of your Hair Restorative, after a trial of five years. I
commenced using your Restorative in January, 1856,
since which time I have not been without a bottle on
hand: When I commenced the use, my hair was quite
thin; and at least one-third gray. A few applications
stopped its turning, and in three weeks time there was
not a gray hair to be noticed, neither has there been up
to this time.

Prof. WOOD, Dear Str.—I was induced more than year ago to try your valuable Hair Restbrative for the purpose of cleansing my head of dandruff. I had suffered with it upon my head for years, and had never been able to get any thing to do me any good in removing it, all thought I had tried many, preparations, until I saw your advertisement in a Harrisburg paper. Being there at the time, I called at Gross & Kunkle's drug store, and bought a bottle, and now am prepared to recommend it to universal use, for it has completely removedall dandruff from my head, and an application once in two weeks keeps it free from any itching or other unpleasantness.—I must also state that my hair had become quite, white in places, and, by the use of your preparation, has been restored to its original color. I am now 50 years of age, and although I have used two bottles, of the Restorative, no one has any knowledge of it, as I allow a few gray hairs to remain in order to have my appearance comport with my age. My head is now of less trouble to me in keeping it clean, so., than at any time since I have been a child. I consider your preparation of great value, and, sithough I do not like to expose myself, I consider it my duty to do so. You can use this or any part of it is any shape you think proper, if it is worth any thing to you.

BLOOMINGTON, Ind., July 80, 1859.

BRAR SIR: I here send you's statement that I think you are entitled to the benefit of. I am a resident of I Blosmington, and have been here for over thirty years. I am now over fifty years of age. For about twenty years past my hair has been turning considerably gray, and was almost entirely white and very stiff and unpliant. I had seen a number of coretifacties of the very wonderful; effect of your Hair Restorative but supposed, there was more fiction than truth in them: but entersaining a strong desire to have my hair, if possible; restored to its original color and fineness, as it was in my younger days a beautiful black, if concluded I would make the experiment commencing in a small way. I purchased one of your small bottles, at one dollar, and conamenced using, off in large quantities, was considerably tightened; and a radical change taking place in the color. I have continued to use it, till. I have used three of your small bottles and just begun on the fourth. I have now as pretty a head of dark brown, or light black, hair, as any man, or as I had in my youthful days, when a boy in the hills of Western Virginia. My head is entirely clear of dandruff, and the hair cassed entirely falling off and is as soft and fine, and feels as olly, as though it was just from the hands of a French champooner. Many of my acquaintances frequently say to me "Futler, where did you get that fine wig." I tell them it was the effect of your Restorative. It is almost impossible to convince them that it is the original hair of the same old gray head.

Yours, truly,

TO STEANGERS.

The many thousands cured at this institution within the last twelve years, and the numerous important Surgical operations performed by Dr. J., witnessed by the reporters of the papers, and many other persons, uctions of which have appeared spain and again before the public besides the standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted;

DISEASES OF IMPRUDENCE.—When the misguided and imprudent votary of pleasure finds he has imilibed the seeds of this painful disease, it too often happeas that an ill-timed sense of shame of dread of discovery detors him from applying to those who, from education and respectability can alone befriend him, delaying till fhe constitutional symptoms of this horrid disease make their appearance, affecting the head, throat, nose, skin, soo, progressing on with rightful rapidity, till death puts a period to his dreadful sufferings by sending him to what bourne; from whence so trayeler restrus; "It is a melanoly, fact that thousands fall victims to this terrible disease; owing to the unskildniess of ignorant pretendiers, who, by the use of that deadly poison, mercury, ruin the constitution and make the residue of life miserable.

I beg leave to call the attention of the citizens of the United States to the above Winks and Luguors, imported by Udolpho Wolfe, of New York, whose name is familiar in every part of this country for the purity of his celebrated Schindar Sonnarrs. Mr. Wolfe, in his letter to me, speaking of the purity of his Winss and Luguors, says: "I will stake my reputation as a man, my standing as a merchant of thirty years' residence in the City of New York, that all the Branny and Winss which I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser." Every bottle has the proprietor's name on the wax, and a fac simile of his signature on the certificate. The public are respectfully invited to call and cramine for themselves.—For sale at Retail by all Apothecaries and Grocers in Philadelphia.

Read the following from the New York Courter:

ENDEMONS Business for Ors New York Merchant.—We are happy to inform our fellow-citizens that unere is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality we do not inteed to give an elaborate description of this merchant's extensive business, although it will well repay any stranger or citizen to visit Udolpho Wolfe's extensive Danders, Schapps on hand: ready for shipment could not have been less than thirty thousand cases; the Brandy, some tenty of an advantage of Madeira, Sherry and Port Wine, Soch and Irish Whisty, Jamaica and St. Crox Rum, some very old and equal to any in this country. He also had three large cellars, filled with Brandy, Wine, &c., in casks, under Custom House key, ready for bottling. Mr. wolfe's sales of bohnapps last year amounted to one hundred and eighty thou

Brindles and Wines.

His business merits the patronage of every lover of his species. Private families who wish pure Wines and alquors for medical use should send their orders direct to Mr. Wolfe, until every Apothecary in the land make up their minds to discard the poisonous stuff from their shelves, and replace it with Wolfe's pure Wines and Ladrons.

sucryes, and replace it with Wolfe's pure Winss and Laquess.

We understand Mr. Wolfe, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be sustained against his tens of thousands of opponents in the United States, who sell nothing but initial tions, ruinous alike to health and human happiness.
