

Daily Telegraph

HARRISBURG

Tuesday Afternoon, February 5, 1861.

QUEER QUERIES.—In what car did the man ride who was "driven frantic?" What length of a line is requisite to take the soundings of a functionary who is beneath contempt? When a man revolves much in his mind does it make him feel dizzy? If all things are for the best, where do the rations of the second best come from? What is the exact width of a broad grin? We ask for information.

JUVENILE THIEF.—This morning a lad named George Johnson, about twelve years of age, was arrested on a charge of stealing old iron from Mr. John B. Tomlinson. After a hearing of the case before Aldermen Kline, the mother of the lad, who was present, stated that she intended sending him to a relative, a farmer in Clinton county, and the lad himself promising not to commit a similar offence hereafter, the complaint was withdrawn and the case dismissed.

ALL WELL THAT ENDS WELL.—Yesterday a young man, formerly a resident of this city, was arrested by the Chief of Police, on an information before the Mayor made by a young female who "loved not wisely but too well." The young Lothario sent for the injured one, and after some consultation a "compromise" was effected, both agreeing to be joined in the bonds of matrimony. The ceremony was performed by the Mayor, to the entire satisfaction of all present, when the parties went their way, determined to share the fortunes of each other "for better or for worse."

CORRECTION.—The item in yesterday's paper relative to the Vine street and West-Harrisburg Methodist churches, contained a slight error, which escaped our notice at the time. The name of the present pastor of the congregations is Mr. Carson, and not Martin, as printed in the article referred to. In this connection we may remark that Mr. Carson has given entire satisfaction during the past year, and is deservedly popular with the people under his ministrations. We learn that the members of the Vine street church intend petitioning Conference to continue him for another year.

HON. SIMON CAMERON.—At a public meeting held in Girard, Erie county, last week, in which Mr. Teller, a member of the Legislature participated, the question now agitating the country was freely discussed, and the prevailing sentiment of the meeting was that of Union. The following resolution was passed: Resolved, That in the person of Hon. Simon Cameron our United States Senator, we find one every way fitted to occupy the position of Secretary of the Treasury under the incoming administration, and that we urge upon him the acceptance of the same, believing it would best conduce to the interests of our great State, and satisfy his numerous friends.

WRAK IN THE KNEES.—Dough faced Northern politicians are not the only class subject to this nervous affection. This morning we met a well dressed stranger on Second street afflicted with weakness in the knees to such an extent that he could not maintain his equilibrium. After repeated desperate attempts to make headway, his legs became tangled and refused to do their office, and the poor fellow sank down on a door stoop, where he remained for a short time oblivious of his condition or whereabouts, an object of sport for mischievous juveniles. An officer finally came along and conveyed the unfortunate stranger to the retreat for inebriates in Walnut street.

EDINBORO NORMAL SCHOOL.—The examination of the Normal School, at Edinboro, Erie county, last week, by the Commissioners appointed by the Governor, proved satisfactory, and the institution is now recognized as a Commonwealth School, and will in due time receive the appropriation of \$10,000, and its scholars, under patronage of the State, from the various sections of the Normal School District to which the school belongs. The citizens of Edinboro have exhibited a commendable spirit of liberality and enterprise in their efforts connected with the establishment of this institution.—About \$25,000 has been raised by them in subscriptions, and expended in buildings and improvements, and the success of the school promises to pay them well for their investments as well as to add to the population and prosperity of the village.

TWENTY-SECOND OF FEBRUARY.—THE FLAG ON THE CAPITOL.—MEETING OF THE COMMITTEE.—The joint committee of the two Houses of the Legislature, to prepare a programme of the ceremonies to be observed on the occasion of raising the American Flag on the dome of the Capitol, on the 22d inst., met in the Speaker's room of the Senate last evening, and organized by appointing Gen. Wilson, of the House, Chairman, and Hon. E. C. CUMMINS, of the Senate, Secretary. The Committee were nearly an hour in session, but only partly perfected a programme. A resolution, tendering a special invitation to the Military, the Firemen, and the various civic associations of Harrisburg, and a general invitation to the military and firemen and civic associations throughout the State, was unanimously adopted. Hon. ROBERT M. PALMER, Speaker of the Senate, was chosen orator of the day, and E. H. RAYON, Esq., reader of Washington's Farewell Address. A separate Marshal for the military, one for the firemen, and one for the civic associations, will be appointed, the whole to be under the command of Gen. W. H. KIM, to whom all the military, fire companies and other associations designing to participate, are to report on or before the 21st inst. A committee was appointed to confer with the several railroad companies, with a view of inducing them to reduce their fares for the occasion. The committee have entered into the matter with a highly commendable spirit, and will leave nothing undone to get up a display worthy of the day and occasion, and creditable to the State. The committee met again this afternoon, but we have not learned their action.

