HARRISBURG.

Tuesday Afternoon, February 26 1861.

CITIZEN ATTENTION.—A special meeting of the Citizen Engine and Hose Company will be held this (Tuesday) evening, at the engine house, at 7 o'clock. Punctual attendance is requested. C. SZELER, President.

JEWISH FEAST DAY.—Sunday last was the Jewish feast day, known as Purim, and is the fifteenth day in the Jewish month of Adar. The day was generally observed by our fellow-citizens of the Israeli persuasion.

TWO FUNERALS took place this afternoon, that of Mr. Oliver Bellman, and that of Mrs. Emily McKinney. Both were largely attended. The sudden deaths and frequent funerals occurring in our midst, constantly and forcibly remind us that "in the midst of life we are in death."

NORTHERN CENTRAL RAILROAD.—A general meeting of the stockholders of this company will be held at Calvert station, in Baltimore city, on Thursday next, between twelve and one o'clock, for the election of twelve directors for the ensuing year.

TAKEN HOME.—In our last issue we noticed the arrest, in this city, of John Mundorf and Mrs. David Stepp, who recently eloped from Westmoreland county. The parties left this morning, in charge of the Chief of Police, for Greensburg, where Mundorf will be tried for larceny and abduction, and the woman for adultery.

MEN FOR THE TIMES.—In these times, when so many knees are weak, the following lines are peculiarly appropriate: "A time like this demands strong minds, great hearts, true faith and ready hands; Men whom the lust of office does not kill; Men whom the spoils of office cannot buy; Men who possess opinion and a will; Men who have honor, and who will not let it go; Men who can stand before a throng; Men who will stand before their fathers without winking." And damn his trait'rous sisters without winking."

RESISTING AN OFFICER.—Last night officer Garman undertook to arrest two colored rowdies—Bill Greener and "Hoptoe" Williams—who frequent a den in Tanner's alley. They made violent resistance, and Garman was obliged to beat a retreat to escape personal injury. This morning he succeeded in capturing the fellows, and lodged them in prison, where they will remain until the April sessions. Greer and Williams are among the very worst of our rowdy colored population.

AT A STATED MEETING of the Friendship Fire Company, No. 1, held in their hall last evening, the following resolution was unanimously adopted: "Resolved, That a vote of thanks is due, and is hereby tendered, to the people of our city, and the railroad and insurance companies, who have already so liberally contributed towards the purchase of a Steam Fire Engine for our use; and we now appeal to all citizens, railroad and insurance companies, who have not yet contributed towards our enterprise, to do so as soon as possible, as our engine will be ready for delivery early in May next."

ABOUT SLEEPING.—Those who are troubled with palpitation of the heart, should sleep with their heads high and never have the head within the bed clothes. It is customary for many people to cover their heads and slumber in this manner. This is injurious to the lungs, as the air that is exhaled is at the next moment inhaled. Some children get into this habit, and parents should be careful to watch them and break it up. To wash the face, hands and feet before going to bed contributes much to sound and refreshing slumber, and refreshing sleep is as necessary to the health of body and mind as our daily food.—Night is the best period of repose, as it is the most natural. Those whose occupations lead them to be much awake at night, often fall into consumptive diseases. Eight hours is not too long a period for sleep, although many never sleep more than six.

RETURN THANKS.—We are requested by the Repass Carpet Band, of Williamsport, to return their thanks to the Committee of Arrangements and members of the Citizen Fire Company for the very kind attention and hospitable treatment extended to them during their recent visit to this city. Also to Governor Curtin, Major Crosswell, Hon. H. C. Bressler, Gen. D. K. Jackson, George Bergner, Esq., Gen. A. B. Warford, C. M. Shell, Esq., Mr. George C. Fager, J. M. Kreiter, Esq., Col. Thomas C. M'Dowell, and others, for courteous treatment and generous entertainment. The members of the Band were greatly pleased with their excursion to the Capital City, and left with a highly favorable impression of the "Citizens boys" and our people generally. Capt. Repass and his "boys" know how to appreciate good treatment, and will reciprocate whenever an opportunity occurs.

MARBLES.—As the light warm days begin to grow plentier, and the genial indications of the coming Spring become more numerous, so do the knots of boys on the corners increase, and the marbles in their pockets multiply at a fearful rate. It is true the game of marbles is a boyish institution, but then we have all boys, and all more or less indulged in the pleasant amusement of "bounding out" or "knuckling" close to the ground. It is an innocent recreation, if not carried too far, and serves, in many instances, to keep a boy out of much greater mischief. It is amusing to see a crowd of little fellows get on some street corner in the warm sunshine of these latter days, and play marbles until their pockets are stuffed with the stock in trade of some unfortunate and luckless adversary. The reality of one's own childhood come back out of the dim past, and we seem, in part, to live over again the first era of existence. Marbles are almost always a sure indication of the nearness of spring, and as the genial days advance and the atmosphere grows less frigid, other games will be ushered in, and more fun for the boys be introduced.

