Constituation or Costiveness. No one of the "many ills flesh is heir to" is so preva-lent, so little understood, and so much neglected as Cos-tiveness. Often originating in carelessness, or seden-lary habits; it is regarded as a slight disorder of two little consequence to excite anxiety, while in reality it is the preoursor and companion of many of many of the most fatal and dangerous diseases, and unless sariy eradica-ted it will bring the sufferer to an untimely grave.-Amoing the lighter orlis of which costiveness is the usual attendant are fleadache, Colic, Rhermatiam, Foul Breatn, Piles and others of like nature, while a long train of frightful diseases such as Malignant Føvers, Abccases, Dysentery, Diarrhos, Dyspensy, Apoplexy, Epilepsy, Aratiysis, Hysteria, Hypochoudriasis, Melanchoidy and insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases hamed originate in Constigation, but fake on an inde-pendent existence unless the cause is eradicated in an early stage. From all these considerations it tollows that the disorder should receive immediate attention when-ever it occurs, and no parson should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expense the insiduous approach of disease and destrey this dargerous fire to kyman life.

The enquiries are, first, is is a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and or natural color? To all I can and do answer invariably. My hair is even hitter than in any stage of my like for 40 years past, more soft, thrilty, and better colored; the same is irre of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if oare were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great num ber ef I there from all parts of New England, asking me if my hair still continues to be good as there is so much fraud in the maufacture a goad as there is so much fraud in the maufacture a goad as there is so much fraud in the maufacture a goad as there is so much fraud in the maufacture a goad as there is so much fraud in the maufacture a goad as there is so much fraud in the maufacture a goad as there is so much fraud in the maufacture a goad as there is so much fraud in the maufacture a goad as there is so much fraud in the maufacture a goad as there is a goad as ever, and hund-reds have examined it with surprise, as I am now fi years old and not a gray hair in any head or on my face; and to prove this fact, I send you a look of my hair taken of the prast week.
