I have, within the past aye years, seen and talked with more than two thousand persons that have used your preparation with perfect, success—some for baldness gray hair, soald head, dandruff, and every disease the scalp and head are subject to.

Prof. WOOD, Dear Sir.—I was induced more than year ago to try your valuable Hair Restorative for the purpose of cleansing my head of dandruff. I had suffered with it upon my head for years, and had never been able to get saything. We do me any good in removing it, although I had tried many preparations, until I saw your advertisement in a Harrisburg-paper. Being there at the time, I called at Gross & Kunklels drug store, and bought a bottle, and now am prepared to recommend it to universal usel-for it has completely removedall dandruff, from my head, and an application once in two weeks keeps it free from any itehing or other unpleasantness.—I must also state that my hair had, become quite white in places, and, by the use of your preparation, has been restored to its original color. I am now 50 years of age, and although I have used two bottles of the Restorative, no one has any knowledge of it, as I allow a tew gray hairs to remain in order to have my appearance comport with my age. My head is now of less touble to me in keeping it clean, ac, than at any time since I have been a colid. I consider your preparation of great value, and, although I do not like to expose myself. I consider it my duty to do so. Vou can use this or any part of it is any shape you think proper, if it is worth any thing to you.

should apply immediately.

What a pity that a young man, the hopes of his country, the darling of his parents; should be anatched from
all prospects and enjoyments of life by the consequences
of deviating from the path of nature, and indulging in a
certain secret habit. Such persons must, before contemplating

without these, the journey through life becomes a weary