ANNUAL REPORT OF THE PENNSYLVANIA RAILROAD COMPANY.—The annual meeting of the Pennsylvania Railroad Company was held yesterday in Philadelphia. There was a fair attendance of stockholders. Hon. Alexander Henry, Mayor of the city, presided. The Secretary, Mr. Edmund Smith, read the annual report of the Board of Directors. We subjoin an abstract of the document:

The fourteenth annual report opens by speaking of the gratifying fact that the increased cereal crops of the West and of Pennsylvania have benefitted the revenues of the Company. Up to December the monthly receipts were in excess of the previous year, but in that month the derangement of exchanges caused a decrease. But the interruption to trade cannot be temporary, to be followed by an increased traffic, from the healthy demand South and East, for the products of the West. With increased business, from the opening of new trunk lines, the competition between the roads which come for the trade of the West has increased, but negotiations have been made tending towards an amicable adjustment of the rates.—The Company has made a discrimination in freight, in favor of the steamboats running from Pittsburgh, which serves to equalize the steamboat and rail competition at that point. The operations of the company for 1860 were as follows:

Table with 2 columns: Item and Amount. Includes Earnings of the road, Expenses of operating the road, Net earnings of the road, etc.

Showing an increase of earnings of \$70,346 27 over 1859. Increase from passengers, \$38,080 84. Number of passengers carried 1,203,444. Increase of freight earnings over 1859, \$535,672 82, the larger part being due to increase of local freight. The tonnage of the road in 1860 was 1,346,525, exclusive of 124,597 tons of wood, coal, lumber and materials for the use of the Company, upon which no charge is made. Entire movement of coal 523,223 tons, an increase of 101,598 tons.

Four new locomotives have been added and copper fire boxes have been substituted for iron. The report explains the operations of the different departments, motive power, repairs of tracks, &c., and it is stated that but 68 5-10 miles of track are necessary to complete a double track throughout the whole line, from Philadelphia to Pittsburgh. By the completion of engine houses and machine shops at Harrisburg on April 1st, an important saving will be effected in the motive power and transportation departments, and the management of the road will be simplified.

About October 1st the extension of the line to the Delaware river will be opened. The bridge over the Schuylkill has been vigorously pushed, and the western abutment and pier are nearly finished. The cost of the masonry of the bridge will not exceed \$100,000. The iron superstructure will be built at the Company's shops and will cost about \$40,000. The river front of the Powelton estate has greatly improved during the past year, and it will soon be valuable and productive real estate.

The report further discusses the appearance, value, &c., of the Canals, and the means taken to increase their business and income. The Treasurer's statement shows the receipts of the Company from all sources, shareholders, loans, bonds, profit and loss, &c., for 1860, were \$2,407,124 14. Total expenditures, including cost of road, (less profit of road), cost of main line, cost of equipment, cost of telegraph, rent, &c., \$2,407,124 14. The sinking fund for the redemption of the second mortgage bonds now amounts to \$532,491, and it may be judiciously increased by the transfer to it of the stock and bonds of the Pittsburgh, Fort Wayne and Chicago Railroad, and other railroads now held by the Company. These assets it is expected will in a few years be worth the amount they cost the Company. The continuation of an annual payment of \$450,000 made last year to the State, on account of principal and interest due for the purchase of the Main Line from the profits of the year 1860, will extinguish that debt by the year 1869.

level of the railway. It was not deemed prudent, however, to make the outlay the present year. The report closes with the discussion of some minor matters. Appropriate reference is also made to the death of Vice President Foster, and complimentary allusion is made to Thomas A. Scott, Esq., who has been appointed Vice President since the last annual meeting, and Mr. Enoch Lewis, who has been chosen General Superintendent, in the room of Mr. Scott, who formerly held that position.

