# BLOCKADE OF THE MISSISSIPPI

Cannon Planted on the Banks.

VESSELS BROUGHT TO

INFAMOUS TREATMENT OF NORTHERN MERCHANI A STORE STREETING IN THE NORTH-WEST

Washington, January 24. Much indignation is excited here by the intelligence that cannon has been planted on the banks of the Lower Mississippi, to interrupt commerce and endanger the lives of unoffending citizens. When this outrage was recently charged in the speeches of Mr. Gurley and others, it was indignantly denied by Southern members. The confirmation now convicts them of misrepresentation. Such outrageous proceedings may pre-cipitate bloodshed, and, if it once begins on that river the traitors will be wiped out of ex-

Respectable Northern men engaged in trade, and well known along the Mississippi, have been infamously maltreated on mere suspicion of having voted for Mr. Lincoln.

### MARKETS BY TELEGRAPH.

Philadelphia. Jan. 24.

PHILADELPHIA. Jan. 24.

#### Riection of a United States Senator.

Madison, Wis., Jan 23, 1861. Timothy O. Howe, the Republican caucus nominee, was elected United States Senator by the Legislature to-day.

#### Davis' Pain Killer.

No MEDICINE is more prompt in its action in ases of Cholera, Cholera Morbus, &c., than Perry Davis! Pain Killer. It is the acknowledged antidote which seldom fails if applied in its early symptoms. No family should be without a bettle of it always on hand. The stain on linen from the use of the Pain Killer i

estly removed by washing in alcohol. Davis' Pain Killer seems particularly efficacious in holera morbus, bowel complaints, and other diseases which the natives of Burmah, from their unwholeson style of living, are peculiarly exposed. It is a valuable antidote to the poison of Centipedes, Scorpions, hornels Late Missionary in Burmah.

sold by all druggists, grocers and medicine dealers roughout the United States and Canadas. n18-1m

PURIFY THE BLOOD.

TO FARMERS.—VIRGINIA LANDS.—The undersigned is now prepared to furnish, in any quantities, from 100 to 1000 acres, or more-good farming or grazing lands, in Raudonb-MM adjacent connets, in Western Virginia, within 12 or 15 hours of Baltimore and 24 hours of N. Y. The lands are fertile: and well timbered, the climate very healthy, and so mild that sheep can be ordinarily wintered with very little feeding, and where a cow can be raised as cheap as a chicken nin New Bogland.

They will be sold cheap, and oneasy terms, or exchanged for improved property or merchandise.

Address, with Postage stamp, care of JOY, COE & CO Tribune Building, New York.

MOTHERS, READ THIS.—The following is an extract from a letter written by the pastor of a Baptist church to the "Journal and Messenger," Cinclunat, Dhio, and speaks volumes in favor of that world-nowned medicine—Mrs. Winslow's Soothing Syrup for Dhildren Teathing:

Dhio, and speaks volumes in a country in the country of the countr

NOTICE. COUGHS.—The sudden changes of our climate are sources of Pulmonary, Bronchial and Ashmatic Affections. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "Brown's Bronchial Troches," or Lozenges, let the Cold, Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be warded off. Public Speakers and Singers will find them effectnal for clearing and strengthening the velce. See advertisement.

WOOD'S HATR RESTORATIVE.—Among all preparations for the hair that have been introduced as infallible, none has ever given the satisfaction or gained the popularity that Prof. Wood's Hair Restorative now has. His Restorative has passed the orden of innumerable fashionable foilets, and the ladies, wherever they have tested it, pronounce it a peerless articlo. They find, wherever they have tested it, pronounce it a peerless articlo. They find, where the hair is thinned, that it creates a fresh growth—that it fully restores the vegetative power of the roots on the denuded places, and causes the fibres to shoot forth anew—that it dissolves and removes dandruff, prevents grayness, restores the hair to its original color when grayness has actually supervened, gives a rich lustre, imparts the softness and its tibility of silk to the hair, and keeps it always furnant, healthy and in full vigor.—"(N: X. Tribnne." Sold by all respectable Druggists de21 Im

PROF. Wood's HARE RESTORATIVE.—This Restorative for making the hair grow, stopping its failing out, and restoring gray hair to its original color, is becoming celebrated. All the quack nostrums are giving way before it. Three fourths of the mixtures for restoring and besuitfying the hist, do it more injury than good. They burn it up—destroy the fife of its roots—make the hair fall off, and produce premature haldness. But Prof. Wood's Restorative may be relied upon as containing nothing which can in any manner be injurious to the hair, while its success it accomplishing what it prelends to do has been verified in hundreds of cases. We advise gray heads, and heats getting baid—all who wish to save their wool or obtain a new stock, to get a bottle of Wood's Restorative —X. Y. Democrat.

Sold by all Druggists.

AT WE call the attention of our readers to an article advertised in another column, called Broop Food It is an entirely new discovery, and mustard be confounded with any of the numerous patent medicines of the day. It is food for the blood, already prepared for absorption; pleasant to the taste and natural in action, and what one gains he rotains. Let all those, then, who are suffering from poverty, impurity or deficiency of blood, and consequently with some chronic disease or aliment, take of this Broop Food and be restored to health. We notice that our Druggists have received a supply of this article, and also of the world-renowned Dr. Earny's Ir. yanning Comman, which every mother should have. It is said to contain us paregorie or optate of any kind whatever, and of course must be invaluable for all indamite complaints. It is also said that it will allay all pain, and soften the gims in process of teething, and at the same time regulate the bowels. Let all mothers and niurses, who have endured anxious days and sincepless n ghts, proonre a supply and be at once relieved.

