A Distinguished St. Louis Physician Writes

A Distinguinted St. Louis Physician W writes Sr. Louis, July 10, 1860 O. J. WOOD, Esq.: Dear Sir :- Allow me the pleasure and satisfaction to transmit to you the beneficial effects of your Hair Restorative, after a trial of five years i commenced using your Restorative in January, 1855, since which tima I have not been without a bottle on hand. When I commenced the use, my hair was quite thin, and at least one-third gray. A few applications stopped its turning, and in three weaks time there was not a gray hair to be noticed, neither has there been up to this time.

JAMES WHITE, M. D. WARN SPRINGS, Perry Co., Pa., June 7, 1850. Prof. WOOD, Dear Shr.-I was induced more than a year ago to try your valuable Hair Restorative for the purplese of cleansing my head of dandruff. I had suffered with it upon my head for years, and had never been able to get apything to do me any good in removing it, al though 1 had tried many preparations, until I saw your advertisement in a Harrisburg paper. Being there at the time, I called at Gross & Kunkle's drug store, and bought a bottle, and now am prepared to recommend it to universal use, for it has completely removed all dand. ruf from my head, and an application cnce in two weeks keeps if free from any lishing or ther unpleasantness,.-I must also state that my hair had become quite white in places, and, by the use of your preparation, has been restored to its original color. I am now 50 years of age, and although I have used two bottles of the destorative, no one has any knowledge of it, as 1 allow a few gray hairs to remain in order to have my appearance com-port with my age. My head is now of less trouble to me in keeping it clean, &c., than at any time since I have been a child. I consider your preparation of great value, and, although I do not like to expose myself, I consider is my duty to do so. You can use this or any part of it is any shape you think proper, if it is worth any thing to you: """" """."" "H. KTTER.