REV. DR. ROBINSON, whose sudden flight from this city we noticed yesterday, came here with unexceptionable recommendations, so that no censure can attach to our Methodist friends, who were deceived and imposed upon by the hypocritical pretender. He formerly preached in Brooklyn, and a few years ago went to Philadelphia, where he figured as a local preacher, occupied a creditable position in Methodist circles, and was regarded as a useful man in the church. It appears that Robinson's wife kept a fancy store in Philadelphia, employing several female clerks, among the number the girl who accompanied him to this city, where she formerly resided. It was in his wife's store that he first met this girl, the acquaintance culminating in a criminal intimacy between them, which has been kept up for several months past. In the meantime the arch-hypocrite, while serving the devil in secret, publicly sported "the lively of heaven," lead revival meetings, and labored with untiring zeal and enthusiasm in the church. But the mask has now been torn from him, and his "occupation's gone." He was seen in Altoona on Saturday, but our Methodist friends there having been fully advised of the follow's operations in this city, of course escaped being humbugged and victimized.

Robinson's paramour left yesterday morning, and has no doubt joined him by this time.—We suppress the girl's name out of regard for the feelings of members of her family who reside here and occupy respectable positions in society. It is to be hoped that Robinson, who is a man of talent, will see the folly of his ways, repent and do his first works over again.

THE REVIVAL MEETING in the Vine Street Methodist church, commenced nine weeks ago, is still in successful operation. The nightly meetings are largely attended and the altar crowded with mourners. A number of persons have been converted and connected themselves with the congregation.

THE MAN IN THE MOON. The man in the moon came down too soon To enquire the way to Norwich. He found it in the Sun, And rang his mouth And ran away to Georgia.

MITCHELL'S NEW GENERAL ATLAS FOR 1861.—This is Mitchell's latest and best attempt to furnish the American people with a complete Atlas, comprising a series of seventy-six maps and plans of different cities in the United States, with a full and accurate list of post-offices, arranged in alphabetical order, numbering some twenty-five thousand, and corrected census of the principal towns and cities according to the latest returns, and other statistical knowledge so important to every man of business. His maps are clear and distinct. The boundaries of each county and State are plain and distinct, the coloring beautiful, all combining to make it one of the most attractive and desirable works for the drawing-room or center table—a work every family ought to possess—while the low price at which it is furnished, places it within the reach of families of moderate means. The engravings are entirely new, being gotten up expressly for this work, and give a clearness to the lettering and lines of demarcation to the different countries, seldom met with.

WOOD'S HAIR RESTORATIVE.—Among all preparations for the hair that have ever been introduced as infallible, none has ever given the satisfaction or gained the popularity that Prof. Wood's Hair Restorative now has. His Restorative has passed the ordeal of innumerable fashionable toilettes, and the ladies, wherever they have tested it, pronounce it a peerless article. They find, where the hair is thinned, that it creates a fresh growth—that it fully restores the vitality of the roots on the denuded places, and causes the fibres to set off with a newness and softness, and removes dandruff, prevents grayness, and actually imparts a rich luster, imparts the softness and flexibility of silk to the hair, and keeps it healthy. Sold by all respectable Druggists.

WEAKNESS AND DEBILITY.—All who suffer from weakness or debility, where there is a want of energy should at once have recourse to JENSON'S MOUNTAIN HERB PILLS. They immediately purify the blood, and act upon the malnourished life, giving strength and vigor to the system. Young persons entering into manhood, with a derangement of the functions; and mothers at the turn of life, these Pills will be most efficient. Young and elderly men suffer in a similar manner at the same periods, when there is always danger, they should therefore undergo a course of this purifying medicine, which ensures lasting health.

BUY THE BEST. NORTON'S OINTMENT FOR SALT RHEUM AND SCROFULA, PERMANENTLY CURED. SALT RHEUM, SCROFULA, SCALD HEAD, FEVER SORES, RING-WORMS, BURNS, ITCH, AND ALL ITCHING OR BURNING SORES, AND BRUISES OF THE SKIN.

