THE TISTS OF DR. COX PROVEN WORTHLESS .-Last winter Dr. Cox, of Ohio, created some exliquor dealers to be drugged. He did the same thing in Carlisle, and on the strength of his analyzation a dealer in that place refused to pay a bill to a house in Philadelphia. In a suit brought for the recovery of this bill, practical chemists declared the tests of Dr. Cox unreliable, and the seller in Poiladelphia recovered the amount of his bill.

BEV. A. M. ROBINSON.-We have received a letter from this individual, dated at Pittsburg, in a high he most positively denies the several allegations made against him in the Telegraph. We shall be happy to publish anything that will exculpate the Rev. gentlemen, but if he expects to have it done by the threat that he will prosecute us, he will find himself grossly mistaken. We shall do justice to all, to the fullest extent, and await any communication over his own signature he may have to make, as have no desire to injure him in the least.

RAILROAD ACCIDENT .- As the passenger train was leaving the city, at noon, on the Dauphin and Susquehanna milroad, it ran into a char coal wagon, on Canal et, below State, and knocked down and one hoof badly cut by the car wheel. The hoof bled profusely, and it is don't ful whether the horse will ever be fit for miles an hour at the time of the accident. We are is formed that the owner of the team has entered suit against the company.

Every person ought to know this after giving the subject a moment's thought; yet p of la who are the leastable to bear it are bled to the amount of thousands of dollars, and receive in reality nothing for their money. FIRE AT CARLISLE .- The large brick building known as Education Hall, situate in Church alley, was discovered to be on fire, and before the flames could be extinguished the interior of the building was completely destroyed. The building is the property of the school directors, and was occupied by three schools on the lower story; the second story was used as a hall. All the school furniture and many of the school 1 ses were destroyed in the school rooms. In the hall, a large number of setters and other furniture were destroyed, and a large and valuable library (including the books presented several years since by Hon. L. Todd) so badly damaged as to be almost worthless. The damare to the building is covered by insurance in the Pranklin Insurance Company of Philadel-Phia. This was no doubt the work of an in-

In the Lock-Up. - On Thursday night fifteen lodgers occupied the lock-up, some bound for tried (or libel, in writing letters reflecting on Philadelphis, Reading, Carlisle and other places at a distance. Henry Pettit and wife were arrested and placed in the lock-up by ofsentenced to pay a time of \$100, and undergo ficer Radabough as strolling professional vagrants, old revolvers through the country begging money and spending it for liquor. Last night but one lodger was up and this morning hestarted for Lebanon.

HORSE AND BUGGY STOLEN AND RECOVERED. On Monday last a Philadelphia merchant hired per mile toll and two cents per ton per mile for a horse and buggy at Reading, drove to Hum melstown, in this county, left the team at Little's Hotel, and took the cars for this place. Next morning about 3 o'clock some person broke open the stable door, stole the horse and buggy, drove to this city and, fearing he would the tock of several of our large lager beer and the Seven Stars Hotel, took charge of the team, awaiting an owner. ARREST OF A BURGLER. - An attentive correspondent at Berrysburg informs us that last Monday morning, upon the oath of Benjamin D. Rigel, a man about 45 years of age, apparently near-sighted, wearing spectacles, and about 5 feet 10 inches high, was arrested by constable Drivler and brought before A. P. Lark, Esq., of Berrysburg, charged with having robbed the dition, except the slight expense of tuning it United Brethren church in Mifflin township, of semi-annually. But while we are boasting of some 14 bibles and 6 hymn books, belonging possessing a superior instrument, we have to said township. The stolen property was found, on inquiry, that all who possess a found in his possession together with a large found in his pessession, together with a large turned it completely around. In default of ball he was sent to the Dauphin county institute in Walnut street. Harrisburg. The burglar gives his name as John Hamilton, and says he hails from New York.

HEAVY ROBBERY AT PITTSBURG.-The dry goods store of W. Frank was entered on Tuesday night, and goods to the amount of \$8,000 carried off. The robbery appears to have been planned with consummate skill, and executed with unwonted coolness. After entering the cellar, access to which was had by prying open a door in the rear of the building, the thieves bored a piece out of the trap door, which enabled them to remove the bolts and open it at pleasure. In this way they gained access to the store. It is not known what time they entered the building, but they must have commenced operations early, as the establishment city. was thoroughly ransacked, and all the more valuable goods carried off. country has more rapid strides been made than in the manufacture of Piano-Fortes, the favor-ite, and, we may say, the universal musical instrument of the household. Every well-reg-ulated establishment must have its Piano; indeed, the parlor, with its gorgeous and luxure ious furniture, its pictures, its bronzes, its parrians, would be badly appointed without one. And it behoves every man in selecting an in-strument, not to fail in obtaining one of good tone and finish; for, like furnaces, ranges and cooking-stoves, the cherpest are by far the most roads, reported with amendments an Act to inexpensive. We know by experience—by pocket corporate the Lombard and South streets Passexperience-for, within a term of six years, we when the owner took the team back to Read-ing. The supposed thief is described to be a equal to anything in the market, yet they turned out to be miscrable rattletraps and tinkling cymbals compared to those of which we workmen failed in rendering them fit for an amateur artist to play Yankee Doodle upon in a satisfactory manner. We got rid of our 'bad bargains" one after another, at a sacrifice of course, nd were recommended to purchase one of Chickering's Parlor Grands, which we did, three years ago, and we can now asseverate that it was the only "good bargain" in the Piano line we ever made. It is truly a magnificent lastrument, and one that we are proud to have our friends listen to; and, moreover, it of ours. We find no exception to the rule.— The truth is, the Chicketing Piano has never found its rival in this country, and if we can put full credence in the great musical celebrities from abroad, Europe has failed to produce a more perfect instrument. It is, therefore by no means singular that to the Messrs. The number of Gold and Silver Medals which they have from time to time received forms only a right and intesting number of the prize. crived, forms quite a rich and interesting numismatic collection, and it is generally admitted that they have never bore away a prize that they were not fully entitled to.

The Senate dispensed with going into Committee of the Whole, and the bill being before the Senate on second reading,
Mr. LANDON called for an explanation of the provisions of the bill.

Mr. KETCHAM explained the object of the bill. In the other counties surrounding Luzerne county, there were not sufficient inducements for companies to locate there. This Act proposed that by paying one license to the State in Luzerne county, these companies should be allowed to extend their operations to the surrounding counties. There was no monopoly n the matter to be given to Luzerne count pecause the license thus paid went into the Treasury of the Commonwealth. The people in that portion of the State had stood by their own home insurance companies until they had peen inflicted by bogus insurance companies.-The agency asking for the passage of this bill was an old established one. He hoped for the benefit of the people that the Act would pass.

The bill was then read and ageeed to; and the rules being suspended passed finally. On motion of Mr. GREGG, the Senate then Adjourned.