THE CITY HOSPITAL contained ten lodgers last night, all strangers and perambulating vagrants. This morning they were discharged by the Mayor and ordered to leave the city.

AN EDITOR AMONG THE VICTIMS.—W. B. Lemon, Esq., editor of a paper at New Brighton, had his pocket picked of sixty dollars, in this city on Friday last. How a country editor or manager to have such a "pile" of money at one time, is a mystery to us.

VISITING FIREMEN.—We learn that the members of one of the Williamsport Fire Companies contemplate making an excursion to Harrisburg sometime during the coming summer. We think we can safely promise the "Rescue boys" a cordial reception and hospitable treatment by the fire department of this city.

HOW TO CURE BURNS.—A medical journal states that, by an accident, charcoal has been discovered to be a cure for burns. By laying a piece of cold charcoal upon a burn, the pain subsides immediately. By leaving the charcoal on an hour, the wound is healed, as has been demonstrated on several occasions. The remedy is cheap and simple, and certainly deserves a trial.

A PIONEER GONE.—Joseph Trexler, of Cambria, died at his residence in Clearfield township, on the 9th instant, at the patriarchal age of ninety-four years. He settled in Cambria county, in the year 1802, when it was little else than a dreary wilderness, and was among the foremost of those hardy pioneers who planted civilization amidst the rugged peaks of the Alleghenies.

FIGHTING THE TIGER.—The other night a young man from up the Susquehanna was induced to visit a gambling den, and try his skill in "fighting the tiger." He came away with a collapsed pocket book, the sharper who "run the machine" swindling him out of fifty dollars, all the funds in his possession. Another illustration of the truth of the old adage that "a fool and his money is soon parted." The unsophisticated young man alluded to was obliged to borrow a supply of the needful to foot his hotel bill and pay his passage home. He may be benefited by the lesson learned during his brief sojourn in our city.

OLD ABE'S PERSONAL APPEARANCE.—The President elect has been as much belted in respect to his personal appearance as his politics. We had a fair view of him, while speaking on the balcony of the Jones House, and declare that there is nothing outre about him. His looks and manner show that he is as good, as his intellectual conflicts and speeches have proved that he is a great man; and we prophecy that the day on which he shall be inaugurated—the croakings of mean and stupid partisans to the contrary notwithstanding—will prove the happiest since the Declaration. Mark the prediction!

HARRISBURG BIBLE SOCIETY.—The forty-seventh anniversary of the Harrisburg Bible Society was held on Sunday evening last, in the Presbyterian Church on Market Square. The annual discourse was delivered by Rev. Mr. Cattell, who eloquently urged upon all present the duty of diligently distributing the Sacred Scriptures. The report of the Treasurer was presented, exhibiting a balance on hand, time of last report, \$5 68; receipts during the year, \$125 57; of which there was expended for the purchase of Bibles given to the poor and to Sunday Schools, \$24 53; donated to the Dauphin county Bible Society, \$90 95, leaving a balance on hand of \$15 67. The Secretary then presented the annual report of the Board of Managers, which will be published in our next issue.

After the conclusion of the public services the Society held a business meeting, during the progress of which a resolution was adopted inviting the Pennsylvania Bible Society to hold its next Anniversary in this city.

On Monday afternoon the committee of ladies, appointed in accordance with the plan adopted by the Board of Managers, and sanctioned by the Society, met in the lecture-room of the First English Lutheran Church, and agreed upon the following arrangement for taking up contributions:

District No. 1.—Between Front street, North street, South avenue, West avenue and Ridge road. Collectors.—Mrs. Feltwell, Miss Julia Bonbright. On behalf of the Second Protestant Episcopal Church.

District No. 2.—Between North and State, Front and Third streets. Collectors.—Mrs. Joshua W. Jones, Mrs. Edward Boyer. On behalf of the Fourth Street Bethel.

District No. 3.—Between State and Pine, Front and Third streets. Collectors.—Mrs. Griffith, Mrs. Geo. Cunkle. On behalf of the Baptist Church.

District No. 4.—Between Pine and Walnut, Front and Third streets. Collectors.—Mrs. Hamilton Aldicks, Mrs. Rachael Burdick. On behalf of the First Protestant Episcopal Church.

