equally successful with his Brrudtes and Wines.

His business merits the patrouage of every lover of his species.