Weakness and Debility.—All who suffer from weakness or debility, where there is a want of energy, should at once have recourse to JUSSON'S MOUNTAIN HERB PILLS. They immediately purify the blood, and act upon the maisspring of life, giving strength and vigor to the system. Young persons entering into we manhood, with a derangement of the functions; and to mothers at the turn of life, these Pills will be most efficacious in correcting the tide of life that may be on the turn. Young and elderly men suffer in a similar minumer at the same periods; when there is always danger, they should therefore undergo a course of this purifying medicine, which ensures lasting health.

This great Household Medicine ranks among the leading necessaries of life, as it is well known to the world that it cures complaints other remedies cannot reach this fact is as well established as that the Sur lights the World.

IT IS A COMMON OBSERVATION that there are more sufferers from debility, among Americans, than an be found among any other civilized nation. The reason is obvious. We take too little exercise, and forget the wants of the body in the absorbing pursuits of puriness. In all such cases, ordinary medicines can do ttle good. What is required is just such a tonic and in vigorator as Dr. J. Hostetter has given to the world, in bis CELEBRATED "BITTERS." The weak and nervous denizen of the counting house, the exhausted toiler upon the shop-board, and the prostrated student of the midlight lamp have found a wenderful regenerator in the "Bit'ers," and prefer it to more pretentious, but less efcacious medicines. But it should not be forgotton that the agent which is so magical in its influence r pon a frame which is merely debillated, is equally powerful

#### PROF. WOOD'S HAIR RESTORATIVE. SEE WHAT OTHERS SAY OF IT.

Distinguished St. Louis Physician Writes

A Distingulihed St. Louis Physician Writes

O. J. WOOD, Esq: Dear Sir: —Allow me the pleasure and satisfaction to transmit to you the beneficial effects of your Hair Restorative, after a trial of five years. I commenced using your Restorative in January, 1855, since which time I have not been without a bottle on hand. When I commenced the use, my hair was quiethin, and at least one-third gray. A few applications stopped its turning, and in three weaks time there was not a gray hair to be noticed, neither has there been up to this time.

After my hair was completely restored, I continued its use by applying two or three times per month. My hair bas ever c nitused healthy, soft, and gloesy, and my a alp perfectly free from dandruff. I do not imagine the a sta above mentioned will be of any perfectly and my a lap perfectly free from dandruff. I do not imagine the a sta above mentioned will be of any perfectly and even ore wonderful ones throughout the Union. I have only the state of the state of the state of the sime the past three years, and have taken price and pleasure in recommending your Restorative, and exhibiting its effects in my own case. In several instances: I have met with people that have pronounced it a humbug; saying they have used it and without effect. In every lustance, however, it proved, by probing the matter, that they had not used your article at all, but had used some new article said to be as gool as yours, and selling at about his the price. I have noticed two or three articles my-off advertised as above, which I have not doubt are numbugs. It is astonishing that people will patronize an article of no reputation, when there, in one at hand that has been proved beyond a doubt.

Apparently some of those chartans have not brains enough to write an advertisement, as I notice they hive-copied yours word for word in several instance; merals inserting some other name in place of yours.

I have, within the past five years, seen and talked with more than two thousand persons that have used your pre

WARM SPRINGS, Perry Co., Pa., June 7, 1869

WARM SPRINGS, Perry Co., Pa., June 7, 1869

Prof. WOUD, Dear Sir-I was induced more than a year ago to try your valuable Hair Restorative, for the purpose of cleansing my head of dandruff. I had sufficed with it upon my head for years, and had never been able to get anything to do me any good in removing it all though I had tried many preparations, until I saw, your advertisement in a Harrisburg paper. Being there as the time, I called at Gross & Runkle's drug stors, and bought a bottle, and now am prepared to recommised it to universal use, for it has completely removedal dandruff from my head, and an application once in two weeks teeps it free from any itching or other unplessantues.

I must also state that my hair had become quite white in places, and, by the use of your preparation, has been restored to its original color. I am now 50 years of age, and although I have used two bottles of the Restorative, no one has any knowledge of it, as I allow a few gray hirs to remain in order to have my appearance consultant in the proper in the strong and, although I have the proper many part of the incomment of great value, and, although I do not like to expose myself. I consider in my duty to do so. You can use this or any part of the incomment of the proper in the world any thing, to you.

A GENUINE BOON.—In our capacity as condustor of a public journal, we are caffed upon to advertise the curealls of the day, each of which claims to be unadulterated in its composition and infallible in its curative effects, with what justice we leave our readers to determine. Is one instance, however—Prof. Wood's Hair Restorative—we are so well assured of the notable qualities of the article, that we give it our indorsement as all that its inventor and vender claim it to be. Its effect upon a failing head of hair is universally known to be magical. Like lime or guann on exhausted land, it brings its crop wherever applied. Our own thatch is fortunately very healthy, but we advise our friends with spersely-growing hair to try the Restorative.—Columbia Sps.