District No. 5.—Between Walnut and Market, Front and Third streets. Collectors.—Mrs. Dr. Dock, Mrs. Leander Ott. On behalf of the First English Lutheran Church.

OMISSION AND MISTAKE.—In the list of the Old Soldiers who participated in the flag-raising demonstration on Friday, published by the Patriot and Union this morning, the name of our venerable and gallant fellow-citizen, David J. Krause, was omitted. The flag was not run up on the staff by Capt. Brady, as stated by the Patriot and Union. This part of the ceremony was participated by most of the Old Defenders present. "Uncle Davy's" name was in the list furnished our cotemporary, and we presume his omission was the result of accident rather than of design.

A GREAT WEEK'S WORK.—At the extensive works of the Lehigh Crane Iron Company, located in Catawasa, Lehigh county, where there are five hundred stacks in full operation, giving employment to about six hundred workmen, there was manufactured, in one week, the extraordinary number of one thousand one hundred and four tons of pig iron. These celebrated works have been, and still are, doing a heavy and flourishing business, notwithstanding the general universal depression throughout the country. We may truly say, *en passant*, that not only has the above named enterprising company, but every other in the Commonwealth, a watchful and faithful guardian of their interests in the person of the amiable and eloquent Senator from Lehigh—Mr. Schindel.

AVOID PEDLARS.—A few weeks ago a farmer in a neighboring county, bought of a pedlar some sative for corns. He applied it, and it caused a sore which continued to spread and cause most intense pain. After suffering two weeks and paying a heavy doctor's bill, he obtained relief. This is but one of a thousand warnings against dealing with any of the numerous vagabond swindlers who are allowed to harangue crowds in our towns, and prowl among farmers, cheating the simple, and sometimes impeding upon the very shrewdest. The right way is for people to buy all they have to buy of settled merchants, who pay rent, license and clerks, and who can be held responsible if they defraud, and be avoided if they cannot be punished. More than two-thirds of the pedlars who perambulate the country are swindlers, and the doors of all good citizens should be closed against them.

THE SUFFERING IN KANSAS.

We would call especial attention to the facts and figures embodied in the following communication from Rev. C. C. Hutchinson, of Kansas. He brings private letters of introduction to members of the Legislature, beseeching the following general letter which is a sufficient testimonial: To the Members of the State Legislatures and all other interested. The Rev. C. C. Hutchinson of Kansas, is the authorized agent of the New York Kansas Relief Committee, and as such recently visited Albany and was instrumental in securing the appropriation of \$50,000 just made by our State Legislature. His statements are entirely reliable. During much more assistance absolutely necessary for the suffering people of Kansas, we recommend Mr. Hutchinson to your favorable attention, hoping your Legislature will assist in this great charity.

REASONS FOR GRANTING STATE AID TO KANSAS.

EDITOR TELEGRAPH:—Last year not one-tenth the usual amount of rain fell in Kansas, and through a great portion of the territory the ground was not wet to the depth of three inches during the entire summer. The result was an almost entire failure of crops. Carefully gathered statistics from more than sixty townships, show that while the average crop of corn in 1859 was thirty-eight bushels per acre, in 1860 it was but one and a half bushels per acre. Thousands of acres yielded nothing, and in whole counties not as much was raised as was planted and sown. So wide spread is this destitution that thousands are eating the bread of benevolence, and those who can support themselves are in a condition to do little for their neighbors. Some contradictory reports have recently come from Leavenworth, Kansas, signed by citizens of that place. That document was drawn up partly from personal animosity to Thaddeus Hyatt, who is not now a member of any committee, but has spent several months and more than two thousand dollars from his own pocket to feed the hungry in Kansas, partly from local prejudice, and partly from opposition to the relief movement. Local prejudices exists, because Atchison is necessarily the distributing point, as the railroad from the East is not completed to Leavenworth. These towns, twenty-five miles apart, are rivals, and little souls are affected by it in this manner.

Some of the signers to the dispatch from Leavenworth, strange as it may seem, have also opposed asking aid on our ground this year, and that many persons there were dependent upon help from abroad. Others, who signed the dispatch, issued a call for aid two months ago, under their own signatures, stating that more than thirty thousand needed assistance. Finally, in this dispatch they say that twenty thousand need aid, certainly this is enough to call for generous assistance. The truth is, however, that Kansas has always hitherto raised good crops, and will in a few years recover from this terrible Providential dispensation. A memorial which I recently presented to the New York State Legislature, gave in detail figures showing the necessities of Kansas for seed and food, with the following result: The value of seed required is about as follows: The value of that there are in Kansas 450,000 cultivated acres or an average of one farm of 80 acres to every seven persons. Wheat, 75,000 acres, Sorghum 45,000, Potatoes 75,000, Corn 285,000, etc., 30,000, Garden vegetables 7800 acres, at a first cost for seed of \$162,749, cost of bags and freight to Atchison, \$65,911, allowing that one-quarter of this can be furnished by the people themselves, it will require \$152,440 for seed alone.