This Ointment bears no resemblance to any other equal remedy at present before the world. The mode of its operation is peculiar. It penetrates to the base of the disease—goes to its very source—and cures it from the first beneath the skin on the surface. It operates demorally, thus driving the disorder inward, and causing the disease to be cured at its source. Norton's Ointment, on the contrary, drives the poison of the disease upward, and every particle of it is discharged on the surface. Thus the cure it effects is complete. Not only are the sores healed—the eruptions removed—the swellings reduced—but the seeds of the disease are expelled from the system, and no return can be expected.

THE GREAT ENGLISH REMEDY. SIR JAMES CLARKE'S CELEBRATED FEMALE PILLS. Prepared from a Prescription of Sir J. Clarke, M. D., Physician Extraordinary to the Queen. This invaluable medicine is unfailing in the cure of all those painful and dangerous diseases to which the female constitution is subject. It moderates all excess and removes all obstructions, and a speedy cure may be relied on.

TO MARRIED LADIES. It is peculiarly suited. It will, in a short time, bring on the monthly period with regularity. Each bottle, price One Dollar, bears the Government Stamp of Great Britain, to prevent counterfeits.

DR. CHEESMAN'S PILLS. Prepared by Cornelius L. Cheesman, M. D., NEW YORK CITY. The combination of ingredients in these Pills are the result of a long and extensive practice. They are mild in their operation, and certain in correcting the most distressing nervous, rheumatic, and other affections, whether from cold or otherwise, headache, pain in the side, palpitation of the heart, whites, all nervous affections, hysterics, fulgus, pain in the back and limbs, &c., disturbed sleep, with all the train of morbidities of nature.

GRANVILLE STOKES' ONE PRICE CLOTHING EMPORIUM. No. 607 CHESTNUT STREET. A superb stock of the French, English and American CLOTHS, CASSIMERES, and VESTINGS. For City and Country Trade, with an unapproachable assortment of Ready-Made Gowns at the lowest cash prices.

TO CONSUMPTIVES. The Advertiser, having been restored to health in a few weeks, and a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow-sufferers the means of cure. He will send a copy of the Prescription used (free of charge), with the directions for preparing and using the same, which they will find a cure for Consumption, Asthma, Bronchitis, &c. The only object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which is so conducive to the health and happiness of the human race. He will send a copy of the Prescription used (free of charge), with the directions for preparing and using the same, which they will find a cure for Consumption, Asthma, Bronchitis, &c.

"GET THE BEST." WEBSTER'S UNABRIDGED DICTIONARY. NEW PICTORIAL EDITION. THIS DICTIONARY is acknowledged to be the standard wherever the English language is spoken. It is a work of extraordinary merit and value, and no scholar should be without it, as it is the best defining dictionary of the English Language, and a necessity to every educated man.

PURIFY THE BLOOD. MOFFAT'S LIVER PILLS AND PLEASANT BITTERS.—Free from all Mineral Poisons.—In cases of Scrofula Ulcers, Scarcy, or Eruptions of the Skin, the operation of the Life Medicine is truly astonishing, effecting a removal of every vestige of these loathsome diseases by their purifying effects on the blood. Bilious Fevers, Fever and Ague, Dyspepsia, Indigestion, Piles, and all the most distressing eruptions of the skin, are cured by their use. No family should be without them, as by their timely use much suffering and expense may be saved. Prepared by Wm. B. MOTT, M. D., New York, and sold by all Druggists.

HOLLOWAY'S PILLS AND OINTMENT.—ERYSIPELAS.—These deservedly popular medicines have met with astonishing success in the cure of erysipelas, king's evil, ring worm, scrofula, eruptions, and all inflaming affections of the skin. Other preparations may afford a temporary relief, but the combined action of these remedies will by their detergent and purifying properties effect a radical cure in the blood and system. Sold by all Druggists, at 25c., 50c. and \$1 per box or per pot.

LIQUORS AT COST! HAVING concluded to discontinue the business, we offer our large and complete assortment of FINE WINES, BRANDIES, and LIQUORS of every description at cost without reserve.

GREAT REDUCTION IN PRICES! WHEELER & WILSON'S SEWING MACHINES. NEW IMPROVEMENTS AT REDUCED PRICES. THE WHEELER & WILSON Manufacturing Company having gained all their suits at the lowest prices, and being desirous of increasing the number of their Sewing Machines, and after this date they will sell at prices that will give a fair profit on the cost of manufacture, capital invested, and expense of making sales; such prices will enable them to make first class machines, and sell to suit the pockets of all.