The United States Army rations for each man daily are 18 ounces bread and 50 ounces beef, or 168 pounds solid food per week; or for 80,000 people—\$15 lowest estimate deductible from reliable returns—498,750 pounds per week, or

14,962,500 pounds for thirty weeks, or 247,041 bushels at 60 pounds per bushel. This being calculated for flour at \$1.25 per bushel, gives \$308,801; freights on same at 20 cents per bushel to Atchison, \$49,408. One-third of this seed and food must be transported to the interior, to those whose teams have died or been disposed of to procure bread, which will cost about \$25,000, making a total of \$383,609. Towards this sum, Wisconsin, besides large private contributions, has appropriated \$5,000 and New York \$50,000. We will not the Legislature of Pennsylvania, with her vast wealth contribute at least \$30,000!

The sum is too vast to be attained by private contributions, liberal as they have been, and the relief is needed immediately. The territorial Legislature has memorialized Legislatures in session, asking for aid. Nothing can be done towards relief by issuing State bonds until too late, because the State Legislature was elected several months since, and there are several vacancies to be filled, while our State representatives are many of them at a great distance from the capital, with no telegraphs or railroads to facilitate communication and travel. In the name of thousands who are suffering for the common necessities of life, and many of whom wait from this State, I beg the Legislature to make a speedy appropriation for relief. It cannot be that Pennsylvania will refuse bread to her own children. C. C. HUTCHINSON, Agent N. Y. Kansas Relief Committee, Harrisburg, Feb. 23, 1861.

THE HANOVER SILVER CORNET BAND arrived here today, and will give a concert in Brant's Hall this evening. From the musical reputation of the gentlemen composing this Band, we have no doubt our citizens who attend the concert will be pleasantly entertained. The instruments are pure silver, all new, and of the best quality manufactured. Tickets of admission 25 cents.

A SKETCH BY ONE WHO KNOWS.—"Caroline, have you been shopping to-day?" said a lady as she took a package from the hand of a young man, who had just entered a neatly furnished parlor, and displayed a gorgeous and beautiful morle antique shawl. "Yes, cousin, and I am half angry with you for not accompanying me." She tried to look angry but could not. "See what a beautiful shawl!" "Where did you get it?" "At Ulrich & Bowman's, corner of Front and Market streets; I make all my purchases there for indeed I never seen a better assortment of goods out of New York and Philadelphia, and then the salesmen are so obliging and attentive that one can not but be pleased. I seen many things I would like to have, but mother only gave me fifty dollars when I went out. I will put on my prettiest smile to-night and ask her for fifty more. Cos, did you ever know me to ask for money and not get it?"

SEQUAL.—Reader, the young lady received the fifty dollars, and the larger portion was spent next day at Ulrich & Bowman's. What she said about the store is true, and mark me, she got the worth of her money. Persons who are about making their spring purchases of dry goods, would do well to give them a call, not only because they are patronized by the ladies, but from the fact that their goods are cheap.

3000 yds. remnants of Calico, at half price; 1000 yds. remnants of DeLains, at half price; remnants of colored Silks, at half price. Having a large lot of remnants on hand, I will sell them off at half price. 100 Broche and Wool Shawls at cost. Cassimeres, Cassinet, Flannels and Cloth at cost. Black Alpaca, Black Silks, Gloves, Stockings, hemstitched Hoops, Cambric, Cambric Bands; a large lot received from New York auction, 200 pieces of new Calicos, at 8 and 10 cents. 50 pieces of splendid unbleached Muslin, 10 cents; wool Socks, 15 cents; Undershirts and Drawers, 62 cents. L. Lawry, Rhoads' old corner. †

WOOD'S HAIR RESTORATIVE.—Among all preparations for the hair that have been introduced, none has ever given the satisfaction or gained the popularity that Prof. Wood's Hair Restorative now has. His Restorative has passed the ordeal of innumerable trials, and the ladies who have used it have tested it, pronounce it a perfect article. They find, wherever they have tested it, pronounced it a perfect article. They find, wherever they have tested it, pronounced it a perfect article.
